Advice 4241-G/5812-E

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

**Subject: Statewide Marketing, Education and Outreach for April 1, 2020
through December 31, 2021 Contract Amendment #7 Extension and
Incremental Budget Addition**

Purpose:

Pursuant to Ordering Paragraph(s) (OP) 1 and 2 of Decision (D.) 20-03-026, Pacific Gas and Electric Company (PG&E) hereby submits an amendment to the statewide marketing, education, and outreach (SW ME&O) contract, (Contract), for the implementer of SW ME&O to complete its responsibilities for Phase 1 of D.17-12-023, Deliverables 1 through 3, of the Strategy and Content Development Work for statewide rate reform marketing, education and outreach, as directed in D.20-03-026.

Background:

This Tier 2 Advice Letter is submitted in compliance with OP 1 and 2 of Commission Decision 20-03-026, which require Pacific Gas and Electric Company (PG&E) to propose specific amendments to its agreement with DDB San Francisco, a division of DDB Worldwide Communications Group, Inc. (DDB) to provide Strategy and Content Development Work in support of the transition of residential customers to time-of-use rates. Under the proposed amendments, DDB will request CPUC approval for work and submit invoices for work against the original budget as DDB has done under the original Program Agreement and budget, and it is the CPUC's responsibility and discretion to approve or disapprove the work and invoices.

The Contract 7th Amendment is being submitted as an attachment to this Tier 2 Advice Letter to the Commission's Energy Division.

Expenditures for the extension and incremental budget for the agreement with DDB San Francisco, a division of DDB Worldwide Communications Group, Inc. will be allocated as follows: Pacific Gas and Electric Company 45%, Southern California Edison Company 43%, and San Diego Gas & Electric Company 12%.

Pacific Gas and Electric Company, Southern California Edison Company, and San Diego Gas & Electric Company shall each track expenditures for statewide residential rate reform marketing education and outreach in their respective Residential Rate Reform Memorandum Accounts.

The submittal of the DDB contract amendment would not increase any current rate or charge, cause the withdrawal of service, or conflict with any rate schedule or rule. The costs associated with the work given to DDB in the decision will roll into rates in the future.

COVID-19 Addendum

COVID-19. The Parties acknowledge that they are entering into this agreement with knowledge of the existing global COVID-19 pandemic. Despite the existence of the pandemic, the Parties currently believe that they can perform their respective obligations under this contract. The Parties recognize that during performance of the contract, the pandemic and associated governmental actions might result in further work restrictions, office closures, restricted hours, shortages of equipment and materials, lockdowns and the like which could temporarily interfere with the Parties' ability to perform their obligations under this contract. If a Party experiences such a delay, it shall provide prompt written notice to the other Party of the fact of delay and of the circumstances delaying performance, and shall continue to keep the other Party updated. The Parties agree to cooperate with each other and to employ reasonable mitigation measures to minimize the delay and its effects, including but not limited to negotiation of reasonable contract change orders if necessary.

Attachment 2

SEVENTH AMENDMENT TO THE AGREEMENT BETWEEN PACIFIC GAS AND ELECTRIC COMPANY AND DDB SAN FRANCISCO

This Seventh Amendment to the October 17, 2016, Statewide Marketing Education and Outreach (Statewide) Program Agreement (Program Agreement) between Pacific Gas and Electric Company (PG&E) and DDB San Francisco, a division of DDB Worldwide Communications Group Inc. ("DDB-San Francisco", "Contractor" or "Implementer"), is made on _____ 2020 (the "Effective Date") and is subject to approval by the California Public Utilities Commission ("CPUC" or "Commission") of the Tier 2 Advice Letter filed by PG&E on or about thirty calendar days after the effective date of CPUC Decision No. (D.) 20-03-026.

All terms defined in the Program Agreement shall have the same meaning in this Seventh Amendment, unless otherwise stated.

WHEREAS:

- A. CPUC D.12-05-015, D.13-12-038, and D.16-09-020 provide the strategy and development requirements for the Statewide ME&O Program for the EUC Campaign. D.13-12-038 outlines the Statewide ME&O Program for the EUC Campaign governance structure and funding and specifically ordered that PG&E serve as fiscal agent. The CPUC is responsible for all other performance obligations of Implementer in the SOW and as the Commission directs pursuant to D.12-05-015, D.13-12-038, and D.16-09-020, and remains responsible for all other obligations to DDB San Francisco under the Program Agreement.
- B. Pursuant to D.16-09-020, PG&E and DDB San Francisco executed the Program Agreement for DDB San Francisco's services as Implementer of the Commission's EUC program on October 17, 2016. On October 17, 2016 PG&E submitted the Agreement, in the amount of \$68,186,032 and with a Scope of Work for the Statewide ME&O Program for the EUC Campaign (ME&O EUC-SOW), to the CPUC's Energy Division (ED). The Program Agreement, which sets forth the terms, conditions and obligations of each party as it applies to this Amendment, was approved by the CPUC through its Energy Division on June 26, 2017.
- C. Program Agreement Amendment #1 affirmed that, subject to the applicable third-party rights, the investor-owned utilities (IOUs) shall own the deliverables produced under the Program Agreement and granted the CPUC unrestricted access and use rights to these deliverables for governmental and regulatory purposes.
- D. Program Agreement Amendment #2 expanded DDB San Francisco's services to include producing a Deliverable 1 for the Strategy and Content Development Work for the Statewide ME&O Residential Rate Reform Program (RRR Work). Amendment #2 also added funding in the amount of \$1,383,500 to complete this Deliverable 1 per Commission decision D.17-12-023.
- E. Program Agreement Amendment #3, in the amount of \$28,063,656, added a Deliverable 2 and Deliverable 3 to the RRR Work authorized in Amendment #2, with a cap amount of

\$31.7 million based upon DDB San Francisco's RRR Work through September 30, 2019 as provided in D. 17-12-023.

- F. Program Agreement Amendment #4: i) extends the Agreement and its ME&O EUC SOW for DDB to serve as Implementer until December 31, 2021, ii) maintains the ME&O EUC Budget for the Extension Period at the current annual level plus an additional three months in 2021 (October, November, and December), and iii) allocates among the IOUs the ME&O EUC Budget used during the Extension Period according to the percentages approved by the Commission.
- G. Program Agreement Amendment #5 corrects an error in the budget allocation chart in the "Budget for Extension Period" section of the Fourth Amendment, Attachment #1. The chart showed a budget allocation of \$34,543,128.66 for Marketing and Education during the extension period; the correct figure is \$33,543,128.66.
- H. Program Agreement Amendment #6 extended the completion of Deliverables 1, 2, and 3 of the RRR Work until March 31, 2020, with no increase in the RRR Work budget cap amount of \$31.7 million that was approved in Program Agreement Amendment #3 for RRR Work.
- I. D.20-03-026 ordered PG&E and the IOUs to continue DDB performing RRR Work in support of the transition of residential customers to time-of-use rates until December 31, 2021, with an incremental budget not to exceed \$13,306,004, provided DDB's RRR Work for the rollout of the default residential time-of-use rates in both PG&E and SCE territories complies with all the terms and conditions in D.20-03-026.

Therefore, the Parties agree as follows:

1. To extend DDB's RRR Work support of the transition of residential customers to time-of-use (TOU) rates from April 1, 2020 until December 31, 2021 under the Program Agreement.
2. To add an incremental budget not to exceed \$13,306,004 to the Program Agreement in consideration of DDB to support the transition of residential customers to TOU rates by placing creative content in 2020 and 2021, optimizing and adapting existing creative content based on an evaluator's findings of the impact of the content during San Diego Gas & Electric's rollout of default residential time-of-use rates, generally refreshing creative content for PG&E and Southern California Edison Company (SCE) territories, updating and maintaining multicultural content, coordinating community-based organizations (CBO) efforts, and continuing coordination with the Commission and other stakeholders, subject to a public workshop and stakeholder collaboration among DDB, the investor-owned utilities (IOUs), the Working Group, Community Choice Aggregators and CBOs to ensure that DDB's CBO programs and activities are coordinated with and do not duplicate or conflict with the IOUs' existing and planned CBO marketing, education, and outreach (ME&O) programs and activities, especially those associated with the IOUs' default time-of-use ME&O outreach, collaboration and messaging.
3. That DDB's incremental budget shall sustain its efforts for the rollout of default residential time-of-use rates in both PG&E and SCE territories.

4. That DDB shall report to the Commission's Energy Division and the IOUs on a monthly basis, beginning May 1, 2020, on expenditures and projections that are made under the extended agreement to provide Strategy and Content Development Work in support of the transition of residential customers to time-of-use rates and incurred in the previous calendar month.
5. That DDB shall apply any incremental budget for community-based organizations in a manner that aligns with the timing of the rollout of default residential time-of-use rates in both PG&E and SCE territories. To ensure further alignment to address the Commission's concerns regarding duplication of efforts and having a broad and diverse selection, DDB shall seek input from the Working Group in the evaluation and selection of CBOs prior to contract awards.
6. That DDB shall report on the following to the service list, Energy Division staff, other Commission staff, and the IOUs as requested on a regular basis:
 - i. Information on DDB CBO event attendance and other activities.
 - ii. Samples of materials used when working with CBOs or provided to CBOs.
 - iii. Steps taken by DDB to ensure that DDB CBO activities are coordinated with, and not duplicative of, activities of SCE and PG&E CBOs.
 - iv. Steps taken to ensure that CBO contracts are sufficiently flexible to accommodate changes in the time-of-use rollout schedule through the end of the DDB contract.
7. Unless expressly modified by this Seventh Amendment, the provisions of the Program Agreement and the first, second, third, fourth, fifth, and sixth Amendments remain in full force and effect.
8. This Seventh Amendment will be submitted as a Tier 2 Advice Letter by PG&E to the CPUC, and the effectiveness of the Seventh Amendment is subject to the express condition precedent of approval of the Seventh Amendment by the CPUC.

IN WITNESS WHEREOF, this Seventh Amendment has been duly signed by the duly authorized representatives of the Parties hereto as of the Effective Date.
