PUBLIC UTILITIES COMMISSION
505 Van Ness Avenue
San Francisco CA 94102-3298

To: Energy Company Filing Advice Letter

From: Energy Division PAL Coordinator

Subject: Your Advice Letter Filing

The Energy Division of the California Public Utilities Commission has processed your recent Advice Letter (AL) filing and is returning an AL status certificate for your records.

The AL status certificate indicates:

- Advice Letter Number
- Name of Filer
- CPUC Corporate ID number of Filer
- Subject of Filing
- Date Filed
- Disposition of Filing (Accepted, Rejected, Withdrawn, etc.)
- Effective Date of Filing
- Other Miscellaneous Information (e.g., Resolution, if applicable, etc.)

The Energy Division has made no changes to your copy of the Advice Letter Filing; please review your Advice Letter Filing with the information contained in the AL status certificate, and update your Advice Letter and tariff records accordingly.

All inquiries to the California Public Utilities Commission on the status of your Advice Letter Filing will be answered by Energy Division staff based on the information contained in the Energy Division's PAL database from which the AL status certificate is generated. If you have any questions on this matter please contact the:

Energy Division's Tariff Unit by e-mail to
edtariffunit@cpuc.ca.gov

April 12, 2022

Advice 6560-E

(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

Subject: Implementing revised Electric Scheduled E-RSMART in compliance with Decision (D.)19-07-004 and D.21-03-056

Purpose

Pacific Gas and Electric Company (PG&E) submits this Tier 1 Advice Letter to implement the approved revised SmartRate™ *pro forma* tariff contained in Advice 6252-E that was approved on August 25, 2021. PG&E requests that this Tier 1 advice letter be effective May 1, 2022.

Background

The 2018 Rate Design Window (D.19-07-004, 2018 RDW) adopted a new pricing structure and moved SmartRate's event hours from 2:00 p.m. - 7:00 p.m. to 5:00 p.m. 8:00 p.m. Later, the CPUC's decision in the Reliability Order Instituting Rulemaking (D.21-03-056, "Reliability OIR") further updated the SmartRate event hours to 4:00 p.m. - 9:00 p.m., to become effective no later than June 1, 2022.

PG&E filed Advice 6252-E on July 9, 2021 to implement the following changes to be effective on May 1, 2022:

- SmartRate event hour changed from 2:00 p.m. – 7:00 p.m. to 4:00 p.m. – 9:00 p.m.
- Revised methodology and rates on SmartRate Non-High-Price Period Credit and SmartRate Participation credits.
- Removed voice format from the various SmartRate event notification channels.
- Modified the current SmartRate event notification delivery receipt time from 2:00 p.m. to 4:00 p.m., on a day-ahead basis, when a SmartRate Event Day is triggered to occur the next day.
- Proposed SmartRate *pro forma* tariff (Electric Schedule E-RSMART).

Advice 6252-E was approved on August 25, 2021. PG&E submits this Tier 1 advice letter to implement the *pro forma* Electric Schedule E-RSMART attached to Advice 6252-E with no change to the underlying SmartDay High-Price Period event charge, SmartRate Non-

High-Price Period credit rate and SmartRate Participation credit rate that were presented in the *pro forma* tariff.

Tariff Revisions

This tariff revisions in Attachment 1 will replace the current E-RSMART tariff on May 1, 2022.

Protests

Anyone wishing to protest this submittal may do so by letter sent electronically via E-mail, no later than May 2, 2022, which is 20 days after the date of this submittal. Protests must be submitted to:

CPUC Energy Division
ED Tariff Unit
E-mail: EDTariffUnit@cpuc.ca.gov

The protest shall also be electronically sent to PG&E via E-mail at the address shown below on the same date it is electronically delivered to the Commission:

Sidney Bob Dietz II
Director, Regulatory Relations
c/o Megan Lawson
E-mail: PGETariffs@pge.com

Any person (including individuals, groups, or organizations) may protest or respond to an advice letter (General Order 96-B, Section 7.4). The protest shall contain the following information: specification of the advice letter protested; grounds for the protest; supporting factual information or legal argument; name and e-mail address of the protestant; and statement that the protest was sent to the utility no later than the day on which the protest was submitted to the reviewing Industry Division (General Order 96-B, Section 3.11).

Effective Date

PG&E requests that this Tier 1 advice submittal become effective on May 1, 2022.

Notice

In accordance with General Order 96-B, Section IV, a copy of this advice letter is being sent electronically to parties shown on the attached list and the parties on the service list for A.19-11-019. Address changes to the General Order 96-B service list should be directed to PG&E at email address PGETariffs@pge.com. For changes to any other service list, please contact the Commission's Process Office at (415) 703-2021 or at Process_Office@cpuc.ca.gov. Send all electronic approvals to PGETariffs@pge.com.

ADVICE LETTER SUMMARY

ENERGY UTILITY

MUST BE COMPLETED BY UTILITY (Attach additional pages as needed)

Company name/CPUC Utility No.: Pacific Gas and Electric Company (ID U39 E)

Utility type:

- ELC GAS WATER
 PLC HEAT

Contact Person: Annie Ho

Phone #: (415) 973-8794

E-mail: PGETariffs@pge.com

E-mail Disposition Notice to: AMHP@pge.com

EXPLANATION OF UTILITY TYPE

ELC = Electric GAS = Gas WATER = Water
 PLC = Pipeline HEAT = Heat

(Date Submitted / Received Stamp by CPUC)

Advice Letter (AL) #: 6560-E

Tier Designation: 1

Subject of AL: Implementing revised Electric Scheduled E-RSMART in compliance with Decision (D.)19-07-004 and D.21-03-056

Keywords (choose from CPUC listing): Compliance

AL Type: Monthly Quarterly Annual One-Time Other:

If AL submitted in compliance with a Commission order, indicate relevant Decision/Resolution #: D.19-07-004 and D.21-03-056

Does AL replace a withdrawn or rejected AL? If so, identify the prior AL:

Summarize differences between the AL and the prior withdrawn or rejected AL:

Confidential treatment requested? Yes No

If yes, specification of confidential information:

Confidential information will be made available to appropriate parties who execute a nondisclosure agreement. Name and contact information to request nondisclosure agreement/ access to confidential information:

Resolution required? Yes No

Requested effective date: 5/1/22

No. of tariff sheets: 7

Estimated system annual revenue effect (%): N/A

Estimated system average rate effect (%): N/A

When rates are affected by AL, include attachment in AL showing average rate effects on customer classes (residential, small commercial, large C/I, agricultural, lighting).

Tariff schedules affected: See Attachment 1

Service affected and changes proposed¹: N/A

Pending advice letters that revise the same tariff sheets: N/A

¹Discuss in AL if more space is needed.

Protests and correspondence regarding this AL are to be sent via email and are due no later than 20 days after the date of this submittal, unless otherwise authorized by the Commission, and shall be sent to:

**ELECTRIC SCHEDULE E-RSMART
RESIDENTIAL SMARTRATE PROGRAM**

Sheet 1

APPLICABILITY: The residential SmartRate™ program is a voluntary rate supplement to the customer's otherwise applicable rate schedule (OAS). Schedule E-RSMART is available to a PG&E Bundled-Service customer served on a single family residential electric rate schedule E-1, E-6, E-TOU-B, E-TOU-C, E-TOU-D and EV2A. Each customer must continue to take service under the provisions of their OAS. A customer is not eligible to participate in the residential SmartRate program if the customer is taking service in the following manner: 1) through a residential master-metered rate schedule, 2) in conjunction with a net metering or standby rate schedule, 3) in conjunction with direct access or community choice aggregation service, or 4) as a Transitional Bundled Service under electric Rule 22.1. The residential SmartRate program operates year-round on any day of the week, but most events are expected to occur on summer weekdays. (T)

Customers will receive a bill protection transitional incentive to participate in the residential SmartRate program subject to meeting the qualification criteria (see Bill Protection section below).

The customer must have a SmartMeter™ system to participate in the residential SmartRate program. Upon the customer's request to participate and verification of eligibility by PG&E, the customer will be placed on the residential SmartRate program on the first day of the next Billing Cycle where the Billing Cycle start date occurs at least five business days after the date of the customer's request. A customer request that is received within five business days of the customer's next Billing Cycle will be placed on the residential SmartRate program in the following Billing Cycle.

TERRITORY: This schedule is available to customers in PG&E's electric service territory.

RATES: The customer will be billed for all regular charges applicable under the customer's OAS. Additional charges (based on usage during SmartDay High-Price Periods) and SmartRate credits will be determined according to the rates specified in this schedule. See "Definition of Time Periods" section below for specific SmartRate program time periods. The SmartRate program time periods may differ from traditional Time-Of-Use (TOU) periods on the customer's OAS. The additional energy charges applicable during SmartDay High-Price Periods and SmartRate Credits will be determined as follows:

SmartDay High-Price Period Charge: The total effective energy charge on this schedule for usage during SmartDay High-Price Period will be the SmartDay High-Price Period Charge multiplied by the actual energy usage during the SmartDay High-Price Period.

SmartRate Credits: The customer taking service under Schedule E-RSMART will pay reduced total effective energy rates, through SmartRate Program and Participation credits for usage outside the SmartDay High-Price Period on SmartDays™ and all usage on those days within a bill period that are not declared as SmartDays. These credits are only applicable for bill periods in which at least one SmartDay occurs. The SmartRate Participation and Program credits are multiplied by the number of SmartDays in a bill period. (C)

			<i>Resolution</i>	

**ELECTRIC SCHEDULE E-RSMART
RESIDENTIAL SMARTRATE PROGRAM**

Sheet 3

DEFINITION OF
TIME PERIODS:

SmartDay Event Days May be called year-round on any day of the week (although most events are expected to occur on summer weekdays).

SmartDay High-Price Period: 4:00 p.m. to 9:00 p.m. (C)

Please refer to the sections of this schedule labeled "Program Operations" and "Notification and Trigger" for a complete description of how SmartDays will be determined, and how customers will be notified of those days when SmartDay High-Price Period charges will be in effect.

METERING
EQUIPMENT:

Each participating customer account must have a SmartMeter™ system installed that can be remotely read by PG&E. Metering equipment (including remote communication device) must be in operation prior to participating in the program to ensure proper operation of the metering and communication equipment.

NOTIFICATION
EQUIPMENT:

At the customer's option and expense, it is recommended, but not required that the customer provide a cellular telephone number that is capable of receiving a SMS text message, or an e-mail address to receive automated notification messages of a SmartDay event from PG&E. (T)
|
(T)

If a SmartDay event occurs, the customer will be notified by using one or more of the above-mentioned systems. Receipt of notice is the responsibility of the participating customer. PG&E will make best efforts to notify the customer, however it is the customer's responsibility to receive notice and to check the PG&E website to see if a SmartDay event has been activated and that their SmartRate notification information is accurate and current. PG&E does not guarantee the receipt of notification by the notification system, the e-mail system, or Internet site by which the customer receives notification.

<i>Decision</i>	19-07-004 and	Robert S. Kenney	<i>Effective</i>	<u>May 1, 2022</u>
	D.21-03-056	<i>Vice President, Regulatory Affairs</i>	<i>Resolution</i>	<u></u>

**ELECTRIC SCHEDULE E-RSMART
RESIDENTIAL SMARTRATE PROGRAM**

Sheet 5

PROGRAM TERM: The SmartRate program will remain open until terminated or superceded by action of the Commission.

BILLING: Monthly bills are calculated in accordance with the customer's OAS and the rates contained herein. The amount under the SmartRate program will appear on the customer's bill as an additional charge or credit.

BILL PROTECTION: Bill Protection: A customer will be provided with a bill protection transitional incentive through the first full Summer Season (May 1 through October 31)¹. Under the bill protection transitional incentive, the customer will not pay more under the SmartRate program than it would pay under its OAS for the first full summer and, if applicable, any preceding partial summer, during the initial bill protection period. Bill protection benefits will be computed on a cumulative basis at the end of each Summer Season and any applicable credits will be applied to the customer's account on the next regular bill. (T)

If the customer terminates their participation in the SmartRate program before the end of the Summer season and during the initial bill protection period, the customer will receive bill protection up to the date the customer terminates its participation in the SmartRate program. Any applicable credits will be applied to the customer's account on the next regular bill following the end of their participation in the SmartRate program.

After the customer has completed its first full Summer season, bill protection will no longer apply. The customer will be notified twice that bill protection no longer applies by the following:

60 to 90 days before the customer's first Summer season without bill protection begins, and

During the month of May of the customer's first Summer season without bill protection.

These notices will be prepared in accordance with Ordering Paragraph 6 of Decision 06-07-027.

INTERACTION WITH OTHER DEMAND RESPONSE PROGRAMS: Pursuant to Decision 18-11-029, participants in the SmartRate program may no longer dual enroll in other demand response programs offered by PG&E or a third-party demand response provider. Participants who were dual enrolled in both SmartRate and SmartAC prior to October 26, 2018 may continue to participate in both programs at their subscribed megawatt level as of December 10, 2018, but shall not receive energy payment for performance under those programs during the SmartDay High-Price Period.

¹ The summer season (May 1 through October 31) as used for SmartRate bill protection purpose is different from the Summer season definition in the OAS which for all eligible residential rate schedules are defined as June 1 to September 30.

**ELECTRIC SCHEDULE E-RSMART
RESIDENTIAL SMARTRATE PROGRAM**

Sheet 1

APPLICABILITY: The residential SmartRate™ program is a voluntary rate supplement to the customer's otherwise applicable rate schedule (OAS). Schedule E-RSMART is available to a PG&E Bundled-Service customer served on a single family residential electric rate schedule E-1, E-6, E-TOU-B, E-TOU-C, E-TOU-D and EV2A. Each customer must continue to take service under the provisions of their OAS. A customer is not eligible to participate in the residential SmartRate program if the customer is taking service in the following manner: 1) through a residential master-metered rate schedule, 2) in conjunction with a net metering or standby rate schedule, 3) in conjunction with direct access or community choice aggregation service, or 4) as a Transitional Bundled Service under electric Rule 22.1. The residential SmartRate program operates year-round on any day of the week, but most events are expected to occur on summer weekdays. (T)

Customers will receive a bill protection transitional incentive to participate in the residential SmartRate program subject to meeting the qualification criteria (see Bill Protection section below).

The customer must have a SmartMeter™ system to participate in the residential SmartRate program. Upon the customer's request to participate and verification of eligibility by PG&E, the customer will be placed on the residential SmartRate program on the first day of the next Billing Cycle where the Billing Cycle start date occurs at least five business days after the date of the customer's request. A customer request that is received within five business days of the customer's next Billing Cycle will be placed on the residential SmartRate program in the following Billing Cycle.

TERRITORY: This schedule is available to customers in PG&E's electric service territory.

RATES: The customer will be billed for all regular charges applicable under the customer's OAS. Additional charges (based on usage during SmartDay™ High-Price Periods) and SmartRate credits will be determined according to the rates specified in this schedule. See "Definition of Time Periods" section below for specific SmartRate program time periods. The SmartRate program time periods may differ from traditional Time-Of-Use (TOU) periods on the customer's OAS. The additional energy charges applicable during SmartDay High-Price Periods and SmartRate Credits -will be determined as follows:

SmartDay High-Price Period Charge: The total effective energy charge on this schedule for usage during SmartDay High-Price Period will be the SmartDay High-Price Period Charge multiplied by the actual energy usage during the SmartDay High-Price Period.

SmartRate Credits: The customer taking service under Schedule E-RSMART will pay reduced total effective energy rates, through SmartRate Program and Participation credits for usage outside the SmartDay High-Price Period on SmartDays™ and all usage on those days within a bill period that are not declared as SmartDays. These credits are only applicable for bill periods in which at least one SmartDay occurs. The SmartRate Participation and Program credits are multiplied by the number of SmartDays in a bill period. The customer taking service under Schedule E-RSMART will pay reduced total effective energy rates, through (1) SmartRate Non High Price Period credits for usage outside the SmartDay High-Price Period on SmartDays and usage on those days that are not declared as SmartDays during the period from June 1 through September 30, and (2) SmartRate Participation credit for all usage as set forth below during the customer's Billing Cycle that includes any days from June 1 through September 30. **ELECTRIC SCHEDULE E-RSMART
RESIDENTIAL SMARTRATE PROGRAM**

Sheet 3

DEFINITION OF TIME PERIODS: **SmartDay Event Days** May be called year-round on any day of the week (although most events are expected to occur on summer weekdays).

SmartDay High-Price Period: 2:004:00 -p.m. to 7:009:00 p.m. (C)

Please refer to the sections of this schedule labeled "Program Operations" and "Notification and Trigger" for a complete description of how SmartDays will be determined, and how customers will be notified of those days when SmartDay High-Price Period charges will be in effect

METERING EQUIPMENT: Each participating customer account must have a SmartMeter™ system installed that can be remotely read by PG&E. Metering equipment (including remote communication device) must be in operation prior to participating in the program to ensure proper operation of the metering and communication equipment.

NOTIFICATION EQUIPMENT: At the customer's option and expense, it is recommended, but not required that the customer provide a cellular telephone number that is capable of receiving a SMS text message, or an e-mail address to receive automated notification messages of a SmartDay event from PG&E. ~~In addition, customers can have, at their expense, a cellular telephone that is capable of receiving a SMS text message to receive notification messages of a SmartDay event from PG&E.~~ (T)
(T)
(D)
↓
(D)

If a SmartDay event occurs, the customer will be notified by using one or more of the above-mentioned systems. Receipt of notice is the responsibility of the participating customer. PG&E will make best efforts to notify the customer, however it is the customer's responsibility to receive notice and to check the PG&E website to see if a SmartDay event has been activated and that their SmartRate notification information is accurate and current. PG&E does not guarantee the receipt of notification by the notification system, the e-mail system, or Internet site by which the customer receives notification.

**ELECTRIC SCHEDULE E-RSMART
RESIDENTIAL SMARTRATE PROGRAM**

Sheet 4

CONTRACTS: Customer's participation in this schedule will be in accordance with Electric Rule 12.

Customers may terminate their participation in the SmartRate program by providing notice to PG&E. Cancellation of the customer's participation in the SmartRate program will become effective on the next business day. PG&E reserves the right to terminate the SmartRate program upon thirty (30) days written notice and approval by the CPUC.

PROGRAM OPERATIONS:

A maximum of fifteen (15) SmartDay Event Days and a minimum of nine (9) SmartDay Event Days may be called in any calendar year. PG&E will notify customers by 24:00 p.m. on a day-ahead basis when a SmartDay Event Day will occur the next day.

(T)

NOTIFICATION AND TRIGGER:

PG&E will activate a SmartDay event when the day-ahead temperature forecast trigger is reached. The trigger will be the average of the day-ahead maximum temperature forecasts for San Jose, Concord, Red Bluff, Sacramento and Fresno.

Beginning May 1 of each summer season, the SmartDay Event Days on non-holiday weekdays will be triggered at 98 degrees Fahrenheit (°F), and will be triggered at 105°F on holidays and weekends. If needed, PG&E will adjust the non-holiday weekday trigger up or down over the course of the summer to achieve the range of 9 to 15 SmartDay Event Days in any calendar year. Such adjustments would be made no more than twice per month and would be posted on PG&E's website.

SmartDay events may also be initiated as warranted on a day-ahead basis by 1) extreme system conditions such as special alerts issued by the California Independent System Operator, 2) under conditions of high forecasted California spot market power prices, 3) to meet annual SmartDay Event Day limits for a calendar year, or 4) for testing/evaluation purposes.

PG&E will retain the sole discretion NOT to call a SmartDay event even if one or more of the above criteria are met.

PROGRAM TERM: The SmartRate program will remain open until terminated or superceded by action of the Commission.

BILLING: Monthly bills are calculated in accordance with the customer's OAS and the rates contained herein. The amount under the SmartRate program will appear on the customer's bill as an additional charge or credit.

BILL PROTECTION: Bill Protection: A customer will be provided with a bill protection transitional incentive through the first full Summer Season (May 1 through October 31)¹. Under the bill protection transitional incentive, the customer will not pay more under the SmartRate program than it would pay under its OAS for the first full summer and, if applicable, any preceding partial summer, during the initial bill protection period. Bill protection benefits will be computed on a cumulative basis at the end of each Summer Season and any applicable credits will be applied to the customer's account on the next regular bill.

(T)

If the customer terminates their participation in the SmartRate program before the end of the Summer season and during the initial bill protection period, the customer will receive bill protection up to the date the customer terminates its participation in the SmartRate program. Any applicable credits will be applied to the customer's account on the next regular bill following the end of their participation in the SmartRate program.

After the customer has completed its first full Summer season, bill protection will no longer apply. The customer will be notified twice that bill protection no longer applies by the following:

60 to 90 days before the customer's first Summer season without bill protection begins, and

During the month of May of the customer's first Summer season without bill protection.

These notices will be prepared in accordance with Ordering Paragraph 6 of Decision 06-07-027.

INTERACTION WITH OTHER DEMAND RESPONSE PROGRAMS: Pursuant to Decision 18-11-029, participants in the SmartRate program may no longer dual enroll in other demand response programs offered by PG&E or a third-party demand response provider. Participants who were dual enrolled in both SmartRate and SmartAC prior to October 26, 2018 may continue to participate in both programs at their subscribed megawatt level as of December 10, 2018, but shall not receive energy payment for performance under those programs during the SmartDay High-Price Period.

¹ The summer season (May 1 through October 31) as used for SmartRate bill protection purpose is different from the Summer season definition in the otherwise applicable schedule which for all eligible residential rate schedules are defined as June 1 to September 30.
