Advice 4292-G-A/5910-E-A

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

Subject: Supplemental: Modification to Electric Preliminary Statement Part HO, Gas Preliminary Statement Part EF, Electric Preliminary Statement Part EF, and Gas Preliminary Part BA Pursuant to Decision 19-12-021

Purpose

Pursuant to Decision (D.) 19-12-021, Pacific Gas and Electric Company (PG&E) submitted Advice Letter (AL) 4292-G/5910-E on August 10, 2020, to modify Electric Preliminary Statement Part HO, Statewide Energy Efficiency Balancing Account – Electric (SWEEBA-E); Gas Preliminary Statement Part EF, Statewide Energy Efficiency Balancing Account – Gas (SWEEBA-G); Electric Preliminary Statement Part EF, Procurement Energy Efficiency Revenue Adjustment Mechanism (PEERAM); and Gas Preliminary Statement Part BA, Public Purpose Program Surcharge – Energy Efficiency (PPP-EE).

This supplemental advice letter replaces both the clean and redline versions of Electric Preliminary Statement Part HO and Gas Preliminary Statement Part EF that were originally submitted in AL 4292-G/5910-E.

Background

On December 12, 2019, the California Public Utilities Commission (CPUC) issued D.19-12-021 on the framework for energy efficiency regional energy networks (RENs) and market transformation initiatives. The decision adopts most of the market transformation initiatives framework proposed by the California Energy Efficiency Coordinating Committee Market Transformation Working Group (MTWG), including, formation and composition of the Market Transformation Advisory Board, selection of an independent Market Transformation Administrator (MTA), budgets, cost-effectiveness requirements, and savings goal setting and goal attribution. The decision also orders PG&E to act as the statewide lead and contracting and fiscal agent responsible for selection and administration of the MTA.

Ordering Paragraph (OP) 12 of D.19-12-021 orders PG&E, San Diego Gas & Electric Company, Southern California Edison, and Southern California Gas Company to utilize the existing statewide energy efficiency program balancing accounts to record revenue and expenditures related to the market transformation activities outlined in that decision.

On August 10, 2020, PG&E submitted Tier 1 AL 4292-G/5910-E to modify two electric and two gas preliminary statements. For the purpose of separately tracking the MTA activity, the SWEEBA-E and SWEEBA-G preliminary statements were modified to establish a new subaccount, the Market Transformation (MT) Subaccount, to record PG&E's portion of the adopted annual budget allocated to the market transformation activities and remittance from other IOUs against the actual expenses for market transformation activities for which PG&E acts as the statewide lead and contracting and fiscal agent. Electric Preliminary Statement Part EF, Procurement Energy Efficiency Revenue Adjustment Mechanism (PEERAM) was modified to track the electric portion of revenues against the electric portion of the authorized revenue requirement associated with the market transformation activities. Gas Preliminary Statement Part BA, Public Purpose Program Surcharge – Energy Efficiency (PPP-EE) was modified to record the gas portion of authorized revenue requirement associated with the market transformation activities.

The clean versions of Electric Preliminary Statement Part HO and Gas Preliminary Statement Part EF included in AL 4292-G/5910-E inadvertently omitted part of subsection A. Lead Program Administrator Subaccount in section 5. Accounting Procedure. The redline versions of both preliminary statements were correct. There was no impact to Electric Preliminary Statement Part EF or Gas Preliminary Statement Part BA included in AL 4292-G/5910-E.

In addition, PG&E has added the followings sentences to Electric Preliminary Statement Part HO and Gas Preliminary Statement Part EF respectively:

- The corresponding debit entry for revenue requirement (RRQ) is defined in PG&E's electric Preliminary Statement Part EF, Item 5b;
- The corresponding debit entry for revenue requirement (RRQ) is defined in PG&E's gas Preliminary Statement Part BA, Item 7b;

Tariff Revisions

The following Preliminary Statements are attached to this advice letter:

1. Electric Preliminary Statement Part HO, Statewide Energy Efficiency Balancing Account – Electric (SWEEBA-E).
2. Gas Preliminary Statement Part EF, Statewide Energy Efficiency Balancing Account – Gas (SWEEBA-G).

Protests

Pursuant to CPUC General Order 96-B, Section 7.5.1, PG&E hereby requests the protest period be waived.

Effective Date

PG&E requests that this Tier 1 advice submittal be effective on August 10, 2020, concurrent with original Advice Letter 4292-G/5910-E.
