Advice 6460-E

(Pacific Gas and Electric Company U 39 E)

Public Utilities Commission of the State of California

Subject: Report in Compliance with Ordering Paragraph 1 of Decision 21-10-020

Purpose

This filing provides information required by Ordering Paragraph 1 (OP 1) of Decision (D.) 21-10-020 regarding PG&E's restoration, rebuilding, and reconstruction activities related to December 2021 Winter Storms.

Background

D.21-10-020 requires an Electric Investor-Owned Utility file a Tier 1 Advice Letter after a disaster declaration that reports on the damage to its facilities, the restoration or rebuild plans, the expected timeline for repairs and other information.¹

On December 30, 2021, Governor Newsom proclaimed a State of Emergency in the counties of Alameda, Amador, Calaveras, El Dorado, Humboldt, Lake, Marin, Monterey, Napa, Nevada, Placer, Sacramento, San Luis Obispo, San Mateo, Santa Cruz, Sierra, and Yuba due to a series of winter storms that occurred on or about December 10, 16,

¹ Specifically, OP 1 of D.21-10-20 provides "In the event of a disaster, declared either by the Governor of California or the President of the United States, that also damages their facilities or leads to a service outage, Investor-Owned Utilities (IOUs) shall file a Tier 1 Advice Letter within 15 business days from when they are allowed into a disaster area to assess the damage to their facilities. ... The Advice Letter shall include the following details:

- a. a report of what facilities or equipment was damaged;
- b. restoration and/or rebuild plans, including a description of what is being repaired, replaced or added, and maps of where the restoration will occur;
- c. the date the investor-owned utility received access to the damaged area;
- d. the timeline to make repairs;
- e. any changes to any energy/communication infrastructure required; and
- f. the contact information of the individual responsible for community engagement in these instances.

and 21, 2021. On January 8, 2022, Governor Newsome added the county of Trinity to the December 2021 Winter Storm declaration. PG&E began the restoration activities in the counties included in the Governor's declaration on December 12, 2021 and restoration activities as of January 11, 2022 are ongoing. The information required by OP 1 is as follows:

- 1) Facilities / equipment damaged: The table below lists the equipment which was damaged and replaced during the service restoration process as of January 11, 2022:

County	Conductor	CrossArm	Pole	Transformers	Other	Grand Total
Alameda	16	3	2	7	3	31
Amador	178	72	84	31	103	468
Calaveras	152	53	34	42	117	398
El Dorado	242	66	79	37	26	450
Humboldt	173	77	87	13	79	429
Lake	2	1	2	5	1	11
Marin	28	2	1	2	6	39
Monterey	29	4	13	9	12	67
Napa	8	1	1	1	3	14
Nevada	343	98	169	65	62	737
Placer	351	100	142	34	50	677
Sacramento	3			2	1	6
San Luis Obispo	23		4	9	8	44
San Mateo	53	3	9	10	29	104
Santa Cruz	79	14	11	6	17	127
Sierra	12	7	5		3	27
Trinity	117	39	76	5	19	256
Yuba	78	25	32	3	30	168
Total	1887	565	751	281	569	4053

2) Restoration / Rebuild Plans – PG&E began the service restoration as soon as it was safe to conduct the work and before the Governor's December 30, 2021 or January 8, 2022, Declarations. Service restoration was accomplished by replacing equipment on a like-for-like basis.

3) Date received access to damaged areas – PG&E was not under any restricted access at the request of any government agency. However, access to the affected areas was limited by the volume of snow and number of downed trees.

4) Timeline to make repairs – PG&E completed service restoration to 247,477 customers as of January 11, 2022.

5) Changes to infrastructure – N/A Service restoration was accomplished by replacing equipment on a like-for-like basis.

6) Contact information of community engagement – N/A This was a service restoration activity accomplished by replacement of equipment on a like-for-like basis, not a rebuild effort.

Because this was a service restoration effort requiring immediate action, PG&E did not engage with community stakeholders prior to the restoration work as contemplated by OP2 of D.21-10-020 prior to commencing the work. Accordingly, PG&E will not be submitting a second Advice letter as contemplated in OP3.

Tariff Revisions

This submittal does not require any tariff revisions and would not increase any current rate or charge, cause the withdrawal of service, or conflict with any rate schedule or rule.
