**Public Workshop Notice: Economic Opportunities and Impacts  
Relating to Diablo Canyon Power Plant Closure**

**San Luis Obispo, Calif.** – On October 17, 2019, the Diablo Canyon Decommissioning Engagement Panel will host a public workshop to discuss and gather public input on the economic opportunities and impacts relating to the Diablo Canyon Power Plant closure. The input and suggestions offered during the workshop will be available to PG&E, local governments, state agencies and community organizations who play a role in economic growth on the Central Coast.

“It is our hope that the workshop will act as a catalyst to move forward with strategies and opportunities to address the loss of jobs and income resulting from the closure of the Diablo Canyon Power Plant. It’s important that these efforts are coordinated and that they begin immediately,” said workshop co-chairs Nancy O’Malley and Lauren Brown.

The workshop will provide the opportunity for the public to hear from PG&E, San Luis Obispo County, the Hourglass Project and other communities who have experienced similar economic losses. The workshop will conclude with a panel of community leaders who will offer their perspectives and suggestions. Members of the general public will also have the opportunity to offer comments and also submit questions for workshop participants throughout the program.

**Workshop Information:**

Date: October 17, 2019  
Time: 1:30 PM – 6:00 PM  
Location: San Luis Obispo County Government Center  
1055 Monterey Street  
San Luis Obispo, CA 93408

The Diablo Canyon Engagement Panel will conduct a follow-up public meeting on November 13, 2019 from 6:00 PM – 9:30 PM to discuss the conclusions and recommendations from the workshop and receive additional public comment.

**About the Panel:**

The Diablo Canyon Decommissioning Engagement Panel was created to foster open and transparent dialogue between members of the local community and PG&E on matters related to DCPD decommissioning. Panelists are local community members from across San Luis Obispo County who were selected to broadly represent diverse community viewpoints. The Panel meets periodically on matters related to DCPD decommissioning and the future use of DCPD lands and facilities.
