**PUBLIC UTILITIES COMMISSION**  
505 Van Ness Avenue  
San Francisco CA 94102-3298

To: Energy Company Filing Advice Letter

From: Energy Division PAL Coordinator

Subject: Your Advice Letter Filing

The Energy Division of the California Public Utilities Commission has processed your recent Advice Letter (AL) filing and is returning an AL status certificate for your records.

The AL status certificate indicates:

- Advice Letter Number
- Name of Filer
- CPUC Corporate ID number of Filer
- Subject of Filing
- Date Filed
- Disposition of Filing (Accepted, Rejected, Withdrawn, etc.)
- Effective Date of Filing
- Other Miscellaneous Information (e.g., Resolution, if applicable, etc.)

The Energy Division has made no changes to your copy of the Advice Letter Filing; please review your Advice Letter Filing with the information contained in the AL status certificate, and update your Advice Letter and tariff records accordingly.

All inquiries to the California Public Utilities Commission on the status of your Advice Letter Filing will be answered by Energy Division staff based on the information contained in the Energy Division's PAL database from which the AL status certificate is generated. If you have any questions on this matter please contact the:

Energy Division's Tariff Unit by e-mail to  
**[edtariffunit@cpuc.ca.gov](mailto:edtariffunit@cpuc.ca.gov)**

**Advice 4758-G/6951-E**

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

**Subject: Update to Back of Bill Sample Form to Reflect High Usage Definition Removal in Compliance with Ordering Paragraph 3 of D.21-03-003 and Expanded Description of Fixed Recovery Bond Charge/Credit in Compliance with Ordering Paragraph 41 of D.21-05-015**

**Purpose**

Pursuant to Ordering Paragraph (OP) 3 of the California Public Utility Commission's (CPUC or Commission) Decision (D.) 21-03-003, Pacific Gas and Electric Company (PG&E) submits this Tier 1 advice letter to update Back of Bill Sample Form to reflect the removal of the High Usage section from customer's monthly bills. In addition, to make use of the additional space on the back of customers' bills resulting from this removal, the Recovery Bond Charge/Credit section has been expanded to update the truncated version of the definition submitted in Advice 4615-G/6610-E to the full description as described in D.21-05-015.<sup>1</sup>

**Background**

On April 23, 2021, the Commission issued D.21-04-030, finding that \$7.5 billion of PG&E's 2017 catastrophic wildfire costs and expenses are Stress Test Costs that may be financed through issuance of Recovery Bonds. Subsequently, on May 11, 2021, the Commission issued D.21-05-015, the Financing Order approving PG&E's application for authorization to issue the Recovery Bonds. OP 41 of D.21-05-015 directed PG&E to show the charges and credits on customers' monthly bills and provide descriptions on the back of customer bills. OP 41 provided PG&E with the discretion to either place the description directly on the bill itself or at a uniform resource locator (URL) address on the bill to a PG&E website. In compliance, PG&E implemented the new charges and credits and added a section titled "Recovery Bond Charge/Credit" on the back of customer bills via Advice 4615-G/6610-E and Advice 4615-G-A/6610-E-A, effective June 1, 2022.<sup>2</sup> Due

---

<sup>1</sup> The Recovery Bond Charge and Recovery Bond Credit were first implemented in June 2022 pursuant to Ordering Paragraph 41 of D.21-05-015.

<sup>2</sup> Advice 4615-G/6610-E was submitted on May 31, 2022, and supplemented on June 30, 2022. Advice 4615-G/6610-E and Supplemental Advice 4615-E-A/6610-E-A were approved by the Commission on July 12, 2022.

to space limitations, PG&E placed the full description of the new charge and credit on a PG&E website and provided a truncated version of the description on the customer monthly bill which included the URL for customers to see the full definition on our website.

On October 21, 2022, PG&E filed Advice 6745-E to eliminate its High Usage Surcharge (HUS) rate, applicable to residential usage in excess of 400 percent of a customer's baseline allowance on certain tiered rate schedules pursuant to D.21-03-003 in A.19-09-014. Energy Division approved Advice 6745-E on November 21, 2022. Per Advice 6745-E, the elimination of the HUS would take place in two steps. In the first step, PG&E would retain the three-tier rate structure on its tariffs and on customer bills but make value changes to the rates so that the Tier 2 and HUS rates are equal to each other. Mathematically, this is equivalent to eliminating the HUS tier and rate. These changes to the Tier 2 and HUS rate values were implemented on January 1, 2023.<sup>3</sup>

As described in Advice 6745-E, to minimize customer confusion, on January 1, 2023, PG&E also modified its customer bill presentment to remove all mentions of the HUS tier and rate, instead referring to usage in excess of 400 percent of baseline as "Tier 2 Usage Continued." This included removing the "High Usage" section from the back of the bills of residential customers' bills on tiered Schedule E-1. However, in doing so, PG&E inadvertently did not submit for approval revised language on its Residential Back of Bill Form. This advice letter remedies that, providing clean and red-lined versions of the changed language (i.e., with the "High Usage" section deleted).

As a result of eliminating the High Usage section from the Residential Back of Bill, PG&E was able to expand the description in the Recovery Bond Charge/Credit section to provide to full description as described in D.21-05-015.<sup>4</sup> PG&E implemented this expanded description on April 11, 2023. To be consistent, PG&E also implemented this identical expanded description on its Non-Residential Back of Bill. However, in this instance also, PG&E did not submit for approval the modified Recovery Bond Charge/Credit section language on its Back of Bill Forms. This advice letter remedies that, as well.

The updates to the Back of Bill Residential and Non-Residential Forms are outlined in the following Tariff Revisions section.

---

<sup>3</sup> In the second step, to be implemented later, PG&E will make structural changes to its billing system to replace the current three-tier rate structure (in its tariffs and on customer bills) with a two-tier structure.

<sup>4</sup> D.21-05-015, p.55.

## Tariff Revisions

Back of Bill – (Gas and Electric [G&E] Form “Back of Bill”) –

- From Residential Back of Bill Form, remove the following High Usage definition:  
***High Usage:** An increased price per kWh whenever electricity usage exceeds four times the Baseline Allowance (Tier 1) in a billing period. This charge does not apply to Time-of-use rate plans.*
- From both Residential and Non-Residential Bill Forms, remove the abbreviated Fixed Recovery Bond Charge/Credit description:  
***Recovery Bond Charge/Credit:** Your bill for electric service includes a charge that has been approved by the CPUC to repay bonds issued for certain costs related to catastrophic wildfires. Separately, a PG&E trust provides a customer credit equal to the charge for customers. Visit [www.pge.com/billexplanation](http://www.pge.com/billexplanation) for additional details on charge item.*
- From both Residential and Non-Residential Bill Forms, replace the removed, abbreviated, Fixed Recovery Bond Charge/Credit description with a more complete description, as follows<sup>5</sup>:  
***Recovery Bond Charge/Credit:** Your bill for electric service includes a charge that has been approved by the CPUC to repay bonds issued for certain costs related to catastrophic wildfires. The Recovery Bond Charge (RBC) rate is currently \$[###] per kWh. PG&E has also contributed certain amounts to a trust fund which is used to provide a customer credit equal to \$[###] per kWh (Recovery Bond Credit). The right to recover the RBC has been transferred to one or more Special Purpose Entities that issued the bonds and does not belong to PG&E. PG&E is collecting that portion of the RBC on behalf of the Special Purpose Entities.*

## Protests

Anyone wishing to protest this submittal may do so by letter sent electronically via E-mail, no later than June 14, 2023, which is 20 days after the date of this submittal. Protests must be submitted to:

CPUC Energy Division  
ED Tariff Unit  
E-mail: EDTariffUnit@cpuc.ca.gov

---

<sup>5</sup> At the time of this Advice Letter, the RBC and Recovery Bond Credit were each \$0.00798 per kWh. These values are subject to change pursuant to the true up mechanism process adopted in D.21-05-015. The Back of Bill submitted with this advice letter is for illustrative purposes and submitted with [##] in place of values.

The protest shall also be electronically sent to PG&E via E-mail at the address shown below on the same date it is electronically delivered to the Commission:

Sidney Bob Dietz II  
Director, Regulatory Relations  
c/o Megan Lawson  
E-mail: PGETariffs@pge.com

Any person (including individuals, groups, or organizations) may protest or respond to an advice letter (General Order 96-B, Section 7.4). The protest shall contain the following information: specification of the advice letter protested; grounds for the protest; supporting factual information or legal argument; name and e-mail address of the protestant; and statement that the protest was sent to the utility no later than the day on which the protest was submitted to the reviewing Industry Division (General Order 96-B, Section 3.11).

### **Effective Date**

Pursuant to General Order (GO) 96-B, Rule 5.1, and OP 3 of D.21-03-003 and OP 41 of D.21-05-015, this advice letter is submitted with a Tier 1 designation. PG&E requests that this Tier 1 advice submittal become effective upon date of submittal, which is May 25, 2023.

### **Notice**

In accordance with General Order 96-B, Section IV, a copy of this advice letter is being sent electronically to parties shown on the attached list and the parties on the service list for A.19-09-014, A.20-04-023 and A.21-01-004. Address changes to the General Order 96-B service list should be directed to PG&E at email address PGETariffs@pge.com. For changes to any other service list, please contact the Commission's Process Office at (415) 703-2021 or at Process\_Office@cpuc.ca.gov. Send all electronic approvals to PGETariffs@pge.com. Advice letter submittals can also be accessed electronically at: <http://www.pge.com/tariffs/>.

# ADVICE LETTER SUMMARY

## ENERGY UTILITY

MUST BE COMPLETED BY UTILITY (Attach additional pages as needed)

Company name/CPUC Utility No.: Pacific Gas and Electric Company (U 39 M)

Utility type:

- ELC       GAS       WATER  
 PLC       HEAT

Contact Person: Stuart Rubio

Phone #: 415-973-4587

E-mail: PGETariffs@pge.com

E-mail Disposition Notice to: stuart.rubio@pge.com

EXPLANATION OF UTILITY TYPE

ELC = Electric      GAS = Gas      WATER = Water  
 PLC = Pipeline      HEAT = Heat

(Date Submitted / Received Stamp by CPUC)

Advice Letter (AL) #: 4758-G/6951-E

Tier Designation: 1

Subject of AL: Update to Back of Bill Sample Form to Reflect High Usage Definition Removal in Compliance with Ordering Paragraph 3 of D.21-03-003 and Expanded Description of Fixed Recovery Bond Charge/Credit in Compliance with Ordering Paragraph 41 of D.21-05-015

Keywords (choose from CPUC listing): Compliance, Forms

AL Type:  Monthly  Quarterly  Annual  One-Time  Other:

If AL submitted in compliance with a Commission order, indicate relevant Decision/Resolution #: D.21-03-003 and D.21-05-015

Does AL replace a withdrawn or rejected AL? If so, identify the prior AL: No

Summarize differences between the AL and the prior withdrawn or rejected AL: N/A

Confidential treatment requested?  Yes  No

If yes, specification of confidential information:

Confidential information will be made available to appropriate parties who execute a nondisclosure agreement. Name and contact information to request nondisclosure agreement/ access to confidential information:

Resolution required?  Yes  No

Requested effective date: 5/25/23

No. of tariff sheets: 6

Estimated system annual revenue effect (%): N/A

Estimated system average rate effect (%): N/A

When rates are affected by AL, include attachment in AL showing average rate effects on customer classes (residential, small commercial, large C/I, agricultural, lighting).

Tariff schedules affected: see attachment 1

Service affected and changes proposed<sup>1</sup>: N/A

Pending advice letters that revise the same tariff sheets: N/A

<sup>1</sup>Discuss in AL if more space is needed.

**Protests and correspondence regarding this AL are to be sent via email and are due no later than 20 days after the date of this submittal, unless otherwise authorized by the Commission, and shall be sent to:**

#### Rules and rates

You may be eligible for a lower rate. To learn more about optional rates or view a complete list of rules and rates, visit [www.pge.com](http://www.pge.com) or call 1-800-743-5000.

**If you believe there is an error on your bill**, please call **1-800-743-5000** to speak with a representative. If you are not satisfied with our response, contact the California Public Utilities Commission (CPUC), Consumer Affairs Branch (CAB), 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, 1-800-649-7570 or 7-1-1 (8:30 AM to 4:30 PM, Monday through Friday) or by visiting [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/).

To avoid having service turned off while you wait for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you with instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**If you are not able to pay your bill**, call PG&E to discuss how we can help. You may qualify for reduced rates under PG&E's CARE program or other special programs and agencies may be available to assist you. You may qualify for PG&E's Energy Savings Assistance Program which is an energy efficiency program for income-qualified residential customers.

#### Important definitions

**Rotating outage blocks** are subject to change without advance notice due to operational conditions.

**Tier 1/Baseline allowance:** Some residential rates are given a Tier 1/Baseline allowance - a CPUC approved percentage of average customer usage during summer and winter months. Your Tier 1/Baseline allowance provides for basic needs at an affordable price and encourages conservation. Your allowance is assigned based on the climate where you live, the season and your heat source. As you use more energy, you pay more for usage. Any usage over your baseline allowance will be charged at a higher price.

**Wildfire Fund Charge:** Charge on behalf of the State of California Department of Water Resources (DWR) to fund the California Wildfire Fund. For usage prior to October 1, 2020, this charge included costs related to the 2001 California energy crisis, also collected on behalf of the DWR. These charges belong to DWR, not PG&E.

**Power Charge Indifference Adjustment (PCIA):** The PCIA is a charge to ensure that both PG&E customers and those who have left PG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by PG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources. Visit [www.pge.com/cca](http://www.pge.com/cca).

**Wildfire Hardening Charge:** PG&E has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires, while reducing the total cost to its customers. Your bill for electric service includes a fixed recovery charge called the Wildfire Hardening Charge that has been approved by the CPUC to repay those bonds. The right to recover the Wildfire Hardening Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to PG&E. PG&E is collecting the Wildfire Hardening Charge on behalf of the Special Purpose Entity. For details visit: [www.pge.com/tariffs/assets/pdf/tariffbook/ELEC\\_PRELIM\\_JF.pdf](http://www.pge.com/tariffs/assets/pdf/tariffbook/ELEC_PRELIM_JF.pdf).

**Recovery Bond Charge/Credit:** Your bill for electric service includes a charge that has been approved by the CPUC to repay bonds issued for certain costs related to catastrophic wildfires. The Recovery Bond Charge (RBC) rate is currently \$[##] per kWh. PG&E has also contributed certain amounts to a trust fund which is used to provide a customer credit equal to \$[##] per kWh (Recovery Bond Credit). The right to recover the RBC has been transferred to one or more Special Purpose Entities that issued the bonds and does not belong to PG&E. PG&E is collecting that portion of the RBC on behalf of the Special Purpose Entities.

**Gas Public Purpose Program (PPP) Surcharge.** Used to fund state-mandated gas assistance programs for low-income customers, energy efficiency programs, and public-interest research and development.

Visit [www.pge.com/billexplanation](http://www.pge.com/billexplanation) for more definitions. To view most recent bill inserts including legal or mandated notices, visit [www.pge.com/billinserts](http://www.pge.com/billinserts).

**See the table reflecting "Your Electric Charges Breakdown" on the last page**

You may qualify for reduced rates under PG&E's CARE program or other special programs and agencies may be available to assist you. You may qualify for PG&E's Energy Savings Assistance Program which is an energy efficiency program for income-qualified residential customers.

**Important definitions**

**Rotating outage blocks** are subject to change without advance notice due to operational conditions.

**Demand charge:** Many non-residential rates include a demand charge. Demand is a measurement of the highest usage of electricity in any single fifteen (or sometimes five) minute period during a monthly billing cycle. Demand is measured in kilowatts (or kW). High demand is usually associated with equipment start-up. By spreading equipment start-ups over a longer period of time, you may be able to lower demand and reduce your demand charges.

**Time-of-use electric** prices are higher every day during afternoons and evenings, and lower at other times of the day. Prices also change by season, with higher prices in the summer and lower prices in the winter.

**Wildfire Fund Charge:** Charge on behalf of the State of California Department of Water Resources (DWR) to fund the California Wildfire Fund. For usage prior to October 1, 2020, this charge included costs related to the 2001 California energy crisis, also collected on behalf of the DWR. These charges belong to DWR, not PG&E.

**Power Charge Indifference Adjustment (PCIA):** The PCIA is a charge to ensure that both PG&E customers and those who have left PG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by PG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources. Visit [www.pge.com/cca](http://www.pge.com/cca).

**Wildfire Hardening Charge:** PG&E has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires, while reducing the total cost to its customers. Your bill for electric service includes a fixed recovery charge called the Wildfire Hardening Charge that has been approved by the CPUC to repay those bonds. The right to recover the Wildfire Hardening Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to PG&E. PG&E is collecting the Wildfire Hardening Charge on behalf of the Special Purpose Entity. For details visit: [www.pge.com/tariffs/assets/pdf/tariffbook/ELEC\\_PRELIM\\_JF.pdf](http://www.pge.com/tariffs/assets/pdf/tariffbook/ELEC_PRELIM_JF.pdf).

**Recovery Bond Charge/Credit:** Your bill for electric service includes a charge that has been approved by the CPUC to repay bonds issued for certain costs related to catastrophic wildfires. The Recovery Bond Charge (RBC) rate is currently \$[##] per kWh. PG&E has also contributed certain amounts to a trust fund which is used to provide a customer credit equal to \$[##] per kWh (Recovery Bond Credit). The right to recover the RBC has been transferred to one or more Special Purpose Entities that issued the bonds and does not belong to PG&E. PG&E is collecting that portion of the RBC on behalf of the Special Purpose Entities.

**Gas Public Purpose Program (PPP) Surcharge.** Used to fund state-mandated gas assistance programs for low-income customers, energy efficiency programs, and public-interest research and development.

#### Rules and rates

You may be eligible for a lower rate. To learn more about optional rates or view a complete list of rules and rates, visit [www.pge.com](http://www.pge.com) or call 1-800-743-5000.

**If you believe there is an error on your bill**, please call **1-800-743-5000** to speak with a representative. If you are not satisfied with our response, contact the California Public Utilities Commission (CPUC), Consumer Affairs Branch (CAB), 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, 1-800-649-7570 or 7-1-1 (8:30 AM to 4:30 PM, Monday through Friday) or by visiting [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/).

To avoid having service turned off while you wait for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you with instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

**If you are not able to pay your bill**, call PG&E to discuss how we can help. You may qualify for reduced rates under PG&E's CARE program or other special programs and agencies may be available to assist you. You may qualify for PG&E's Energy Savings Assistance Program which is an energy efficiency program for income-qualified residential customers.

#### Important definitions

**Rotating outage blocks** are subject to change without advance notice due to operational conditions.

**Tier 1/Baseline allowance:** Some residential rates are given a Tier 1/Baseline allowance - a CPUC approved percentage of average customer usage during summer and winter months. Your Tier 1/Baseline allowance provides for basic needs at an affordable price and encourages conservation. Your allowance is assigned based on the climate where you live, the season and your heat source. As you use more energy, you pay more for usage. Any usage over your baseline allowance will be charged at a higher price.

**Wildfire Fund Charge:** Charge on behalf of the State of California Department of Water Resources (DWR) to fund the California Wildfire Fund. For usage prior to October 1, 2020, this charge included costs related to the 2001 California energy crisis, also collected on behalf of the DWR. These charges belong to DWR, not PG&E.

**Power Charge Indifference Adjustment (PCIA):** The PCIA is a charge to ensure that both PG&E customers and those who have left PG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by PG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources. Visit [www.pge.com/cca](http://www.pge.com/cca).

**Wildfire Hardening Charge:** PG&E has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires, while reducing the total cost to its customers. Your bill for electric service includes a fixed recovery charge called the Wildfire Hardening Charge that has been approved by the CPUC to repay those bonds. The right to recover the Wildfire Hardening Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to PG&E. PG&E is collecting the Wildfire Hardening Charge on behalf of the Special Purpose Entity. For details visit: [www.pge.com/tariffs/assets/pdf/tariffbook/ELEC\\_PRELIM\\_JF.pdf](http://www.pge.com/tariffs/assets/pdf/tariffbook/ELEC_PRELIM_JF.pdf).

**Recovery Bond Charge/Credit:** Your bill for electric service includes a charge that has been approved by the CPUC to repay bonds issued for certain costs related to catastrophic wildfires. The Recovery Bond Charge (RBC) rate is currently \$[##] per kWh. PG&E has also contributed certain amounts to a trust fund which is used to provide a customer credit equal to \$[##] per kWh (Recovery Bond Credit). The right to recover the RBC has been transferred to one or more Special Purpose Entities that issued the bonds and does not belong to PG&E. PG&E is collecting that portion of the RBC on behalf of the Special Purpose Entities.

**Gas Public Purpose Program (PPP) Surcharge.** Used to fund state-mandated gas assistance programs for low-income customers, energy efficiency programs, and public-interest research and development.

Visit [www.pge.com/billexplanation](http://www.pge.com/billexplanation) for more definitions. To view most recent bill inserts including legal or mandated notices, visit [www.pge.com/billinserts](http://www.pge.com/billinserts).

You may qualify for PG&E's Energy Savings Assistance Program which is an energy efficiency program for income-qualified residential customers.

**Important definitions**

**Rotating outage blocks** are subject to change without advance notice due to operational conditions.

**Demand charge:** Many non-residential rates include a demand charge. Demand is a measurement of the highest usage of electricity in any single fifteen (or sometimes five) minute period during a monthly billing cycle. Demand is measured in kilowatts (or kW). High demand is usually associated with equipment start-up. By spreading equipment start-ups over a longer period of time, you may be able to lower demand and reduce your demand charges.

**Time-of-use electric** prices are higher every day during afternoons and evenings, and lower at other times of the day. Prices also change by season, with higher prices in the summer and lower prices in the winter.

**Wildfire Fund Charge:** Charge on behalf of the State of California Department of Water Resources (DWR) to fund the California Wildfire Fund. For usage prior to October 1, 2020, this charge included costs related to the 2001 California energy crisis, also collected on behalf of the DWR. These charges belong to DWR, not PG&E.

**Power Charge Indifference Adjustment (PCIA):** The PCIA is a charge to ensure that both PG&E customers and those who have left PG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by PG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources. Visit [www.pge.com/cca](http://www.pge.com/cca).

**Wildfire Hardening Charge:** PG&E has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires, while reducing the total cost to its customers. Your bill for electric service includes a fixed recovery charge called the Wildfire Hardening Charge that has been approved by the CPUC to repay those bonds. The right to recover the Wildfire Hardening Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to PG&E.
