Advice 4432-G/6194-E

(Pacific Gas and Electric Company U 39 M)

Public Utilities Commission of the State of California

**Subject: Medium and Large Commercial and Industrial COVID-19
Disconnection Moratorium Memorandum Account**

Purpose

The purpose of this Tier 2 advice letter is to establish Pacific Gas & Electric's (PG&E) Medium and Large Commercial and Industrial COVID-19 Disconnection Moratorium Memorandum Account (ML-CDMMA) in compliance with Ordering Paragraph (OP) 1 of the California Public Utilities Commission's (CPUC or the Commission) Decision (D.) 21-04-015.

Background

On April 15, 2021, the Commission adopted D.21-04-015, which adopted a COVID-19 disconnection moratorium for medium-large commercial and industrial electric and natural gas customers of PG&E, Southern California Edison Company, San Diego Gas & Electric Company, and Southern California Gas Company (collectively, the IOUs).

OP 1 directs each IOU to file a Tier 2 advice letter, within 30 days upon the effective date of the decision, establishing their respective Medium-Large Commercial and Industrial COVID-19 Disconnection Moratorium Accounts.

PG&E attests that the costs that will be recorded into the memorandum accounts have not been included in or anticipated by the utility's general rate case (GRC) or any other ratemaking application. Therefore, these costs are incremental and have not been recorded in any other authorized memorandum or balancing account.

Costs attributed specifically to electric service will be recorded to the electric account and costs attributed specifically to gas service will be recorded to the gas account. General costs that cannot be attributed specifically either to providing electric service or gas service will be allocated 55% electric and 45% gas, which is representative of PG&E's electric and gas customers historically.

The disposition of the balances in these accounts will be addressed in a future GRC proceeding, or other application or proceeding. Upon review and approval by the CPUC, PG&E will transfer the ML-CDMMA balances to the appropriate electric and gas balancing accounts, as may be directed by the Commission, for recovery in rates.

Tariff Revisions

Establish Electric Preliminary Statement Part IW, Medium and Large Commercial and Industrial COVID-19 Disconnection Moratorium Memorandum Account – Electric (ML-CDMMA-E) to track incremental expense related to the implementation of the moratorium, incremental financing costs, and incremental uncollectibles expense for eligible customers during the effective period.

Establish Gas Preliminary Statement Part FP, Medium and Large Commercial and Industrial COVID-19 Disconnection Moratorium Memorandum Account – Gas (ML-CDMMA-G) to track incremental expense related to the implementation of the moratorium, incremental financing costs, and incremental uncollectibles expense for eligible customers during the effective period.

Rates

CPUC approval of this submittal would not increase any current rate or charge, cause the withdrawal of service, or conflict with any rate schedule or rule.
