Advice 5962-E

(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

Subject: Revision to Electric Preliminary Statement Part FU and FY Pursuant to Decision 20-08-042

Purpose

Pacific Gas and Electric Company (PG&E) submits this Tier 1 advice letter to update the Electric Preliminary Statement Parts FU (Electric Program Investment Charge (EPIC) Revenue Adjustment Mechanism Balancing Account) and FY (EPIC Balancing Account) to make the necessary revisions in accordance to Ordering Paragraph 5 to Decision (D.) 20-08-042. PG&E requests that this Tier 1 advice letter be effective September 28, 2020, as discussed below.

Background

In D.11-12-035, issued December 12, 2011, the California Public Utilities Commission (CPUC or Commission) first authorized the EPIC surcharge to fund Research, Development and Demonstration programs in the public interest. The funding mechanism for these programs was expressly established by D.12-05-037 (issued May 31, 2012).

The Commission opened an Order Instituting Rulemaking (R.19-10-005) in October of 2019 to determine whether the EPIC Program should be granted renewal. On August 27, 2020, the Commission approved D.20-08-024. This decision renewed the EPIC Program for a period of ten years and, in Ordering Paragraph (OP) 5, authorized Investor-Owned Utilities to collect \$148 million annually beginning January 1, 2021 and continuing through December 31, 2030, unless otherwise ordered or adjusted in the future by the Commission. This collection will be performed through the EPIC surcharge. Per OP 6, PG&E will continue to remit one-quarter of the annual administrative budget for the California Energy Commission (CEC) to the CEC quarterly from our EPIC balancing accounts. Programmatic funding shall be transferred periodically to the CEC from the EPIC balancing accounts when funds are encumbered by the CEC.

In OP 1 of D.16-06-006, the Commission directed PG&E to file a Tier 1 advice letter to propose modification to electric preliminary statements to establish the cost recovery

mechanism for the New Solar Homes Partnership (NSHP) Program. PG&E subsequently filed Advice Letter 4861-E to make modifications to Electric Preliminary Statement Parts FU and FY to reflect the addition of a subaccount to record the authorized revenue requirement and budget for NSHP Program which was approved July 28, 2016. Upon reviewing the Electric Preliminary Statement Part FY in compliance of D.20.08-042, PG&E found that the NSHP was omitted from the Purpose section while the Accounting section has correctly included accounting entries in relation to NSHP. PG&E would like to take this opportunity to update the Purpose section to include NSHP to better reflect the programs included in the Preliminary Statement Part FY.
