Advice 4370-G/6066-E

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

Subject: Pacific Gas and Electric Company's Revisions to Electric and Gas Rule 19 to Update the End Date for Medical Baseline Customer Protections

Purpose

Pursuant to Decision (D.) 19-07-015, Ordering Paragraph (OP) 1 and informed by California Public Utilities Commission (CPUC or Commission) Resolution M-4842, PG&E is submitting Advice 4370-G/6066-E to correct the end date for medical baseline (MBL) customer protections in Electric and Gas Rule 19 from March 4, 2021 to April 16, 2021.

Background

On March 4, 2020, Governor Newsom declared a statewide emergency due to the outbreak of COVID-19. In response, PG&E suspended disconnections and implemented flexible payment plans for residential and small business customers.

On March 19, 2020, PG&E submitted Advice 4227-G/5784-E to implement an emergency consumer protection plan for customers due to the impacts of the COVID-19 pandemic. PG&E submitted Advice 4227-G/5784-E pursuant to OP 1 of Decision (D.) 19-07-015 and as informed by a March 17, 2020 letter to the energy utilities from California Public Utilities Commission (Commission or CPUC) Executive Director Alice Stebbins. As part of a suite of measures to assist customers, PG&E voluntarily implemented the following protections to support medical baseline customers for up to twelve months from Governor Newsom's emergency declaration (March 4, 2020):

1. Suspending all customer removals from the medical baseline program; and
2. No longer sending forms to customers that require them to re-certify for the medical baseline program through a doctor or other medical professional.

On April 3, 2020, PG&E submitted a supplemental advice letter, Advice 4227-G-A/5784-E-A, which allowed customers to enroll in the medical baseline program without

certification from a qualified medical practitioner.¹ In Advice 4227-G-A/5784-E-A, PG&E updated Electric and Gas Rule 19 to reflect that MBL customer protections may remain in place up to March 4, 2021.

On April 16, 2020, the Commission adopted Resolution M-4842, which directed utilities to submit a Tier 2 Advice Letter to offer customer protections to all residential and small business customers through April 16, 2021, with an option to extend that date.² Resolution M-4842 acknowledged, “some companies have already implemented emergency protections in response to the COVID-19 pandemic.”³⁴

On May 1, 2020, PG&E submitted Advice 4244-G/5816-E to implement an emergency consumer protection plan for customers pursuant to OP 2 of Resolution M-4842. PG&E submitted supplemental Advice Letters on June 2, 2020 and July 15, 2020. In Advice 4244-G/5816-E and supplements, PG&E described its intention to continue existing protections previously discussed in Advice 4227-G/5784-E and supplements through April 16, 2021. The Commission approved Advice 4244-G/5816-E and supplements on July 27, 2020.

Although PG&E included the medical baseline customer protections in Advice 4244-G/5816-E and supplements, PG&E did not submit revisions to Electric and Gas Rule 19 to reflect that these protections would remain in place through April 16, 2021. PG&E believes this Advice Letter is needed to make that update and ensure that its tariffs are clear regarding the timeline for the MBL protections available to customers in response to the COVID-19 pandemic.

In addition to updating its tariffs in this Advice Letter, PG&E is separately submitting a supplemental Tier 3 Advice Letter 4293-G-A/5916-E-A to correct verbiage in that Advice Letter to also reflect the April 16, 2021 end date for MBL customer protections.

¹ PG&E submitted a second supplemental advice letter on May 21, 2020 as recommended by the Energy Division to remove any references to self-certification requirements.

² Resolution M-4842, OPs 2 and 5.

³ Resolution M-4842, p. 2.

⁴ PG&E acknowledges that Draft Resolution M- 4849 proposes to extend some consumer protections through June 30, 2021.

Tariff Revisions

PG&E proposes the following revisions to its gas and electric tariffs:

- **Electric Rule 19, *Medical Baseline Quantities* –**
 - Revise footnote in *Section B – Eligibility* to clarify that customers may enroll in the MBL program without a signature from a qualified medical practitioner through April 16, 2021.

- **Gas Rule 19, *Medical Baseline Quantities* –**
 - Revise footnote in *Section B – Eligibility* to clarify that customers may enroll in the MBL program without a signature from a qualified medical practitioner through April 16, 2021.

B. ELIGIBILITY (Cont'd.)

If you believe that you qualify, please contact your local PG&E office and request a copy of "Medical Baseline Allowance Application," Form No. 62-3481.

PG&E may also require you to have a licensed physician, a person licensed in accordance with the Osteopathic Initiative Act, nurse practitioner or physician assistant fill out the last page of the form to certify that you qualify for a Medical Baseline Quantity*.

C. RECERTIFICATION

Customers certified by their qualified medical practitioner as having a permanent disability will need to self-certify their eligibility every two years using the "Medical Baseline Allowance Self-Certification," Form No. 61-0502, to ensure their continued residence at the service address, but will not need a doctor's signature.

Customers not having a permanent disability will need to self-certify each year, and will need a qualified medical practitioner's certification every two years using the "Medical Baseline Allowance Application," Form No. 62-3481.

D. LIFE-SUPPORT DEVICES

A life-support device is any medical device necessary to sustain life or relied upon for mobility. To qualify under this rule, the device must be used in the home and must run on electricity delivered by PG&E. (For devices that run on gas, see Rule 19 in the gas tariff schedule.)

The term "life-support device" includes, but is not limited to, respirators, iron lungs, hemodialysis machines, suction machines, electric nerve stimulators, pressure pads and pumps, aerosol tents, electrostatic and ultrasonic nebulizers, compressors, IPPB machines, and motorized wheelchairs.

E. HEATING AND AIR CONDITIONING

Special heating and/or air-conditioning needs will qualify you for a Standard Medical Baseline Quantity under this rule only if your main source of energy for heating or air conditioning is electricity delivered by PG&E. (If your main source of energy for heating or air conditioning is gas, please see Rule 19 in the gas tariff schedule.)

* Medical Baseline customers who are unable to see their qualified medical practitioner may self-certify their eligibility to enroll in the medical baseline program for up to one year, through April 16, 2021.

A life-support device is any medical device necessary to sustain life or relied upon for mobility. To qualify under this rule, the device must be used in the home and must run on gas delivered by PG&E. (For devices that run on electricity, see Rule 19 in the tariff schedule for electricity.)

E. HEATING AND AIR CONDITIONING

Special heating and/or air-conditioning needs will qualify you for a Standard Medical Baseline Quantity under this rule only if your main source of energy for heating or air conditioning is gas delivered by PG&E. (If your main source of energy for heating or air conditioning is electricity, please see Rule 19 in the tariff schedule for electricity.)

* Medical Baseline customers who are unable to see their qualified medical practitioner may self-certify their eligibility to enroll in the medical baseline program for up to one year, until March 4 through April 16, 2021. (N)
