Advice 6812-E

(Pacific Gas and Electric Company U 39 E)

Public Utilities Commission of the State of California

Subject: Report in Compliance with Ordering Paragraph 1 of Decision 21-10-020

Purpose

This submittal provides information required by Ordering Paragraph (OP) 1 of Decision (D.) 21-10-020 regarding Pacific Gas and Electric Company's (PG&E) restoration, rebuilding, and reconstruction activities related to the Humboldt County Earthquake Event.

Background

OP 1 of D.21-10-020 requires that:

In the event of a disaster, declared either by the Governor of California or the President of the United States, that also damages their facilities or leads to a service outage, Investor-Owned Utilities (IOUs) shall file a Tier 1 Advice Letter within 15 business days from when they are allowed into a disaster area to assess the damage to their facilities. IOUs shall file this Advice Letter with the Commission's Energy Division, with a copy sent to the Communications Division at TD_PAL@cpuc.ca.gov. The Advice Letter also must be provided to the appropriate local government contained within the disaster area, including the chief executive or leader of the city, township or Tribal government. In the case of an unincorporated area, the communication must be established with the appropriate County. In the case of Tribal governments, the Advice Letter must be provided to any Tribe(s) that have Tribal lands or ancestral territory overlapping with any portion of the disaster area. The Advice Letter shall include the following details:

- a. a report of what facilities or equipment was damaged.
- b. restoration and/or rebuild plans, including a description of what is being repaired, replaced, or added, and maps of where the restoration will occur.
- c. the date the investor-owned utility received access to the damaged area.
- d. the timeline to make repairs.
- e. any changes to any energy/communication infrastructure required; and
- f. the contact information of the individual responsible for community engagement in these instances.

On December 20, 2022, Governor Gavin Newsom proclaimed a state of emergency for Humboldt County to support the emergency response to a 6.4 magnitude earthquake near the City of Ferndale. The earthquake has resulted in two fatalities and injured multiple people, caused power outages and damaged roads, bridges, buildings and critical infrastructure including water lines and gas lines.

The information required by OP 1 is as follows:

- 1) Facilities / equipment damaged – PG&E replaced the following damaged equipment during service restoration through December 21, 2022:

County	Conductor	CrossArm	Transformers	Other	Grand Total
Humboldt	20	2	2	7	31

- 2) Restoration / Rebuild Plans – PG&E began service restoration and replacement of equipment on a like-for-like basis on the same day of the event.
- 3) Date received access to damaged areas – PG&E received access on the same day of the event.
- 4) Timeline to make repairs – PG&E completed all repairs by December 21, 2022.
- 5) Changes to infrastructure – There are no changes to PG&E infrastructure.
- 6) Contact information of community engagement – Reno.Franklin@pge.com
