**Advice 4257-G-B/5840-E-B**

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

**Subject: Second Supplemental: Mobilehome Park Utility Conversion Program  
Tariff Modification to Reflect Decision 20-04-004 and Other  
Miscellaneous Updates**

**Purpose**

The purpose of this supplemental advice letter is revise and update Pacific Gas and Electric Company's (PG&E's) tariffs in accordance with California Public Utilities Commission (Commission or CPUC) Decision (D.) 20-04-004, Ordering Paragraph (OP) 9 as well as to propose minor syntax edits to improve readability and clarity.

As requested by the Energy Division, PG&E is submitting this supplemental advice letter to revise Section D(1)(a)(1) of Electric Rule No. 28 Sheet 2 and Gas Rule No. 28 Sheet 2 to comply with OP 4 of D.20-04-004 which reads "For prioritization of electric-only systems, the utilities must consult and coordinate with SED, the California Department of Housing and Community Development or its local agency designee," and to fix a typographical error in Electric and Gas Sample Form 79-1165. This supplemental advice letter replaces Advice Letter 4257-G-A/5840-E-A in part.

**Background**

The Mobile Home Park Utility Upgrade Pilot Program (MHP Pilot) was established in D.14-03-021 in 2014 as a three-year pilot program (2015-2017) to convert mobilehome parks and manufactured housing communities (collectively, MHPs) to direct utility service.

On September 28, 2017, Resolution E-4878 authorized all currently participating electric and gas utilities to continue their MHP Pilots until the earlier date of either December 31, 2019, or the issuance of a Commission Decision for the continuation, expansion or modification of the program beyond December 31, 2019.

On May 7, 2018, the Commission approved Order Instituting Rulemaking (OIR) R.18-04-018 to Evaluate the Mobilehome Park Pilot Program and to Adopt Programmatic

Modifications. Resolution E-4958, issued March 18, 2019, extended the MHP Pilot to December 31, 2021, to afford the Commission time to update the Program.

On April 24, 2020, the Commission issued D. 20-04-004, approving an up to ten-year Mobilehome Park Utility Conversion Program (MHP Program) that provides conversion from master-meter natural gas and/or electric service to direct service for eligible MHPs. OP 9 of D.20-04-004 states:

Within 45 days of the issuance of this decision, each electric and/or gas corporation must file a Tier 2 Advice Letter with the Commission's Energy Division for approval of new tariffs to establish a voluntary, mobilehome park/manufactured housing community utility conversion program that contains all of the program components referenced in these Ordering Paragraphs and further described in this decision.

On June 8, 2020, PG&E filed AL 4257-G/5840-E to revise and update tariffs in accordance with D. 20-04-004, Ordering Paragraph OP as well as to propose minor syntax edits to improve readability and clarity. Additionally, AL 4257-G-A/5840-E-A was filed on August 14, 2020 upon request by the Energy Division to fix some typographical errors in the tariffs.

### **Tariff Revisions**

In compliance with D.20-04-004 PG&E is revising the following tariffs related to the Mobilehome Park Utility Conversion Program. In addition and in collaboration with the other Utilities, PG&E had made various modifications to the tariff language to update the program and its requirements:

- Electric and Gas Rule No. 28 (Mobilehome Park Utility Conversion Program),
- Electric and Gas Sample Form 79-1165 (Mobilehome Park Utility Conversion Program Agreement)

The affected tariff sheets are listed on the enclosed Attachment 1. For convenience of the reader, PG&E has included redline revisions of the tariffs in Attachment 2. This submittal would not increase any current rate or charge, cause the withdrawal of service, or conflict with any rate schedule or rule.

### **Protests**

Pursuant to CPUC General Order 96-B, Section 7.5.1, PG&E hereby requests the protest period be waived.

### **Effective Date**

Pursuant to General Order (GO) 96-B, Rule 5.2, and OP 9 of D.20-04-004, this Advice Letter is submitted with a Tier 2 designation. PG&E respectfully requests that this

supplemental Advice Letter become effective concurrent with Advice Letter 4257-G-A/5840-E-A on January 1, 2021.

**Notice**

In accordance with General Order 96-B, Section IV, a copy of this advice letter is being sent electronically and via U.S. mail to parties shown on the attached list and the parties on the service list for R.18-04-018. MHP Owner/Operator and PG&E may be individually referred to as a "Party" and collectively as the "Parties."

## RECITALS

WHEREAS, PG&E offers a ten-year program under the direction of the California Public Utilities Commission ("CPUC" or "Commission") pursuant to Decision 20-04-004 whereby master-metered Mobilehome Parks ("MHP") may elect to convert to direct utility service, with eligible costs for "To-the-Meter" and "Beyond-the-Meter" work to be borne by PG&E (MHP Program).

WHEREAS, MHP Owner/Operator desires to convert the master-metered system(s) in its MHP to direct service from PG&E under the MHP Program.

In accordance with the foregoing premises, the Parties agree as follows:

## 1. General Description of Agreement

- 1.1. This Agreement is a legally binding contract. The Parties agree to be bound by the terms and conditions set forth herein, incorporated herein by reference, and the requirements of Electric and Gas Rule 28 ("MHP Rules"). This Agreement and the MHP Rules shall govern the conversion of the entire private owned and operated electric and/or natural gas distribution system servicing the MHP to direct PG&E electric and/or gas distribution and service, including all HCD permitted Mobilehome Spaces (MH-Space), eligible common areas, permanent buildings, and/or structures that currently have utility service.

Utility service to be converted to direct PG&E service (check one)

☐ Electric Only      ☐ Gas Only      ☐ Electric & Gas

If the gas or electric service at the MHP is provided by a different Utility, please provide the name of the Utility who provides the other service.

☐ Electric      ☐ Gas      Name of Utility: \_\_\_\_\_

- 1.2. Prior to signing this Agreement, the MHP Owner/Operator would have already submitted the California Public Utilities Commission (CPUC or Commission's) "Form of Intent" and the MHP Application (Form 79-1164), and continue to be bound by the terms set forth in those documents.

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

- 1.3. The number of MH-Spaces that will be eligible for conversion to direct Utility service under the MHP Program (both "To-the-Meter" and "Beyond-the-Meter") shall be equal to the number of occupied residential MH-Spaces permitted by the California Department of Housing and Community Development or its designed agency, within the MHP that currently receives a discount under the current qualifying mobilehome rate schedule and the number of unoccupied residential MH-Space permitted by the California Department of Housing and Community Development or its designed agency, that are designated on the MHP Application that are currently able to receive electric and/or gas service from the existing master-metered system (Legacy System)
- 1.4. The MHP Owner/Operator must provide the following documents with the MHP Agreement pursuant to MHP Program criteria in MHP Rules: (1) proof that the MHP has a valid operating license from the governmental entity with relevant authority; (2) if the MHP is operated on leased real property, proof that the land lease will continue for a minimum of 20 years from the time that the MHP Agreement is executed by the Utilities; and (3) declaration under penalty of perjury/affirmation that the MHP is not subject to an enforceable condemnation order or to pending condemnation proceedings (See Attachment A).
- 1.5. This Agreement Commission conforms to (D.)20-04-004 and has been approved by the CPUC for use between PG&E and the MHP Owner/Operator. The terms and conditions of this Agreement may not be waived, altered, amended or modified, except as authorized by the CPUC. This agreement at all times shall be subject to such modifications as the California Public Utilities Commission may direct from time to time in the exercise of its jurisdiction.

## **2. Representations**

- 2.1. Each Party agrees to the terms and conditions of the MHP Program as stated in this Agreement, the MHP Application and MHP Rules. All tariffs associated with this Program may be amended from time to time, subject to CPUC approval.
- 2.2. Each person executing this Agreement for the respective Parties expressly represents and warrants that he or she is authorized to act as signatory for such Party in the execution of this Agreement.
- 2.3. Each Party represents that: (a) it has the full power and authority to execute and deliver this Agreement and to perform its terms and conditions; (b) the execution, delivery and performance of this Agreement has been duly authorized by all necessary corporate entities; and (c) this Agreement constitutes such Party's legal, valid and binding obligation, enforceable against such Party in accordance with its terms.
- 2.4. Each Party shall (a) exercise all reasonable care, diligence, and good faith in the performance of its duties pursuant to this Agreement; and (b) carry out its duties in accordance with applicable regulations, laws, City and County ordinances and recognized professional standards.

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

### **3. Submittal of Agreements and Documents**

- 3.1. Upon receipt of the Agreement, the MHP Owner Operator will have thirty (30) calendar days to sign and submit the Agreement to PG&E.
- 3.2. If requested by either party, a post engineering meeting can be requested prior to the signing of the Agreement to resolve any outstanding issues and concerns, and/or to review the reasonableness of the Contractor's bid to perform the "Beyond-the-Meter" work. PG&E and the Commission encourage consultation and coordination between parties to ensure efficiency and avoid unnecessary (and non-reimbursable) costs. PG&E reserves the right to withdraw the MHP space approval for the MHP, and may, at its option, remove or place the MHP in the back of the queue of the pre-selected MHPs as specified in Section 10 of this Agreement.

- 3.3. Agreements and documents shall be mailed to:

Mobilehome Park Utility Conversion Program  
Pacific Gas and Electric Company  
77 Beale Street, Mail Code B10B  
San Francisco, CA 94105-1814

### **4. Contractor selected by the MHP Owner/Operator to Perform "Beyond-the-Meter" Work**

- 4.1. MHP Owner/Operator shall select a qualified, licensed contractor to perform the "Beyond-the-Meter" work at the MHP and shall consult and coordinate with PG&E on such selection. The MHP Owner/Operator shall provide in Attachment B, multiple bids (where applicable at least three) from contractors for proposed "Beyond-the-Meter" work during the time frames specified by PG&E.
- 4.2. If PG&E and the MHP Owner/Operator fail to agree upon the qualifications of the contractor selected to perform "Beyond-the-Meter" work, the CPUC's Safety and Enforcement Division (SED) will be consulted to resolve the dispute.
- 4.3. The Contractor shall be selected based on the "most cost-effective option". PG&E reserves the right to review the reasonableness of bids for "Beyond-the-Meter" work that are received by the MHP Owner/Operator. PG&E and the CPUC encourage consultation and coordination between parties to ensure efficiency and avoid unnecessary (and non-reimbursable) costs. In all instances, the work performed by the Contractor must comply with applicable regulations, laws, ordinances, and recognized professional standards, and such work must be approved by the applicable governing inspection authority(ies).
- 4.4. The MHP Owner/Operator understands and agrees that neither PG&E's consultation and coordination with the MHP Owner/Operator regarding the selection of a Contractor, nor its review of bids or other pricing terms, constitutes an endorsement by PG&E of said Contractor or its work. Further, the MHP Owner/Operator understands and agrees that PG&E makes no guarantee or warranty, either

expressed or implied, with respect to the Contractor's work. The MHP Owner/Operator understands and agrees that PG&E will not be liable for any claims related to "Beyond-the-Meter" facilities, including but not limited to claims related to the planning, design, construction and/or maintenance of such facilities, and the MHP Owner/Operator agrees to indemnify, defend and hold harmless PG&E and its officers, directors, employees and/or agents from and against any such claims.

### **5. MHP Owner/Operator Responsibilities**

5.1. The MHP Owner/Operator will continue to have sole responsibility for compliance with all applicable laws governing Mobilehome Parks and compliance with the MHP's own Rules and Regulations.

#### **5.2. Easements**

5.2.1. The MHP Owner/Operator shall provide or assist in obtaining rights-of-ways or easement as required by the Utility's Distribution and Service Extension Rules (Rule 15 & 16) and (D.) 20-04-004.

5.2.2. PG&E shall at all times have the right to enter and leave the park for any purpose connected with the furnishing of electric /gas service (meter reading, inspection, testing, routine repairs, replacement, maintenance, emergency work, etc.) and the exercise of any and all rights secured to it by law, and under all applicable PG&E tariffs.

#### **5.3. Engineering and Planning – Electric Distribution System**

5.3.1. The "Beyond-the-Meter" electrical system shall be designed to meet applicable code and regulatory requirements of any inspecting agency for installation of service equipment. Required permits must be obtained and shall be available for inspection by PG&E.

5.3.2. PG&E will normally design and install a single phase, 120/240 volts, 100-ampere electric meter service equipment at each individual MH-Space. Any requests for service modifications beyond the 100-ampere electric service or relocations beyond what is being provided by the MHP Program will be handled under PG&E's current Rules and Tariffs.

#### **5.4. Engineering and Planning – Gas Distribution System**

5.4.1. The "Beyond-the-Meter" gas system shall be designed to meet applicable code and regulatory requirements of any inspecting agency for installation of gas house lines. Required permits must be obtained and shall be available for inspection by the UTILITY.

5.4.2. PG&E will design and install a natural gas service line to deliver sufficient volume at PG&E's standard delivery. Any requests for service modifications

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

beyond the standard delivery or relocations beyond what is being provided by the MHP Program will be handled under PG&E's current Rules and Tariffs.

### **5.5. Engineering and Planning – General**

- 5.5.1. MHP Owner/Operator shall ensure that any proposal for “Beyond-the-Meter” work prepared or received by the MHP Owner/Operator is based on a full knowledge of all conditions that would affect the cost and conduct of the conversion. The MHP Owner/Operator shall inform itself fully and convey to all potential Contractors and to PG&E the physical conditions at the work site, including as applicable, potential cultural sites, potential environmental issues, subsurface geology, borrow pit conditions and spoil disposal areas; the availability, location and extent of construction and storage area and other facilities or structures above and below ground; necessary safety precautions and safeguards; dimensions not shown on drawings; the extent of established lines and levels. MHP Owner/Operators who fail to disclose potential issues during the design phase risk removal from the program by PG&E.
- 5.5.2. MHP Owner/Operator will at all times own and is responsible for the “Beyond-the-Meter” utility service facilities.
- 5.5.3. Requests for service entrance relocations, rearrangements and upgrades not covered by the MHP Program can be made by the MHP Owner/Operator and such modifications and additional incremental costs, will be the sole responsibility of the MHP Owner/Operator. Request for service modification may be made by the owner of the mobilehome/manufactured housing unit directly to the Utilities where the MHP lots are owned by the resident residing on the lot and as permitted by the MHP's Rule and Regulations. PG&E will process such requests under current applicable tariffs. Such requests for “To-the-Meter” services may require a separate service extension contract and shall be done in accordance with the effective service extension tariff. To the extent not covered by separate contract, costs for such requests are shown in Attachments C, D and E, attached hereto and incorporated herein. All costs not covered by the MHP Program must be paid in full to PG&E prior to or with the submittal of the MHP Agreement in order for the construction phase to begin.
  - 5.5.3.1. The MHP Owner/Operator, or its representative, is responsible to collect any and all fees associated with “To-the-Meter” service modifications that are not covered by the MHP Program that were requested on behalf of the MH-Owner and due to PG&E under the current Rules and Tariffs and forward those payments to the appropriate Utility.
  - 5.5.3.2. “Beyond-the-Meter” service modifications that are not covered by the MHP Program, including installation costs that exceed the most cost-effective option (e.g. alternate routes or below ground installations), will not be eligible for reimbursement from PG&E.

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

- 5.5.3.3. Any requests for service entrance relocations, rearrangements and upgrades that occur after the design and engineering phase has been completed will result in a change order that may require redesign and/or re-engineering. Additional redesigned and/or re-engineered costs will not be eligible for reimbursement from PG&E and will be the sole responsibility of the requesting party.
- 5.5.4. The MHP Owner/Operator shall keep any worksite(s) free of debris, obstructions, landscape, and temporary facilities prior to the initiation of work by PG&E and/or the contractor. Temporary facilities may include, but is not limited to, storage sheds, decks, awning, car ports, or any facility that is not normally provided by the MHP. Relocation or removal of such items will not be eligible for reimbursement from PG&E.
- 5.5.5. The MHP Owner/Operator will continue to own, maintain and be responsible for facilities located within the park's common area, such as the office, clubhouse, laundry facilities, streetlights, etc., and their associated "Beyond-the-Meter" facilities. Utility meters will be installed to serve these facilities. MHP Owner/Operator will be responsible payment of Utility bills associated with such meters. Additional facilities that may be requested (e.g. streetlight fixtures) and associated energy charges for the common area facilities will be based on the applicable tariff and will not be eligible for reimbursement from PG&E.
- 5.6. Existing Distribution System (Legacy System)
- 5.6.1. The MHP Owner/Operator must continue to operate and maintain the existing master-meter/submeter system ("Legacy System") and continue to provide utility service to the MHP residents until cutover to the new direct PG&E service system. At all times, the Legacy System will remain the property and responsibility of the MHP Owner/Operator, including ongoing maintenance, notification, post construction removal (if required), decommissioning and any environmental remediation.
- 5.6.2. If the MHP has an existing propane gas distribution system, PG&E will, upon request, replace it with a natural gas distribution system, provided that; 1) the Utility offers natural gas service and the MHP is located within the franchise area that the Utility serves; 2) a distribution line is located nearby and can be connected safely and economically to the MHP; and 3) the request would be replaced under the Utility's existing Distribution and Service Extension Rules (Rule 15 & 16) and would not qualify under the MHP Program.
- 5.7. Permits
- 5.7.1. Except for the routine, ministerial construction permits to be acquired by PG&E pursuant to Section 6 of this Agreement, the acquisition of all other permits that may be necessary will be the responsibility of the MHP Owner/Operator. This includes, but not limited to, the following:

## MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

- Environmental and governmental agency permits.
- Caltrans permits.
- Railroad permits.
- HCD and/or local City and County building permits for electric and/or gas service work necessary to install new service delivery facilities including, but not limited to, gas house lines, electric meter pedestals, and terminations
- Permits for the abandonment of the Legacy System.

The work performed by the MHP Owner/Operator's Contractor will include submittal of permits associated with all "Beyond-the-Meter" work to the agency with jurisdictional authority and such permits will be reimbursable under the MHP Program. Permitting costs related to the abandonment of the Legacy System will not be reimbursable under the MHP Program and are the responsibility of the MHP Owner/Operator.

PG&E may assist the MHP Owner/Operator in preparation and submittal of all other permit applications, but construction permits not covered by PG&E will be paid by the MHP Owner/Operator.

### 5.8. Environmental, Endangered Species and Cultural Resources Review

- 5.8.1. Any environmental, endangered species and cultural resources remediation, or other resolution of environmental issues, and the costs associated with those efforts, are the sole responsibility of MHP Owner/Operator and must be addressed as required by the agency with jurisdictional authority. No utility shall assume any remediation responsibility and utility ratepayers shall bear no costs associated with any required remediation.
- 5.8.2. Any environmental, endangered species and cultural resources issues that are identified during the conversion will result in the immediate suspension of work at the MHP. The MHP Owner/Operator shall resolve these issues prior to work resuming at the MHP. MHP Owner/Operator may be granted additional time by PG&E to resolve environmental, endangered species and cultural resources issues prior to completing the conversion, however, such time will not exceed the period of the MHP Program, unless approved by the CPUC.

### 5.9. Outreach and Education

- 5.9.1. The MHP Representative will be the liaison for the MHP Owner/Operator and will be responsible for relaying project information to MHP Residents and to PG&E. The MHP Representative shall provide status updates to the MHP Owner/Operator and the MHP Residents from PG&E and provide timely status updates from contractor and MHP Owner/Operator to Utility.

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

- 5.9.2. All costs associated with the MHP Representative in performing the duties associated with the Program will be the responsibility of the MHP Owner/Operator and will not be reimbursable from the MHP Program.
- 5.9.3. The MHP Representative shall be the central point of contact for all outreach, marketing and communication notices regarding the MHP Program that are intended for the MHP residents. The MHP Representative shall distribute the information to the residents in a timely manner in accordance to MHP's Rules and Regulations
- 5.9.4. The MHP Owner/Operator must allow PG&E to directly contact the MHP residents during the project regarding the MHP Program, account setup and other utility programs. As stated in Section 7.1 of the MHP Application, if the MHP Owner/Operator did not provide a complete list of MH residents with contact information with its submittal of the MHP Application, it must do so with the submission of the MHP Agreement (Attachment A). The list shall consist of a complete list of current residents for each space in the MHP, including name, address or space number, mailing address if different than physical address of unit, home phone number, cell phone number, email address, and other contact information.
- 5.9.5. The MHP Representative shall ensure that its contractor works with PG&E and keeps the MHP residents informed of the status of the "Beyond-the-Meter" work. Communications will include notices such as temporary outages, detours or street closures. The MHP Representative will also ensure that such notices will remain consistent with PG&E communications and be distributed in a timely manner.
- 5.10. Construction
- 5.10.1. Construction of the conversion project may commence after compliance with Section D.3.b of the MHP Rules.
- 5.10.2. The MHP Owner/Operator shall work cooperatively with PG&E to resolve construction issues that may arise during the project, such as providing an acceptable site for storage of PG&E's construction materials and equipment during the project.
- 5.11. Cutover / Completion of Conversion
- 5.11.1. Prior to cutover, all jurisdictional authorities must inspect and approve installation of the "Beyond-the-Meter" work.
- 5.11.2. Cutover cannot occur until PG&E is satisfied that 24 hour access is available to all utility facilities. Where such access may be restricted due to fencing or locked gating, the MHP Owner/Operator or the owner of the individual MH-Spaces shall provide a utility approved locking device with a utility keyway.

# **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

Where electronic gates may be involved, the gate will be fitted with a key switch, with utility keyed keyway, which may activate the controller.

- 5.11.3. The MHP Owner/Operator is responsible for discontinuing MHP utility service to all qualifying MH-spaces no later than 90 days after PG&E is ready to cutover all qualifying MH-spaces to direct Utility service.
- 5.11.4. If requested by PG&E, the MHP Owner/Operator shall require Contractor to be available perform joint cutover with PG&E for the individual services within the MHP.
- 5.11.5. If requested by the Utility, the MHP Owner/Operator shall have their Contractor purge the gas legacy master-meter system of unpressurized gas to ensure safety of the disconnected gas system.

## **6. Utility's Responsibilities**

### **6.1. Engineering and Planning**

- 6.1.1. PG&E will design and install the new "To-the-Meter" electric and/or gas distribution and service system for the MHP to meet current PG&E design standards and applicable codes, regulations and requirements based on the most economic, convenient and efficient service route.

To the extent possible, PG&E will design and install the new distribution and service system up to the Service Delivery Point on a "like for like" basis to the existing system. For example, an existing 200 ampere overhead electric service will be replaced with a 200 ampere overhead electric service. If both electric and gas are requested to be replaced and electric service is provided overhead, PG&E will have the option to offer underground electric service if it is cost effective to do so. If gas service is located above ground, PG&E will underground the gas service as well as the electric service, if present.

- 6.1.2. PG&E will prepare a preliminary design package for the new electric and/or gas system and prepare all necessary land rights documents.
- 6.1.3. PG&E will consult with the MHP Owner/Operator to identify the location of each electric and/or gas meter and any protection required for the metering service equipment. PG&E will have the final approval of the location of the meter.
- 6.1.4. PG&E will include with the MHP Program additional reasonable services for common use areas at the discretion of the Commission Safety Enforcement Division within the MHP that will be served under commercial rate schedules.
- 6.1.5. PG&E will design and install the "To-the-Meter" facilities to accommodate a service equivalent to the existing service. If the existing electric service is less than 100 amperes, the utility will design and install "To-the-Meter" facilities to accommodate 100 ampere service as part of the MHP Program.

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

- 6.1.6. With the exception of the 100 ampere minimum electric service, any requests for service upgrades or relocations beyond what is being provided by the MHP Program will be handled under PG&E's current Rules and Tariffs. Such requests may be made by the MHP Owner or the individual MHP residents, and such upgrades and additional incremental costs will be the sole responsibility of the requesting party.
- 6.1.7. If applicable, PG&E will design and install a natural gas service line at each individual MH-Space to deliver sufficient volume at PG&E's standard delivery.
- 6.1.8. Vacant MH-Spaces will receive a stub to the location of the future "Service Delivery Point" during the MHP Program. When a previously vacant space becomes occupied subsequent to cutover, a line extension contract will be required to extend service per normal line extension rules (Rule 16).

### **6.2. Permits**

- 6.2.1. PG&E will acquire routine, ministerial construction permits, such as encroachment permits necessary for trenching within public rights-of-way.
- 6.2.2. PG&E will review all permits prior to construction. No work will be performed by PG&E or the Contractor under the MHP Program until the MHP's Owner/Operator and/or PG&E obtains the required permits.

### **6.3. Environmental and Cultural Resources Review**

- 6.3.1. PG&E shall conduct a "desktop" environmental, endangered species and cultural resources review of the proposed work at the MHP. If such review indicates any environmental, endangered species and cultural resources issues, PG&E will immediately suspend of work at the MHP. PG&E will not resume work until it has received authorization from appropriate experts and/or agency with jurisdictional authority. PG&E assumes no remediation responsibility or liability. Costs for remediation are not eligible for reimbursement from the MHP Program.

### **6.4. Outreach and Education**

- 6.4.1. PG&E will work with the MHP Owner/Operator and/or the MHP Representative on outreach and education to MHP residents.
- 6.4.2. During the construction phase, PG&E will work with the MHP Representative to keep the MHP residents informed of the status of the project, including notice of temporary outages, detours or street closures, and other issues related to the project. Information provided by PG&E will include, but is not limited to, "transition kits" for the MHP residents with information about construction work impacts, timing, account setup instructions, utility programs and services such as California Alternate Rate for Energy (CARE), medical assistance program, energy efficiency and demand response opportunities. PG&E will work with the

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

MHP Representative to ensure all notices and project information is communicated and distributed in a timely manner.

- 6.4.3. PG&E will manage communications with the Commission, California Department of Housing and Community Development (HCD), other utilities, local government, local media, and other parties, as necessary, regarding the MHP Program activities.

### **6.5. Construction**

- 6.5.1. PG&E will install, or select a qualified licensed contractor to install the new "To-the-Meter" electric and/or gas distribution systems that will meet all current electric and/or gas design standards, applicable codes, regulations and requirements. Facilities and services installed will be based on the agreed upon design.
- 6.5.2. PG&E will consult and coordinate conversion activities with other utilities that may also serve the MHP, including municipal utilities, water, cable and telecommunication providers, to ensure efficiency and avoid unnecessary disruption and/or costs.
- 6.5.3. PG&E may commence conversion after compliance with Rule 28, D.3.b. PG&E may elect to wait until the MHP Owner/Operator can demonstrate construction of the "Beyond-the-Meter" facilities have been substantially completed, such facilities have been approved by the governing inspection authority and PG&E receives a copy of any inspection report or verification to begin construction. PG&E may also commence construction if the MHP Owner/Operator has coordinated an acceptable construction schedule that is approved by PG&E and/or as scheduling and availability permits.
- 6.5.4. PG&E shall not remove the existing legacy system, unless necessary and the system shall be abandoned in place and PG&E shall isolate the new and existing legacy systems. PG&E shall not incur any expenses associated with the removal or retirement of the existing system under the conversion program. Should removal of the legacy distribution system be necessary to complete the conversion to direct utility service from PG&E, such costs may at PG&E's discretion be included in the MHP Program if it is necessary and can be done so efficiently.

### **6.6. Cutover / Completion of Project**

- 6.6.1. PG&E will own, operate, and maintain all "To-the-Meter" electric and/or gas distribution and service systems within the MHP. Upon completion of the conversion, the facilities will be managed under and subject to Rule 15 and Rule 16 and other applicable tariffs.
- 6.6.2. If necessary, PG&E will coordinate with the Contractor to jointly meet to perform joint cutover with PG&E for the individual services within the MHP.

**MOBILEHOME PARK  
UTILITY CONVERSION PROGRAM  
AGREEMENT**

- 6.6.3. PG&E will reimburse the MHP Owner/Operator for all qualifying "Beyond-the-Meter" work as summarized in Attachment C.
- 6.6.4. PG&E or its Contractor shall purge the gas Legacy System of unpressurized gas to ensure safety of the disconnected system.

## **7. Safety**

- 7.1. **IMPORTANCE OF SAFETY:** The Parties recognize and agree that safety is of paramount importance in the implementation of the MHP Program and Parties are responsible for performing the work in a safe manner. Parties shall plan and conduct the work, and shall require all contractors and subcontractors to abide by all safety requirements incorporated herein and to perform their portion of the work, in accordance with all applicable local, state and federal rules, regulations, codes, and ordinances to safeguard persons and property from injury. The MHP Owner/Operator shall require its Contractor to provide necessary training to its employees and Subcontractors to inform them of the foregoing safety and health rules and standards. Should PG&E at any time observe the contractor, or any of its subcontractors, performing the work in an unsafe manner, or in a manner that may, if continued, become unsafe, then PG&E shall have the right (but not the obligation) to require the MHP Owner/Operator to stop contractor's work affected by the unsafe practice until contractor has taken corrective action so that the work performance has been rendered safe.
- 7.2. **Regulations and Conduct of Work:** MHP Owner/Operator shall assure that its contractor plans and conducts the work to safeguard persons and property from injury. MHP Owner/Operator shall direct the performance of the work by its contractor in compliance with reasonable safety and work practices and with all applicable federal, state, and local laws, rules, and regulations, including but not limited to "Occupational Safety and Health Standards" promulgated by the U.S. Secretary of Labor and the California Division of Occupational Safety and Health, including the wearing of "hard hats" at the worksite if applicable. Work in areas adjacent to electrically energized facilities and/or operating natural gas facilities shall be performed in accordance with said practices, laws, rules, and regulations. PG&E may designate safety precautions in addition to those in use or proposed by contractor. PG&E reserves the right to inspect the work and to halt construction to ensure compliance with reasonable and safe work practices and with all applicable federal, state, and local laws, rules, and regulations. Neither the requirement that contractor working on behalf of the MHP Owner/Operator follow said practices and applicable laws, rules, and regulations, nor adherence thereto by contractor, shall relieve MHP Owner/Operator of the sole responsibility to maintain safe and efficient working conditions.
- 7.3. **Additional Precautions:** Upon PG&E's request, the MHP Owner/Operator shall require its contractor to provide certain safeguards not in use but considered necessary and if contractor fails to comply with the request within a reasonable time, PG&E may provide the safeguards at MHP Owner/Operator's expense. Failure to

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

comply with safety precautions required by PG&E may result in termination of the Agreement for cause.

- 7.4. Parties will immediately notify each other regarding safety and hazardous conditions that may cause harm to PG&E, MHP Owner/Operator, contractors, subcontractors, MHP residents, and/or the general public. Upon notice, the responsible party shall investigate the potential safety hazard, and if necessary, take actions to remedy the situation.
- 7.5. The MHP Owner/Operator shall be responsible for notifying local emergency services, if required, about pending road closures or detours that may affect life safety and services to the MHP and MHP residents.

### **8. Delay and Suspension of Work**

- 8.1. Suspension of Work by PG&E: PG&E reserves the right to suspend the work under the MHP Utility Conversion Program to serve the needs of the greater public.
- 8.2. Notification of Delays: MHP Owner/Operator shall cause contractor to promptly notify PG&E in writing of any impending cause for delay that may affect PG&E's schedule. If possible, PG&E will coordinate and assist contractor in reducing the delay.
- 8.3. Delays by MHP Owner/Operator: No additional compensation or other concessions will be allowed to the MHP Owner/Operator for expenses resulting from delays for which MHP Owner/Operator is responsible. If, in PG&E's opinion, the delay is sufficient to prevent MHP Owner/Operator's compliance with the specified schedule, MHP Owner/Operator shall accelerate the work by overtime or other means, at MHP Owner/Operator's expense, to assure completion on schedule.

### **9. Termination**

- 9.1. Either Party may, at its option, terminate upon 30 day written notice to the other Party.
  - 9.1.1. PG&E may cancel or suspend this Agreement for, but not limited to, the following situations:
    - 9.1.1.1. The failure, refusal or inability of the MHP Owner/Operator to perform the work in accordance with this Agreement for any reason (except for those reasons that are beyond MHP Owner/Operator's control) after receiving notice from PG&E and an opportunity to cure and MHP Owner/Operator has failed to do so; provided however, at PG&E's option, safety or security violations may result in immediate termination; or
    - 9.1.1.2. The failure, refusal, or inability of the MHP Owner/Operator to initiate its responsibilities under this Agreement within six (6) months of the execution of this Agreement; or

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

- 9.1.1.3. The failure or inability of the MHP Owner/Operator to complete the work and be ready to receive service from PG&E within twelve (12) months of the execution of this Agreement; or
- 9.1.1.4. A legal action is placed against the MHP Owner/Operator which, in PG&E's opinion, may interfere with the performance of the conversion.
- 9.1.2. If the MHP Owner/Operator terminates the Agreement, the MHP Owner/Operator will:
  - 9.1.2.1. Reimburse PG&E for all work and costs incurred prior to the cancellation that did not result in a direct Utility service of an individual MH-Space or common area. PG&E's costs may include, but is not limited to, "To-the-Meter" labor, material and supplies, (including long lead time materials), transportation, and other direct costs which PG&E allocates to such work; and
  - 9.1.2.2. Not be eligible for reimbursement for any "Beyond-the-Meter" work that did not result in a direct PG&E service of an individual MH-Space; and
  - 9.1.2.3. Repay in full to PG&E any reimbursements paid to the MHP Owner/Operator for partial work completed by its contractor.
- 9.1.3. In the event of termination, PG&E shall reimburse the MHP Owner/Operator for services satisfactorily completed prior to the date of cancellation that resulted in direct PG&E service which are of benefit to PG&E. In no event shall PG&E be liable for lost or anticipated profits or overhead on uncompleted portions of the work due to termination.
- 9.1.4. Cancelled MHP Agreement may, at the Utilities option, result in the removal the MHP from the MHP Program and the selection of the next MHP that is on the waiting list for the MHP Program.
- 9.1.5. MHP Owner/Operator shall be liable for additional costs to PG&E arising from termination. PG&E may terminate this Agreement, suspend work and/or the MHP Program if directed to do so by the CPUC. Liability of incomplete projects will be determined by the CPUC.

### **10. Costs Covered by the MHP Program and Reimbursement to MHP Owner/Operator**

- 10.1. All costs incurred by PG&E to provide "To-the-Meter" facilities for a typical utility service for each qualifying MH-Space will be covered under the MHP Program.
- 10.2. Requests for service entrance relocations, rearrangements and upgrades are not covered under the MHP Program.

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

- 10.3. Additional reasonable services at the discretion of the Commission Safety and Enforcement Division for common use areas within the MHP that will be served under commercial rate schedules are eligible for inclusion in the MHP Utility Conversion Program and will not provide "Beyond-the-Meter" reimbursements for these common area services. PG&E will not provide the service panel.
- 10.4. PG&E will reimburse the MHP Owner/Operator based on the invoice for the "Beyond-the-Meter" to be performed by the contractor. The amount that is eligible for reimbursement for the "Beyond-the-Meter" work shall not exceed the "Cost Covered by the MHP Program" amount listed on Attachment C, without prior written approval from PG&E. PG&E will review all invoices received for the "Beyond-the-Meter" work by the contractor and will reimburse the MHP Owner/Operator for all prudently occurred and reasonable construction expenditures. The MHP Program will not cover or reimburse costs for any modification or retrofit of the mobilehome or manufactured home.
- 10.5. As soon as practicable and after any jurisdictional authorities have inspected and approved operation of the "Beyond-the-Meter" work, the MHP Owner/Operator may submit invoices to PG&E for "Beyond-the-Meter" work. Invoices submitted shall be submitted in no less than twenty-five percent (25%) increments based on the number of converted MH-Space compared to the total number of eligible MH-Spaces at the MHP. The final reimbursement for the "Beyond-the-Meter" work will be paid to the MHP Owner/Operator after the final cutover has been completed and the entire MHP has been converted to direct PG&E service.
- 10.6. Invoices shall include a listing of MH-Spaces that completed the service conversion, and an itemized list and costs for equipment, materials, and labor for "Beyond-the-Meter" facilities that are both covered and not covered by the MHP Program.

## **11. Nondisclosure**

- 13.2. MHP Owner/Operator shall require any contractor or subcontractor to whom any portion of the work to be performed hereunder may be contracted to comply with provisions of this paragraph, and agrees to save and hold PG&E harmless from any and all penalties, actions, causes of action, damages, claims and demands whatsoever arising out of or occasioned by failure of MHP Owner/Operator and Contractor or a Subcontractor to make full and proper compliance with said bylaws, rules, regulations, laws, orders, stipulations or plans.

In accordance with California Public Utilities Commission (CPUC) Decision (D.) 20-04-004, and subject to the requirements of Gas and Electric Rule 28, PG&E is offering the Mobilehome Park Utility Conversion Program to convert existing privately owned master-meter/sub-meter electric and/or gas distribution service within a Mobilehome Park or Manufactured Housing Communities ("MHP"), to direct PG&E service for each individual space within MHP.

The number of MH-Spaces that will be eligible for conversion to direct PG&E service under the MHP Program (both "To-the-Meter" and "Beyond-the-Meter") shall be equal to the number of residential MH-Space spaces within the MHP and that are designated on the MHP Application. PG&E will include with the MHP Program additional reasonable services for common use areas within the MHP that will be served under commercial rate schedules.

Any service modifications and associated costs beyond what is being provided by the MHP Program will be the responsibility of the requesting party. These modifications will be handled under PG&E's current applicable Tariffs. In addition, "Beyond-the-Meter" costs to serve common use areas are the responsibility of the MHP Owner/Operator and are not eligible for reimbursements from the MHP Program. Any additional common use area meters and services that are not provided by the program will be designed and installed under the guidance of the Service Relocation and Rearrangement section of Gas and Electric Rule 16.

**MOBILEHOME PARK UTILITY CONVERSION PROGRAM**

Sheet 2

**C. PROGRAM ELIGIBILITY: (Cont'd)**

2. MHP Owner/Operators who elect to participate in the MHP Program must comply with all general rules, rights and obligations as set forth in this Rule. In addition, MHP Program participants must complete and/or execute the following documents:

- The CPUC's "Application for Conversion of Master Meter Service at Mobilehome Park or Manufactured Housing Community to Direct Service from Electric or Gas Corporation" ["CPUC's Form of Intent"]; and
- The "Mobilehome Park Utility Conversion Program Application" ["MHP Application"] (Form 79-1164); and (T)
- The "Mobilehome Park Utility Conversion Program Agreement" ["MHP Agreement"] (Form 79-1165). (T)

**D. MHP PROGRAM COMPONENTS:**

1. CPUC's Form of Intent

CPUC's Form of Intent will be accepted January 1, 2021, through March 30, 2021 (90-day period). The MHP Owner/Operator must complete and submit the CPUC's Form of Intent concurrently to both the Safety Enforcement Division (SED) of the CPUC and PG&E. CPUC's Form of Intent received after the 90-day period will be placed on a waiting list.

a. Prioritization of CPUC's Form of Intent

- 1) CPUC's Form of Intent will be reviewed and prioritized as follows: (1) SED will prioritize MHPs that are gas only or dual system (gas and electric service), and (2) for prioritization of electric-only systems, the utilities must consult and coordinate with SED, the California Department of Housing and Community Development or its local agency designee. MHPs whose CPUC's Form of Intent are accepted and prioritized by SED and HCD will be considered pre-qualified. (T)
- 2) PG&E will receive a list of pre-qualified MHP Initial Applications from SED and HCD. PG&E will then contact the MHPs with the highest priority to participate in the MHP program until the program goal is achieved. PG&E will undertake its best efforts to communicate and coordinate with other utilities, municipal entities, and/or water and telecommunications providers to maximize efficiencies where possible. (T)
- 3) If a new MHP that is not currently on PG&E's list of MHPs is accepted into another participating utility's MHP Program, PG&E will allow this MHP to move to the next stage of PG&E's MHP Program, so long as PG&E's MHP Program is still substantially underway. (T)

# MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

This Mobilehome Park Utility Conversion Program Agreement ("Agreement") is made and entered into by and between \_\_\_\_\_ ("MHP Owner/Operator"), a \_\_\_\_\_ organized and existing under the laws of the state of \_\_\_\_\_, and the Utility, "Pacific Gas and Electric Company" ("PG&E" or "Utility"), a corporation organized and existing under the laws of the state of California. MHP Owner/Operator and PG&E may be individually referred to as a "Party" and collectively as the "Parties."

## RECITALS

WHEREAS, PG&E offers a ten-year program under the direction of the California Public Utilities Commission ("CPUC" or "Commission") pursuant to Decision 20-04-004 whereby master-metered Mobilehome Parks ("MHP") may elect to convert to direct utility service, with eligible costs for "To-the-Meter" and "Beyond-the-Meter" work to be borne by PG&E (MHP Program).

WHEREAS, MHP Owner/Operator desires to convert the master-metered system(s) in its MHP to direct service from PG&E under the MHP Program.

In accordance with the foregoing premises, the Parties agree as follows:

## 1. General Description of Agreement

- 1.1. This Agreement is a legally binding contract. The Parties agree to be bound by the terms and conditions set forth herein, incorporated herein by reference, and the requirements of Electric and Gas Rule 28 ("MHP Rules"). This Agreement and the MHP Rules shall govern the conversion of the entire private owned and operated electric and/or natural gas distribution system servicing the MHP to direct PG&E electric and/or gas distribution and service, including all HCD permitted Mobilehome Spaces (MH-Space), eligible common areas, permanent buildings, and/or structures that currently have utility service.

Utility service to be converted to direct PG&E service (check one)

☐ Electric Only ☐ Gas Only ☐ Electric & Gas

If the gas or electric service at the MHP is provided by a different Utility, please provide the name of the Utility who provides the other service.

☐ Electric ☐ Gas Name of Utility: \_\_\_\_\_

- 1.2. Prior to signing this Agreement, the MHP Owner/Operator would have already submitted the California Public Utilities Commission (CPUC or Commission's) "Form of Intent" and the MHP Application (Form 79-1164), and continue to be bound by the terms set forth in those documents.

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

- 1.3. The number of MH-Spaces that will be eligible for conversion to direct Utility service under the MHP Program (both "To-the-Meter" and "Beyond-the-Meter") shall be equal to the number of occupied residential MH-Spaces permitted by the California Department of Housing and Community Development or its designed agency, within the MHP that currently receives a discount under the current qualifying mobilehome rate schedule and the number of unoccupied residential MH-Space permitted by the California Department of Housing and Community Development or its designed agency, that are designated on the MHP Application that are currently able to receive electric and/or gas service from the existing master-metered system (Legacy System)
- 1.4. The MHP Owner/Operator must provide the following documents with the MHP Agreement pursuant to MHP Program criteria in MHP Rules: (1) proof that the MHP has a valid operating license from the governmental entity with relevant authority; (2) if the MHP is operated on leased real property, proof that the land lease will continue for a minimum of 20 years from the time that the MHP Agreement is executed by the Utilities; and (3) declaration under penalty of perjury/affirmation that the MHP is not subject to an enforceable condemnation order or to pending condemnation proceedings (See Attachment A).
- 1.5. This Agreement Commission conforms to (D.)20-04-004 and has been approved by the CPUC for use between PG&E and the MHP Owner/Operator. The terms and conditions of this Agreement may not be waived, altered, amended or modified, except as authorized by the CPUC. This agreement at all times shall be subject to such modifications as the California Public Utilities Commission may direct from time to time in the exercise of its jurisdiction.

## **2. Representations**

- 2.1. Each Party agrees to the terms and conditions of the MHP Program as stated in this Agreement, the MHP Application and MHP Rules. All tariffs associated with this Program may be amended from time to time, subject to CPUC approval.
- 2.2. Each person executing this Agreement for the respective Parties expressly represents and warrants that he or she is authorized to act as signatory for such Party in the execution of this Agreement.
- 2.3. Each Party represents that: (a) it has the full power and authority to execute and deliver this Agreement and to perform its terms and conditions; (b) the execution, delivery and performance of this Agreement has been duly authorized by all necessary corporate entities; and (c) this Agreement constitutes such Party's legal, valid and binding obligation, enforceable against such Party in accordance with its terms.
- 2.4. Each Party shall (a) exercise all reasonable care, diligence, and good faith in the performance of its duties pursuant to this Agreement; and (b) carry out its duties in accordance with applicable regulations, laws, City and County ordinances and recognized professional standards.

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

### **3. Submittal of Agreements and Documents**

- 3.1. Upon receipt of the Agreement, the MHP Owner Operator will have thirty (30) calendar days to sign and submit the Agreement to PG&E.
- 3.2. If requested by either party, a post engineering meeting can be requested prior to the signing of the Agreement to resolve any outstanding issues and concerns, and/or to review the reasonableness of the Contractor's bid to perform the "Beyond-the-Meter" work. PG&E and the Commission encourage consultation and coordination between parties to ensure efficiency and avoid unnecessary (and non-reimbursable) costs. PG&E reserves the right to withdraw the MHP space approval for the MHP, and may, at its option, remove or place the MHP in the back of the queue of the pre-selected MHPs as specified in Section 10 of this Agreement.

- 3.3. Agreements and documents shall be mailed to:

Mobilehome Park Utility Conversion Program  
Pacific Gas and Electric Company  
77 Beale Street, Mail Code B10B  
San Francisco, CA 94105-1814

### **4. Contractor selected by the MHP Owner/Operator to Perform "Beyond-the-Meter" Work**

- 4.1. MHP Owner/Operator shall select a qualified, licensed contractor to perform the "Beyond-the-Meter" work at the MHP and shall consult and coordinate with PG&E on such selection. The MHP Owner/Operator shall provide in Attachment B, multiple bids (where applicable at least three) from contractors for proposed "Beyond-the-Meter" work during the time frames specified by PG&E.
- 4.2. If PG&E and the MHP Owner/Operator fail to agree upon the qualifications of the contractor selected to perform "Beyond-the-Meter" work, the CPUC's Safety and Enforcement Division (SED) will be consulted to resolve the dispute.
- 4.3. The Contractor shall be selected based on the "most cost-effective option". PG&E reserves the right to review the reasonableness of bids for "Beyond-the-Meter" work that are received by the MHP Owner/Operator. PG&E and the CPUC encourage consultation and coordination between parties to ensure efficiency and avoid unnecessary (and non-reimbursable) costs. In all instances, the work performed by the Contractor must comply with applicable regulations, laws, ordinances, and recognized professional standards, and such work must be approved by the applicable governing inspection authority(ies).
- 4.4. The MHP Owner/Operator understands and agrees that neither PG&E's consultation and coordination with the MHP Owner/Operator regarding the selection of a Contractor, nor its review of bids or other pricing terms, constitutes an endorsement by PG&E of said Contractor or its work. Further, the MHP Owner/Operator understands and agrees that PG&E makes no guarantee or warranty, either

## MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

expressed or implied, with respect to the Contractor's work. The MHP Owner/Operator understands and agrees that PG&E will not be liable for any claims related to "Beyond-the-Meter" facilities, including but not limited to claims related to the planning, design, construction and/or maintenance of such facilities, and the MHP Owner/Operator agrees to indemnify, defend and hold harmless PG&E and its officers, directors, employees and/or agents from and against any such claims.

### 5. MHP Owner/Operator Responsibilities

5.1. The MHP Owner/Operator will continue to have sole responsibility for compliance with all applicable laws governing Mobilehome Parks and compliance with the MHP's own Rules and Regulations.

#### 5.2. Easements

5.2.1. The MHP Owner/Operator shall provide or assist in obtaining rights-of-ways or easement as required by the Utility's Distribution and Service Extension Rules (Rule 15 & 16) and (D.) 20-04-004.

5.2.2. PG&E shall at all times have the right to enter and leave the park for any purpose connected with the furnishing of electric /gas service (meter reading, inspection, testing, routine repairs, replacement, maintenance, emergency work, etc.) and the exercise of any and all rights secured to it by law, and under all applicable PG&E tariffs.

#### 5.3. Engineering and Planning – Electric Distribution System

5.3.1. The "Beyond-the-Meter" electrical system shall be designed to meet applicable code and regulatory requirements of any inspecting agency for installation of service equipment. Required permits must be obtained and shall be available for inspection by PG&E.

5.3.2. PG&E will normally design and install a single phase, 120/240 volts, 100-ampere electric meter service equipment at each individual MH-Space. Any requests for service modifications beyond the 100-ampere electric service or relocations beyond what is being provided by the MHP Program will be handled under PG&E's current Rules and Tariffs.

#### 5.4. Engineering and Planning – Gas Distribution System

5.4.1. The "Beyond-the-Meter" gas system shall be designed to meet applicable code and regulatory requirements of any inspecting agency for installation of gas house lines. Required permits must be obtained and shall be available for inspection by the UTILITY.

5.4.2. PG&E will design and install a natural gas service line to deliver sufficient volume at PG&E's standard delivery. Any requests for service modifications

# **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

beyond the standard delivery or relocations beyond what is being provided by the MHP Program will be handled under PG&E's current Rules and Tariffs.

## **5.5. Engineering and Planning – General**

- 5.5.1. MHP Owner/Operator shall ensure that any proposal for “Beyond-the-Meter” work prepared or received by the MHP Owner/Operator is based on a full knowledge of all conditions that would affect the cost and conduct of the conversion. The MHP Owner/Operator shall inform itself fully and convey to all potential Contractors and to PG&E the physical conditions at the work site, including as applicable, potential cultural sites, potential environmental issues, subsurface geology, borrow pit conditions and spoil disposal areas; the availability, location and extent of construction and storage area and other facilities or structures above and below ground; necessary safety precautions and safeguards; dimensions not shown on drawings; the extent of established lines and levels. MHP Owner/Operators who fail to disclose potential issues during the design phase risk removal from the program by PG&E.
- 5.5.2. MHP Owner/Operator will at all times own and is responsible for the “Beyond-the-Meter” utility service facilities.
- 5.5.3. Requests for service entrance relocations, rearrangements and upgrades not covered by the MHP Program can be made by the MHP Owner/Operator and such modifications and additional incremental costs, will be the sole responsibility of the MHP Owner/Operator. Request for service modification may be made by the owner of the mobilehome/manufactured housing unit directly to the Utilities where the MHP lots are owned by the resident residing on the lot and as permitted by the MHP's Rule and Regulations. PG&E will process such requests under current applicable tariffs. Such requests for “To-the-Meter” services may require a separate service extension contract and shall be done in accordance with the effective service extension tariff. To the extent not covered by separate contract, costs for such requests are shown in Attachments C, D and E, attached hereto and incorporated herein. All costs not covered by the MHP Program must be paid in full to PG&E prior to or with the submittal of the MHP Agreement in order for the construction phase to begin.
  - 5.5.3.1. The MHP Owner/Operator, or its representative, is responsible to collect any and all fees associated with “To-the-Meter” service modifications that are not covered by the MHP Program that were requested on behalf of the MH-Owner and due to PG&E under the current Rules and Tariffs and forward those payments to the appropriate Utility.
  - 5.5.3.2. “Beyond-the-Meter” service modifications that are not covered by the MHP Program, including installation costs that exceed the most cost-effective option (e.g. alternate routes or below ground installations), will not be eligible for reimbursement from PG&E.

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

- 5.5.3.3. Any requests for service entrance relocations, rearrangements and upgrades that occur after the design and engineering phase has been completed will result in a change order that may require redesign and/or re-engineering. Additional redesigned and/or re-engineered costs will not be eligible for reimbursement from PG&E and will be the sole responsibility of the requesting party.
- 5.5.4. The MHP Owner/Operator shall keep any worksite(s) free of debris, obstructions, landscape, and temporary facilities prior to the initiation of work by PG&E and/or the contractor. Temporary facilities may include, but is not limited to, storage sheds, decks, awning, car ports, or any facility that is not normally provided by the MHP. Relocation or removal of such items will not be eligible for reimbursement from PG&E.
- 5.5.5. The MHP Owner/Operator will continue to own, maintain and be responsible for facilities located within the park's common area, such as the office, clubhouse, laundry facilities, streetlights, etc., and their associated "Beyond-the-Meter" facilities. Utility meters will be installed to serve these facilities. MHP Owner/Operator will be responsible payment of Utility bills associated with such meters. Additional facilities that may be requested (e.g. streetlight fixtures) and associated energy charges for the common area facilities will be based on the applicable tariff and will not be eligible for reimbursement from PG&E.
- 5.6. Existing Distribution System (Legacy System)
- 5.6.1. The MHP Owner/Operator must continue to operate and maintain the existing master-meter/submeter system ("Legacy System") and continue to provide utility service to the MHP residents until cutover to the new direct PG&E service system. At all times, the Legacy System will remain the property and responsibility of the MHP Owner/Operator, including ongoing maintenance, notification, post construction removal (if required), decommissioning and any environmental remediation.
- 5.6.2. If the MHP has an existing propane gas distribution system, PG&E will, upon request, replace it with a natural gas distribution system, provided that; 1) the Utility offers natural gas service and the MHP is located within the franchise area that the Utility serves; 2) a distribution line is located nearby and can be connected safely and economically to the MHP; and 3) the request would be replaced under the Utility's existing Distribution and Service Extension Rules (Rule 15 & 16) and would not qualify under the MHP Program.
- 5.7. Permits
- 5.7.1. Except for the routine, ministerial construction permits to be acquired by PG&E pursuant to Section 6 of this Agreement, the acquisition of all other permits that may be necessary will be the responsibility of the MHP Owner/Operator. This includes, but not limited to, the following:

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

- Environmental and governmental agency permits.
- Caltrans permits.
- Railroad permits.
- HCD and/or local City and County building permits for electric and/or gas service work necessary to install new service delivery facilities including, but not limited to, gas house lines, electric meter pedestals, and terminations
- Permits for the abandonment of the Legacy System.

The work performed by the MHP Owner/Operator's Contractor will include submittal of permits associated with all "Beyond-the-Meter" work to the agency with jurisdictional authority and such permits will be reimbursable under the MHP Program. Permitting costs related to the abandonment of the Legacy System will not be reimbursable under the MHP Program and are the responsibility of the MHP Owner/Operator.

PG&E may assist the MHP Owner/Operator in preparation and submittal of all other permit applications, but construction permits not covered by PG&E will be paid by the MHP Owner/Operator.

### **5.8. Environmental, Endangered Species and Cultural Resources Review**

- 5.8.1. Any environmental, endangered species and cultural resources remediation, or other resolution of environmental issues, and the costs associated with those efforts, are the sole responsibility of MHP Owner/Operator and must be addressed as required by the agency with jurisdictional authority. No utility shall assume any remediation responsibility and utility ratepayers shall bear no costs associated with any required remediation.
- 5.8.2. Any environmental, endangered species and cultural resources issues that are identified during the conversion will result in the immediate suspension of work at the MHP. The MHP Owner/Operator shall resolve these issues prior to work resuming at the MHP. MHP Owner/Operator may be granted additional time by PG&E to resolve environmental, endangered species and cultural resources issues prior to completing the conversion, however, such time will not exceed the period of the MHP Program, unless approved by the CPUC.

### **5.9. Outreach and Education**

- 5.9.1. The MHP Representative will be the liaison for the MHP Owner/Operator and will be responsible for relaying project information to MHP Residents and to PG&E. The MHP Representative shall provide status updates to the MHP Owner/Operator and the MHP Residents from PG&E and provide timely status updates from contractor and MHP Owner/Operator to Utility.

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

- 5.9.2. All costs associated with the MHP Representative in performing the duties associated with the Program will be the responsibility of the MHP Owner/Operator and will not be reimbursable from the MHP Program.
- 5.9.3. The MHP Representative shall be the central point of contact for all outreach, marketing and communication notices regarding the MHP Program that are intended for the MHP residents. The MHP Representative shall distribute the information to the residents in a timely manner in accordance to MHP's Rules and Regulations
- 5.9.4. The MHP Owner/Operator must allow PG&E to directly contact the MHP residents during the project regarding the MHP Program, account setup and other utility programs. As stated in Section 7.1 of the MHP Application, if the MHP Owner/Operator did not provide a complete list of MH residents with contact information with its submittal of the MHP Application, it must do so with the submission of the MHP Agreement (Attachment A). The list shall consist of a complete list of current residents for each space in the MHP, including name, address or space number, mailing address if different than physical address of unit, home phone number, cell phone number, email address, and other contact information.
- 5.9.5. The MHP Representative shall ensure that its contractor works with PG&E and keeps the MHP residents informed of the status of the "Beyond-the-Meter" work. Communications will include notices such as temporary outages, detours or street closures. The MHP Representative will also ensure that such notices will remain consistent with PG&E communications and be distributed in a timely manner.
- 5.10. Construction
- 5.10.1. Construction of the conversion project may commence after compliance with Section D.3.b of the MHP Rules.
- 5.10.2. The MHP Owner/Operator shall work cooperatively with PG&E to resolve construction issues that may arise during the project, such as providing an acceptable site for storage of PG&E's construction materials and equipment during the project.
- 5.11. Cutover / Completion of Conversion
- 5.11.1. Prior to cutover, all jurisdictional authorities must inspect and approve installation of the "Beyond-the-Meter" work.
- 5.11.2. Cutover cannot occur until PG&E is satisfied that 24 hour access is available to all utility facilities. Where such access may be restricted due to fencing or locked gating, the MHP Owner/Operator or the owner of the individual MH-Spaces shall provide a utility approved locking device with a utility keyway.

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

Where electronic gates may be involved, the gate will be fitted with a key switch, with utility keyed keyway, which may activate the controller.

- 5.11.3. The MHP Owner/Operator is responsible for discontinuing MHP utility service to all qualifying MH-spaces no later than 90 days after PG&E is ready to cutover all qualifying MH-spaces to direct Utility service.
- 5.11.4. If requested by PG&E, the MHP Owner/Operator shall require Contractor to be available perform joint cutover with PG&E for the individual services within the MHP.
- 5.11.5. If requested by the Utility, the MHP Owner/Operator shall have their Contractor purge the gas legacy master-meter system of unpressurized gas to ensure safety of the disconnected gas system.

### **6. Utility's Responsibilities**

#### **6.1. Engineering and Planning**

- 6.1.1. PG&E will design and install the new "To-the-Meter" electric and/or gas distribution and service system for the MHP to meet current PG&E design standards and applicable codes, regulations and requirements based on the most economic, convenient and efficient service route.

To the extent possible, PG&E will design and install the new distribution and service system up to the Service Delivery Point on a "like for like" basis to the existing system. For example, an existing 200 ampere overhead electric service will be replaced with a 200 ampere overhead electric service. If both electric and gas are requested to be replaced and electric service is provided overhead, PG&E will have the option to offer underground electric service if it is cost effective to do so. If gas service is located above ground, PG&E will underground the gas service as well as the electric service, if present.

- 6.1.2. PG&E will prepare a preliminary design package for the new electric and/or gas system and prepare all necessary land rights documents.
- 6.1.3. PG&E will consult with the MHP Owner/Operator to identify the location of each electric and/or gas meter and any protection required for the metering service equipment. PG&E will have the final approval of the location of the meter.
- 6.1.4. PG&E will include with the MHP Program additional reasonable services for common use areas at the discretion of the Commission Safety Enforcement Division within the MHP that will be served under commercial rate schedules.
- 6.1.5. PG&E will design and install the "To-the-Meter" facilities to accommodate a service equivalent to the existing service. If the existing electric service is less than 100 amperes, the utility will design and install "To-the-Meter" facilities to accommodate 100 ampere service as part of the MHP Program.

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

- 6.1.6. With the exception of the 100 ampere minimum electric service, any requests for service upgrades or relocations beyond what is being provided by the MHP Program will be handled under PG&E's current Rules and Tariffs. Such requests may be made by the MHP Owner or the individual MHP residents, and such upgrades and additional incremental costs will be the sole responsibility of the requesting party.
- 6.1.7. If applicable, PG&E will design and install a natural gas service line at each individual MH-Space to deliver sufficient volume at PG&E's standard delivery.
- 6.1.8. Vacant MH-Spaces will receive a stub to the location of the future "Service Delivery Point" during the MHP Program. When a previously vacant space becomes occupied subsequent to cutover, a line extension contract will be required to extend service per normal line extension rules (Rule 16).

### **6.2. Permits**

- 6.2.1. PG&E will acquire routine, ministerial construction permits, such as encroachment permits necessary for trenching within public rights-of-way.
- 6.2.2. PG&E will review all permits prior to construction. No work will be performed by PG&E or the Contractor under the MHP Program until the MHP's Owner/Operator and/or PG&E obtains the required permits.

### **6.3. Environmental and Cultural Resources Review**

- 6.3.1. PG&E shall conduct a "desktop" environmental, endangered species and cultural resources review of the proposed work at the MHP. If such review indicates any environmental, endangered species and cultural resources issues, PG&E will immediately suspend of work at the MHP. PG&E will not resume work until it has received authorization from appropriate experts and/or agency with jurisdictional authority. PG&E assumes no remediation responsibility or liability. Costs for remediation are not eligible for reimbursement from the MHP Program.

### **6.4. Outreach and Education**

- 6.4.1. PG&E will work with the MHP Owner/Operator and/or the MHP Representative on outreach and education to MHP residents.
- 6.4.2. During the construction phase, PG&E will work with the MHP Representative to keep the MHP residents informed of the status of the project, including notice of temporary outages, detours or street closures, and other issues related to the project. Information provided by PG&E will include, but is not limited to, "transition kits" for the MHP residents with information about construction work impacts, timing, account setup instructions, utility programs and services such as California Alternate Rate for Energy (CARE), medical assistance program, energy efficiency and demand response opportunities. PG&E will work with the

## MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

MHP Representative to ensure all notices and project information is communicated and distributed in a timely manner.

- 6.4.3. PG&E will manage communications with the Commission, California Department of Housing and Community Development (HCD), other utilities, local government, local media, and other parties, as necessary, regarding the MHP Program activities.

### 6.5. Construction

- 6.5.1. PG&E will install, or select a qualified licensed contractor to install the new "To-the-Meter" electric and/or gas distribution systems that will meet all current electric and/or gas design standards, applicable codes, regulations and requirements. Facilities and services installed will be based on the agreed upon design.
- 6.5.2. PG&E will consult and coordinate conversion activities with other utilities that may also serve the MHP, including municipal utilities, water, cable and telecommunication providers, to ensure efficiency and avoid unnecessary disruption and/or costs.
- 6.5.3. PG&E may commence conversion after compliance with Rule 28, D.3.b. PG&E may elect to wait until the MHP Owner/Operator can demonstrate construction of the "Beyond-the-Meter" facilities have been substantially completed, such facilities have been approved by the governing inspection authority and PG&E receives a copy of any inspection report or verification to begin construction. PG&E may also commence construction if the MHP Owner/Operator has coordinated an acceptable construction schedule that is approved by PG&E and/or as scheduling and availability permits.
- 6.5.4. PG&E shall not remove the existing legacy system, unless necessary and the system shall be abandoned in place and PG&E shall isolate the new and existing legacy systems. PG&E shall not incur any expenses associated with the removal or retirement of the existing system under the conversion program. Should removal of the legacy distribution system be necessary to complete the conversion to direct utility service from PG&E, such costs may at PG&E's discretion be included in the MHP Program if it is necessary and can be done so efficiently.

### 6.6. Cutover / Completion of Project

- 6.6.1. PG&E will own, operate, and maintain all "To-the-Meter" electric and/or gas distribution and service systems within the MHP. Upon completion of the conversion, the facilities will be managed under and subject to Rule 15 and Rule 16 and other applicable tariffs.
- 6.6.2. If necessary, PG&E will coordinate with the Contractor to jointly meet to perform joint cutover with PG&E for the individual services within the MHP.

**MOBILEHOME PARK  
UTILITY CONVERSION PROGRAM  
AGREEMENT**

- 6.6.3. PG&E will reimburse the MHP Owner/Operator for all qualifying "Beyond-the-Meter" work as summarized in Attachment C.
- 6.6.4. PG&E or its Contractor shall purge the gas Legacy System of unpressurized gas to ensure safety of the disconnected system.

## **7. Safety**

- 7.1. **IMPORTANCE OF SAFETY:** The Parties recognize and agree that safety is of paramount importance in the implementation of the MHP Program and Parties are responsible for performing the work in a safe manner. Parties shall plan and conduct the work, and shall require all contractors and subcontractors to abide by all safety requirements incorporated herein and to perform their portion of the work, in accordance with all applicable local, state and federal rules, regulations, codes, and ordinances to safeguard persons and property from injury. The MHP Owner/Operator shall require its Contractor to provide necessary training to its employees and Subcontractors to inform them of the foregoing safety and health rules and standards. Should PG&E at any time observe the contractor, or any of its subcontractors, performing the work in an unsafe manner, or in a manner that may, if continued, become unsafe, then PG&E shall have the right (but not the obligation) to require the MHP Owner/Operator to stop contractor's work affected by the unsafe practice until contractor has taken corrective action so that the work performance has been rendered safe.
- 7.2. **Regulations and Conduct of Work:** MHP Owner/Operator shall assure that its contractor plans and conducts the work to safeguard persons and property from injury. MHP Owner/Operator shall direct the performance of the work by its contractor in compliance with reasonable safety and work practices and with all applicable federal, state, and local laws, rules, and regulations, including but not limited to "Occupational Safety and Health Standards" promulgated by the U.S. Secretary of Labor and the California Division of Occupational Safety and Health, including the wearing of "hard hats" at the worksite if applicable. Work in areas adjacent to electrically energized facilities and/or operating natural gas facilities shall be performed in accordance with said practices, laws, rules, and regulations. PG&E may designate safety precautions in addition to those in use or proposed by contractor. PG&E reserves the right to inspect the work and to halt construction to ensure compliance with reasonable and safe work practices and with all applicable federal, state, and local laws, rules, and regulations. Neither the requirement that contractor working on behalf of the MHP Owner/Operator follow said practices and applicable laws, rules, and regulations, nor adherence thereto by contractor, shall relieve MHP Owner/Operator of the sole responsibility to maintain safe and efficient working conditions.
- 7.3. **Additional Precautions:** Upon PG&E's request, the MHP Owner/Operator shall require its contractor to provide certain safeguards not in use but considered necessary and if contractor fails to comply with the request within a reasonable time, PG&E may provide the safeguards at MHP Owner/Operator's expense. Failure to

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

comply with safety precautions required by PG&E may result in termination of the Agreement for cause.

- 7.4. Parties will immediately notify each other regarding safety and hazardous conditions that may cause harm to PG&E, MHP Owner/Operator, contractors, subcontractors, MHP residents, and/or the general public. Upon notice, the responsible party shall investigate the potential safety hazard, and if necessary, take actions to remedy the situation.
- 7.5. The MHP Owner/Operator shall be responsible for notifying local emergency services, if required, about pending road closures or detours that may affect life safety and services to the MHP and MHP residents.

### **8. Delay and Suspension of Work**

- 8.1. Suspension of Work by PG&E: PG&E reserves the right to suspend the work under the MHP Utility Conversion Program to serve the needs of the greater public.
- 8.2. Notification of Delays: MHP Owner/Operator shall cause contractor to promptly notify PG&E in writing of any impending cause for delay that may affect PG&E's schedule. If possible, PG&E will coordinate and assist contractor in reducing the delay.
- 8.3. Delays by MHP Owner/Operator: No additional compensation or other concessions will be allowed to the MHP Owner/Operator for expenses resulting from delays for which MHP Owner/Operator is responsible. If, in PG&E's opinion, the delay is sufficient to prevent MHP Owner/Operator's compliance with the specified schedule, MHP Owner/Operator shall accelerate the work by overtime or other means, at MHP Owner/Operator's expense, to assure completion on schedule.

### **9. Termination**

- 9.1. Either Party may, at its option, terminate upon 30 day written notice to the other Party.
  - 9.1.1. PG&E may cancel or suspend this Agreement for, but not limited to, the following situations:
    - 9.1.1.1. The failure, refusal or inability of the MHP Owner/Operator to perform the work in accordance with this Agreement for any reason (except for those reasons that are beyond MHP Owner/Operator's control) after receiving notice from PG&E and an opportunity to cure and MHP Owner/Operator has failed to do so; provided however, at PG&E's option, safety or security violations may result in immediate termination; or
    - 9.1.1.2. The failure, refusal, or inability of the MHP Owner/Operator to initiate its responsibilities under this Agreement within six (6) months of the execution of this Agreement; or

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

- 9.1.1.3. The failure or inability of the MHP Owner/Operator to complete the work and be ready to receive service from PG&E within twelve (12) months of the execution of this Agreement; or
- 9.1.1.4. A legal action is placed against the MHP Owner/Operator which, in PG&E's opinion, may interfere with the performance of the conversion.
- 9.1.2. If the MHP Owner/Operator terminates the Agreement, the MHP Owner/Operator will:
  - 9.1.2.1. Reimburse PG&E for all work and costs incurred prior to the cancellation that did not result in a direct Utility service of an individual MH-Space or common area. PG&E's costs may include, but is not limited to, "To-the-Meter" labor, material and supplies, (including long lead time materials), transportation, and other direct costs which PG&E allocates to such work; and
  - 9.1.2.2. Not be eligible for reimbursement for any "Beyond-the-Meter" work that did not result in a direct PG&E service of an individual MH-Space; and
  - 9.1.2.3. Repay in full to PG&E any reimbursements paid to the MHP Owner/Operator for partial work completed by its contractor.
- 9.1.3. In the event of termination, PG&E shall reimburse the MHP Owner/Operator for services satisfactorily completed prior to the date of cancellation that resulted in direct PG&E service which are of benefit to PG&E. In no event shall PG&E be liable for lost or anticipated profits or overhead on uncompleted portions of the work due to termination.
- 9.1.4. Cancelled MHP Agreement may, at the Utilities option, result in the removal the MHP from the MHP Program and the selection of the next MHP that is on the waiting list for the MHP Program.
- 9.1.5. MHP Owner/Operator shall be liable for additional costs to PG&E arising from termination. PG&E may terminate this Agreement, suspend work and/or the MHP Program if directed to do so by the CPUC. Liability of incomplete projects will be determined by the CPUC.

### **10. Costs Covered by the MHP Program and Reimbursement to MHP Owner/Operator**

- 10.1. All costs incurred by PG&E to provide "To-the-Meter" facilities for a typical utility service for each qualifying MH-Space will be covered under the MHP Program.
- 10.2. Requests for service entrance relocations, rearrangements and upgrades are not covered under the MHP Program.

## **MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT**

- 10.3. Additional reasonable services at the discretion of the Commission Safety and Enforcement Division for common use areas within the MHP that will be served under commercial rate schedules are eligible for inclusion in the MHP Utility Conversion Program and will not provide "Beyond-the-Meter" reimbursements for these common area services. PG&E will not provide the service panel.
- 10.4. PG&E will reimburse the MHP Owner/Operator based on the invoice for the "Beyond-the-Meter" to be performed by the contractor. The amount that is eligible for reimbursement for the "Beyond-the-Meter" work shall not exceed the "Cost Covered by the MHP Program" amount listed on Attachment C, without prior written approval from PG&E. PG&E will review all invoices received for the "Beyond-the-Meter" work by the contractor and will reimburse the MHP Owner/Operator for all prudently occurred and reasonable construction expenditures. The MHP Program will not cover or reimburse costs for any modification or retrofit of the mobilehome or manufactured home.
- 10.5. As soon as practicable and after any jurisdictional authorities have inspected and approved operation of the "Beyond-the-Meter" work, the MHP Owner/Operator may submit invoices to PG&E for "Beyond-the-Meter" work. Invoices submitted shall be submitted in no less than twenty-five percent (25%) increments based on the number of converted MH-Space compared to the total number of eligible MH-Spaces at the MHP. The final reimbursement for the "Beyond-the-Meter" work will be paid to the MHP Owner/Operator after the final cutover has been completed and the entire MHP has been converted to direct PG&E service.
- 10.6. Invoices shall include a listing of MH-Spaces that completed the service conversion, and an itemized list and costs for equipment, materials, and labor for "Beyond-the-Meter" facilities that are both covered and not covered by the MHP Program.

## **11. Nondisclosure**

- 11.1. Neither Party may disclose any Confidential Information obtained pursuant to this Agreement to any third party, including affiliates of such Party, without the express prior written consent of the other Party. As used herein, the term "Confidential Information" shall include, but not be limited to, all business, financial, and commercial information pertaining to the Parties, customers of either or both Parties, suppliers for either Party, personnel of either Party, any trade secrets, and other information of a similar nature, whether written or in intangible form that is marked proprietary or confidential with the appropriate owner's name. Without limiting the foregoing, Confidential Information shall also include information provided by the MHP Owner/Operator regarding the MHP residents. Confidential Information shall not include information known to either Party prior to obtaining the same from the other Party, information in the public domain, or information obtained by a Party from a third party who did not, directly or indirectly, receive the same from the other Party to this Agreement or from a party who was under an obligation of confidentiality to the other Party to this Agreement, or information developed by either Party independent of any Confidential Information. The receiving Party shall use the higher of the standard of care that the receiving Party uses to preserve its own confidential

### **12. Indemnification**

- 12.1. MHP Owner/Operator shall indemnify, defend and hold harmless PG&E, its officers, directors, agents, and employees, from and against all claims, demands, losses, damages, costs, expenses, and legal liability connected with or resulting from injury to or death of persons, including but not limited to employees of PG&E, MHP Owner/Operator, Contractor or Subcontractor; injury to property of PG&E, MHP Owner/Operator, Contractor, Subcontractor, or a third party, or to natural resources, or violation of any local, state or federal law or regulation, including but not limited to environmental laws or regulations, or strict liability imposed by any law or regulation; arising out of, related to, or in any way connected with MHP Owner/Operator performance of this Agreement, however caused, regardless of any strict liability or negligence of PG&E, whether active or passive, excepting only such claims, demands, losses, damages, costs, expenses, liability or violation of law or regulation as may be caused by the active gross negligence or willful misconduct of PG&E, its officers, agents, or employees. The MHP Owner/Operator shall indemnify, defend and hold harmless PG&E from all causes of action or claims arising from projects which were cancelled by the MHP Owner/Operator, for which PG&E shall have no liability. A utility shall have no liability for the MHP master-metered system (referred to as legacy systems), or the "Beyond-the-Meter" infrastructure installed during conversion, and the MHP owner will hold harmless, defend and indemnify PG&E from all causes of action or claims arising from or related to these systems.
- 12.2. MHP Owner/Operator acknowledges that any claims, demands, losses, damages, costs, expenses, and legal liability that arise out of, result from, or are in any way connected with the release or spill of any legally designated hazardous material or waste as a result of the Work performed under this Agreement are expressly within the scope of this indemnity, and that the costs, expenses, and legal liability for environmental investigations, monitoring, containment, abatement, removal, repair, cleanup, restoration, remedial Work, penalties, and fines arising from the violation of any local, state, or federal law or regulation, attorney's fees, disbursements, and other response costs are expressly within the scope of this indemnity.

that may be incurred by PG&E in enforcing this indemnity, including reasonable attorney's fees.

### **13. Compliance with Laws and Regulations**

- 13.1. During the performance of the Work, MHP Owner/Operator, contractor and its subcontractors, agents and employees shall fully comply with all applicable state and federal laws and with any and all applicable bylaws, rules, regulations and orders made or promulgated by any government, government agency or department, municipality, board, commission or other regulatory body; and shall provide all certificates for compliance therewith as may be required by such applicable laws, bylaws, rules, regulations, orders, stipulations or plans.
- 13.2. MHP Owner/Operator shall require any contractor or subcontractor to whom any portion of the work to be performed hereunder may be contracted to comply with provisions of this paragraph, and agrees to save and hold PG&E harmless from any and all penalties, actions, causes of action, damages, claims and demands whatsoever arising out of or occasioned by failure of MHP Owner/Operator and Contractor or a Subcontractor to make full and proper compliance with said bylaws, rules, regulations, laws, orders, stipulations or plans.

### **14. Governing Law**

This Agreement shall be deemed to be a contract made under laws of the State of California and for all purposes shall be construed in accordance with the laws of said state.

### **15. Entire Agreement**

This Agreement consists of, in its entirety, Mobilehome Park Utility Conversion Program Agreement and all attachments hereto, the MHP Application and PG&E's Electric and Gas Rule 28. This Agreement supersedes all other service agreements or understandings, written or oral, between the Parties related to the subject matter hereof.

### **16. Enforceability**

### **17. Force Majeure**

Neither Party shall be liable for any delay or failure in the performance of any part of this Agreement (other than obligations to pay money) due to any event of force majeure or other cause beyond its reasonable control, including but not limited to, unusually severe weather, flood, fire, lightning, epidemic, quarantine restriction, war, sabotage, act of a

public enemy, earthquake, insurrection, riot, civil disturbance, strike, work stoppage caused by jurisdictional and similar disputes, restraint by court order or public authority, or action or non-action by or inability to obtain authorization or approval from any governmental authority, or any combination of these causes ("Force Majeure Event"), which by the exercise of due diligence and foresight such Party could not reasonably have been expected to avoid and which by the exercise of due diligence is unable to overcome. It is agreed that upon receipt of notice from the affected Party about such Force Majeure Event to the other Party within a reasonable time after the cause relied on, then the obligations of the Party, so far as they are affected by the event of force majeure, shall be suspended during the continuation of such inability and circumstance and shall, so far as possible, be remedied with all reasonable dispatch.

In accordance with California Public Utilities Commission (CPUC) Decision (D.) 20-04-004, and subject to the requirements of Gas and Electric Rule 28, PG&E is offering the Mobilehome Park Utility Conversion Program to convert existing privately owned master-meter/sub-meter electric and/or gas distribution service within a Mobilehome Park or Manufactured Housing Communities ("MHP"), to direct PG&E service for each individual space within MHP.

☐ Electric Only

☐ Gas Only

☐ Electric & Gas

The number of MH-Spaces that will be eligible for conversion to direct PG&E service under the MHP Program (both "To-the-Meter" and "Beyond-the-Meter") shall be equal to the number of residential MH-Space spaces within the MHP and that are designated on the MHP Application. PG&E will include with the MHP Program additional reasonable services for common use areas within the MHP that will be served under commercial rate schedules.

Any service modifications and associated costs beyond what is being provided by the MHP Program will be the responsibility of the requesting party. These modifications will be handled under PG&E's current applicable Tariffs. Sheet 2

**C. PROGRAM ELIGIBILITY: (Cont'd)**

2. MHP Owner/Operators who elect to participate in the MHP Program must comply with all general rules, rights and obligations as set forth in this Rule. In addition, MHP Program participants must complete and/or execute the following documents:

- The CPUC's "Application for Conversion of Master Meter Service at Mobilehome Park or Manufactured Housing Community to Direct Service from Electric or Gas Corporation" ["CPUC's Form of Intent"]; and
- The "Mobilehome Park Utility Conversion Program Application" ["MHP Application"] (Form 79-1164); and (T)
- The "Mobilehome Park Utility Conversion Program Agreement" ["MHP Agreement"] (Form 79-1165). (T)

**D. MHP PROGRAM COMPONENTS:**

1. CPUC's Form of Intent

CPUC's Form of Intent will be accepted January 1, 2021, through March 30, 2021 (90-day period). The MHP Owner/Operator must complete and submit the CPUC's Form of Intent concurrently to both the Safety Enforcement Division (SED) of the CPUC and PG&E. CPUC's Form of Intent received after the 90-day period will be placed on a waiting list. (T)

a. Prioritization of CPUC's Form of Intent

- 1) CPUC's Form of Intent will be reviewed and prioritized as follows: (1) SED will prioritize MHPs that are gas only or dual system (gas and electric service), and (2) for prioritization of electric-only systems, the utilities must coordinate with SED, the California Department of Housing and Community Development or its local agency designee. MHPs whose CPUC's Form of Intent are accepted and prioritized by SED and HCD will be considered pre-qualified. (T)  
(T)
- 2) PG&E will receive a list of pre-qualified MHP Initial Applications from SED and HCD. PG&E will then contact the MHPs with the highest priority to participate in the MHP program until the program goal is achieved. PG&E will undertake its best efforts to communicate and coordinate with other utilities, municipal entities, and/or water and telecommunications providers to maximize efficiencies where possible. (T)
- 3) If a new MHP that is not currently on PG&E's list of MHPs is accepted into another participating utility's MHP Program, PG&E will allow this MHP to move to the next stage of PG&E's MHP Program, so long as PG&E's MHP Program is still substantially underway. (T)

# MOBILEHOME PARK UTILITY ~~UPGRADE-CONVERSION~~ PROGRAM AGREEMENT

This Mobilehome Park Utility ~~Upgrade-Conversion~~ Program Agreement ("Agreement") is made and entered into by and between \_\_\_\_\_ ("MHP Owner/Operator"), a \_\_\_\_\_ organized and existing under the laws of the state of \_\_\_\_\_, and the Utility, "Pacific Gas and Electric Company" ("PG&E" or "Utility"), a corporation organized and existing under the laws of the state of California. MHP Owner/Operator and PG&E may be individually referred to as a "Party" and collectively as the "Parties."

## RECITALS

WHEREAS, PG&E offers a ~~pilot-ten-year~~ program under the direction of the California Public Utilities Commission ("CPUC" or "Commission") pursuant to Decision ~~14-03-021-20-04-004~~ whereby master-metered ~~/submetered~~ Mobilehome Parks ("MHP") may elect to convert to direct utility service, with ~~eligible~~ costs for "To-the-Meter" and "Beyond-the-Meter" work to be borne by PG&E (MHP Program).

WHEREAS, MHP Owner/Operator desires to convert the master-metered ~~/submetered-utility~~ system(s) in its MHP to direct service from PG&E under the MHP Program.

In accordance with the foregoing premises, the Parties agree as follows:

## 1. General Description of Agreement

- 1.1. This Agreement is a legally binding contract. The Parties agree to be bound by the terms and conditions set forth herein, incorporated herein by reference, and the requirements of Electric and Gas Rule 28 ("MHP Rules"). This Agreement and the MHP Rules shall govern the conversion of the entire private ~~owned and operated~~ electric and/or natural gas distribution system servicing the MHP to direct PG&E electric and/or gas distribution and service, including all ~~HCD permitted~~ Mobilehome Spaces (MH-Space), ~~eligible~~ common areas, permanent buildings, and/or structures that currently have utility service.

☐ Electric Only      ☐ Gas Only      ☐ Electric & Gas

If the gas or electric service at the MHP is provided by a different Utility, please provide the name of the Utility who provides the other service.

☐ Electric      ☐ Gas      Name of Utility: \_\_\_\_\_

- 1.2. Prior to signing this Agreement, the MHP Owner/Operator would have already submitted the California Public Utilities Commission (CPUC or Commission's) "Form of Intent" and the MHP Application (Form 79-1164), and continue to be bound by the terms set forth in those documents.

## MOBILEHOME PARK UTILITY ~~UPGRADE~~ CONVERSION PROGRAM AGREEMENT

- 1.3. The number of MH-Spaces that will be eligible for conversion to direct Utility service under the MHP Program (both "To-the-Meter" and "Beyond-the-Meter") shall be equal to the number of occupied residential MH-Spaces permitted by the California Department of Housing and Community Development or its designed agency, within the MHP that currently receives a discount under the current qualifying mobilehome rate schedule and the number of unoccupied residential MH-Space permitted by the California Department of Housing and Community Development or its designed agency, that are designated on the MHP Application that are currently able to receive electric and/or gas service from the existing master-metered ~~/submeter~~-system (Legacy System)
- 1.4. The MHP Owner/Operator must provide the following documents with the MHP Agreement pursuant to MHP Program criteria in MHP Rules: (1) proof that the MHP has a valid operating license from the governmental entity with relevant authority; (2) if the MHP is operated on leased real property, proof that the land lease will continue for a minimum of 20 years from the time that the MHP Agreement is executed by the Utilities; and (3) declaration under penalty of perjury/affirmation that the MHP is not subject to an enforceable condemnation order or to pending condemnation proceedings (See Attachment A).
- 1.5. This Agreement Commission conforms to ~~Decision 14-03-021 (D.)~~20-04-004 and has been approved by the CPUC for use between PG&E and the MHP Owner/Operator. The terms and conditions of this Agreement may not be waived, altered, amended or modified, except as authorized by the CPUC. This agreement at all times shall be subject to such modifications as the California Public Utilities Commission may direct from time to time in the exercise of its jurisdiction.

## 2. Representations

- 2.1. Each Party agrees to the terms and conditions of the MHP Program as stated in this Agreement, the MHP Application and MHP Rules. All tariffs associated with this Program may be amended from time to time, subject to CPUC approval.

- 3.1. Upon receipt of the Agreement, the MHP Owner Operator will have thirty (30) calendar days to sign and submit the Agreement to PG&E.
- 3.2. If requested by either party, a post engineering meeting can be requested prior to the signing of the Agreement to resolve any outstanding issues and concerns, and/or to review the reasonableness of the Contractor's bid to perform the "Beyond-the-Meter" work. PG&E and the Commission encourage consultation and coordination between parties to ensure efficiency and avoid unnecessary (and non-reimbursable) costs. PG&E reserves the right to withdraw the MHP space approval for the MHP, and may, at its option, remove or place the MHP in the back of the queue of the pre-selected MHPs as specified in Section 10 of this Agreement.

endorsement by PG&E of said Contractor or its work. Further, the MHP Owner/Operator understands and agrees that PG&E makes no guarantee or warranty, either expressed or implied, with respect to the Contractor's work. The MHP Owner/Operator understands and agrees that PG&E will not be liable for any claims related to "Beyond-the-Meter" facilities, including but not limited to claims related to the planning, design, construction and/or maintenance of such facilities, and the MHP Owner/Operator agrees to indemnify, defend and hold harmless PG&E and its officers, directors, employees and/or agents from and against any such claims.

- 5.3. Engineering and Planning – Electric Distribution System
  - 5.3.1. The "Beyond-the-Meter" electrical system shall be designed to meet applicable code and regulatory requirements of any inspecting agency for installation of service equipment. Required permits must be obtained and shall be available for inspection by PG&E, the UTILITY.
  - 5.3.2. PG&E will normally design and install a single phase, 120/240 volts, 100-ampere electric meter service equipment at each individual MH-Space. Any requests for service modifications beyond the 100-ampere electric service or relocations beyond what is being provided by the MHP Program will be handled under PG&E's current Rules and Tariffs.

## MOBILEHOME PARK UTILITY **UPGRADE/CONVERSION** PROGRAM **AGREEMENT**

5.4.2. PG&E will design and install a natural gas service line to deliver sufficient volume at PG&E's standard delivery. Any requests for service modifications beyond the standard delivery or relocations beyond what is being provided by the MHP Program will be handled under PG&E's current Rules and Tariffs.

### 5.5. Engineering and Planning – General

5.5.1. MHP Owner/Operator shall ensure that any proposal for "Beyond-the-Meter" work prepared or received by the MHP Owner/Operator is based on a full knowledge of all conditions that would affect the cost and conduct of the conversion. The MHP Owner/Operator shall inform itself fully and convey to all potential Contractors and to PG&E the physical conditions at the work site, including as applicable, potential cultural sites, potential environmental issues, subsurface geology, borrow pit conditions and spoil disposal areas; the availability, location and extent of construction and storage area and other facilities or structures above and below ground; necessary safety precautions and safeguards; dimensions not shown on drawings; the extent of established lines and levels. MHP Owner/Operators who fail to disclose potential issues during the design phase risk removal from the program by PG&E.

5.5.2. MHP Owner/Operator will at all times own and is responsible for the "Beyond-the-Meter" utility service facilities.

5.5.3. Requests for service entrance relocations, rearrangements and upgrades not covered by the MHP Program can be made by the MHP Owner/Operator and such modifications and additional incremental costs, will be the sole responsibility of the MHP Owner/Operator. Request for service modification may be made by the owner of the mobilehome/manufactured housing unit directly to the Utilities where the MHP lots are owned by the resident residing on the lot and as permitted by the MHP's Rule and Regulations. PG&E will process such requests under current applicable tariffs. Such requests for "To-the-Meter" services may require a separate service extension contract and shall be done in accordance with the effective service extension tariff. To the extent not covered by separate contract, costs for such requests are shown in Attachments C, D and E, attached hereto and incorporated herein. All costs not covered by the MHP Program must be paid in full to PG&E prior to or with the submittal of the MHP Agreement in order for the construction phase to begin.

5.5.3.1. The MHP Owner/Operator, or its representative, is responsible to collect any and all fees associated with "To-the-Meter" service modifications that are not covered by the MHP Program that were requested on behalf of the MH-Owner and due to PG&E under the current Rules and Tariffs and forward those payments to the appropriate Utility.

5.5.3.2. "Beyond-the-Meter" service modifications that are not covered by the MHP Program, including installation costs that exceed the most cost-

effective option (e.g. alternate routes or below ground installations), will not be eligible for reimbursement from PG&E.

5.5.3.3. Any requests for service entrance relocations, rearrangements and upgrades that occur after the design and engineering phase has been completed will result in a change order that may require redesign and/or re-engineering. Additional redesigned ing and/or re-~~engineering~~ engineered costs will not be eligible for reimbursement from PG&E and will be the sole responsibility of the requesting party.

~~5.5.3.3.~~

5.5.4. The MHP Owner/Operator shall keep any worksite(s) free of debris, obstructions, landscape, and temporary facilities prior to the initiation of work by PG&E and/or the contractor. Temporary facilities may include, but is not limited to, storage sheds, decks, awning, car ports, or any facility that is not normally provided by the MHP. Relocation or removal of such items will not be eligible for reimbursement from PG&E.

5.5.5. The MHP Owner/Operator will continue to own, maintain and be responsible for facilities located within the park's common area, such as the office, clubhouse, laundry facilities, streetlights, etc., and their associated "Beyond-the-Meter" facilities. Utility meters will be installed to serve these facilities. MHP Owner/Operator will be responsible payment of Utility bills associated with such meters. Additional facilities that may be requested (e.g. streetlight fixtures) and associated energy charges for the common area facilities will be based on the applicable tariff and will not be eligible for reimbursement from PG&E.

### 5.6. Existing Distribution System (Legacy System)

5.6.1. The MHP Owner/Operator must continue to operate and maintain the existing master-meter/submeter system ("Legacy System") and continue to provide utility service to the MHP residents until cutover to the new direct PG&E service system. At all times, the Legacy System will remain the property and responsibility of the MHP Owner/Operator, including ongoing maintenance, notification, post construction removal (if required), decommissioning and any environmental remediation.

5.6.2. If the MHP has an existing propane gas distribution system, PG&E will, upon request, replace it with a natural gas distribution system, provided that; 1) the Utility offers natural gas service and the MHP is located within the franchise area that the Utility serves; 2) a distribution line is located nearby and can be connected safely and economically to the MHP; and 3) the request would be replaced under the Utility's existing Distribution and Service Extension Rules (Rule 15 & 16) and would not qualify under the MHP Program.

### 5.7. Permits

# MOBILEHOME PARK UTILITY UPGRADE CONVERSION PROGRAM AGREEMENT

5.7.1. Except for the routine, ministerial construction permits to be acquired by PG&E pursuant to Section 6 of this Agreement, the acquisition of all other permits that may be necessary will be the responsibility of the MHP Owner/Operator. This includes, but not limited to, the following:

- Environmental and governmental agency permits.

The work performed by the MHP Owner/Operator's Contractor will include submittal of permits associated with all "Beyond-the-Meter" work to the agency with jurisdictional authority and such permits will be reimbursable under the MHP Program. Permitting costs related to the abandonment of the Legacy System will not be reimbursable under the MHP Program and are the responsibility of the MHP Owner/Operator.

PG&E The Utility may assist the MHP Owner/Operator in preparation and submittal of all other permit applications, but construction permits not covered by PG&E will be paid by the MHP Owner/Operator.

## 5.8. Environmental, Endangered Species and Cultural Resources Review

5.8.1. Any environmental, endangered species and cultural resources remediation, or other resolution of environmental issues, and the costs associated with those efforts, are the sole responsibility of MHP Owner/Operator and must be addressed as required by the agency with jurisdictional authority. No utility shall assume any remediation responsibility and utility ratepayers shall bear no costs associated with any required remediation.

5.8.2. Any environmental, endangered species and cultural resources issues that are identified during the conversion will result in the immediate suspension of work at the MHP. The MHP Owner/Operator shall resolve these issues prior to work resuming at the MHP. MHP Owner/Operator may be granted additional time by PG&E to resolve environmental, endangered species and cultural resources issues prior to completing the conversion, however, such time will not exceed the period of the MHP Program, unless approved by the CPUC.

- 5.9.3. The MHP Representative shall be the central point of contact for all outreach, marketing and communication notices regarding the MHP Program that are intended for the MHP residents. The MHP Representative shall distribute the information to the residents in a timely manner in accordance to MHP's Rules and Regulations
- 5.9.4. The MHP Owner/Operator must allow PG&E to directly contact the MHP residents during the project regarding the MHP Program, account setup and other utility programs. As stated in Section 7.1 of the MHP Application, if the MHP Owner/Operator did not provide a complete list of MH residents with contact information with its submittal of the MHP Application, it must do so with the submission of the MHP Agreement (Attachment A). The list shall consist of a complete list of current residents for each space in the MHP, including name, address or space number, mailing address if different than physical address of unit, home phone number, cell phone number, email address, and other contact information.
- 5.9.5. The MHP Representative shall ensure that its contractor works with PG&E and keeps the MHP residents informed of the status of the "Beyond-the-Meter" work. Communications will include notices such as temporary outages, detours or street closures. The MHP Representative will also ensure that such notices will remain consistent with PG&E communications and be distributed in a timely manner.

# **MOBILEHOME PARK UTILITY ~~UTILITY~~ PG&E ~~CONVERSION~~ PROGRAM AGREEMENT**

## **5.11. Cutover / Completion of Conversion**

- 5.11.1. Prior to cutover, all jurisdictional authorities must inspect and approve installation of the "Beyond-the-Meter" work.
- 5.11.2. Cutover cannot occur until PG&E is satisfied that 24 hour access is available to all utility facilities. Where such access may be restricted due to fencing or locked gating, the MHP Owner/Operator or the owner of the individual MH-Spaces shall provide a utility approved locking device with a utility keyway. Where electronic gates may be involved, the gate will be fitted with a key switch, with utility keyed keyway, which may activate the controller.
- 5.11.3. The MHP Owner/Operator is responsible for discontinuing MHP utility service to all qualifying MH-spaces no later than 90 days after PG&E is ready to cutover all qualifying MH-spaces to direct Utility service.
- 5.11.4. If requested by PG&E, the MHP Owner/Operator shall require Contractor to be available perform joint cutover with PG&E for the individual services within the MHP.
- 5.11.5. If requested by the Utility, the MHP Owner/Operator shall have their Contractor purge the gas legacy master-meter system of unpressurized gas to ensure safety of the disconnected gas system.

## **6. Utility's Responsibilities**

### **6.1. Engineering and Planning**

- 6.1.1. PG&E will design and install the new "To-the-Meter" electric and/or gas distribution and service system for the MHP to meet current ~~Utility~~ PG&E design standards and applicable codes, regulations and requirements based on the most economic, convenient and efficient service route.

To the extent possible, PG&E will design and install the new distribution and service system up to the Service Delivery Point on a "like for like" basis to the existing system. For example, an existing 200 ampere overhead electric service will be replaced with a 200 ampere overhead electric service. If both electric and gas are requested to be replaced and electric service is provided overhead, PG&E will have the option to offer underground electric service if it is cost effective to do so. If gas service is located above ground, PG&E will underground the gas service as well as the electric service, if present.

- 6.1.2. PG&E will prepare a preliminary design package for the new electric and/or gas system and prepare all necessary land rights documents.
- 6.1.3. PG&E will consult with the MHP Owner/Operator to identify the location of each electric ~~/~~ and/or gas meter and any protection required for the metering service equipment. PG&E will have the final approval of the location of the meter.

## **MOBILEHOME PARK UTILITY UPGRADE CONVERSION PROGRAM AGREEMENT**

- 6.1.4. PG&E will include with the MHP Program additional reasonable services for common use areas at the discretion of the Commission Safety Enforcement Division within the MHP that will be served under commercial rate schedules.
- 6.1.5. PG&E will design and install the “To-the-Meter” facilities to accommodate a service equivalent to the existing service. If the existing electric service is less than 100 amperes, the utility will design and install “To-the-Meter” facilities to accommodate 100 ampere service as part of the MHP Program.
- 6.1.6. With the exception of the 100 ampere minimum electric service, any requests for service upgrades or relocations beyond what is being provided by the MHP Program will be handled under PG&E’s current Rules and Tariffs. Such requests may be made by the MHP Owner or the individual MHP residents, and such upgrades and additional incremental costs will be the sole responsibility of the requesting party.
- 6.1.7. If applicable, PG&E will design and install a natural gas service line at each individual MH-Space to deliver sufficient volume at PG&E’s standard delivery.
- 6.1.8. Vacant MH-Spaces will receive a stub to the location of the future “Service Delivery Point” during the MHP Program. When a previously vacant space becomes occupied subsequent to cutover, a line extension contract will be required to extend service per normal line extension rules (Rule 16).

### **6.2. Permits**

- 6.2.1. PG&E will acquire routine, ministerial construction permits, such as encroachment permits necessary for trenching within public rights-of-way.
- 6.2.2. PG&E will review all permits prior to construction. No work will be performed by PG&E or the Contractor under the MHP Program until the MHP’s Owner/Operator and/or PG&E obtains the required permits.

### **6.3. Environmental and Cultural Resources Review**

- 6.3.1. PG&E shall conduct a “desktop” environmental, endangered species and cultural resources review of the proposed work at the MHP. If such review indicates any environmental, endangered species and cultural resources issues, PG&E will immediately suspend of work at the MHP. PG&E will not resume work until it has received authorization from appropriate experts and/or agency with jurisdictional authority. Utility-PG&E assumes no remediation responsibility or liability. Costs for remediation are not eligible for reimbursement from the MHP Program.

### **6.4. Outreach and Education**

- 6.4.1. PG&E will work with the MHP Owner/Operator and/or the MHP Representative on outreach and education to MHP residents.

## **MOBILEHOME PARK UTILITY UPGRADE CONVERSION PROGRAM AGREEMENT**

- 6.4.2. During the construction phase, PG&E will work with the MHP Representative to keep the MHP residents informed of the status of the project, including notice of temporary outages, detours or street closures, and other issues related to the project. Information provided by PG&E will include, but is not limited to, "transition kits" for the MHP residents with information about construction work impacts, timing, account setup instructions, utility programs and services such as California Alternate Rate for Energy (CARE), medical assistance program, energy efficiency and demand response opportunities. PG&E will work with the MHP Representative to ensure all notices and project information is communicated and distributed in a timely manner.
- 6.4.3. PG&E will manage communications with the Commission, California Department of Housing and Community Development (HCD), other utilities, local government, local media, and other parties, as necessary, regarding the MHP Program activities.

### **6.5. Construction**

- 6.5.1. PG&E will install, or select a qualified licensed contractor to install the new "To-the-Meter" electric and/or gas distribution systems that will meet all current electric and/or gas design standards, applicable codes, regulations and requirements. Facilities and services installed will be based on the agreed upon design.
- 6.5.2. PG&E will consult and coordinate conversion activities with other utilities that may also serve the MHP, including municipal utilities, water, cable and telecommunication providers, to ensure efficiency and avoid unnecessary disruption and/or costs.
- 6.5.3. Utility-PG&E may commence conversion after compliance with Section D.3.b of the MHP Rules, Rule 28, D.3.b. -PG&E may elect to wait until the MHP Owner/Operator can demonstrate construction of the "Beyond-the-Meter" facilities have been substantially completed, such facilities have been approved by the governing inspection authority and PG&E receives a copy of any inspection report or verification to begin construction. PG&E may also commence construction if the MHP Owner/Operator has coordinated an acceptable construction schedule that is approved by PG&E and/or as scheduling and availability permits.
- 6.5.4. PG&E shall not remove the existing legacy system, unless necessary and the system shall be abandoned in place and PG&E shall isolate the new and existing legacy systems. PG&E shall not incur any expenses associated with the removal or retirement of the existing system under the conversion program. Should removal of the legacy distribution system be necessary to complete the conversion to direct utility service from PG&E, such costs may at PG&E's discretion be included in the MHP Program if it is necessary and can be done so efficiently.

## MOBILEHOME PARK UTILITY UPGRADE CONVERSION PROGRAM AGREEMENT

### 6.6. Cutover / Completion of Project

6.6.1. PG&E will own, operate, and maintain all "To-the-Meter" electric and/or gas distribution and service systems within the MHP. Upon completion of the conversion, the facilities will be managed under and subject to Rule 15 and Rule 16 and other applicable tariffs.

6.6.2. If necessary, PG&E will coordinate with the Contractor to jointly meet to perform joint cutover with PG&E for the individual services within the MHP.

6.6.3. PG&E will reimburse the MHP Owner/Operator for all qualifying "Beyond-the-Meter" work as summarized in Attachment C.

~~6.6.3.~~ 6.6.4. PG&E or its Contractor shall purge the gas Legacy System of unpressurized gas to ensure safety of the disconnected system.

## 7. Safety

7.1. IMPORTANCE OF SAFETY: The Parties recognize and agree that safety is of paramount importance in the implementation of the MHP Program and Parties are responsible for performing the work in a safe manner. Parties shall plan and conduct the work, and shall require all contractors and subcontractors to abide by all safety requirements incorporated herein and to perform their portion of the work, in accordance with all applicable local, state and federal rules, regulations, codes, and ordinances to safeguard persons and property from injury. The MHP Owner/Operator shall require its Contractor to provide necessary training to its employees and Subcontractors to inform them of the foregoing safety and health rules and standards. Should PG&E at any time observe the contractor, or any of its subcontractors, performing the work in an unsafe manner, or in a manner that may, if continued, become unsafe, then PG&E shall have the right (but not the obligation) to require the MHP Owner/Operator to stop contractor's work affected by the unsafe practice until contractor has taken corrective action so that the work performance has been rendered safe.

7.2. Regulations and Conduct of Work: MHP Owner/Operator shall assure that its contractor plans and conducts the work to safeguard persons and property from injury. MHP Owner/Operator shall direct the performance of the work by its contractor in compliance with reasonable safety and work practices and with all applicable federal, state, and local laws, rules, and regulations, including but not limited to "Occupational Safety and Health Standards" promulgated by the U.S. Secretary of Labor and the California Division of Occupational Safety and Health, including the wearing of "hard hats" at the worksite if applicable. Work in areas adjacent to electrically energized facilities and/or operating natural gas facilities shall be performed in accordance with said practices, laws, rules, and regulations. PG&E may designate safety precautions in addition to those in use or proposed by contractor. PG&E reserves the right to inspect the work and to halt construction to ensure compliance with reasonable and safe work practices and with all applicable federal, state, and local laws, rules, and regulations. Neither the requirement that

- contractor working on behalf of the MHP Owner/Operator follow said practices and applicable laws, rules, and regulations, nor adherence thereto by contractor, shall relieve MHP Owner/Operator of the sole responsibility to maintain safe and efficient working conditions.
- 7.3. Additional Precautions: Upon PG&E's request, the MHP Owner/Operator shall require its contractor to provide certain safeguards not in use but considered necessary and if contractor fails to comply with the request within a reasonable time, PG&E may provide the safeguards at MHP Owner/Operator's expense. Failure to comply with safety precautions required by PG&E may result in termination of the Agreement for cause.
- 7.4. Parties will immediately notify each other regarding safety and hazardous conditions that may cause harm to PG&E, MHP Owner/Operator, contractors, subcontractors, MHP residents, and/or the general public. Upon notice, the responsible party shall investigate the potential safety hazard, and if necessary, take actions to remedy the situation.
- 7.5. The MHP Owner/Operator shall be responsible for notifying local emergency services, if required, about pending road closures or detours that may affect life safety and services to the MHP and MHP residents.

### 8. Delay and Suspension of Work

- 8.1. Suspension of Work by PG&E: PG&E reserves the right to suspend the work under the MHP Utility ~~Upgrade-Conversion~~ Program to serve the needs of the greater public.
- 8.2. Notification of Delays: MHP Owner/Operator shall cause contractor to promptly notify PG&E in writing of any impending cause for delay that may affect PG&E's schedule. If possible, PG&E will coordinate and assist contractor in reducing the delay.
- 8.3. Delays by MHP Owner/Operator: No additional compensation or other concessions will be allowed to the MHP Owner/Operator for expenses resulting from delays for which MHP Owner/Operator is responsible. If, in PG&E's opinion, the delay is sufficient to prevent MHP Owner/Operator's compliance with the specified schedule, MHP Owner/Operator shall accelerate the work by overtime or other means, at MHP Owner/Operator's expense, to assure completion on schedule.

### 9. Termination

- 9.1. Either Party may, at its option, terminate upon 30 day written notice to the other Party.
- 9.1.1. PG&E may cancel or suspend this Agreement for, but not limited to, the following situations:

# MOBILEHOME PARK UTILITY ~~UPGRADE~~ ~~CONVERSION~~ PROGRAM AGREEMENT

- 9.1.1.1. The failure, refusal or inability of the MHP Owner/Operator to perform the work in accordance with this Agreement for any reason (except for those reasons that are beyond MHP Owner/Operator's control) after receiving notice from PG&E and an opportunity to cure and MHP Owner/Operator has failed to do so; provided however, at PG&E's option, safety or security violations may result in immediate termination; or
  - 9.1.1.2. The failure, refusal, or inability of the MHP Owner/Operator to initiate its responsibilities under this Agreement within six (6) months of the execution of this Agreement; or
  - 9.1.1.3. The failure or inability of the MHP Owner/Operator to complete the work and be ready to receive service from PG&E within twelve (12) months of the execution of this Agreement; or
  - 9.1.1.4. A legal action is placed against the MHP Owner/Operator which, in PG&E's opinion, may interfere with the performance of the conversion.
- 9.1.2. If the MHP Owner/Operator terminates the Agreement, the MHP Owner/Operator will:
- 9.1.2.1. Reimburse PG&E for all work and costs incurred prior to the cancellation that did not result in a direct Utility service of an individual MH-Space or common area. PG&E's costs may include, but is not limited to, "To-the-Meter" labor, material and supplies, (including long lead time materials), transportation, and other direct costs which PG&E allocates to such work; and
  - 9.1.2.2. Not be eligible for reimbursement for any "Beyond-the-Meter" work that did not result in a direct ~~Utility~~ PG&E service of an individual MH-Space; and
  - 9.1.2.3. Repay in full to ~~the Utility~~ PG&E any reimbursements paid to the MHP Owner/Operator for partial work completed by its contractor.
- 9.1.3. In the event of termination, PG&E shall reimburse the MHP Owner/Operator for services satisfactorily completed prior to the date of cancellation that resulted in direct PG&E service which are of benefit to PG&E. In no event shall PG&E be liable for lost or anticipated profits or overhead on uncompleted portions of the work due to termination.
- 9.1.4. Cancelled MHP Agreement may, at the Utilities option, result in the removal the MHP from the MHP Program and the selection of the next MHP that is on the waiting list for the MHP Program.
- 9.1.5. MHP Owner/Operator shall be liable for additional costs to PG&E arising from termination. PG&E may terminate this Agreement, suspend work and/or the

MHP Program if directed to do so by the CPUC. Liability of incomplete projects will be determined by the CPUC.

### 10. Costs Covered by the MHP Program and Reimbursement to MHP Owner/Operator

- 10.1. All costs incurred by PG&E to provide "To-the-Meter" facilities for a typical utility service for each qualifying MH-Space will be covered under the MHP Program.
- 10.2. Requests for service entrance relocations, rearrangements and upgrades are not covered under the MHP Program.
- 10.3. Additional reasonable services at the discretion of the Commission Safety and Enforcement Division for common use areas within the MHP that will be served under commercial rate schedules are eligible for inclusion in the MHP Utility Conversion Upgrade Program and will not provide "Beyond-the-Meter" reimbursements for these common area services. PG&E will not provide the service panel.
- 10.4. PG&E will reimburse the MHP Owner/Operator based on the invoice for the "Beyond-the-Meter" to be performed by the contractor. The amount that is eligible for reimbursement for the "Beyond-the-Meter" work shall not exceed the "Cost Covered by the MHP Program" amount listed on Attachment C, without prior written approval from PG&E. PG&E will review all invoices received for the "Beyond-the-Meter" work by the contractor and will reimburse the MHP Owner/Operator for all prudently occurred and reasonable construction expenditures. The MHP Program will not cover or reimburse costs for any modification or retrofit of the mobilehome or manufactured home.
- 10.5. As soon as practicable and after any jurisdictional authorities have inspected and approved operation of the "Beyond-the-Meter" work, the MHP Owner/Operator may submit invoices to PG&E for "Beyond-the-Meter" work. Invoices submitted shall be submitted in no less than twenty-five percent (25%) increments based on the number of converted MH-Space compared to the total number of eligible MH-Spaces at the MHP. The final reimbursement for the "Beyond-the-Meter" work will be paid to the MHP Owner/Operator after the final cutover has been completed and the entire MHP has been converted to direct PG&E service.
- 10.6. Invoices shall include a listing of MH-Spaces that completed the service conversion, and an itemized list and costs for equipment, materials, and labor for "Beyond-the-Meter" facilities that are both covered and not covered by the MHP Program.
