**Subject: Supplemental: Update to Back of Bill Sample Form to Reflect New Fixed Recovery Charge and Customer Credit Definitions in Compliance with OP 41 of D.21-05-015**

**Purpose**

At the request of the Energy Division, Pacific Gas and Electric Company (PG&E) is submitting this supplemental advice letter to make a clarification to the original advice letter 4615-G/6610-E (the Original Advice Letter). Attachments and Tariff Revisions submitted with the Original Advice Letter remain unchanged.

**Background**

On May 31, 2022, PG&E submitted the Original Advice Letter to comply with requirements to update the definition section of the monthly customer bills to include information related to the Fixed Recovery Charge and Customer Credit. Ordering Paragraph (OP) 41 of Decision (D.) 21-05-015 (the Financing Order) requires PG&E to display the Fixed Recovery Charge as the "Recovery Bond Charge" and the Customer Credit as the "Recovery Bond Credit". OP41 provided PG&E with the discretion to either place this description (or definition) directly on the bill itself or at a uniform resource locator (URL) address on the bill to a PG&E website. If the descriptions are not on the bill itself, PG&E is required to include the descriptions in an annual bill insert.

**Discussion**

In this supplemental advice letter, PG&E clarifies that, in addition to the truncated version of the definition on the customer monthly bill and URL, PG&E will provide an annual bill insert to customers as required by the Financing Order. The timing of the first annual insert, and any subsequent annual inserts, will be determined based on an evaluation of availability, but the first annual insert will, in any event, be included in bills prior to June 2023.
