Advice 4491-G/6336-E

(Pacific Gas and Electric Company U 39 M)

Public Utilities Commission of the State of California

Subject: Establish General Office Sale Balancing Accounts and Modify General Office Sale Memorandum Accounts

Purpose

This Tier 1 advice letter proposes to modify Electric Preliminary Statement Part JB and Gas Preliminary Statement Part FQ, which are the General Office Sale Memorandum Accounts that were submitted in Advice 4449-G/6220-E and made effective as of June 11, 2021, and to add the new Preliminary Statements for the General Office Sale Balancing Accounts to PG&E's gas and electric tariffs.

Background

On September 30, 2020, PG&E filed Application (A.) 20-09-018 seeking approval of the sale of PG&E's San Francisco General Office (SFGO) buildings and approval of associated ratemaking for that transaction and the replacement headquarters building at 300 Lakeside Drive in Oakland (Lakeside Building). In the Application, PG&E proposed a balancing account to facilitate the distribution of the gain on sale to customers and to record various transaction and moving costs for recovery through rates.

Parties to the Application entered into an Amended Settlement Agreement, filed on May 26, 2021. Under that Settlement, PG&E is to establish General Office Sale Balancing Accounts (GOSBA) to track the return to customers of the net gain on sale of SFGO and the reduction in revenue requirements adopted in the 2020 General Rate Case (GRC) associated with removing SFGO plant from rate base and associated reduction in operating expenses and to establish General Office Sale Memorandum Accounts (GOSMA) to track costs associated with moving to the Lakeside Building in Oakland, including interim leasing costs at the SFGO complex and Lakeside Building, and costs associated with moving to the Lakeside Building. In Decision (D.) 21-08-027 the Commission approved the Amended Settlement Agreement.

On June 11, 2021, PG&E submitted the GOSMA Preliminary Statements in Advice 4449-G/6220-E which was accepted on July 27, 2021. This Advice corrects typographical errors in the Preliminary Statements and adds language to the accounting procedure to reflect that operating expenses during the leaseback of the SFGO may be paid separately from the lease expenses. For reference, a redline version of these changes is provided as Attachment 2.

This Advice also submits the new electric and gas preliminary statements for the GOSBA. The sale of SFGO closed on September 17, 2021. PG&E will submit an Advice letter showing the final computation of the gain on sale on or before December 1, 2021. Amortization of the gain on sale for the benefit of customers will begin on January 1, 2022. Beginning September 17, PG&E will credit the GOSBA with the reduction in revenue requirements authorized in PG&E's 202 General Rate Case associated with ending the ownership of SFGO as presented in the testimony entered into the A. 20-09-018 record.

The items recorded in the GOSMA and GOSBA will be allocated between gas and CPUC jurisdictional electric service based on the common plant allocation factors used in PG&E's 2020 GRC.
