(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

**Subject: Advice Letter Summarizing PG&E's Remaining 2019 Unspent and Uncommitted Funds for Return to Ratepayers in 2021 Rate Filings**

**I. Purpose and Background**

On December 24, 2019, the California Public Utilities Commission (CPUC or Commission) issued a non-standard disposition for Pacific Gas and Electric Company's (PG&E's) Tier 2 2020 Energy Efficiency (EE) Annual Budget Advice Letter (2020 ABAL),<sup>1</sup> which was submitted in compliance with the *Decision Re Energy Efficiency Goals for 2016 and Beyond and Energy Efficiency Rolling Portfolio Mechanics*, the "Rolling Portfolio Decision" (Decision (D.)15-10-028),<sup>2</sup> and the *Decision Addressing Energy Efficiency Business Plans* (D.18-05-041).<sup>3</sup>

The non-standard disposition approved \$224,414,257 of PG&E's EE budget to be recovered in rates, the net result of an approved PG&E 2020 spending budget of \$237,738,257 offset by estimated unspent and uncommitted funds totaling \$13,324,000 for PG&E from program year 2019.<sup>4</sup> PG&E's 2020 ABAL noted that the \$13.3 million unspent and uncommitted funds total was estimated as of June 30, 2019, and that this total would be finalized in early 2020 after 2019 program year activities concluded.<sup>5</sup> The total unspent and uncommitted 2019 program year funds were ultimately finalized in 2020, after the non-standard disposition for the 2020 ABAL was issued on December 24, 2019.<sup>6</sup> There remains an additional \$7,674,475 in 2019 unspent and uncommitted funds

for PG&E beyond the \$13.3 million estimated unspent funds that were approved for return to ratepayers via the 2020 ABAL non-standard disposition.

This advice letter serves to finalize the amount of additional 2019 unspent and uncommitted funds, totaling \$7,674,475, for return to ratepayers at the soonest available opportunity.<sup>7</sup>

### III. Discussion

PG&E's *estimated* 2019 unspent and uncommitted funds amount of \$13,324,000 was approved for return to ratepayers via the CPUC's non-standard disposition of PG&E's 2020 ABAL in December 2019. PG&E's *final* 2019 unspent and uncommitted funds total of \$20,998,475 was finalized in early 2020, after program year 2019 concluded and after the non-standard disposition of the 2020 ABAL was received. Because \$13,324,000 in 2019 unspent and uncommitted funds were already approved for ratepayer return at the soonest opportunity as of December 2019, the remaining balance of 2019 unspent and uncommitted funds of \$7,674,475 will be returned at the soonest opportunity following the submission of this advice letter, pending Commission disposition.

Table 1 summarizes the portion of PG&E's total 2019 unspent and uncommitted funds that have already been approved for return, as well as the portion that PG&E will return pending disposition of this advice letter.

**Table 1: PG&E's 2019 Unspent and Uncommitted Funds**

PG&E's Total 2019 Unspent and Uncommitted Funds Finalized in 2020	Portion of PG&E's 2019 Unspent and Uncommitted Funds Approved for Return in December 2019 <sup>8</sup>	Remaining PG&E 2019 Unspent and Uncommitted Funds for Return to Ratepayers via this Advice Letter
[A]	[B]	[C] = [A] – [B]
\$20,998,475	\$13,324,000	\$7,674,475

<sup>7</sup> The remaining 2019 unspent and uncommitted funds amount of \$7,674,475 is for PG&E programs only and does not include additional unspent and uncommitted funds from the Bay Area Regional Energy Network (BayREN), the Tri-County Regional Energy Network (3C-REN), or Marin Clean Energy (MCE). Any additional 2019 unspent and uncommitted funds remaining for BayREN, 3C-REN, or MCE will be addressed through the 2021 Annual Budget Advice Letter submittals due on September 1, 2020.

<sup>8</sup> Non-standard disposition to Advice 4136-G/5627-E and Advice 4136-G-A/5627-E-A, dated December 20, 2019 and issued on December 24, 2019.

Table 2 summarizes how the remaining \$7.7 million of PG&E's 2019 unspent and uncommitted funds will be split for return between PG&E's electric and gas ratepayers. This electric / gas split of 76% electric and 24% gas for program year 2019 was approved via a CPUC non-standard disposition of PG&E's 2019 EE Annual Budget and Advice Letter.<sup>9</sup> Upon approval of this advice letter, the unspent amount will be transferred to Procurement Energy Efficiency Revenue Adjustment Mechanism for electric portion and Public Purpose Program Surcharge – Energy Efficiency for gas.

<b>[A]</b>	<b>[B] = 0.76 x [A]</b>	<b>[C] = 0.24 x [A]</b>
