Advice 4567-G/6491-E

(Pacific Gas and Electric Company U 39 M)

Public Utilities Commission of the State of California

Subject: 2022 Proposed Budget for Administrative Costs to Support the Disadvantaged Communities – Single Family Solar Homes (DAC-SASH) Program

Purpose

Authorized by Ordering Paragraph (OP) 6 in Decision (D.) 20-12-003, PG&E hereby submits for review, this Tier 2 Advice Letter of its proposed annual budget for 2022 for reasonable administrative costs to support the Disadvantaged Communities – Single Family Solar Homes (DAC-SASH) Program.

Background

On June 21, 2018, the California Public Utilities Commission (Commission or CPUC) approved D.18-06-027, *Alternate Decision Adopting Alternatives to Promote Solar Distributed Generation in Disadvantaged Communities*, implementing three new programs that are targeted to assist customers in disadvantaged communities (DACs). The DAC programs are: 1) DAC Single Family Solar Homes (DAC-SASH), 2) DAC Green Tariff (DAC-GT), and 3) Community Solar Green Tariff (CS-GT).

D.18-06-027 states that the DAC-SASH program has an annual \$10 million budget, collected first through available greenhouse gas allowance proceeds, and if such funds are exhausted, the program will be funded through public purpose program funds.¹ PG&E's proportionate share of the funding is 43.7%, or \$4.37 million annually.² DAC-SASH program funds will be reviewed in the annual Energy Resource Recovery Account (ERRA) proceeding.³ The DAC-SASH program administration budget is 10% of the program budget.⁴ Southern California Edison (SCE) leads the co-funding agreement for the statewide Program Administrator's, GRID Alternatives, administrative costs.

¹ D.18-06-027, p. 102, OP 8.

² D.18-06-027, p. A-6.

³ D.18-06-027, p. 102, OP8.

⁴ D.18-06-027, p. A-6.

On December 3, 2020, the CPUC approved D.20-12-003, *Decision Regarding Petition for Modification of Decision 18-06-027 and Providing Direction Regarding Marketing and Outreach of the Disadvantaged Communities – Single-Family Solar Homes*. OP 6 of this decision authorizes PG&E to submit an annual Tier 2 Advice Letter with its proposed budgets for reasonable administrative costs needed to support the DAC-SASH program, on the same schedule as DAC-GT and CS-GT.⁵ OP 7 authorizes PG&E to seek recovery of its approved administration costs through its DAC-SASH Balancing Account and to include such costs in its annual ERRA proceedings for reasonableness review.⁶

Proposed 2022 Budget

As authorized in OP 6 of D.20-12-003, PG&E submits the following proposed DAC-SASH budget for 2022 administration costs to support the program, shown below in Table 1.

Table 1: 2022 Proposed PG&E DAC-SASH Budget

2022 Proposed PG&E DAC-SASH Budget	
Administrative Program Support	\$40,000
Marketing	\$40,000
Total	\$80,000

The activities associated with this work are expected to include:

- Reviewing and approving administration and incentive invoices
- Ensuring compliance with all regulatory requirements
- Drafting, reviewing, and responding to any regulatory filings
- Financial planning and analysis for the program
- Annual third-party security review for GRID Alternatives
- Generating and transmitting data items to GRID Alternatives⁷
- Responding to data requests from the DAC-SASH program evaluator
- Monthly meetings with GRID Alternatives on increasing program referrals and general program updates
- Coordination with GRID Alternatives on co-marketing opportunities.

PG&E's proposed DAC-SASH budget for 2022 administration costs is based on its recorded 2021 expenditures, which will be presented in the 2021 ERRA Compliance proceeding, plus estimated costs for evaluation work and co-marketing coordination.

⁵ D. 20-12-003, p. 14, OP 6.

⁶ D. 20-12-003, p. 14, OP 7.

⁷ Per OP 2 of D.20-12-003, PG&E must annually transmit the data items listed in Appendix A to GRID Alternatives.

In 2022, PG&E plans to pilot a co-marketing initiative with GRID Alternatives for the DAC-SASH program. PG&E estimates marketing costs of \$40,000 for labor and materials involved to send coordinated letters through a targeted campaign.

As directed by OP 7 of D.20-12-003, PG&E will seek recovery of these administrative costs, including marketing, in its ERRA proceeding.
