# Third Party Programs

## Targeted energy efficiency expertise

Pacific Gas and Electric Company (PG&E) maintains a comprehensive portfolio of programs to help customers manage their energy use. By optimizing systems and equipment to minimize energy consumption, residential and business customers can reduce their energy bills and help limit their carbon footprint.

PG&E's Third Party Programs have enlisted energy efficiency implementation specialists to help customers save energy and money. Our Third Party Programs provide energy-efficient offerings for a home or facility's overall energy use.

## What a Third Party Program can do for PG&E's customers

PG&E's Third Party Programs are an integral part of our strategy to help customers save. These programs offer a range of services through dedicated energy efficiency implementation specialists selected by PG&E, including:

- Industry-specific expertise that can provide customized energy management solutions
- Facility energy audits, engineering services and technical design assistance
- Installation of energy efficiency equipment, at low or no cost
- Facilitation of applications and support services to ensure customers receive rebates and incentives upon installation of energy efficiency solutions
- Services to facilitate and sustain long-term optimization of energy savings, such as employee training and post-installation quality control, and
- Information on other energy management program offerings, funding options or assistance accessing funds

## Find out more

To find an energy efficiency implementation specialist refer to the following list or search by industry at [pge.com/thirdparty](http://pge.com/thirdparty).

PG&E offers a comprehensive portfolio of programs to help residential, commercial, and industrial customers reduce their natural gas and electric use. For more information about other programs available to our customers, contact a PG&E account representative or visit [pge.com](http://pge.com).

## Third Party Programs

Energy efficiency implementation specialists, programs and energy efficiency measures are categorized by business customer segment.

### AGRICULTURE

#### Comprehensive Food Processing Energy Efficiency Program

Implementer: CLEAResult

EE Measures: Boilers, Water Heating, Lighting, HVAC, Compressed Air, Industrial Systems

[clearesult.com](http://clearesult.com)

#### Dairy and Winery Industry Efficiency Solutions Program

Implementer: CLEAResult

EE Measures: HVAC, Lighting, Boilers, Water Heating, Refrigeration, Retrocommissioning

[clearesult.com](http://clearesult.com)

#### Industrial Refrigeration Performance Plus (IRPP)

Implementer: Vacom Technologies

EE Measures: System Optimization, Lighting, HVAC, Refrigeration

[vacomtech.com](http://vacomtech.com)

#### Wastewater Energy Program

Implementer: BASE Energy, Inc.

EE Measure: Process Optimization and Equipment Upgrades

[baseco.com/wep](http://baseco.com/wep)

### HEALTHCARE

#### Healthcare Energy Efficiency Program (HEEP)

Implementer: Willdan

EE Measures: Commercial Process, HVAC, Lighting Retrocommissioning

[willdan.com/energy/heap-pge.aspx](http://willdan.com/energy/heap-pge.aspx)

### HOSPITALITY

#### The Hospitality Program

Implementer: Ecology Action

EE Measures: Lighting, HVAC, Motors, Controls, Pool Heaters, Custom Retrofit, Retrocommissioning

[ecoact.org/thehospitalityprogram](http://ecoact.org/thehospitalityprogram)

## INDUSTRIAL

### California Wastewater Optimization (CalPOP)

Implementer: Quantum Energy Services  
Technology (QuEST)

EE Measure: Process Optimization  
[quest-world.com](http://quest-world.com)

### Energy Efficiency Services for Oil and Gas Production

Implementer: CLEARresult  
EE Measure: Systems Optimization  
[clearResult.com](http://clearResult.com)

### Heavy Industry Energy Efficiency Program

Implementer: Lockheed Martin Services, Inc.  
EE Measures: Process Optimization, Lighting,  
HVAC, Equipment Upgrades  
[lmsi-pge.com](http://lmsi-pge.com)

### Industrial Compressed Air System Efficiency

Implementer: Air Leak Detection  
EE Measures: Compressed air and vacuum systems  
[airleakdetection.net/pge-2016-2017-rebate](http://airleakdetection.net/pge-2016-2017-rebate)

### Industrial Recommissioning Program

Implementer: Nexant  
EE Measure: Retrocommissioning  
[nexant.com](http://nexant.com)

### Water Infrastructure and System Efficiency

Implementer: Lincus  
EE Measures: Pump Overhaul, VFDs, Storage  
Systems, Pump Sequencing, System Optimization  
[lincusenergy.com](http://lincusenergy.com)

## MUNICIPALITIES, SCHOOLS

### School Energy Efficiency

Implementer: CLEARresult  
EE Measure: Whole Building  
[schoolenergyefficiency.com/](http://schoolenergyefficiency.com/)

## RETAIL

### EnergySmart Grocer Program

Implementer: CLEARresult  
EE Measures: Lighting, HVAC, Refrigeration  
[energysmartgrocer.org/ca/](http://energysmartgrocer.org/ca/)

## RESIDENTIAL

### Direct Install for Manufactured and Mobile Homes

Implementer: Synergy Companies  
EE Measures: HVAC, Lighting  
[synergycompanies.org](http://synergycompanies.org)

### Multifamily Cooling Optimizer Program

Implementer: Proctor Engineering  
EE Measures: HVAC, On-Demand Recirculation Pump Control  
[mfcoolingoptimizer.com](http://mfcoolingoptimizer.com)

## RESIDENTIAL NEW CONSTRUCTION

### California Multifamily New Homes Program

Implementer: Hescong Mahone Group (HMG)  
EE Measure: Whole Building  
[h-m-g.com/multifamily](http://h-m-g.com/multifamily)

## SMALL AND MEDIUM BUSINESS (SMB)

### Regional Direct Install Programs

EE Measures: Lighting, Refrigeration

Regional Partner: DNVGL

Serves: Alameda and Contra Costa counties  
[webtools.dnvgl.com/projects](http://webtools.dnvgl.com/projects)

Regional Partner: Ecology Action

Serves: Monterey, San Benito, San Mateo, Santa Cruz, and Santa Clara counties
