**Advice 4789-G/7008-E**  
(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

**Subject: Quitclaim of a Gas and Electric Distribution Easement in the City of Fresno – Request for Approval Under Section 851 and General Order 173**

**Purpose**

The purpose of this advice letter is to quitclaim an easement to facilitate a development project, which will include donation of a home to support the St. Jude Children’s Research Hospital in Fresno.

Pacific Gas and Electric Company (PG&E) requests California Public Utilities Commission (CPUC or Commission) approval under Public Utilities Code Section 851 and General Order 173 to issue the Easement Quitclaim Deed attached hereto as Attachment 1. The easement being quitclaimed allowed PG&E to install distribution gas and electric facilities for this development project. The facilities originally installed within the easement will now be largely located within public utility easements (PUEs) on private property with some facilities located in the public right of way at crossings.

PG&E has determined that the Quitclaim does not interfere with PG&E’s operations or PG&E’s ability to provide safe and reliable utility service. In addition, this Quitclaim will not be adverse to the public interest.

**Background**

PG&E acquired the Easement Deed (recorded as Document No. 2023-0029474, Fresno County Records) on March 24, 2023 to provide new gas and electric distribution facilities and services for a development located at the southwest intersection of East Clinton Avenue and North Armstrong Avenue in the City of Fresno (the Housing Development). The Housing Development includes a home that will be offered in a Home Giveaway Campaign supporting St. Jude Children’s Research Hospital. Due to the timing constraints of the Housing Development project, PG&E obtained an easement in gross to allow for the installation and energization of its facilities before the property owner DYP 6400, L.P. (Property Owner) was able to dedicate PUEs and public roads for PG&E’s use via the final tract map.

In order to now accept the final tract map for recordation, the City of Fresno requires that PG&E's existing easement either be represented on the map or quitclaimed. In order to facilitate the timely donation of a home for the St. Jude campaign, PG&E is quitclaiming the Easement Deed concurrently with the map recordation. Under the new arrangement, the majority of PG&E's facilities at the Housing Development will be within PUEs. A small portion of PG&E's facilities will be located within the public roads (via PG&E's franchise agreement with the City of Fresno) where PG&E would be subject to relocation at its own expense for any future public projects.

PG&E has reviewed the PUEs and public road rights of way created by the new Tract Map and has determined that the Quitclaim is in the public interest, because it allows for the tract map to be recorded without sacrifice to PG&E's provision of safe and reliable utility service to its customers and allows the disposition of the St. Jude Home Giveaway house. For all of the above reasons, PG&E requests that the Commission approve this Section 851 advice letter to quitclaim these distribution rights.

### **Tribal Lands Policy**

The Tribal Lands Policy does not apply to this transaction because PG&E is not transferring a fee interest in real property.<sup>1</sup>

### **Other Information**

In accordance with General Order 173, Rule 4, PG&E provides the following information related to the proposed transaction:

<sup>1</sup> On December 5, 2019, the Commission adopted a policy titled, "Investor-Owned Utility Real Property – Land Disposition - First Right of Refusal for Disposition of Real Property Within the Ancestral Territories of California Native American Tribes" (Policy). The Policy directs investor-owned utilities to (1) notify the appropriate local Native American Tribes of any proposed dispositions of utility-owned real property that are subject to Section 851 and (2) to allow 90 days for the Tribes to respond as to their interest in purchasing the subject real property. Resolution E-5076, effective January 14, 2021, adopted Guidelines to Implement the CPUC Tribal Land Policy (Guidelines). Section 1.3.d of the Guidelines states that "disposition" means the transfer, sale, donation, or disposition by any other means of a fee interest in real property.

**(b) Complete Description of the Property Including Present Location, Condition and Use:**

The approximately 12 acre Housing Development parcel is in a residential area in the City of Fresno, located at the Southwest corner of North Armstrong Avenue and East Clinton Avenue (the Property).

**(c) Intended Use of the Property:**

The Property is being developed to provide housing. One future home within the Property will be offered in a Home Giveaway Campaign supporting St. Jude Children's Research Hospital.

**(d) Complete Description of Financial Terms of the Proposed Transaction:**

The easement to be quitclaimed was obtained at no cost to PG&E, as part of the Property Owner's request for service to the Housing Development. PG&E did not collect an administrative fee for preparation of the Quitclaim, as it was an anticipated part of the service plan for the Housing Development.

**(e) Description of How Financial Proceeds of the Transaction Will Be Distributed:**

Not applicable.

**(f) Statement on the Impact of the Transaction on Ratebase and Any Effect on the Ability of the Utility to Serve Customers and the Public:**

Upon CPUC approval of the Quitclaim, PG&E and its ratepayers will be subject to relocation at our expense for the portion of these facilities operating in the public rights of way.

**(g) The Original Cost, Present Book Value, and Present Fair Market Value for Sales of Real Property and Depreciable Assets, and a Detailed Description of How the Fair Market Value Was Determined (e.g., Appraisal):**

Not applicable.

**(h) The Fair Market Rental Value for Leases of Real Property, and a Detailed Description of How the Fair Market Rental Value Was Determined:**

Not applicable.

**(i) The Fair Market Value of the Easement or Right-of-Way, and a Detailed Description of How the Fair Market Value Was Determined:**

Given that PG&E has held the easement for only five months (having intended to quitclaim it once the tract map was recorded), we obtained it at no cost to PG&E or its ratepayers, and our facilities can continue to operate within the PUEs and roads dedicated for utility and public use, PG&E chose not to engage an appraiser to value the easement and will not be charging the Property Owner a fee for the quitclaim.

**(j) A Complete Description of any Recent Past (Within the Prior Two Years) or Anticipated Future Transactions that May Appear To Be Related to the Present Transaction:**

Other than the ongoing development of the Property for housing, PG&E is not aware of any recent past or anticipated future transactions that are related to the present transaction.

**(k) Sufficient Information and Documentation (Including Environmental Information) to Show that All of Eligibility Criteria Set Forth in Rule 3 of General Order 173 are Satisfied:**

PG&E has provided information in this Advice Letter to satisfy the eligibility criteria under General Order 173 in that:

- The activity proposed in the transaction will not require environmental review by the CPUC as a Lead Agency;
- The transaction will not have an adverse effect on the public interest or on the ability of PG&E to provide safe and reliable service to its customers at reasonable rates;
- The transaction will not materially impact the ratebase of PG&E; and
- The transaction does not warrant a more comprehensive review that would be provided through a formal Section 851 application.

**(l) Additional Information to Assist in the Review of the Advice Letter:**

PG&E does not believe any additional information is necessary for the review of the Advice Letter.

**(m) Environmental Information:**

Pursuant to General Order 173, the Advice Letter program applies to proposed transactions that will not require environmental review by the CPUC as a lead agency under the California Environmental Quality Act ("CEQA") either because: (a) a statutory or categorical exemption applies (the applicant must provide a Notice of Exemption from the Lead Agency or explain why an exemption applies), or (b) because the transaction is not a project under CEQA (the applicant must explain the reasons why it believes that the transaction is not a project), or (c)

because another public agency, acting as the Lead Agency under CEQA, has completed environmental review of the project, and the Commission is required to perform environmental review of the project only as a Responsible Agency under CEQA.

The above transaction will not require environmental review by the CPUC as a lead agency under CEQA, because the City of Fresno is acting as the Lead Agency and has completed an environmental review of the project. The City's notice of intent to adopt a mitigated negative declaration is available at <https://ceqanet.opr.ca.gov/2022070213>.

**EASEMENT DEED**

DYP 6400 L.P., a California limited partnership,

hereinafter called Grantor, hereby grants to PACIFIC GAS AND ELECTRIC COMPANY, a California corporation, hereinafter called Grantee, the right from time to time to excavate for, construct, reconstruct, replace (of initial or any other size), remove, maintain, inspect, and use facilities and associated equipment for public utility purposes, including, but not limited to electric, gas, and communication facilities, together with a right of way therefor, on and under the easement area as hereinafter set forth, and also ingress thereto and egress therefrom, over and across the lands of Grantor situated in the unincorporated area of the County of Fresno, State of California, described as follows:

(APN 574-050-02)

The parcel of land described in the deed from Team 5 Properties, Inc., to Grantor dated August 1, 2022 and recorded as Document No. 2022-0100249, Fresno County Records.

The easement area is described as follows:

The strips of land of the uniform width of 10 feet, the center lines of which are delineated by the heavy dashed lines shown upon the prints of Grantee's Drawing No. 35383525 attached hereto and made a part hereof.

Grantee agrees that on receiving a request in writing, it will at Grantor's expense, survey, prepare and record a "Notice of Final Description" referring to this instrument and setting forth a description of said strips of land.

Utility Distribution Easement (02/2020)

Grantor further grants to Grantee the right, from time to time, to trim or to cut down, without Grantee paying compensation, any and all trees and brush now or hereafter within said easement area, and shall have the further right, from time to time, to trim and cut down trees and brush along each side of said easement area which now or hereafter in the opinion of Grantee may interfere with or be a hazard to the facilities installed hereunder, or as Grantee deems necessary to comply with applicable state or federal regulations.

Grantor also grants to Grantee the right to use such portion of said lands contiguous to said easement area as may be reasonably necessary in connection with the excavation, construction, reconstruction, replacement, removal, maintenance and inspection of said facilities.

Grantor hereby covenants and agrees not to place or construct, nor allow a third party to place or construct, any building or other structure, or store flammable substances, or drill or operate any well, or construct any reservoir or other obstruction within said easement area, or diminish or substantially add to the ground level within said easement area, or construct any fences that will interfere with the maintenance and operation of said facilities.

Grantor further grants to Grantee the right to apportion to another public utility (as defined in Section 216 of the California Public Utilities Code) the right to excavate for, construct, reconstruct, replace, remove, maintain, inspect, and use the communications facilities within said easement area including ingress thereto and egress therefrom.

Grantor acknowledges that they have read the "Grant of Easement Disclosure Statement", Exhibit "A", attached hereto and made a part hereof.

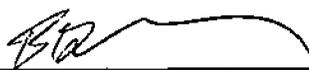

The legal description herein, or the map attached hereto, defining the location of this utility distribution easement, was prepared by Grantee pursuant to Section 8730(c) of the Business and Professions Code.

This document may be executed in multiple counterparts, each of which shall be deemed an original, but all of which, together, shall constitute one and the same instrument.

The provisions hereof shall inure to the benefit of and bind the successors and assigns of the respective parties hereto, and all covenants shall apply to and run with the land.

Dated: March 24, 2023.

Utility Distribution Easement (02/2020)

**Pacific Gas and Electric Company****EXHIBIT "A"****GRANT OF EASEMENT DISCLOSURE STATEMENT**

This Disclosure Statement will assist you in evaluating the request for granting an easement to Pacific Gas and Electric Company (PG&E) to accommodate a utility service extension to PG&E's applicant. **Please read this disclosure carefully before signing the Grant of Easement.**

- You are under no obligation or threat of condemnation by PG&E to grant this easement.
- The granting of this easement is an accommodation to PG&E's applicant requesting the extension of PG&E utility facilities to the applicant's property or project. Because this easement is an accommodation for a service extension to a single customer or group of customers, PG&E is not authorized to purchase any such easement.
- By granting this easement to PG&E, the easement area may be used to serve additional customers in the area and **may be used to install additional utility facilities**. Installation of any proposed facilities outside of this easement area will require an additional easement.
- Removal and/or pruning of trees or other vegetation on your property may be necessary for the installation of PG&E facilities. You have the option of having PG&E's contractors perform this work on your property, if available, or granting permission to PG&E's applicant or the applicant's contractor to perform this work. Additionally, in order to comply with California fire laws and safety orders, PG&E or its contractors will periodically perform vegetation maintenance activities on your property as provided for in this grant of easement in order to maintain proper clearances from energized electric lines or other facilities.
- The description of the easement location where PG&E utility facilities are to be installed across your property must be satisfactory to you.
- The California Public Utilities Commission has authorized PG&E's applicant to perform the installation of certain utility facilities for utility service. In addition to granting this easement to PG&E, your consent may be requested by the applicant, or applicant's contractor, to work on your property. Upon completion of the applicant's installation, the utility facilities will be inspected by PG&E. When the facility installation is determined to be acceptable the facilities will be conveyed to PG&E by its applicant.

By signing the Grant of Easement, you are acknowledging that you have read this disclosure and understand that you are voluntarily granting the easement to PG&E. Please return the signed and notarized Grant of Easement with this Disclosure Statement attached to PG&E. The duplicate copy of the Grant of Easement and this Disclosure Statement is for your records.
