Advice 4093-G/5529-E

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

**Subject: Quarterly Notice on the Energy Data Request and Release Process,
Per Decision 14-05-016**

Purpose

In compliance with California Public Utilities Commission (Commission or CPUC) Decision 14-05-016, *Decision Adopting Rules to Provide Access to Energy Usage and Usage-Related Data While Protecting Privacy of Personal Data* (“the Decision”), Pacific Gas and Electric Company (PG&E) submits this Tier 1 advice letter pursuant to Ordering Paragraph 9 of the Decision to “publicly note the transfer of information, amend its tariffs, and update the Data Catalog.”

Background

On May 5, 2014, the Commission issued the Decision, which adopted rules that provide access to energy usage and usage-related data to local governments, academic researchers, and state and federal agencies when such access is consistent with state law and the CPUC’s Privacy Rules. To facilitate this data access, the Commission adopted a Data Request and Release Process (DRRP) that PG&E must follow when receiving and fulfilling requests for data covered by the Decision. On September 2, 2014, the Commission approved PG&E’s compliance Advice Letter 3501-G/4468-E implementing the DRRP, effective August 29, 2014.

On December 1, 2014, PG&E implemented its energy data request portal. The web portal is referred to as the Energy Data Request Program (EDRP), which has three primary functions: 1) publishing quarterly customer energy usage reports by ZIP code, 2) enabling an online request intake process for qualified parties to request energy usage data from PG&E, and 3) providing information regarding the Energy Data Access Committee (EDAC) meetings.¹

¹ The EDAC was formed pursuant to D.14-05-016, OPs 10 and 11.

Quarterly Notice of Transfer of Information for Q1 2019

From January 1 through March 30, 2019, PG&E fulfilled 6 data requests. Five from Local Governments and one from the California Department of Community Services and Development (CSD):
