Demand Response Provider/Aggregator Information Request Form

This information request form is to be used to initiate the registration process for Demand Response Providers (DRP) and Aggregators interested in providing demand response service under Pacific Gas and Electric Company's (PG&E) Electric Rule 24. Please provide responses to items 1-12 below and return the form in electronic format (pdf file) to DRPRelations@pge.com.

For item 12, in the event your company is supporting another or multiple DRPs or Aggregators for the provision of DR service under PG&E Rule 24, you will need to identify how many other DRPs/Aggregators you are supporting and the identity of those firms. This information is necessary so that PG&E can assign your firm the appropriate number of unique 10-digit DRP IDs corresponding to each partnering arrangement for purposes of Enterprise Secure File Transfer (ESFT) system set up.

Completion of this form is required prior to a DRP or Aggregator proceeding with Electronic Secure File Transfer (ESFT) system set up.
