Advice 4522-G/6389-E

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

Subject: PG&E's 2022 Base Revenue Requirements Effective January 1, 2022**Purpose**

Pacific Gas and Electric Company (PG&E or the Company) submits this Tier 1 advice letter updating its 2022 base revenue requirements effective January 1, 2022, as approved by the California Public Utilities Commission (Commission or CPUC) for the following items:

Amounts in Thousands				
<u>Line No.</u>	<u>Revenue Requirements (\$000s)</u>	<u>2022 GRC</u>	<u>2022 Pension¹</u>	<u>Total</u>

Note: Some totals may not add precisely due to rounding.

[1] The 2022 Pension revenue requirement reflected above remains unchanged from 2021. As approved in Advice 3915-G/5195-E on January 8, 2018, the data to calculate the annual pension revenue requirement is not available until after the first of the year. Once available, PG&E will file an advice letter to update the 2022 pension revenue requirement. The base revenue requirements table will also be updated at that time to reflect the 2022 Pension revenue requirement.

Attachment 1 includes the Rolling Revenue Requirement Report updated for these 2022 base revenue requirements.

Background**2020 General Rate Case**

On December 13, 2018 PG&E filed its 2020 General Rate Case Application (A.18-12-009), including proposed electric and gas distribution and electric generation revenue requirements. On December 20, 2019, PG&E filed a joint settlement in PG&E's 2020-2022 GRC, Joint Motion of the Public Advocates Office, The Utility Reform Network, Small Business Utility Advocates, Center for Accessible Technology, The National Diversity Coalition, Coalition of California Utility Employees, California City County Street Light Association, The Office of the Safety Advocate and Pacific Gas and Electric Company. On December 11, 2020, the Commission issued a Final Decision (D.20-12-005) in PG&E's 2020 GRC. Those revenue requirements are reflected in Attachment 1 of this advice letter - *Adopted Rolling Revenue Requirements Report*.

Revenue, Fees and Uncollectibles Expense

Decision 20-12-005, adopted PG&E's methodology to forecast the uncollectible factor to be revised annually by advice letter submittal using a 10 year rolling average based on updated historical data. On October 21, 2021, PG&E submitted Advice Letters 4512-G/6373-E, updating its 2022 Uncollectibles factor, using historical recorded data. The impact of the updated uncollectibles factor is reflected in Attachment 1 of this advice letter.

2020 Cost of Capital

On December 20, 2019, the CPUC issued D.19-12-056, adopting PG&E's cost of capital for test year 2020. The Commission authorized PG&E's cost of long-term cost debt as 5.16% but recognized that the cost of debt could be different after PG&E's emergence from Chapter 11 bankruptcy. Issues specific to PG&E's bankruptcy were directed to the Commission proceeding related to PG&E's bankruptcy, Investigation (I.) 19-09-016. On June 1, 2020, the Commission issued D.20-05-053 in that proceeding, approving PG&E's Plan of Reorganization (POR) with conditions and modifications. In D.20-05-053, the Commission directed PG&E to update its cost of capital within 30 days of the Effective Date of the POR to reflect the debt cost savings associated with PG&E's POR.

In compliance with Ordering Paragraph (OP) 6 of PG&E's POR OII D. 20-05-053, on July 22, 2020, PG&E filed Advice Letter 4275-G/5887-E to update its cost of capital effective July 1, 2020. PG&E requested that its cost of long-term debt be updated from 5.16%, as previously authorized by D.19-12-056, to 4.17%. PG&E's overall return on rate base would be reduced from 7.81% to 7.34%. Advice Letter 4275-G/5887-E was approved as filed on August 20, 2020. The revenue requirements associated with the 2020 Cost of Capital Decision and update are reflected in Attachment 1 of this advice letter.

Excess Accumulated Deferred Income Taxes (ADIT)

In D.20-12-005, the Commission directed PG&E to file an advice letter within 45 days of the effective date of that decision, or December 11, 2020, to reflect the return of excess ADIT created by the passage of the 2017 Tax Act, consistent with the methodology the Commission required in D.19-08-023, using the Average Rate Assumption Method. The excess ADIT balance was created when the 2017 Tax Act reduced PG&E's federal corporate income tax rate from 35 percent to 21 percent. As a result, a portion of existing ADIT (excess ADIT) is no longer needed to pay for future taxes. The return of excess ADIT to ratepayers using PG&E's methodology was included in the adopted revenue requirement calculations in D.20-12-005. On January 19, 2021, PG&E filed Advice Letter 4367-G/6062-E to adjust the return of excess ADIT in compliance with OP 12 of D.20-12-005. PG&E's Advice Letter 4367-G/6062-E was approved on April 5, 2021. PG&E has reflected the adjustment to its electric and gas distribution and electric generation revenue requirements for the return of excess ADIT in Attachment I of this advice letter.

Decision 18-04-014, Ex Parte Penalty

Decision 18-04-014 adopted a settlement related to PG&E's failure to report ex parte communications in a timely manner. The decision adopted both non-financial and financial penalties. One of those penalties required PG&E to implement a one-time adjustment of \$10 million amortized in equivalent annual amounts for its next General Rate Case cycle. PG&E has reflected the \$10 million credit which will be given back in equal annual amounts of \$3.3 million starting in January 2020 through December 2022. The adjustment is reflected in Attachment 1.

Decision 19-12-013, Ex Parte Penalty Phase II

On December 5, 2019, the Commission issued a Phase II Decision (D. 19-12-013) Granting the Joint Motion of the City of San Bruno, The City of San Carlos, The Public Advocates Office, The Safety Enforcement Division, The Utility Reform Network and Pacific Gas and Electric Company for Adoption of the Phase II Settlement Agreement.

The Settlement Agreement resolved the Commission's investigation into eight separate proceedings in which PG&E admittedly failed to timely report ex parte communications, and engaged in improper ex parte communications. The Decision also adopted the following financial penalty which is reflected in Attachment I of this advice letter:

2.2.C General Rate Case Ratemaking Remedy - PG&E shall additionally forego collection of \$1,000,000 in revenue requirements in its 2020 General Rate Case ("GRC") cycle, with such amount to be reduced from the overall amount authorized by the Commission in its upcoming 2020 GRC decision. This remedy shall be implemented through PG&E's Annual Electric and Gas True-up Advice Letters, or such mechanisms

as may be agreed upon by the Parties. The amount above shall be allocated among and within customer classes in accordance with the applicable allocation and ratemaking methodologies then adopted by the Commission.

Decision 19-10-010, Narrows Project Sale

On April 18, 2019, PG&E filed Application (A.) 19-04-011 requesting that the CPUC authorize the sale by PG&E of the Narrows Project to the YCWA as set forth in the Purchase and Sale Agreement, dated September 21, 2018.

On October 10, 2019, the Commission adopted D.19-10-010, which authorized the sale of the Narrows Project to the YCWA, approved PG&E's proposed approach to ratemaking, and ordered PG&E to submit a Tier 1 advice letter within 45-days following closing to true-up the final financial and tax information related to the transaction. PG&E's advice letter 5825-E/E-A/E-B was approved on September 16, 2020. PG&E has reflected the reduction to its electric generation revenue requirement for the sale in Attachment I of this advice letter.

D. 20-09-027, Kern Project Sale

On February 12, 2020, PG&E filed A. 20-02-005 requesting that the CPUC authorize the sale by PG&E of the Kern Project to Kern LLC as set forth in the Purchase and Sale Agreement, dated January 17, 2020.

On September 24, 2020, the Commission adopted D.20-09-027, which authorized the sale of the Kern Project to Kern LLC, approved PG&E's proposed ratemaking, and ordered PG&E to submit a Tier 1 advice letter within 45 days following closing of the sale to true-up the final financial and tax information related to the transaction. PG&E's Advice Letter 6083-E was approved on April 27, 2021. PG&E has reflected the reduction to its electric generation revenue requirement for the sale in Attachment I of this advice letter.
