

Harvest more with California sunshine

PG&E's Solar Choice program
offers an easy way to go
solar—no installation needed.

Together, Building
a Better California

Go solar without installing panels

PG&E's Solar Choice program offers an easy way to go solar and support renewable energy. Now you can purchase 50 or 100 percent of your energy use from solar power for a small monthly fee.

When you join PG&E's Solar Choice program, you can:

- Demonstrate your environmental commitment and receive materials for display
- Support renewable energy projects in Northern and Central California
- Estimate your additional monthly cost by using our online rate calculator
- Enjoy the flexibility of no contract and you can change your participation level at any time*
- Take your subscription with you if you move within our service area

*If you change your participation level or leave the program, you will not be eligible to make additional changes or re-enroll for a year.

Demonstrate your environmental
commitment and enroll in
PG&E's Solar Choice program today.
