Advice 6648-E
(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

Subject: Routine Semi-Annual Advice Letter for Fixed Recovery Charges True-Up Mechanism

Pursuant to California Public Utilities Commission (CPUC) Decision (D.) 21-06-030 (the Financing Order or Decision), Pacific Gas and Electric Company (PG&E) as servicer of the Recovery Bonds (Recovery Bonds) and on behalf of PG&E Recovery Funding LLC (Special Purpose Entity), hereby applies for adjustment to the Fixed Recovery Charge for series A, Tranche(s) A-1, A-2, and A-3 of the Recovery Bonds.

Purpose

This submission maintains the Fixed Recovery Charges for rate schedules for Consumers, as set forth in the Decision and approved in the Issuance Advice Letter and Annual Advice Letter submitted in January 2022.

Background

In the Decision, the Commission granted PG&E authority to issue Recovery Bonds to finance certain costs and expenses related to catastrophic wildfires, including fire risk mitigation capital expenditures identified in subdivision (e) of Section 8386.3 of the Public Utilities Code, and associated financing costs.

Recovery Bonds are securities that are backed by the cash flows generated by a specific asset that has been sold by PG&E to the Special Purpose Entity that issued the Recovery Bonds secured by this asset. The asset sold is Recovery Property, a current property right that was created by Article 5.8 as the right, title and interest in and to all (i) Fixed Recovery Charges established pursuant to the Financing Order, including all rights to obtain adjustments, and (ii) revenues, collections, claims, payments, monies, or proceeds of or arising from the Fixed Recovery Charges that will cover debt service and all Ongoing Financing Cost, including any draws on the capital subaccount, as authorized in the Decision.

In the Decision, the Commission authorized PG&E to submit Routine True-Up Mechanism Advice Letters at least annually, before each March 1st, semi-annually if required by September 1, and more frequently as permitted in the Financing Order and deemed necessary by the servicer. These advice letters are intended to ensure that the actual revenues collected under the Fixed Recovery Charges will be sufficient to make all scheduled payments of Bond principal, interest, and other Ongoing Financing Costs on a timely basis during each of the two payment periods following the date of adjustment, and, in the case of semi-annual Routine True-Up Mechanism Advice Letters, to replenish any draws upon the capital subaccount. Routine True-Up Mechanism Advice Letter submissions are those where PG&E uses the cost allocation and rate design methodology and Fixed Recovery Charge and cash flow method (collectively, the “adjustment mechanism”) found reasonable by the Commission in the Decision to revise existing Fixed Recovery Charges.

Using the adjustment mechanism approved by the Commission in the Decision, this advice letter maintains the variables used in the Fixed Recovery Charge calculations and maintains the current Fixed Recovery Charges. We are not requesting a change at this time.

Table 1 shows estimated Ongoing Financing Costs for the next two payment periods to be paid on January 15, 2023 and July 15, 2023, respectively, and recovered through Fixed Recovery Charges in accordance with the Financing Order.
