San Francisco CA 94102-3298

To: Energy Company Filing Advice Letter

From: Energy Division PAL Coordinator

Subject: Your Advice Letter Filing

The Energy Division of the California Public Utilities Commission has processed your recent Advice Letter (AL) filing and is returning an AL status certificate for your records.

The AL status certificate indicates:

- Advice Letter Number
- Name of Filer
- CPUC Corporate ID number of Filer
- Subject of Filing
- Date Filed
- Disposition of Filing (Accepted, Rejected, Withdrawn, etc.)
- Effective Date of Filing
- Other Miscellaneous Information (e.g., Resolution, if applicable, etc.)

The Energy Division has made no changes to your copy of the Advice Letter Filing; please review your Advice Letter Filing with the information contained in the AL status certificate, and update your Advice Letter and tariff records accordingly.

All inquiries to the California Public Utilities Commission on the status of your Advice Letter Filing will be answered by Energy Division staff based on the information contained in the Energy Division's PAL database from which the AL status certificate is generated. If you have any questions on this matter please contact the:

Energy Division's Tariff Unit by e-mail to  
**[edtariffunit@cpuc.ca.gov](mailto:edtariffunit@cpuc.ca.gov)**

**Advice 6291-E**

(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

**Subject: Submits Notice of Construction, Pursuant to General Order 131-D, for the Construction of Fulton-Calistoga 60 kV Power Line, SCADA Switch Program in the City of St. Helena, County of Napa**

Pacific Gas and Electric Company ("PG&E" or "the Company") hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct.

**Purpose**

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

**Background**

To maintain safe and reliable electric service in the City of St. Helena and to support Pacific Gas Electric Company's (PG&E) Public Safety Power Shut-off (PSPS) program, PG&E is proposing to replace two manually-operated switches with three new Supervisory Control and Data Acquisition (SCADA) switches on the Fulton-Calistoga 60 kV Power Line. The first work location on the power line starting approximately 360 feet northwest of Charter Oak Avenue and approximately 550 feet southwest of Main Street (State Route 29). Work includes removal of the existing manual switch and the pole will be reframed; heading northeast approximately 50 feet to another manual switch to be removed and the pole reframed; then southeast along the power line approximately 590 feet to an existing wood pole that will be topped; and a new approximately 75-foot-tall engineered direct-embedded pole (EDEP) will be installed approximately 45 feet northwest of the topped pole (existing easement). Continuing southeast approximately 375 feet and replacing an existing wood pole with a new approximately 75-foot-tall light duty steel pole to meet California Public Utilities Commission (CPUC) General Order 95 conductor clearance requirements. The two new structures will be approximately 10 feet taller than the existing wood poles. The second work location on the power line is approximately 125 feet to 225 feet east of the Crane Avenue and Walnut Ave

intersection. One existing wood pole will be replaced by an approximately 70-foot-tall EDEP to accommodate a new SCADA switch (existing easement). In addition, one existing wood pole will be replaced by a new approximately 65-foot light duty steel pole to meet CPUC General Order 95 conductor clearance requirements. The two new structures will be approximately 10 feet taller than the existing wood poles. The third work location on the power line is along Madrona Avenue, approximately 370 feet south of Hudson Avenue. An existing approximately 90-foot-tall EDEP will be replaced by a new approximately 91-foot-tall EDEP approximately 20 feet south of the existing structure to accommodate a new SCADA switch (franchise). Construction is tentatively scheduled to begin in October 2021 or as soon as practicable after project approval. Construction will be completed in November 2021, or as soon as possible after construction begins.

CPUC General Order 131-D, Section III, Subsection B.1, exempts projects meeting specific conditions from the CPUC's requirement to file an application requesting authority to construct. The Company believes this project qualifies for the following exemption(s),

- g. Power lines or substations to be located in an existing franchise, road-widening setback easement or public utility easement; or in a utility corridor designated, precisely mapped and officially adopted pursuant to law by a federal, state or local agency for which the applicable CEQA document found no significant unavoidable environmental impacts.

This submittal will not cause the withdrawal of service, or conflict with any other rate schedule or rule.

### Protests

**\*\*\*Due to the COVID-19 pandemic, PG&E is currently unable to receive protests or comments to this advice letter via U.S. mail or fax. Please submit protests or comments to this advice letter to [EDTariffUnit@cpuc.ca.gov](mailto:EDTariffUnit@cpuc.ca.gov) and [PGETariffs@pge.com](mailto:PGETariffs@pge.com)\*\*\***

Anyone wishing to protest this submittal may do so by submitting a protest with the CPUC and the Company by August 30, 2021, which is 20 days after the date of this submittal. Protests should be mailed to the following address:

CPUC Energy Division  
ED Tariff Unit  
505 Van Ness Avenue, 4<sup>th</sup> Floor  
San Francisco, California 94102

Facsimile: (415) 703-2200  
E-Mail: [EDTariffUnit@cpuc.ca.gov](mailto:EDTariffUnit@cpuc.ca.gov)

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address show above.

The protest also should be sent via U.S. mail (and by facsimile and electronically, if possible) to PG&E at the address shown below on the same date it is mailed or delivered to the Commission:

David T. Kraska  
Attorney, Law Department  
Pacific Gas and Electric Company  
P.O. Box 7442  
San Francisco, California 94120

Facsimile: (415) 973-0516

Sidney Bob Dietz II  
Director, Regulatory Relations  
c/o Megan Lawson  
Pacific Gas and Electric Company  
P.O. Box 770000, Mail Code B13U  
San Francisco, California 94177

Facsimile: (415) 973-8235  
E-Mail: PGETariffs@pge.com

Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of G.O. 131-D exist.

### **Public Comment**

Individuals or groups who do not submit an official protest may still submit a comment on the request to the Energy Division at the address noted above, referencing Advice Letter 6291-E.

### **Effective Date**

The Company requests that this Tier 2 advice letter become effective on September 9, 2021, which is 30 days after the date of submittal. (In accordance with G.O. 131-D, construction will not begin until 45 days after notice is first published.)

### **Notice**

A copy of this advice letter is being sent electronically and via U.S. Mail to parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the "Notice Distribution List"

# ADVICE LETTER SUMMARY

## ENERGY UTILITY

MUST BE COMPLETED BY UTILITY (Attach additional pages as needed)

Company name/CPUC Utility No.: Pacific Gas and Electric Company (ID U39E)

Utility type:

- ELC       GAS       WATER  
 PLC       HEAT

Contact Person: Kimberly Loo

Phone #: (415)973-4587

E-mail: PGETariffs@pge.com

E-mail Disposition Notice to: KELM@pge.com

EXPLANATION OF UTILITY TYPE

ELC = Electric      GAS = Gas      WATER = Water  
 PLC = Pipeline      HEAT = Heat

(Date Submitted / Received Stamp by CPUC)

Advice Letter (AL) #: 6291-E

Tier Designation: 2

Subject of AL: Submits Notice of Construction, Pursuant to General Order 131-D, for the Construction of Fulton-Calistoga 60 kV Power Line, SCADA Switch Program in the City of St. Helena, County of Napa

Keywords (choose from CPUC listing): G.O. 131-D, Power Lines

AL Type:  Monthly  Quarterly  Annual  One-Time  Other:

If AL submitted in compliance with a Commission order, indicate relevant Decision/Resolution #:

Does AL replace a withdrawn or rejected AL? If so, identify the prior AL: No

Summarize differences between the AL and the prior withdrawn or rejected AL:

Confidential treatment requested?  Yes  No

If yes, specification of confidential information:

Confidential information will be made available to appropriate parties who execute a nondisclosure agreement. Name and contact information to request nondisclosure agreement/ access to confidential information:

Resolution required?  Yes  No

Requested effective date: 9/9/21

No. of tariff sheets: 0

Estimated system annual revenue effect (%): N/A

Estimated system average rate effect (%): N/A

When rates are affected by AL, include attachment in AL showing average rate effects on customer classes (residential, small commercial, large C/I, agricultural, lighting).

Tariff schedules affected: N/A

Service affected and changes proposed<sup>1</sup>: N/A

Pending advice letters that revise the same tariff sheets: N/A

<sup>1</sup>Discuss in AL if more space is needed.

**Protests and all other correspondence regarding this AL are due no later than 20 days after the date of this submittal, unless otherwise authorized by the Commission, and shall be sent to:**

**NOTICE OF PROPOSED CONSTRUCTION**

Para más detalles llame 1-800-660-6789

**PROJECT NAME: Fulton-Calistoga 60 kV Power Line, SCADA Switch Program – (City of St. Helena, T. No. 0003175.01)****ADVICE LETTER NUMBER: 6291-E**

**Proposed Project:** To maintain safe and reliable electric service in the City of St. Helena and to support Pacific Gas Electric Company's (PG&E) Public Safety Power Shut-off (PSPS) program, PG&E is proposing to replace two manually-operated switches with three new Supervisory Control and Data Acquisition (SCADA) switches on the Fulton-Calistoga 60 kV Power Line. The first work location on the power line starting approximately 360 feet northwest of Charter Oak Avenue and approximately 550 feet southwest of Main Street (State Route 29). Work includes removal of the existing manual switch and the pole will be reframed; heading northeast approximately 50 feet to another manual switch to be removed and the pole reframed; then southeast along the power line approximately 590 feet to an existing wood pole that will be topped; and a new approximately 75-foot-tall engineered direct-embedded pole (EDEP) will be installed approximately 45 feet northwest of the topped pole (existing easement). Continuing southeast approximately 375 feet and replacing an existing wood pole with a new approximately 75-foot-tall light duty steel pole to meet California Public Utilities Commission (CPUC) General Order 95 conductor clearance requirements. The two new structures will be approximately 10 feet taller than the existing wood poles. The second work location on the power line is approximately 125 feet to 225 feet east of the Crane Avenue and Walnut Ave intersection. One existing wood pole will be replaced by an approximately 70-foot-tall EDEP to accommodate a new SCADA switch (existing easement). In addition, one existing wood pole will be replaced by a new approximately 65-foot light duty steel pole to meet CPUC General Order 95 conductor clearance requirements. The two new structures will be approximately 10 feet taller than the existing wood poles. The third work location on the power line is along Madrona Avenue, approximately 370 feet south of Hudson Avenue. An existing approximately 90-foot-tall EDEP will be replaced by a new approximately 91-foot-tall EDEP approximately 20 feet south of the existing structure to accommodate a new SCADA switch (franchise). Construction is tentatively scheduled to begin in October 2021 or as soon as practicable after project approval. Construction will be completed in November 2021, or as soon as possible after construction begins.

**Exemption from CPUC Permit Requirement:** CPUC General Order 131-D, Section III, Subsection B.1, exempts a utility from the CPUC's requirement to file an application requesting authority to construct if a project meets specific conditions. This project qualifies for the following exemption:

- g. "power lines or substations to be located in an existing franchise, road-widening setback easement or public utility easement; or in a utility corridor designated, precisely mapped and officially adopted pursuant to law by a federal, state or local agency for which the applicable CEQA document found no significant unavoidable environmental impacts"

**Additional Project Information:** To obtain further information on the proposed project, please call PG&E's Project Information Line at (415) 973-5530.

**Public Review Process:** Individuals or groups may protest the proposed construction if they believe that PG&E has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of General Order 131-D exist;

- There is reasonable possibility that the activity may have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies; or
- The cumulative impact of successive projects of the same type in the same place, over time, is significant; or
- There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

- Your name, mailing address and daytime telephone number.
- Reference to the CPUC Advice Letter Number and Project Name.
- A clear description of the reason for the protest.

Whether you believe that evidentiary hearings are necessary to resolve factual disputes.

**\*\*\*Due to the COVID-19 pandemic, PG&E is currently unable to receive protests or comments to this advice letter via U.S. mail or fax. Please submit protests or comments to this advice letter to [EDTariffUnit@cpuc.ca.gov](mailto:EDTariffUnit@cpuc.ca.gov) and [PGETariffs@pge.com](mailto:PGETariffs@pge.com)\*\*\***

**Protests for this project must be filed by August 30, 2021 at the following address:**

Director, Energy Division  
ED Tariff Unit  
California Public Utilities Commission  
505 Van Ness Avenue, Fourth Floor  
San Francisco, California 94102

With a copy mailed to:  
David Kraska, Law Department  
Pacific Gas and Electric Company  
P.O. Box 7442  
San Francisco, California 94120

PG&E must respond within five business days of receipt and serve its response on each protestant and the Energy Division. Within 30 days after PG&E has submitted its response, the CPUC Executive Director will send you a copy of an Executive Resolution granting or denying PG&E's request and stating the reasons for the decision.

**Assistance in Filing a Protest:** If you need assistance in filing a protest, contact the CPUC Public Advisor: email: [public.advisor@cpuc.ca.gov](mailto:public.advisor@cpuc.ca.gov) or call: 1-866-849-8390 (toll-free), or (415) 703-2074, or TTY (415) 703-5258.

**Public Comment:** Even if you do not want to file an official protest, you may still comment on the request. To do so, send your comments to the Energy Division at the address noted above. Please reference Advice Letter 6291-E
