Advice 6759-E

(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

Subject: Submittal of Electric Service Provider (ESP) Financial Security Requirements in Compliance with D.13-01-021, D.13-02-017, and D.13-04-001

Pacific Gas and Electric Company (PG&E) hereby submits its calculation of the financial security requirements for the Electric Service Providers (ESPs) serving customers within its service territory.

Purpose

In compliance with Ordering Paragraph (OP) 6 of Decision (D.) 13-01-021¹, this advice letter filing is to provide the California Public Utilities Commission (CPUC or Commission) with the updated ESP financial security requirements.

Background

On January 24, 2013, the Commission approved D.13-01-021 which adopted a methodology to derive incremental procurement costs for the financial security requirement and re-entry fees for an involuntary return of direct access (DA) residential and small commercial customers. On February 25, 2013, the Commission approved D.13-02-017, and on April 2, 2013, the Commission approved D.13-04-001. These two decisions corrected inadvertent technical errors in D.13-01-021. On January 10, 2014, Edward Randolph, Director of the Energy Division, issued an initial disposition letter on PG&E's Advice 4229-E, Southern California Edison's Advice 2903-E and San Diego Gas & Electric's Advice 2484-E, further clarifying the methodology for calculating the ESPs' financial security amounts.

OP 6 of D.13-01-021 requires the investor-owned utilities (IOUs) to update the applicable ESP financial security amounts by the 10th of May and November of each year and to submit them in a Tier 2 Advice Letter.

¹ As corrected by D.13-02-017, approved on February 25, 2013, and D.13-04-001, approved on April 2, 2013.

Attachment B contains a table showing, by ESP, the calculated financial security amount based upon the methodology adopted in Appendix 1 of D.13-01-021. The table has been redacted of any confidential ESP information. An unredacted version with the relevant supporting data and calculation of each respective ESP's financial security amount is included in Confidential Attachment C. A declaration supporting confidential treatment is found in Attachment A. Concurrent with submitting this advice letter to the Energy Division, PG&E will serve by electronic means on each applicable ESP a copy of this advice letter, with the relevant supporting data, redacted of any third party proprietary information, and the calculation of each respective ESP's FSR amount provided confidentially only to that specific ESP.

The version of this advice letter posted at www.pge.com is redacted.
