Advice 6562-E

(Pacific Gas and Electric Company U 39 E)

Public Utilities Commission of the State of California

Subject: Report in Compliance with Ordering Paragraph 1 of Decision 21-10-020

Purpose

This submittal provides information required by Ordering Paragraph (OP) 1 of Decision (D.) 21-10-020 regarding Pacific Gas and Electric Company's (PG&E) restoration, rebuilding, and reconstruction activities related to October 2021 Series of Storms.

Background

OP 1 of D.21-10-020 requires that:

In the event of a disaster, declared either by the Governor of California or the President of the United States, that also damages their facilities or leads to a service outage, Investor-Owned Utilities (IOUs) shall file a Tier 1 Advice Letter within 15 business days from when they are allowed into a disaster area to assess the damage to their facilities. IOUs shall file this Advice Letter with the Commission's Energy Division, with a copy sent to the Communications Division at TD._PAL@cpuc.ca.gov. The Advice Letter also must be provided to the appropriate local government contained within the disaster area, including the chief executive or leader of the city, township or Tribal government. In the case of an unincorporated area, the communication must be established with the appropriate County. In the case of Tribal governments, the Advice Letter must be provided to any Tribe(s) that have Tribal lands or ancestral territory overlapping with any portion of the disaster area. The Advice Letter shall include the following details:

- a. a report of what facilities or equipment was damaged.
- b. restoration and/or rebuild plans, including a description of what is being repaired, replaced, or added, and maps of where the restoration will occur.
- c. the date the investor-owned utility received access to the damaged area.
- d. the timeline to make repairs.
- e. any changes to any energy/communication infrastructure required; and

- f. the contact information of the individual responsible for community engagement in these instances.

On March 23, 2022, Governor Newsom proclaimed a State of Emergency in the counties of Amador, Butte, Contra Costa, Glenn, Humboldt, Lake, Marin, Mendocino, Monterey, Napa, Placer, Plumas, San Francisco, Solano, Sonoma, and Trinity due to a series of winter storms that occurred on or about October 21, 2021, and continuing for approximately one week. The information required by OP 1 is as follows:

- 1) Facilities / equipment damaged: The table below lists the equipment which was damaged and replaced during the service restoration process as of March 31, 2022

County	Conductor	CrossArm	Pole	Transformers	Other	Grand Total
Amador County	6	1	1		1	9
Butte County	43	14	23	11	21	112
Contra Costa County	68	18	22	23	17	148
Glenn County	3		1	2	2	8
Humboldt County	25	2	6	6	9	48
Lake County	8	2	1	2	2	15
Marin County	89	1	8	16	23	137
Mendocino County	16	1	1	3	4	25
Monterey County	35	14	12	5	14	80
Napa County	27	5	6	3	9	50
Placer County	48	28	23	9	17	125
San Francisco County	54	2	2	5	13	76
Solano County	23	14	1	6	13	57
Trinity County	2		1		1	4
Grand Total	447	102	108	91	146	894

- 2) Restoration / Rebuild Plans – PG&E began the service restoration as soon as it was safe to conduct the work and before the Governor’s March 23, 2022, Declaration. Service restoration was accomplished by replacing equipment on a like-for-like basis.
- 3) Date received access to damaged areas – PG&E was not under any restricted access at the request of government agency. However, access to the affected areas was limited by the volume of rain and number of downed trees.
- 4) Timeline to make repairs – PG&E completed service restoration to 337,088 customers as of October 28, 2021.
- 5) Changes to infrastructure – N/A. Service restoration was accomplished by replacing equipment on a like-for-like basis.
- 6) Contact information of community engagement – N/A. This was a service restoration activity accomplished by replacement of equipment on a like-for-like basis, not a rebuild effort.

Since this was a service restoration effort requiring immediate action, PG&E did not engage with community stakeholders prior to the restoration work as contemplated by OP 2 of D.21-10-020 prior to commencing the work. Accordingly, PG&E will not be submitting a second Advice letter as contemplated in OP 3.

Tariff Revisions

This submittal does not require any tariff revisions and would not increase any current rate or charge, cause the withdrawal of service, or conflict with any rate schedule or rule.

Protests

Anyone wishing to protest this submittal may do so by letter sent electronically via E-mail, no later than May 4, 2022, which is 20 days after the date of this submittal. Protests must be submitted to:
