(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

**Subject: Supplemental: Report in Compliance with Ordering Paragraph 1 of
Decision 21-10-020**

Purpose

Pacific Gas and Electric Company (PG&E) respectfully submits this supplemental Advice Letter update to the cover letter submitted in Advice Letter (“AL”) 6891-E. The AL was submitted on March 22, 2023 as required by Ordering Paragraph (OP) 1 of Decision (D.) 21-10-020 regarding PG&E’s restoration, rebuilding, and reconstruction activities related to the Winter Storms Event. PG&E submits this supplemental Advice Letter to include additional impacted counties that were included in the State of Emergency Proclamation issued on March 28, 2023. This supplemental Advice Letter supplements the original Advice Letter but does not replace it in its entirety.

Background

OP 1 of D.21-10-020 requires that:

In the event of a disaster, declared either by the Governor of California or the President of the United States, that also damages their facilities or leads to a service outage, Investor-Owned Utilities (IOUs) shall file a Tier 1 Advice Letter within 15 business days from when they are allowed into a disaster area to assess the damage to their facilities. IOUs shall file this Advice Letter with the Commission’s Energy Division, with a copy sent to the Communications Division at TD._PAL@cpuc.ca.gov. The Advice Letter also must be provided to the appropriate local government contained within the disaster area, including the chief executive or leader of the city, township or Tribal government. In the case of an unincorporated area, the communication must be established with the appropriate County. In the case of Tribal governments, the Advice Letter must be provided to any Tribe(s) that have Tribal lands or ancestral territory overlapping with any portion of the disaster area. The Advice Letter shall include the following details:

- a. a report of what facilities or equipment was damaged.

- b. restoration and/or rebuild plans, including a description of what is being repaired, replaced, or added, and maps of where the restoration will occur.
- c. the date the investor-owned utility received access to the damaged area.
- d. the timeline to make repairs.
- e. any changes to any energy/communication infrastructure required; and
- f. the contact information of the individual responsible for community engagement in these instances.

On March 1, 2023, Governor Newsom proclaimed a statewide State of Emergency in Amador, Kern, Los Angeles, Madera, Mariposa, Mono, Nevada, San Bernardino, San Luis Obispo, Santa Barbara, Sierra, Sonoma, and Tulare counties due to the effects of a storm event. Beginning in late February, severe winter storms struck California, bringing damaging winds and historic precipitation, including snowfall in areas unaccustomed to snow. It is forecasted that additional storms will continue to threaten counties across California, bringing strong winds, blizzard conditions across the Sierra Nevada mountains, above normal precipitation, and unusually cold temperatures.

On March 8, 2023, Governor Newsom signed a State of Emergency adding Butte, El Dorado, Fresno, Humboldt, Imperial, Inyo, Lake, Mendocino, Merced, Monterey, Napa, Placer, Plumas, Sacramento, San Francisco, San Mateo, Santa Clara, Santa Cruz, Stanislaus, Tuolumne, and Yuba counties to the list of impacted counties as a result of the Winter Storms State of Emergency declared on March 1, 2023.

On March 12, 2023, Governor Newsom signed a State of Emergency adding Calaveras, Del Norte, Glenn, Kings, San Benito, and San Joaquin counties to the list of impacted counties as a result of the Winter Storms State of Emergency declared on March 1, 2023, and March 8, 2023

On March 14, 2023, Governor Newsom signed a State of Emergency adding Alpine, Orange, and Trinity counties to the list of impacted counties as a result of the Winter Storms State of Emergency declared on March 1, 2023, March 8, 2023, and March 12, 2023

On March 28, 2023, Governor Newsom issued another State of Emergency Proclamation expanding the impacted counties to Alameda, Marin, Modoc, and Shasta counties.

The information required by OP 1 is as follows:
