Advice 5944-E

(Pacific Gas and Electric Company ID U39 E)

Public Utilities Commission of the State of California

Subject: Submits Notice of Construction, Pursuant to General Order 131-D, for the Construction of WHEELER RIDGE-WEEDPATCH 70 kV RELOCATION – HWY 184 AND SUNSET BOULEVARD in the County of Kern

Pacific Gas and Electric Company (“PG&E” or “the Company”) hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct.

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

Background

California Department of Transportation (CalTrans) has requested Pacific Gas and Electric (PG&E) to relocate approximately 1,675 feet of the Wheeler Ridge-Weedpatch 70 kilovolt (kV) power line to accommodate a future state highway project located at the intersection of State Highway 184 and Sunset Boulevard in Kern County (larger project CEQA). The proposed relocation begins approximately 530 feet west of the intersection and runs east along the north side of Sunset Boulevard to a point approximately 880 feet east of the intersection. This segment of power line will be relocated approximately 20 to 65 feet north of its current alignment. Approximately 5 existing wood poles with an aboveground height of approximately 54 to 61 feet will be removed and approximately 4 light duty steel poles, three to ten feet taller, will be installed. The taller poles are required to meet current design standards and California Public Utilities Commission (CPUC) General Order 95 conductor clearance requirements. Construction is tentatively scheduled to begin in fall 2020 or as soon as possible thereafter, with completion in February 2021, or as soon as possible after construction begins. Construction will not require the use of helicopters.

CPUC General Order 131-D, Section III, Subsection B.1 exempts projects meeting specific conditions from the CPUC's requirement to file an application requesting authority to construct. The Company believes this project qualifies for the following exemption:

- f. "power lines or substations to be relocated or constructed which have undergone environmental review pursuant to CEQA as part of a larger project, and for which the final CEQA document (Environmental Impact Report (EIR) or Negative Declaration) finds no significant unavoidable environmental impacts caused by the proposed line or substation."

The California Department of Transportation adopted a Mitigated Negative Declaration for the SUNSET BOULEVARD ROUNDABOUT PROJECT, finding no significant unavoidable environmental impacts resulting from PG&E's proposed facilities. (State Clearinghouse #2018021005)

This filing will not cause the withdrawal of service, or conflict with any other rate schedule or rule.

Protests

*****Due to the COVID-19 pandemic and the shelter at home orders, PG&E is currently unable to receive protests or comments to this advice letter via U.S. mail or fax. Please submit protests or comments to this advice letter to EDTariffUnit@cpuc.ca.gov and PGETariffs@pge.com*****

Anyone wishing to protest this filing may do so by filing a protest with the CPUC and the Company by September 30, 2020, which is 20 days after the date of this filing. Protests should be mailed to the following address:

CPUC Energy Division
ED Tariff Unit
505 Van Ness Avenue
San Francisco, California 94102

Facsimile: (415) 703-2200
E-Mail: EDTariffUnit@cpuc.ca.gov

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address shown above.

The protest also should be sent via U.S. mail (and by facsimile and electronically, if possible) to PG&E at the address shown below on the same date it is mailed or delivered to the Commission:

David T. Kraska
Attorney, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120

San Francisco, California 94177

Facsimile: (415) 973-3582
E-Mail: PGETariffs@pge.com

Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of G.O. 131-D exist.

Public Comment

Individuals or groups who do not file an official protest may still submit a comment on the request to the Energy Division at the address noted above, referencing Advice Letter 5944-E.

Effective Date

The Company requests that this Tier 2 advice filing become effective on October 10, 2020, which is 30 days after the date of filing. (In accordance with G.O. 131-D, construction will not begin until 45 days after notice is first published.)

Notice

A copy of this advice letter is being sent electronically and via U.S. Mail to parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the "Notice Distribution List" included in Attachment I. All electronic approvals should be sent to e-mail PGETariffs@pge.com. Advice letter filings can also be accessed electronically at <http://www.pge.com/tariffs/>.

PROJECT NAME: WHEELER RIDGE-WEEDPATCH 70 kV RELOCATION – HWY 184 AND SUNSET BOULEVARD - (Kern County) T.0004942
ADVICE LETTER NUMBER: 5944-E

Proposed Project: California Department of Transportation (CalTrans) has requested Pacific Gas and Electric (PG&E) to relocate approximately 1,675 feet of the Wheeler Ridge-Weedpatch 70 kilovolt (kV) power line to accommodate a future state highway project located at the intersection of State Highway 184 and Sunset Boulevard in Kern County (larger project CEQA). The proposed relocation begins approximately 530 feet west of the intersection and runs east along the north side of Sunset Boulevard to a point approximately 880 feet east of the intersection. This segment of power line will be relocated approximately 20 to 65 feet north of its current alignment. Approximately 5 existing wood poles with an aboveground height of approximately 54 to 61 feet will be removed and approximately 4 light duty steel poles, three to ten feet taller, will be installed. The taller poles are required to meet current design standards and California Public Utilities Commission (CPUC) General Order 95 conductor clearance requirements. Construction is tentatively scheduled to begin in fall 2020 or as soon as possible thereafter, with completion in February 2021, or as soon as possible after construction begins. Construction will not require the use of helicopters.

Exemption from CPUC Permit Requirement: CPUC General Order 131-D, Section III, Subsection B.1, exempts a utility from the CPUC's requirement to file an application requesting authority to construct if a project meets specific conditions. This project qualifies for the following exemption:

- f. "power lines or substations to be relocated or constructed which have undergone environmental review pursuant to CEQA as part of a larger project, and for which the final CEQA document (Environmental Impact Report (EIR) or Negative Declaration) finds no significant unavoidable environmental impacts caused by the proposed line or substation."

CalTrans adopted a Mitigated Negative Declaration for the SUNSET BOULEVARD ROUNDABOUT PROJECT, finding no significant unavoidable environmental impacts resulting from PG&E's proposed facilities. (State Clearinghouse #2018021005)

Additional Project Information: To obtain further information on the proposed project, please call PG&E's Project Information Line at (415) 973-5530.

Public Review Process: Individuals or groups may protest the proposed construction if they believe that PG&E has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of General Order 131-D exist;

- There is reasonable possibility that the activity may have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies; or
- The cumulative impact of successive projects of the same type in the same place, over time, is significant; or
- There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

- Your name, mailing address and daytime telephone number.
- Reference to the CPUC Advice Letter Number and Project Name.
- A clear description of the reason for the protest.
- Whether you believe that evidentiary hearings are necessary to resolve factual disputes.

Protests for this project must be filed by September 30, 2020 at the following address:

Director, Energy Division
 ED Tariff Unit
 California Public Utilities Commission
 505 Van Ness Avenue, Fourth Floor
 San Francisco, California 94102

With a copy mailed to:
 David Kraska, Law Department
 Pacific Gas and Electric Company
 P.O. Box 7442
 San Francisco, California 94120

PG&E must respond within five business days of receipt and serve its response on each protestant and the Energy Division. Within 30 days after PG&E has submitted its response, the CPUC Executive Director will send you a copy of an Executive Resolution granting or denying PG&E's request and stating the reasons for the decision.

Assistance in Filing a Protest: If you need assistance in filing a protest, contact the CPUC Public Advisor: email: public.advisor@cpuc.ca.gov or call: 1-866-849-8390 (toll-free), or (415) 703-2074, or TTY (415) 703-5258.

Public Comment: Even if you do not want to file an official protest, you may still comment on the request. To do so, send your comments to the Energy Division at the address noted above. Please reference Advice Letter 5944-E.
