Advice 4582-G

(Pacific Gas and Electric Company U 39 G)

Public Utilities Commission of the State of California

Subject: Request for Approval to Exercise the Ruby Pipeline Contract Step Down Rights for 2022 Pursuant to Decision 21-12-035, Ordering Paragraph 3

Purpose

In accordance with Decision (D.) 21-12-035, Ordering Paragraph (OP) 3, Pacific Gas and Electric Company (PG&E) respectfully requests California Public Utilities Commission (Commission or CPUC) pre-approval to exercise PG&E's right, for 2022, to reduce its Ruby Pipeline capacity holdings (the "Step Down Right") of its Core Gas Supply Department (CGS) for all core customers pursuant to the terms of PG&E's contracts and amended contracts with Ruby Pipeline, LLC (Ruby). This request for pre-approval is made in accordance with the terms of PG&E's contracts and amended contracts with Ruby, as approved by D.08-11-032 and D.21-12-035 (the Ruby Contracts and Amended Ruby Contracts, respectively), and the procedures required by D.21-12-035 to exercise the Step Down Right.

Background

The Ruby Contracts and the Amended Ruby Contracts give PG&E the right to "step down" its capacity on the Ruby Pipeline by 20 percent each year (i.e. 50,000 Dth/day) for five years beginning in 2022. D.21-12-035 establishes the procedure for PG&E to follow when exercising its rights to reduce CGS' capacity on the Ruby Pipeline. The procedure is as follows:

1. PG&E consults with the CGS Stakeholder Group (i.e., Public Advocates Office, Energy Division, Legal Division, and TURN), which represents the interests of Core customers, to obtain input concerning exercise of the Step Down Right.

2. PG&E files a Tier 1 advice letter requesting pre-approval from the Commission to exercise the Step Down Right.¹

On March 8, 2022, PG&E consulted the CGS Stakeholder Group regarding exercise of the Step Down Right for 2022. PG&E, in consultation with the CGS Stakeholder Group, determined that it was in the best interest of customers to exercise the Step Down Right for 2022, thereby reducing the total CGS' contracted Ruby Pipeline capacity holding by 20 percent from the original contract capacity.

Request

PG&E Core Gas Supply, as required by the procedures in the Amended Ruby Contracts and D.21-12-035, having determined that exercising its Step Down Rights for 2022 is in the best interest of all core customers, requests pre-approval to reduce its Ruby Pipeline capacity holding by 50,000 Dth/day, bringing the total capacity holding from 250,000 Dth/day down to 200,000 Dth/day.
