Advice 4755-G/6947-E

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

Subject: Notification of Addition of a New Event to Wildfire Expense Memorandum Account – 2022 Mosquito Fire

Purpose

As directed by the California Public Utilities Commission (Commission or CPUC) in Decision (D.) 18-06-029, Pacific Gas and Electric Company (PG&E) submits this Tier 1 advice letter to add the 2022 Mosquito Fire as a new wildfire event to the Wildfire Expense Memorandum Account (WEMA).

Background

On July 26, 2017, PG&E filed its WEMA Application (A.17-07-011) requesting authorization to establish a memorandum account for tracking incremental unreimbursed wildfire liability costs. On June 22, 2018, the Commission issued D.18-06-029, which established the WEMA as an ongoing account, not limited to a particular wildfire event.

The Commission ordered PG&E to notify the Commission via Tier 1 Advice Letter whenever a new event is added to the WEMA.¹ Through this Advice Letter, PG&E notifies the Commission that it is adding the 2022 Mosquito Fire as a new wildfire event to the WEMA and may track incremental costs of that event as authorized by D.18-06-029 and PG&E's applicable WEMA tariffs. The WEMA is a tracking account only. PG&E seeks no cost recovery through this notification.

Tariff Revisions

This submittal would not increase any current rate or charge, cause the withdrawal of service, or conflict with any rate schedule or rule.
