Advice 4556-G/6472-E

(Pacific Gas and Electric Company U 39 M)

Public Utilities Commission of the State of California

Subject: After-the-Fact Final Allocation Report Regarding Self-Generation Incentive Program (SGIP) Accumulated Funds Pursuant to Decision (D.) 21-12-031

Purpose

Pacific Gas & Electric Company (PG&E) hereby submits its Tier 1 advice letter (AL) to report its final allocation of accumulated funds to the California Public Utilities Commission (Commission or CPUC).

D.21-12-031 (Decision) requires the SGIP Program Administrators (SGIP PAs or PAs) to report “after-the-fact on the final allocation that was made of accumulated funds to waitlisted projects, and/or to the Equity Resiliency budget, in a Tier 1 advice letter submitted no later than 30 days from issuance of this decision.”¹ This Tier 1 AL fulfills this requirement.

Background

On January 12, 2021, PG&E submitted AL 4360-G/6052-E where it was indicated PG&E has a budget of unspent and unencumbered funds requesting for its use to be considered for an energy storage pilot program for K-12 schools.

On April 16, 2021, the Commission issued *Administrative Law Judge’s Ruling Providing Proposal, Requesting Comment, and Updating Procedural Schedule* (Ruling). In the Ruling, the Commission took into consideration PG&E’s AL and directed each PA to submit an updated budget summary, specifically to identify in each PA’s territory the total amount of accumulated unallocated funds for consideration to fund waitlisted and energy storage projects.²

¹ D.21-12-031, Ordering Paragraph 1(d)

² Administrative Law Judge’s Ruling Providing Proposal, Requesting Comment, and Updating Procedural Schedule on April 16, 2021 at 6.

In accordance with the Ruling, on May 19, 2021, PG&E filed its budget summary update as of March 31, 2021, along with the other SGIP PAs.

On December 16, 2021, D.21-12-031 directed use of all SGIP accumulated unallocated funds, approximately \$67 million statewide, to SGIP energy storage budgets. The accumulated funds were derived primarily from previously unreported accrued interest earned on SGIP ratepayer revenue collections since the program's inception in 2001.

The Decision allocates the funds first to energy storage budgets with waitlisted applications as of the date of adoption of the Decision, with priority given to waitlisted Equity Resiliency Budget, Equity Budget (prioritized by the date the application was waitlisted), and finally General Market applications. If there are any funds remaining after the waitlisted applications have been served, the funds are allocated to the Equity Resiliency budgets.

Summary of Allocation of Accumulated Funds to Waitlisted Projects

D.21-12-031 estimated PG&E's accumulated unallocated funds from accrued interest to be \$17,900,163. However, since interest accrues over time, the actual Accrued Interest amount (its unallocated funds) in its Memorandum Account (SGPMA) at the time of the Decision was \$18,036,263.00. This is the amount that has been allocated.

D.21-12-031 ordered these unallocated funds be immediately allocated using the following prioritization:³

1. Waitlisted Equity Resiliency Budget applications, if any;
2. Equity Budget applications prioritized by the date the application was waitlisted, if any;
3. General Market Residential waitlisted applications, if any; and
4. General Market Large-Scale waitlisted applications, if any.

PG&E's unallocated funds of \$18,036,263 were able to fund all projects on the Equity Resiliency Budget waitlist and a portion of the Equity Budget waitlist. Since all funds were exhausted with the Equity Budget waitlist, none were left for General Market projects.

As of December 17, 2021, PG&E fully funded its Equity Resiliency Budget waitlist of 39 projects with \$957,293.90 of its unallocated funds.

Further, with the remaining \$17,078,969.10 unallocated funds (\$18,036,263 - \$957,293.10), PG&E funded 24 projects in order by date the application was put on the Equity Budget waitlist for a total of \$17,075,884.55.

³ D.21-12-031 OP 1(a) at 27.

The remaining amount of \$3,084.55 was insufficient to fund the next project in line and therefore applied to the Equity Resiliency Budget.

Lastly, this effort undertaken by the SGIP PAs and Energy Solutions required pausing the waitlists from all activity from December 17, 2021 until preparations had been made to execute the transactions on January 3, 2022. During that time there was some attrition on waitlists, which Energy Solutions tracked and added back into the appropriate budgets per PA to keep the waitlists exactly up to date.

The final allocation of PG&E's accumulated funds are summarized below:

PG&E Unallocated Funds/Accrued Interest Transactions, December 17, 2021	
Total accrued interest allocated to the following budgets:	\$ 18,036,263.00
Equity Resiliency Budget Waitlist (fully funded w/ Interest)	\$ 957,293.90
Equity Budget Waitlist (Res/Non-Res; partially funded)	\$ 17,075,884.55
Remaining amount applied to Equity Resiliency Budget	\$ 3,084.55
Total Allocated	\$ 18,036,263.00
