ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 2

Community Choice Aggregation Service (CCA Service) permits cities, counties, cities and counties, or a joint powers agency whose governing board(s) have elected to acquire their electric power needs, hereinafter referred to as Community Choice Aggregators (CCA), to provide electric services to utility end-use customers located within their service area(s) as set forth in California Public Utilities (P.U.) Code Section 366.2 and other California Public Utilities Commission (Commission or CPUC) directives.

(T)
(T)

The following terms and conditions apply to both Utility customers and CCAs who participate in CCA Service and are not meant to include all requirements that may otherwise be mandated to comply with state laws, the P.U. Code, Federal Energy Regulatory Commission (FERC) Rules, and California Independent System Operator (CAISO) Rules applicable to CCAs and CCA Service. CCA Service shall refer to the electric service provided by a CCA to any group of end-use electric customers located within the service area of the CCA who have not elected to opt-out from such service and receive electricity procurement and other related services from the CCA.

This Rule immediately supersedes interim Rule 23 and interim Rule 23.1 in their entirety.

Advice	6060-E	Issued by	Submitted	January 15, 2021
Decision		Robert S. Kenney	Effective	February 15, 2021
		Vice President, Regulatory Affairs	Resolution	E-5059

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 3

A. CUSTOMER SERVICE ELECTIONS

PG&E customers will acquire their electric power needs under one of the following options:

1. PG&E Bundled Services

This service preserves traditional utility electric services, under which PG&E performs all electric energy services for the end-use customer including metering, billing, collection, and customer services. Customers not receiving service under CCA Service or Direct Access Service shall receive service under PG&E Bundled Services.

2. Non-Utility Energy Services

a. Community Choice Aggregation Service (CCA Service)

This service permits cities, counties, a city and county, or any group of cities, counties, or cities and counties, as defined by PUC Section 331.1, whose governing boards have elected to do so, to aggregate the electric load of utility end-use customers within their service areas for the purposes of acquiring and providing their electric power needs. These entities are CCAs. Customers that have not elected to opt-out of CCA Service or at the customer's election shall have their electric power procured by the CCA.

b. Direct Access

This service election allows customers to purchase electric power and, at the customer's election, additional energy services from non-utility entities known as Electric Service Providers (ESPs). Direct Access service is governed by Rule 22. Direct Access customers are eligible for CCA Service participation pursuant to the provisions set forth in Section G of this Rule.

(T)

B. GENERAL TERMS

1. Definitions

The definitions of principal terms used in this Rule are found either herein or in Rule 1, Definitions. Unless otherwise stated, all references to "customer" in this Rule will refer to PG&E customers that have service accounts within a CCA's service area. Unless otherwise stated, all references to "service account" shall refer to individual customer meters. Unless otherwise stated, all references to "utility" shall refer to PG&E.

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 4

B. GENERAL TERMS (Cont'd.)

1. Definitions (Cont'd.)

The descriptive section headings of this Rule have been inserted for convenience of reference only and shall in no way define, modify or restrict any of the terms and provisions thereof.

2. General Obligations of PG&E

a. Non-Discrimination

Utility shall discharge its responsibilities under this Rule in a fully cooperative, fair and non-discriminatory manner as to providers of all commodities and services, which are subject to CCA and Direct Access Service. Pursuant to D.05-12-041, fully cooperative is defined to mean the utility shall facilitate the CCA program and a CCA's efforts to implement it to the extent reasonable and in ways that do not compromise other utility services.

(T)
|
|
|
|
(T)

b. Requests for PG&E Services

PG&E shall process requests for similar PG&E services, such as Community Choice Aggregation Service Requests (CCASRs), in the same manner and within the same period of time for all CCAs and their respective customers.

(T)

c. Timeliness and Due Diligence

Consistent with State law and Commission decisions, PG&E shall exercise due diligence in meeting its obligations and deadlines under this Rule so as to implement CCA Service as quickly as possible.

(T)

d. Transmission and Distribution Service

Subject to the terms and conditions of the CCA Service Agreement Form 79-1029, applicable utility tariffs, applicable FERC rules and CCA's and customer's compliance with their terms and conditions, PG&E shall provide transmission and distribution services under applicable tariffs and contracts for delivery of electric power to CCA customers.

(T)
(T)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 5

B. GENERAL TERMS (Cont'd.)

3. General Obligations of CCAs (T)
 - a. Timeliness and Due Diligence

CCAs shall exercise due diligence in meeting their obligations and deadlines under this Rule, applicable laws and Commission decisions. CCAs shall make all payments owed to PG&E under this Rule in a timely manner subject to applicable payment dispute provisions. (T)
 - b. Arrangements with CCA Customers (T)

CCAs shall be solely responsible for having contractual or other arrangements with their customers necessary to implement CCA consistent with all applicable laws, Commission requirements and this Rule. PG&E shall not be responsible for monitoring, reviewing or enforcing such contracts or arrangements. (T)
 - c. Scheduling Coordinator

As a requirement of this Rule, CCAs providing electric power shall have one or more Scheduling Coordinators. The utility shall not be responsible for enforcing requirements applicable to the performance of Scheduling Coordinators. (T)
4. Transfer of Cost Obligations Between CCAs and Customers (T)

Nothing in this Rule is intended to prevent CCAs and customers from agreeing to reallocate between them any costs for CCA Services which are designated in this Rule to be paid by either of them. (T)
5. Responsibility for Electric Purchases

CCAs have exclusive responsibility for obtaining and providing the electric power needs (including ancillary services) of their CCA customers and to deliver such power to the necessary grid location required to serve electric power needs to those customers. (T)

COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 6

B. GENERAL TERMS (Cont'd.)**6. PG&E Not Liable for CCA Services**(L)
(T)

If a customer receives service from a CCA, PG&E has no obligations to the customer with respect to the services provided by the CCA. The customer must look to the CCA to carry out the responsibilities associated with that service.

(T)
(T)**7. CCA Not Liable for PG&E Services**

(T)

To the extent the customer receives service from PG&E, a CCA has no obligations to the customer with respect to the services provided by PG&E. The customer must look to PG&E to carry out the responsibilities associated with that service.

(T)

8. Load Aggregation for Procuring Electric Power

CCAs may aggregate individually metered electric loads located within the service area of the CCA only for the purpose of procuring electric power and ancillary services. Load aggregation shall not be used to determine PG&E charges or tariff applicability. The right of customers to physically aggregate by combining multiple accounts into a single metered account as permitted under Commission-approved tariffs is not restricted by this section.

(T)
|
(T)**9. Split Loads Not Allowed**

Customers participating in CCA may not partition the electric loads of an individual service account among electric service options or providers. The entire load of an individual service account must receive service under only one electric service option or provider.

(T)
|
(T)**10. Residential Customers**

All residential customers, as defined in Rule 1, located within a CCA's service area shall be offered CCA Service.

Effective November 9, 2006
Resolution E-4013

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 7

B. GENERAL TERMS (Cont'd.)

11. Interval Metering

Interval metering shall refer to a meter device capable of recording the minimum data required for (a) hourly data required for the CCA Service settlement process; and (b) data required to bill utility distribution tariffs. (T)

12. Statistical Load Profiles

The utility shall provide statistical load profiles, in place of Interval Metering, to permit the Utility or CCA to compute the bills for all CCA customers who have service accounts where interval metering data is not provided to the CCA. (T)
Statistical load profiles shall be applied as authorized by the Commission. (T)

13. Master Metered Customers

Individual master metered customers who provide sub-metered tenant billings, may participate in CCA Service as a single account. A master metered customer may not partition the electric loads of a single master meter among several electric service options or providers. The entire load of a single master meter must receive service under one electric service option and provider.

14. Service Fees and Other Charges

- a. PG&E costs for services provided to a CCA or CCA customer shall be charged to the CCA or customer as set forth in the appropriate PG&E rate schedule. PG&E may charge service fees for CCA related services described in this Rule only for the incremental costs associated with providing these services and provided that service fees do not assess charges on CCAs for billing processes or customer services that are unrelated to services and customer billings associated with the CCA's CCA Service or are collected in other utility rates, charges or fees.
- b. PG&E Service charges approved by the Commission, which may include, but are not limited to, service establishment charges and special meter reading fees, which are contained within or authorized by other tariffs are not affected by this Rule.
- c. Service fees for CCA Services are described in Schedule E-CCA and Schedule E-CCAINFO.

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 8

B. GENERAL TERMS (Cont'd.)

15. Non-bypassable Obligations

(L)
(T)

As a condition of participating in CCA Service, CCA customers shall be responsible to pay for all non-bypassable charges authorized by the Commission and which PG&E may recover from customers in accordance with state law. PG&E shall continue to bill the customer for such charges. Disputed charges shall be resolved pursuant to the provisions set forth in Rule 10.

(T)
|
(T)

16. Franchise Fees And Other Charges

CCA Customers shall continue to be responsible to pay all applicable fees, surcharges and taxes as authorized by law. PG&E shall bill customers for franchise fees as set forth in Public Utilities Code Sections 6350 to 6354, and for fees as set forth in Public Utilities Code Sections 401 to 410. The CCA and PG&E shall each be responsible for calculating other fees, taxes, and surcharges for their respective services.

(T)

17. Liability In Connection With CCA Services

(T)

- a. In this Section, "damages" shall include all losses, harm, costs, and detriment, both direct and consequential, suffered by the customer.
- b. PG&E shall not be liable to the customer or CCA for any damages caused by PG&E's conduct in compliance with, or as permitted by, PG&E's electric rules and tariffs, the CCA Service Agreement and associated legal and regulatory requirements related to CCA Service.
- c. PG&E shall not be liable to the customer for any damages caused to the customer by any failure by CCA to comply with PG&E's tariffs, the CCA Service Agreement and associated legal and regulatory requirements related to CCA Service.
- d. The Commission shall have initial jurisdiction to interpret, add, delete or modify any provision of this Rule or the CCA Service Agreement, and to resolve disputes regarding PG&E's performance of its obligations under PG&E's tariffs, the CCA Service Agreement and requirements related to CCA Service, including any disputes regarding delays in the implementation of CCA.

(T)
(T)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 9

B. GENERAL TERMS (Cont'd.)

17. Liability In Connection With CCA Services (Cont'd.)

- e. PG&E shall not be liable to the customer for any damages caused by CCA's failure to perform its obligations to the customer, including, but not limited to the obligation to provide electric supply services to the customer. The CCA shall not be liable to the customer for any damages caused by PG&E's failure to perform its obligations to the customer.
- f. A CCA is not PG&E's agent for any purpose. PG&E shall not be liable to the customer for any damages resulting from any acts, omissions, or representations made by CCA in connection with soliciting customers for CCA Service or performing any of its functions in rendering CCA Service.
- g. PG&E is not the CCA's agent for any purpose. The CCA shall not be liable to the customer for any damages resulting from any acts, omissions, or representations made by PG&E in connection with soliciting customers for CCA Service or performing any of its functions in rendering CCA Service.

18. CCA Implementation Plan

A CCA shall develop an Implementation Plan, as defined in P.U. Code Section 366.2(c)(3).

19. Sixty (60) Day Period

A Sixty (60) Day Period is a period of time equal to sixty (60) calendar days. For purposes of this Rule, two billing cycles or two calendar months are also equal to 60 calendar days, whichever is longer.

(T)

20. Automatic Enrollment

Automatic Enrollment is the process whereby a CCA can automatically enroll an eligible customer in CCA Service. Customer participation in CCA Service may not require a positive written declaration, but all customers shall be informed of their right to opt-out of CCA Service. If no negative declaration is made by the customer during the initial 60-day initial notification period or the 60-day follow-up notification period, the customer shall be served through the CCA's CCA Service. Automatic Enrollment is the transfer of a customer's service account to CCA Service with no action taken by the customer to initiate the transfer.

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 10

B. GENERAL TERMS (Cont'd.)

21. CCA Customer Notification

CCA Customer Notification is the required CCA customer notification that informs customers of the CCA's CCA Service. The CCA Customer Notification must inform customers that (a) they are to be automatically enrolled in CCA Service; (b) the terms and conditions of CCA Service; and (c) the customer has the right to opt-out of CCA Service. The notification must also include a mechanism by which a potential customer may opt-out of CCA Service. To qualify for Automatic Enrollment the CCA shall fully inform participating customers (1) once within the sixty (60) day period in advance of the date of Automatic Enrollment, (2) once within the thirty (30) day period in advance of the date of Automatic Enrollment, and (3) at least twice during a 60 day period following enrollment in a CCA's Service.

(T)
(N)
(N)
(T)

22. Opt-Out of Automatic Enrollment

The term "opt-out" or "opt out" is the customer's election not to be served under CCA Service and to continue to receive its existing service. In order to exercise its right not to participate in CCA Service, a customer must request to "opt out" of CCA Service through the required action as prescribed in the CCA Notification. A customer may exercise its opt-out right at any time during a 60- day notification period prior to Automatic Enrollment through the end of the second 60- day notification period subsequent to the Automatic Enrollment of a customer's account to CCA Service. The terms and conditions of CCA service will be made available by the CCA. This CCA-specific information will be provided to customers pursuant to P.U. Code Section 366.2 (c)(13)(A-C) – either directly by the CCA or by PG&E pursuant to the provisions set forth in Section H – and will enable customers to make an informed decision whether or not to opt out of CCA service. Customers receiving section 366.2(c)(13)(A-C) notices regarding a CCA with more than one planned CCA phase-in date will be provided the required 60-day notices based around the date their particular phase-in commences.

23. Initial Notification Period

The Initial Notification Period is a period of time, lasting not less than sixty (60) days, leading up to the Automatic Enrollment date.

24. Follow-up Notification Period

The Follow-up Notification Period is a sixty (60) day period of time commencing immediately following the date of Automatic Enrollment.

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 11

B. GENERAL TERMS (Cont'd.)

25. CCA Cost Responsibility Surcharge (CCA-CRS)

(L)
(T)

As a condition of receiving CCA Service, CCA customers shall be responsible for paying a CCA Cost Responsibility Surcharge as set forth in Schedule CCA-CRS. The CCA-CRS shall be identified separately, as part of the Utility charges on the customer's monthly billing statement.

(T)
(T)

26. CCA Service Request (CCASR)

CCA Service Request (CCASR) is the electronic communication required to enroll or add customers to CCA Service, remove customers from CCA Service, change service options, and maintain customer information.

(T)

27. CCA Phase-In

Pursuant to D.04-12-046 and D.05-12-041, a CCA has the ability to offer service to some eligible customers before others. This incremental enrollment process is defined as a Phase-In and shall be subject to the provisions set forth in Section E of this Rule.

(T)
|
(T)

28. CCA Service

This service permits cities, counties, a city and county, or any group of cities, counties, or cities and counties, as defined by P.U.C. Section 331.1, whose governing boards have elected to do so, to aggregate the electric load of utility end-use customers within their service areas for the purposes of acquiring and providing their electric power needs. These entities are CCAs. Customers that have not elected to opt-out of CCA Service or at the customer's election shall have their electric power procured by the CCA.

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 12

B. GENERAL TERMS (Cont'd.)

29. Involuntary Return

The return of a CCA customer who is being returned to PG&E bundled service is defined as a "Involuntary Return" under PG&E's Community Choice Aggregation Service tariffs if (T)

- a. PG&E has initiated the CCASR process to return a CCA customer to Bundled Service due to any of the following:
 - 1) The CCA has filed to deregister or the Commission has revoked the CCA's registration,
 - 2) The CCA Service Agreement has been terminated by either the CCA or PG&E,
 - 3) The CCA or its authorized CAISO Scheduling Coordinator has defaulted on its CAISO Scheduling Coordinator obligations, such that the CCA no longer has an appropriately authorized CAISO Scheduling Coordinator,
 - 4) An voluntary service termination pursuant to Section S of this Rule, or
 - 5) An involuntary service termination pursuant to Section T of this Rule, including the Commission issuing an order to terminate service either at PG&E's request or by Commission initiation.
- b. An Involuntary Return of a CCA customer does not include the following events:
 - 1) A customer's contract with an CCA has expired, or
 - 2) An CCA discontinues service to a customer due to that customer's default under their service agreement with the CCA.

30. Financial Security Requirement (FSR)

All new and existing CCAs are required to post and maintain financial security with PG&E in the form and amount as set forth in Section W of this Rule.

Resolution	

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 13

B. GENERAL TERMS (Cont'd.)

(N)

31. CCA Financial Reporting

CCAs are required to comply with the two-tiered reporting structure adopted in D.24-04-009:

- a. Tier 1: Each CCA is required to provide Energy Division a copy of its most recent audited financial information in January or July of every year, whichever comes earlier relative to the availability of the audited financial statement. Energy Division will post the audited financial statements it receives on the Commission's website.
- b. Tier 2: A second, Tier 2, reporting, shall apply to CCAs that meet any of the following conditions:
 - i. Receives a credit rating below BBB-/Baa3 from S&P & Moody's;¹
 - ii. Days Liquidity On Hand (DLOH) (cash reserves) is less than 45 days,² and Adjusted Debt Service Coverage Ratio (cash plus lines of credit) is less than 1.0;³
 - iii. Cash reserves for the CCA fall below 5% of annual expenses;⁴
 - iv. The CCA defaults on one or more procurement contracts required to meet RA requirements or to the CAISO scheduling coordinator due to non-payment;
 - v. The CCA becomes insolvent or files for bankruptcy, or the CCA has a reasonable expectation that either event will occur.

¹ Only applicable to CCAs who are downgraded from an investment grade rating to a noninvestment grade rating, as specified.

² DLOH shall be calculated as: the CCA's available unrestricted cash and investments and eligible unused bank letters of credit and capacity under commercial paper programs, multiplied by 365. This amount shall then be divided by the CCA's annual operating and maintenance expenses, excluding depreciation and amortization.

³ Adjusted Debt Service Coverage Ratio shall be calculated as: Numerator: Annual recurring revenue plus interest income plus withdrawals from a Rate Stabilization Fund, minus recurring annual cash operating expenses and General Fund Transfers (where recurring revenue and recurring expenses exclude special, one-time items, and annual operating expenses exclude depreciation and amortization expenses). Denominator: Aggregate annual debt service (i.e., principal, interest, and fees).

⁴ The measure of cash reserves must be directly tied to the CCA, and shall not consider a city's general fund cash reserves.

(N)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 14

B. GENERAL TERMS (Cont'd.)

(N)

31. CCA Financial Reporting

- c. Upon meeting any of the Tier 2 reporting triggers above, the CCA shall be subject to the following requirements:
 - i. Within ten (10) days of the occurrence of any of the above conditions, the CCA shall submit a letter to the Director of Energy Division to indicate which Tier 2 condition(s) has/have been triggered;
 - ii. Meet with Energy Division as requested, up to one meeting per month, and provide the following information:
 - 1. Energy and hedging contracts for the next six months with term details;
 - 2. Status of all procurement contracts, in particular, those at risk of default;
 - 3. Detailed financial information as requested by the Commission including, but not limited to, the CCA's most recent financial statements and DLOH;
 - 4. Plan for financial correction and/or market exit.
- d. A CCA that fails to submit a letter to Energy Division within 10 days of the occurrence of any of the above Tier 2 triggering conditions shall incur a penalty recoverable by the Commission of \$1,000 per incident plus \$500 per day for the first ten days the filing was late and \$1,000 for each day thereafter.
- e. If a CCA believes that its letter notifying Energy Division of a triggered Tier 2 condition, or any of its attendant reporting, is market sensitive, the CCA should follow regular Commission process for securing confidential treatment, and will have the same burden as any entity that wishes to secure confidential treatment for information provided to the Commission.
- f. A CCA shall graduate from the Tier 2 reporting requirements if it does not meet any Tier 2 triggers (excepting insolvency/bankruptcy) for six consecutive months.

COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 15

C. CUSTOMER INQUIRIES AND DATA ACCESSIBILITY

(L)

1. Customer Inquiries

Customers contacting the utility requesting information on CCA Service shall be referred to the CCA for assistance. PG&E shall provide the customer with the CCA's telephone number.

2. Customer Request To Initiate CCA Service

Eligible customers contacting PG&E requesting to initiate CCA Service from the CCA shall be processed by PG&E. PG&E shall notify the CCA pursuant to the provisions set forth in this Rule.

3. Access to Customer Data

- a. PG&E shall provide customer-specific usage data pursuant to Schedule E-CCAINFO. PG&E and CCA shall abide by the instructions of a customer as to the entities to whom access to the confidential customer information is provided.
- b. When a customer is enrolled into CCA Service, the customer's account information will be sent to the CCA. Such information will include information such as metering information required for billing, settlement and other functions and twelve (12) months of historical usage data (if available).
- c. A CCA has the option to request additional customer information pursuant to Schedule E-CCAINFO.

4. Customer Inquiries Concerning Billing-Related Issues

Customer inquiries concerning PG&E's charges and services or the Trust Transfer Amount (TTA) charge shall be directed to PG&E. Customer inquiries concerning the CCA's charges or services shall be directed to the CCA.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 16

C. CUSTOMER INQUIRIES AND DATA ACCESSIBILITY (Cont'd.)

(L)

5. Customer Inquiries Related To Emergency Situations And Outages

- a. PG&E shall be responsible for responding to all inquiries related to distribution or transmission service, emergency system conditions, outages and safety situations. Customers contacting the CCA with such inquiries shall be referred directly to PG&E.
- b. It may be necessary for PG&E to shed or curtail customer load at the request of the ISO, or as otherwise provided by Commission-approved tariffs. Nothing in this rule or CCA Service shall change the criteria for load shedding established by the ISO or Commission.
- c. PG&E shall continue to be responsible for implementing Commission-approved load curtailment and demand response programs, including providing notification to participating customers.
- d. The CCA shall be responsible for notifying its Scheduling Coordinator of any notice issued to the CCA by PG&E under this Section.

D. BASIC COMMUNITY CHOICE AGGREGATION SERVICES

1. In accordance with D.04-12-046 and D.05-12-041, the processes set forth below describe basic services provided by PG&E to develop, implement and support CCA Service:
 - a. A standard opt-out service as defined in Section I.
 - b. A mass enrollment process, defined in Section J, whereby all eligible customers who have not opted-out of CCA Service, shall be automatically enrolled in CCA Service on the customer's scheduled meter read date during a one month period, subject to phasing or the mutual agreement of PG&E and CCA pursuant to the provisions set forth in Section E of this Rule.
 - c. On an ongoing basis, subsequent to the initial mass enrollment, PG&E shall initiate the customer's enrollment or transfer to CCA service, as defined in Section K, when the customer contacts PG&E to establish or relocate PG&E service.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 17

E. CCA SPECIALIZED SERVICE REQUESTS, INCLUDING PHASE-IN

(L)

1. A CCA electing not to utilize the basic processes described above may request specialized services from PG&E at a cost to the CCA as set forth below. Specialized Services include any request for services that do not conform to PG&E's basic CCA services and processes in Section D. Specialized Services may include, but are not limited to CCA Phase-In, special reporting or other unique services.
 - a. A CCA interested in submitting a request for Specialized Services shall be responsible for funding an analysis of the impacts to PG&E normal operations and a study to determine the estimate of costs for which the CCA shall be responsible to pay.
 - b. A CCA requesting Specialized Services shall be responsible for executing a Specialized Services Agreement between the CCA and PG&E.
 - c. PG&E shall consider requests for Specialized Services on a case by case basis, provided that implementation can be accomplished without compromising the utility's customer service obligations, reliability or operational flexibility of the utility's systems.
 - d. The estimate of the costs for which the CCA shall be responsible, shall be provided to the CCA and shall be based upon time and materials costs and fees set forth in the appropriate PG&E rate schedule. The estimate of costs shall include any cost savings that may occur as a result of the specialized service.
 - e. The CCA shall be responsible for all actual costs associated with Specialized Services, including but not limited to the development of the estimate of costs, the implementation of the Specialized Service and all applicable ongoing maintenance costs.
 - f. The costs associated with the initial implementation of any Specialized Services shall be paid in advance by the CCA before work is commenced.

COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 18

E. CCA SPECIALIZED SERVICE REQUESTS, INCLUDING PHASE-IN (Cont'd.) (L)

1. (Cont'd.)

- g. The CCA and PG&E shall agree to a mutually acceptable implementation schedule. The implementation schedule shall take into consideration and provide priority to required utility system work, which may include work related to mandated regulatory changes, customer service obligations, computer system integrity testing and maintenance.
- h. Pursuant to D.04-12-046 and D.05-12-041, a CCA may choose to phase-in CCA Service to customers. To assist the CCA with their phase-in plans, PG&E has developed an optional standard phase-in service, more fully described in Schedule E-CCA, which requires minimal system changes to minimize the CCA's phase-in costs. A CCA, however, has the option to propose its own phase-in plan as a Specialized Service Request. Regardless whether a CCA chooses the standard phase-in service or proposes its own phase-in criteria, PG&E will work cooperatively with CCAs to phase-in groups of customers in a manner that minimizes utility and CCA costs. CCA phase-in service shall be subject to the provisions set forth in Schedule E-CCA and this section.

F. CCA IMPLEMENTATION PLAN AND CCA SERVICE ESTABLISHMENT

1. Implementation Plan and CCA Registration With the Commission

- a. Pursuant to D.05-12-041 and Resolution E-4907, at the request of either the CCA or PG&E, the parties must "meet and confer" as soon as reasonably practical to address areas of concern or dispute with the CCA's implementation plans or the CCA's ability to comply with PG&E's tariffs. Such a request shall be presented in writing with a recitation of disputed items or areas of concern.

If the first attempts at resolution are not successful, the CCA and PG&E (the parties) shall meet in person. Should the parties be unable to reach consensus after the in-person meeting(s), either party may request that Energy Division assist by sponsoring a moderated in-person discussion between the parties. Such a request should come in the form of a request to the Director of Energy Division explaining the general nature of any unresolved issues regarding CCA compliance with utility tariffs. During the "meet and confer" parties shall discuss the contents of the CCA's Implementation Plan and any relevant issues with compliance with utility tariffs. The "meet and confer" process shall implicate no approvals, either formal or informal, from the Commission.

F. CCA IMPLEMENTATION PLAN AND CCA SERVICE ESTABLISHMENT (Cont'd.)

(L)

1. Implementation Plan and CCA Registration With the Commission (Cont'd.)

- b. Pursuant to D.05-12-041 and Resolution E-4907, for CCAs who have not submitted implementation plans to the Energy Division by December 8, 2017, the CCAs and PG&E shall follow the following timeline and procedures for submitting and certifying receipt of the Implementation Plan, notice to customers, notice to CCAs of the appropriate CRS, and registration of CCAs.

- 1) On or before January 1 of Year 1⁵ (DAY 1), the prospective or expanding CCA submits its Implementation Plan to Energy Division and serves it on the Rulemaking (R.) 03-10-003 Service List, on the R.16-02-007 Service List, and on the R.17-09-020 Service List, or successor proceedings.

(L)
(T)/(L)
(L)

- 2) Within 10 days of DAY 1, the Commission shall notify the Utility servicing the customers that are proposed for aggregation that an implementation plan initiating their CCA program has been filed.

- 3) Within 60 days of DAY 1, the CCA provides a draft customer notice to the Commission's Public Advisor.

Within 15 days of receipt of the draft notice, the Public Advisor shall finalize that notice and send it to the CCA.

- 4) Within 90 days of DAY 1⁶,

(L)
(T)/(L)
(L)

- (a) The Commission shall send a letter confirming that it has received the Implementation Plan and certify that the CCA has satisfied the requirements of an Implementation Plan pursuant to Section 366.2(c) (3). This letter shall inform the CCA about the cost recovery mechanism as required by P.U. Code Section 366.2(c)(7).

- (b) The Commission shall provide the CCA with its findings regarding any cost recovery that must be paid by customers of the CCA in order to prevent cost shifting. (P.U. Code Section 366.2 (c) (7).)

⁵ Except for 2018, where implementation plans may be submitted by March 1, 2018.

⁶ For 2018, Energy Division will certify plans by April 13, 2018 if received by March 1, 2018 as long as the plans are reasonably complete and meet all requirements.

F. CCA IMPLEMENTATION PLAN AND CCA SERVICE ESTABLISHMENT (Cont'd.)

1. Implementation Plan and CCA Registration With the Commission (Cont'd.)

4) Within 90 days of DAY 1⁷, (Cont'd.)

- (c) At the request of either PG&E or the CCA, the CCA and PG&E shall Meet-and-Confer regarding the CCA's ability to conform its operations to the PG&E's tariff requirements. The request shall be presented in writing with a recitation of disputed items or areas of concern. This process shall implicate no approvals, either informal or formal, from the Commission.

5) Within 90 days of DAY 1⁸, the CCA shall submit its registration packet to the Commission including:

- (a) Signed service agreement with PG&E, and
(b) Pursuant to Resolution E-4049, D.18-05-022, and Resolution E-5059, confirmation that the CCA has posted financial security with PG&E in the form and amount set forth in Section W of this Rule.

6) Within 90 days to 120 days of DAY 14, if the registration packet is complete, the Commission shall confirm registration as a CCA to the CCA and PG&E:

7) The CCA shall comply with the Resource Adequacy deadlines set forth in Section F.4.g, below

8) Prospective CCA Customers subject to Automatic Enrollment into CCA Service, as described in Section B.20, shall be notified by the CCA as set forth in Section H, below.

9) January 1, Year 2, the CCA may begin service.

⁷ For 2018, the bond and signed service agreement must be submitted to the Energy Division by April 20, 2018.

⁸ For 2018, the Commission will confirm registration by April 27, 2018.

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 21

- F. CCA IMPLEMENTATION PLAN AND CCA SERVICE ESTABLISHMENT (Cont'd.) (L)
1. CCA Implementation Plan and CCA Registration With the Commission (Cont'd.)
 - c. Pursuant to D.05-12-041, where the CCA fails to conform to PG&E tariffs, PG&E shall decline to initiate service to the CCA. If PG&E refuses to facilitate the CCA's initiation of service or declines to provide service to the CCA, PG&E must inform the CCA and Commission of its reasons in writing. The CCA may file a formal complaint with the Commission if the CCA believes it or its customers have been improperly refused service, whether before a CCA's service is initiated or in a case where PG&E interrupts CCA services.
 2. The CCA shall provide to the utility the Commission's certification of: (1) CCA registration, and (2) the amount of cost recovery that must be paid by its customers.
 3. The earliest possible date a CCA may implement CCA Service shall be the date the CCA has fulfilled all requirements in the applicable tariffs, including service establishment requirements set forth in this Rule, or the date the CCA and PG&E agree is reasonable, whichever is later, unless stated otherwise in a Commission order or in a letter from the Commission's Executive Director. In advance of providing service to the first CCA in PG&E's service territory, PG&E shall require six (6) months from the date the first CCA files its Implementation Plan with the Commission or a mutually agreed upon date between PG&E and the CCA.
 4. CCA Service Establishment

Prior to providing CCA Services within PG&E's service territory, the CCA must comply with the following requirements:

 - a. CCAs must submit an executed CCA Service Agreement in the form attached hereto.
 - b. The CCA remains fully responsible for its subcontractors, agents, and Scheduling Coordinators performing CCA related services on behalf of the CCA.
- (L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 22

- F. CCA IMPLEMENTATION PLAN AND CCA SERVICE ESTABLISHMENT (Cont'd.) (L)
4. CCA Service Establishment (Cont'd.)
- c. The CCA must satisfy PG&E credit-worthiness requirements set forth in Section V, Credit Requirements.
 - d. The CCA must satisfy applicable Electronic Data Exchange requirements, including:
 - (1) Completion of all necessary electronic interfaces for the CCA and PG&E to communicate for CCASRs, billing, collections, general communications and communication of meter reading and usage data from the utility.
 - (2) Have the capability to exchange data with PG&E via the Internet.
 - (3) Successful completion of all standard utility technical testing and must have the capability to communicate using Electronic Data Interchange (EDI), Internet, or an electronic format acceptable to the utility and enter into appropriate agreements related thereto. EDI testing may commence between CCA and PG&E at any time prior to CCA service commencing and both PG&E and CCA will make best efforts to complete EDI testing expeditiously.
 - e. No outstanding charges related to Specialized Services defined in Section E.
 - f. Confirmation that the CCA is registered with the Commission and that the CCA has filed an Implementation Plan with the Commission. (L)

COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 23

- F. CCA IMPLEMENTATION PLAN AND CCA SERVICE ESTABLISHMENT (Cont'd.) (L)
4. CCA Service Establishment (Cont'd.)
- g. Pursuant to Resolution E-4907, unless the CCA has received a waiver from the Commission as described in Section F.4.g.(4), below, a CCA must comply with the Resource Adequacy requirement deadlines set forth in Appendix A and Appendix B of Resolution E-4907 and outlined below:
- (1) April, Year 1, in accordance with P.U. Code Section 380, the CCA shall submit its year-ahead Resource Adequacy forecast.
 - (2) August Year 1, the CCA shall submit its updated year-ahead Resource Adequacy forecast.
 - (3) October Year 1 (75 days before service commences), the CCA shall submit its year ahead Monthly load forecast for the Resource Adequacy program, filed about 75days prior to the compliance month.
 - (4) Any new or expanding CCA may request a waiver from the above timelines in order to begin service prior to January 1, 2019. To request a waiver either:
 - i. The CCA and PG&E shall jointly submit a Tier 1 Advice Letter no later than 75 days prior to the Resource Adequacy compliance month in which the CCA wishes to begin service. This Advice Letter shall provide notification that the utility and CCA mutually agree (via payment, allocation of Resource Adequacy or a combination thereof) that they have addressed Resource Adequacy requirements and cost responsibility concerns raised by the intra-year load migration for 2018. Notification of agreements must include what categories of RA for what periods are being satisfied; or, (L)

4. CCA Service Establishment (Cont'd.)

g. (Cont'd.)

(4) (Cont'd.)

ii. If no agreement is reached, the CCA shall file a Tier 1 Advice Letter no later than 75 days prior to the Resource Adequacy compliance month in which the CCA wishes to begin service. This Advice Letter shall provide notification that PG&E and the CCA are unable to reach agreement to address the RA requirements and cost responsibility concerns raised by the intra-year load migration for 2018, and shall state that the CCA agrees to be bound by a future Commission determination in the Resource Adequacy Proceeding (R.17-09-020) regarding cost responsibility for intra-year load migration, subject to appellate rights under the Commission's Rules. The CCA then shall file a motion in the Resource Adequacy Proceeding seeking such a determination within 60 days of the submittal of the Advice Letter. Submittal of this Advice Letter allows the CCA to begin service 75 days later and shifts the Resource Adequacy responsibility from the utility to the CCA.

h. The CCA must post and maintain financial security with PG&E in the form and amount in accordance with Section W of this Rule. Failure of the CCA to provide PG&E with financial security within sixty (60) days of the effective date of the FSR advice letter described in Section W of this Rule and/or issuance of Resolution E-5059, as applicable, may be grounds for the CCA's involuntary service suspension by the Commission.

5. Adding/Deleting a Municipality to an Existing CCA

This section is applicable to CCAs participating in a joint powers agency (JPA) pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code pursuant to Public Utilities Code Section 331.1.b. The CCA shall comply with each of the following:

- a. Before PG&E will process requests associated with a city or county joining or leaving an existing CCA, the CCA must execute a Specialized Services Agreement between the CCA and the Utility pursuant to the applicable provisions set forth in Section E of this Rule.
- b. Before PG&E will process requests associated with an existing CCA adding a city and/or county to its membership, the CCA must update or renew all requirements as specified in Sections F.1, F.2, F.3, and F.4 above.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 25

G. CCA SERVICE CUSTOMER ELIGIBILITY

(L)

A CCA must offer to provide electric power to all residential customers located within its service area and pursuant to D.04-12-046, the CCA has the option to provide CCA Service to non-residential customers located within its service area. Pursuant to D.05-12-041, all customers, including active Direct Access customers, located within a CCA's service area that have been offered service by the CCA that do not affirmatively decline such service (opt-out), shall be served by the CCA. PG&E shall not be responsible or liable in any way for any costs, fees, or penalties associated with a customer's Automatic Enrollment in CCA Service.

1. Customers with a PG&E commodity contract term obligating them to remain on PG&E Bundled Service, including Bundled Portfolio Service (BPS), shall be included in the CCA's Automatic Enrollment process and are subject to a CCA Cost Responsibility Surcharge as set forth in Schedule CCA-CRS. Customer inquiries concerning the PG&E contract term requirements will be referred to the PG&E.
2. Customers taking service under Net Energy Metering (NEM) Rate Schedules, shall be included in the CCA's Automatic Enrollment process and are subject to the provisions set forth in PG&E's NEM Rate Schedules which may preclude NEM eligibility or may require special metering prior to the switch to CCA service, as defined in Section J.
3. Customers currently under Direct Access service shall be included in the CCA's Automatic Enrollment process and are subject to a CCA Cost Responsibility Surcharge as set forth in Schedule CCA-CRS. PG&E may require Direct Access customers with meters that do not conform to PG&E's metering standards and are incompatible with current PG&E metering reading systems to be replaced with a compatible meter prior to the switch to CCA service, as defined in Section M.

H. CCA CUSTOMER NOTIFICATION PROCESSES

(L)

1. CCA Customer Notifications

A CCA must provide required CCA Customer Notifications to participating customers eligible to receive Automatic Enrollment into CCA Service during the Initial Notification Period and Follow-up Notification Period. The CCA shall be solely responsible for all obligations associated with CCA Customer Notifications and performing those obligations consistent with the requirements set forth in PU Code Section 366.2, the CCA's Implementation Plan, Commission requirements and all applicable Commission orders. PG&E shall not be responsible for monitoring, reviewing or enforcing such obligations.

All notifications must include the necessary customer data and instructions that will allow customers to gain access to and complete the opt-out service described in Section I.

2. PG&E CCA Customer Notification Services

- a. A CCA may request PG&E to provide the required CCA Customer Notifications, on behalf of the CCA with adequate advance notice as set forth in PG&E Schedule E-CCA. Customized CCA Customer Notification mailing services may be provided to CCAs only upon agreement with PG&E.
- b. A CCA requesting to include its required customer notifications in PG&E's billing envelope is subject to the provisions set forth in Schedule E-CCA. The information in CCA customer notifications included in PG&E's billing envelope shall be limited to that required by PU Code Section 366.2(c)(13)(A).
- c. CCA is responsible to ensure mailing instructions provided to PG&E comply with the communication plan set forth in the CCA's Implementation Plan, rules and applicable laws.
- d. The standard CCA Customer Notification mailing(s), when provided by the PG&E, shall be staggered based on the customers' billing cycles.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 27

H. CCA CUSTOMER NOTIFICATION PROCESSES (Cont'd.)

(L)

3. The following additional provisions apply to CCA Customer Notifications:
 - a. The CCA and utility must mutually agree on the date before the CCA's Customer Notification process can begin.
 - b. CCA Customer Notifications may be sent concurrently with the utility's billing cycles.
 - c. Neither CCAs nor PG&E shall use the other party's logo on CCA Customer Notifications or other materials absent express written consent to do so. Neither party shall express nor imply that the other party is affiliated with, is a sponsor of, or endorses their services or other programs.
 - d. If a CCA's Automatic Enrollment process is suspended by the CCA, the Commission or any other State agency, the CCA shall be responsible for all utility costs, including, but not limited to, customer communications associated with the suspension.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 28

I. CCA CUSTOMER OPT-OUT PROCESSES

(L)

Pursuant to P. U. Code 366.2(13)(A)(i), CCA-issued Customer Notifications required for automatic enrollments into the CCA program shall include the opportunity for customers to opt-out of CCA Service and continue to receive their existing service. Pursuant to P.U. Code Section 366.2(c)(13)(C), the opt-out may take the form of a self-addressed return postcard indicating the customer's election to remain with, or return to, electrical energy service provided by the electric corporation, or another straightforward means by which the customer may elect to derive electrical energy service through the electrical corporation providing service in the area. The CCA may elect to administer the opt-out process, which shall include the distribution of the requisite customer notifications and the receipt of customer opt-out requests through options of its choosing. Alternatively, pursuant to P. U. Code Section 366.2(c)(13)(B), a CCA may request that the Commission approve and order PG&E to provide the Customer Notifications required in Subparagraph (A). If the CCA makes this request and the Commission approves it, the CCA shall use PG&E's opt-out process as set forth in subsection 1 below:

1. The utility shall provide an opt-out process to be used upon request by a CCA. If such a request is made, the utility shall offer at least two (2) of the following options as a part of its opt-out process:
 - a. Reply letter or postcard (postage paid) enclosed in CCA Customer Notifications.
 - b. Automated phone service.
 - c. Internet service.
 - d. Customer Call Center contact.
2. Customers eligible for Automatic Enrollment in CCA Service must be notified twice during the Initial Notification period. If the utility is aware that a customer or group of customers has not received the required notifications, the utility shall immediately inform the CCA. If the CCA has not delivered the required notifications to a customer or group of customers, the CCA shall immediately inform the utility to remove the customer from Automatic Enrollment. This rule does not apply to customers establishing electric service within a CCA's service area where the location (premise) has already been CCA activated, which is covered by Section K below.
3. A customer opting out of CCA Service during the Initial Notification Period shall be removed from the Automatic Enrollment process.
4. Pursuant to D.05-12-041, every customer in the CCA's Automatic Enrollment that does not opt-out of CCA service shall be served by the CCA, including customers with commodity contracts, Direct Access customers and customers whose CCA Customer Notifications are returned unopened.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 29

I. CCA CUSTOMER OPT-OUT PROCESSES (Cont'd.)

(L)

5. A customer opting out of CCA Service during the Follow-up Notification Period and after enrollment in CCA Service shall be returned to its previous service, without penalty, on the customer's next scheduled meter read date, consistent with CCASR processing timing as defined in Section M.
6. If a CCA has elected to use PG&E's opt-out process pursuant to subsection 1 and receives a customer request to opt-out, the CCA should inform PG&E of such opt-out requests in a fashion that is mutually agreeable to the utility and the CCA so that PG&E can update its records.
7. PG&E shall provide notice to the customer when the customer's opt-out request has been processed only if CCA and PG&E agree that PG&E shall provide such notice.
8. After the conclusion of the Initial Notification Period, in advance of the date of commencing Automatic Enrollment and prior to the customer's enrollment in CCA Service, either PG&E or the CCA, depending on whether the CCA has elected to use PG&E's opt-out processing services or administer its own opt-out process, may continue to accept customer opt-out requests and the utility and the CCA may make best efforts to process such requests before the customer's account switches to CCA Service. Opt-out requests that cannot be processed before the account switches shall be processed following the CCASR processing timing to return the customer's account to its previous service, as defined in this Rule. PG&E and the CCA shall share lists of customers who have elected to opt-out of CCA service with each other on a regular basis.
9. After the customer's account has switched to CCA Service, either PG&E or the CCA shall notify the other of customer Opt-out requests using the CCASR process as defined in Section M.
10. Customers making a positive election to CCA Service are not eligible for opt-out privileges and will return to Bundled Service under the provisions of Section L of this rule.
11. If a CCA elects to use a postcard or reply letter for the opt-out mechanism, the reply letter or postcard opt-out service must include a customer specific utility identifier preprinted on the reply letter/card if PG&E makes such an identifier available to the CCA.

J. CCA SERVICE MASS ENROLLMENT PROCESSES

PG&E shall provide a Mass Enrollment process whereby all eligible CCA customers that have not opted out of CCA Service shall be automatically enrolled in CCA Service on the customers' regular scheduled meter read dates over a one (1) billing month period, subject to phasing.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 30

J. CCA SERVICE MASS ENROLLMENT PROCESSES (Cont'd.)

(L)

1. In advance of implementing the Mass Enrollment process, PG&E must be in receipt of the CCA's confirmation, indicating the CCA has fulfilled its Initial Notification requirements. PG&E has no responsibility for verifying that the CCA has complied with its notification requirements.
2. Within fifteen (15) days after conclusion of the Initial Notification Period, PG&E shall provide to the CCA one (1) update of its customer enrollments, providing individual customer information and energy usage data for those customers scheduled for mass enrollment. The update shall exclude all customer information for processed opt-out requests. A CCA has the option to request additional customer information pursuant to Schedule E-CCAINFO.
3. The mass enrollment shall commence at a time not less than thirty (30) days and not more than forty-five (45) days after the conclusion of the Initial Notification Period, unless another date is mutually agreed to by the CCA and PG&E, and shall be processed over a one billing month period by billing cycle unless the CCA and utility have agreed to specialized services for CCA enrollment or Phase-in services as defined in this Rule. A CCA has the option to request additional customer information pursuant to Schedule E-CCAINFO.
4. For each account in the mass enrollment, the utility shall switch the customer's account on its scheduled meter reading date, providing confirmation to the CCA.
5. Following the Mass Enrollment, the Utility shall provide the CCA with an update to its customer enrollments, providing individual customer information and energy usage data, and the switch dates for those customers that were actually enrolled in the CCA's CCA Service.
6. Effective beginning on the date of the transfer, the CCA is solely responsible for providing the electric power needs of its customers.
7. Customer opt-out requests processed after the account has switched to CCA Service shall be returned to its previous service by the initiation of a CCASR and under the CCASR process timing, as defined in Section M.
8. The CCA shall update its records within three (3) working days from the date of receiving a customer's opt-out notification to remove the opted-out customer from CCA Service and eliminate future CCA Customer Notification concerning a customer's option to opt-out of the CCA Program, as defined in Section H of this Rule from the CCA.
9. Except as otherwise provided for in this Rule, no special metering shall be necessary or permitted during the mass enrollment process.

K. CUSTOMER RELOCATION PROCESSES FOLLOWING MASS ENROLLMENT

(L)

The following sections apply to customers establishing electric service, relocating existing service, and discontinuing electric service within a CCA's service area. Except as otherwise exempted by this Rule, Commission decision or by law, customers establishing electric service, within a CCA's service area where the location (premise) has been already CCA activated shall be served under CCA Service unless the customer submits a request to the CCA to opt-out and the CCA provides notification to PG&E of any such opt out request. If an existing customer moves the location of their electric service within the jurisdiction of the CCA, the customer shall retain the same electric commodity service provider as prior to the move, unless the customer affirmatively changes their electric commodity service provider.

1. The following section shall apply when CCA customers are contacting PG&E to relocate or discontinue their electric service account within a CCA's service area:
 - a. In addition to its normal business requirements related to the customer's request, PG&E shall also process the changes for CCA Service and advise the customer it will place a CCA Service request to the CCA for the customer's account changes related to CCA Service. PG&E shall not use this customer contact opportunity to encourage the customer to return to bundled service.
 - b. PG&E shall promptly notify the CCA of the customer's relocation or discontinuance of CCA Service by submitting the appropriate CCASRs as defined in this Rule.
 - c. The CCA shall be responsible for processing customer request(s) within three (3) business days and is solely responsible for the customer's electric power generation supply needs consistent with the service date as indicated on the CCASR(s).

COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 32

- K. CUSTOMER RELOCATION PROCESSES FOLLOWING MASS ENROLLMENT, Cont'd (L)
2. The following section shall apply to customers establishing electric service within a CCA's service area. Customers establishing electric service within a CCA service area shall be automatically enrolled in CCA Service at the time their electric service becomes active unless the customer submits a request to the CCA to opt-out and the CCA provides notification to PG&E of any such opt out request. If an existing customer moves the location of their electric service within the jurisdiction of the CCA, the customer shall retain the same electric commodity service provider as prior to the move, unless the customer affirmatively changes their electric commodity service provider.
 - a. In addition to its normal utility business requirements related to the customer's request, PG&E shall process the customer enrollment for CCA Service.
 - b. PG&E shall advise the customer that its account is to be automatically enrolled in CCA Service being offered by the CCA, that PG&E will place a CCA Service request to the CCA and as applicable, the terms and conditions for the customer to return to bundled service. PG&E shall not use this customer contact opportunity to encourage the customer to return to bundled service.
 - c. PG&E shall promptly notify the CCA of the customer's enrollment by submitting the appropriate CCASRs as defined in this Rule.
 - d. The CCA shall be responsible for processing the customer request(s) within three (3) business days and is solely responsible for providing the customer's electric power generation supply needs consistent with the service date as indicated on the CCASR(s).
 - e. All CCA customer enrollments defined in this section shall be considered Automatic Enrollments and customers shall be permitted to opt-out in accordance with Section I. The CCA shall be solely responsible for all obligations consistent with the requirements set forth in P.U. Code Section 366.2. Customers shall be referred to the CCA for the information related to the CCA's customer notifications and other CCA terms and conditions of CCA Service.
 3. PG&E will refer to the CCA any customer interested in opting out of CCA Service in accordance with Section I at the time of service establishment of service relocation. (L)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 33

L. CCA CUSTOMERS RETURNING TO PG&E BUNDLED SERVICE

1. Positive Elections

a. Customers that have made a positive election⁹ to participate in CCA Service requesting to return to bundled service must provide a six (6) month advance notice and are subject to the terms and conditions of a Bundled Portfolio Service (BPS) as set forth below. Alternatively, customers have the ability to return immediately (at or about the next scheduled meter read) to Utility service and receive Transitional Bundled Service (TBS) commodity pricing terms as set forth in PG&E Schedule TBCC and be subject to the provisions and applicable charges of the CCA Cost Responsibility Surcharge as set forth in Schedule CCA-CRS rate for 6 months after returning to utility service.

b. Direct Access eligible customers returning to bundled service from CCA Service shall be subject to Direct Access Rule 22.1. These customers who are eligible to switch from CCA Service to DA service do not need to return to Bundled Service. Alternatively, customers have the ability to return immediately (at or about the next scheduled meter read) to Utility service, and receive Transitional Bundled Service (TBS) commodity pricing terms as set forth in PG&E Schedule TBCC and be subject to the provisions and applicable charges of the CCA Cost Responsibility Surcharge as set forth in Schedule CCA-CRS for 6 months after returning to utility service.

2. Customers Automatically Enrolled in CCA Service Returning to Bundled Service after the Follow-up Notification Period.

a. Direct Access eligible customers that have been Automatically Enrolled in CCA Service and are returning to Bundled Service from CCA Service shall be subject to the provisions set forth in Direct Access Rule 22.1. These customers who are eligible to switch from CCA Service to DA service do not need to return to Bundled Service.

b. Former Bundled Service Customers that have been Automatically Enrolled in CCA Service returning to bundled service after the Follow-up Notification Period must provide the CCA with a six (6) month advance notice and are subject to the terms and conditions of Bundled Portfolio Service (BPS) as set forth below. CCA shall promptly provide PG&E with all such notices. Alternatively, customers have the ability to return immediately (at or about the next scheduled meter read) to Utility service and receive Transitional Bundled Service (TBS) commodity pricing terms as set forth in PG&E Schedule TBCC and be subject to the provisions and applicable charges of the CCA Cost Responsibility Surcharge as set forth in Schedule CCA-CRS for 6 months after returning to utility service.

In an Involuntary Return, CCA customers will be returned to BPS and are subject to the terms and conditions of BPS as set forth below.

⁹ Includes customers that have opted out of CCA Service and later elect to return to CCA Service.

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 34

- L. CCA CUSTOMERS RETURNING TO PG&E BUNDLED SERVICE (Cont'd.) (L)
3. Bundled Portfolio Service
- Bundled Portfolio Service is applicable to CCA customers who return to bundled service for a minimum of one year. This one-year minimum bundled service commitment shall be referred to herein as Bundled Portfolio Service (BPS). The following conditions shall apply:
- a. Customers receiving this service make a one-year commitment and shall not be allowed to return to CCA service until their one-year minimum period has been completed. The one-year minimum period shall begin on the date the customer is switched to BPS after the conclusion of the six-month advance notice period as set forth in this Section L.3.b. In the event a customer receives service under TBS during the six-month advance notice period, the time served under TBS shall apply toward the one-year BPS commitment. No premature departures from the one-year commitment shall be allowed.
 - b. Customers must provide a six-month advance notice to their CCA, which must notify PG&E within 5 business days, prior to becoming eligible for BPS so PG&E can adjust its procurement activity to accommodate the additional load. Such notification will be made by the customer submitting to their CCA a 6 Month Advance Notice to Return to PG&E form unless an alternate means of notification has been mutually agreed to by PG&E and the CCA. PG&E shall provide those customers who have provided advance notice with written confirmation and necessary switching process information within 10 business days of receipt of the customer's notification from the CCA. Once received by PG&E, customers will have a three business-day rescission period after which advance notifications cannot be cancelled. PG&E shall process requests to BPS in the following manner:
 - (1) Account transfers to BPS shall be switched on the customer's next scheduled meter read date after the completion of the six-month advance notice period.
 - (2) PG&E shall initiate a CCASR, to transfer the account to BPS for all accounts returning in six months, and shall provide notification to the customer and CCA in accordance with Section M. For immediate returns or returns prior to the completion of the six-month advance notice period, the CCA shall initiate the CCASR. In no event will PG&E submit a CCASR for the 6 month return unless they have first received a request from the CCA.

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 35

L. CCA CUSTOMERS RETURNING TO PG&E BUNDLED SERVICE (Cont'd.) (L)

3. Bundled Portfolio Service (Cont'd.)

- c. During the six-month advance notice period before customers become eligible for BPS, customers may either continue on CCA Service or return to Bundled Service and receive Transitional Bundled Service (TBS) commodity pricing terms as set forth in PG&E Schedule TBCC and be subject to the provisions and applicable charges of the CCA Cost Responsibility Surcharge as set forth in Schedule CCA-CRS. After receiving a 6 month return notice from the CCA, PG&E shall process any CCASR returning the customer to bundled service during the six-month advance notice period in accordance with Section M. If the customer chooses to return to PG&E immediately, PG&E shall provide bundled service to the customer at the TBS rate for a six-month period. PG&E shall initiate the necessary transfer of the account to BPS at the conclusion of the six-month advance notice period with notification to the customer.
- d. Customers returning from CCA Service after the Follow-up Notification period has expired are subject to a re-entry fee as set forth in Schedule E-CCA.

4. End of Bundled Portfolio Service

At the end of the customer's initial one-year BPS commitment, customers will have the option of switching back to CCA Service or remaining on BPS based on the then current applicable rules in effect. PG&E will provide the CCA and the customer with a courtesy reminder eight months before the expiration of the customer's one-year commitment. This timeframe will allow for the six-month notification period and will provide a 60-day transitional period for the customer to notify PG&E of its intent to return to CCA Service. If for any reason the customer is not sent, or does not receive, a courtesy reminder from PG&E, the customer is not relieved of its responsibility for providing PG&E the notice required in this Section 4.a below.

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 36

- L. CCA CUSTOMERS RETURNING TO PG&E BUNDLED SERVICE (Cont'd.) (L)
4. End of Bundled Portfolio Service (Cont'd.)
- a. Customers electing to return to CCA Service at the conclusion of the one-year BPS commitment period shall notify the CCA and the CCA shall provide advance, written notice to PG&E. Enrollment with the CCA can then occur at least six months after the CCA provides written notice to PG&E, so long as service switches after the conclusion of the one-year commitment. The customer is responsible for providing its CCA with this information.
- (1) The customer's CCA shall submit a CCASR to ensure the necessary switch to CCA Service under the CCASR rules, as set forth in Section M., occurs on the service account's next scheduled meter read date after the completion of the six-month advance notice period.
- (2) If PG&E is not in receipt of a CCASR by the end of the customer's one-year commitment, the customer's request to return to CCA Service shall be cancelled and the customer shall be subject to the terms of Section L.4.b., below.
- b. Customers electing to remain on BPS are not required to take any action. (L)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 37

- M. CCA SERVICE REQUESTS (CCASR) AFTER MASS ENROLLMENT (L)
1. CCASRs, in the form specified by PG&E, must be submitted electronically by the CCA unless an alternate means of submittal has been mutually agreed to by PG&E and the CCA. The CCASR process described herein is used for various changes to a customer's choice of services and service providers, such as customer CCA elections, customer-initiated returns to PG&E Bundled Service, CCA-initiated customer returns to PG&E Bundled Service, and maintaining customer information. CCAs must execute the CCA Service Agreement and successfully complete all CCA Service establishment requirements set forth in this Rule before submitting CCASRs.
 2. PG&E shall begin accepting CCASRs from the CCA for service accounts on a mutually agreed upon date with PG&E, but no earlier than the start of the CCA's Mass Enrollment process.
 3. A separate CCASR must be submitted for each service account. Upon request by a CCA, PG&E shall provide timely updates on the status of the CCASR processing to the submitting CCA and customer.
 4. CCASRs must identify the utility account information, as determined by PG&E, of the customer participating in Community Choice Aggregation. A CCASR that does not contain this information shall be considered materially incomplete.
 5. CCASR forms shall be available through electronic means (e.g., PG&E's website).
 6. PG&E shall provide an acknowledgment of its receipt of the CCASR to the CCA within two (2) working days of its receipt. PG&E shall provide to the CCA, within three (3) working days, a CCASR status notification informing them as to whether the CCASR has been accepted, rejected or deemed pending for further information. If accepted, the switch date determined in accordance with paragraphs 11 or 12 of this section shall be sent to the CCA. If a CCASR is rejected, PG&E shall provide the reason for the rejection. If a CCASR is held pending further information, it shall be rejected if the CCASR is not completed within eleven (11) working days following the status notification. (L)

COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 38

- M. CCA SERVICE REQUEST (CCASR) AFTER MASS ENROLLMENT (Cont'd.) (L)
7. In accordance with the provisions of Rule 3, PG&E has the right to deny the CCA's request for service for a particular customer if the information provided by the customer is false, incomplete, or inaccurate in any material respect.
 8. If a submitted CCASR complies with the CCASR requirements, the CCASR shall be accepted and scheduled for CCA implementation.
 9. CCASRs shall be handled on a first-come, first-served basis. Each request shall be time-stamped by PG&E.
 10. If more than one enrollment CCASR is received for a service account within a single CCASR processing period, only the first valid CCASR received shall be processed in that period. All subsequent CCASRs shall be rejected.
 11. Accepted CCASRs that do not require a meter change and that are received by PG&E a minimum of fifteen (15) days before the customer's next scheduled meter reading date shall be switched over on the next scheduled meter reading date for that service account.
 12. If an accepted CCASR requires a meter change (i.e., the existing meter is incompatible with the Utility's meter reading system), PG&E shall install a new meter and switch the account over to CCA on the date of installation. PG&E shall endeavor to complete the meter change request within fifteen (15) days after acceptance of the CCASR in the absence of a meter installation backlog or other circumstances beyond PG&E's control such as, but not limited to, delays in the installation of a communication line to the meter. PG&E may require Direct Access customers with meters that are incompatible with the utility systems to be replaced with a compatible meter prior to the acceptance of a CCASR. PG&E shall provide notice of any current meter service backlog or the next available installation date. Such metering services are subject to fees in accordance with Schedule E-ESP and E-EUS.
 13. In the event the Commission or the ISO governing board declares an emergency and institutes a moratorium of PG&E processing of CCA requests, PG&E shall comply with such moratoriums and inform CCAs or customers of the details of emergency plans.
 14. PG&E, CCA and customer, on mutual agreement, may agree to a different service change date for the service changes requested in a CCASR. (L)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 39

- M. CCA SERVICE REQUEST (CCASR) AFTER MASS ENROLLMENT (Cont'd.) (L)
15. A CCASR is submitted pursuant to the terms and conditions of the CCA Service Agreement and this Rule and shall also be used to define the CCA Services that the CCA is providing the customer.
 16. CCASRs submitted for customers returning to PG&E Bundled Service will follow the same process and timing as CCASRs to establish CCA Service. CCAs shall be responsible for the continued provision of the customer's electric power needs until the service change date. Customers returning to PG&E Bundled Service shall be subject to the terms and conditions as set forth in Section L.
 17. PG&E shall assess a service fee for CCASRs for adding or removing customers from CCA Service. This service fee shall be billed to the CCA unless the customer is requesting to return to PG&E service after the Follow-up Notification Period whereupon the customer's re-entry service fee shall be billed to the customer.
 18. PG&E shall not hold the CCA responsible for any unpaid customer billing charges that the customer incurred prior to the customer's switch to CCA. Unpaid billing charges shall not delay the processing of CCASRs and shall remain the customer's responsibility to pay PG&E. PG&E shall follow current Commission credit rules in the event of customer non-payment, which includes the disconnection of service.
 19. CCA must submit CCASRs only for customer accounts within its service area and for customers that meet the eligibility requirements set forth in Section G.
 20. Any CCASR not meeting the above requirements shall be rejected, the affected customer shall be notified, and the applicable CCASR fee shall be charged to the CCA.
 21. If a customer cancels an agreement, a CCASR shall not be submitted for that customer. If a CCASR has already been submitted, the submitting party shall, within two (2) business days, direct the Utility to cancel the CCASR.
 22. CCAs shall offer service to all residential customers and shall not return residential customers involuntarily to bundled service, except in the event of non-payment of CCA charges by the customer, as set forth in Section U.2. (L)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 40

N. METERING SERVICES

(L)

1. Meter Services

Meter services are comprised of three primary functions, Meter Ownership, Meter Services (Installation, maintenance, and testing) and Meter Data Management Agent (MDMA) Services. PG&E shall perform all Metering Services for a CCA's customers.

PG&E, as the Meter Service provider, shall ensure all of its meters and associated metering services are in conformance with its metering standards and Commission approved rules governing such services.

a. Meter Conformity

Customers who had previously purchased or leased an interval meter acceptable to PG&E as a condition of receiving DA service, may own or lease interval meters used for billing purposes for CCA Service, but shall continue to be responsible for the obligations of a meter owner under Rule 22 Section G.

If the customer has a non-conforming meter, or elects to have the meter replaced, PG&E reserves the right to extend its normal installation period due to meter and installation personnel availability. Under these circumstances, PG&E shall apprise the customer and CCA of the specific reasons for the delay and the anticipated schedule for installation.

b. MDMA Services

PG&E shall perform all Meter Data Management Agent (MDMA) services required for CCA Service in accordance with its Commission approved tariffs. MDMA obligations include but are not limited to the following:

- (1) Meter data for CCA customers shall be read, validated, edited, and transferred to the MDMA server pursuant to the Utility's standards.
- (2) Both PG&E and CCA shall have access to the MDMA server.
- (3) PG&E shall provide the CCA's (or their designated agents) reasonable and timely access to meter data as required to allow the proper performance of billing, settlement, scheduling, forecasting and other functions.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 41

N. METERING SERVICES (Cont'd.)

(L)

c. Charges for Metering Services

PG&E may charge the customer or the CCA for the provision of metering services only to the extent such charges are authorized by the Commission. If the installation of metering services is at the customer's expense, the customer's authorization is required.

O. BOUNDARY METERING SPECIAL REQUESTS

In accordance with PU Code Section 366.2, at the request and expense of any CCA, PG&E shall install, maintain and calibrate metering devices at mutually agreeable locations within or adjacent to the CCA's service area. PG&E shall read the metering devices and provide the data collected to the CCA at the CCA's expense. All costs incurred by PG&E as a result of providing this specialized service, hereinafter referred to as Boundary Metering shall be the sole responsibility of the requesting CCA.

1. PG&E shall consider and evaluate requests for Boundary Metering on a case-by-case basis, provided that implementation can be accomplished without compromising the safety, reliability or operational flexibility of PG&E's electrical facilities. Any CCA interested in submitting a request for Boundary Metering shall be responsible for funding an analysis of the electric system impacts and a study to determine the estimated costs associated with Boundary Metering. The CCA shall be provided with an estimate of costs for which it shall be responsible to pay.
2. A CCA requesting Boundary Metering installation shall be responsible for executing a Specialized Service agreement or contract established pursuant to Rule 2 establishing the terms and conditions for installation and maintenance of the special facilities.
3. The CCA shall be responsible for all actual costs associated with Boundary Metering services, including but not limited to the development of the estimate of costs, the implementation of Boundary Metering and all ongoing operating and maintenance costs.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 42

O. BOUNDARY METERING SPECIAL REQUESTS (Cont'd.)

(L)

4. All costs associated with the deployment of Boundary Metering for a CCA shall be paid in advance by the CCA before work commences.
5. CCAs terminating Boundary Metering services with the utility shall be responsible for all costs related to the restoration of the PG&E's facilities, which may include, but are not limited to, removal of meters.
6. As applicable, Boundary Metering costs shall be included as a part of the Utility's credit requirements set forth in Section V.
7. The CCA and PG&E shall agree to a mutually acceptable Boundary Metering installation schedule. The installation schedule shall take into consideration and provide priority to required PG&E metering work which may include work related to mandated regulatory changes, customer installations and testing, emergency service orders and routine testing and maintenance.

P. BILLING SERVICE OBLIGATIONS

PG&E shall perform the billing services for the CCA. PG&E shall use the PG&E Consolidated Billing process described below.

1. Introduction

This section establishes PG&E and CCA obligations for billing information and legal and safety notices.

a. Description

PG&E shall provide two options for Consolidated PG&E Billing:

- (1) Rate Ready – The customer's CCA shall send its rates to PG&E. PG&E shall in turn send a consolidated bill, containing both PG&E and CCA charges to the customer.
- (2) Bill Ready – The customer's CCA shall send its bill to PG&E. PG&E shall in turn send a consolidated bill, containing both PG&E and CCA charges, to the customer.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 43

P. BILLING SERVICE OBLIGATIONS (Cont'd.)

(L)

1. Introduction (Cont'd.)

b. Rate Ready PG&E Consolidated Billing

(1) PG&E Obligations

- (a) PG&E shall calculate the CCA's charges based on the Customer's usage and the rates submitted to PG&E by the CCA. PG&E shall calculate the CCA's charges under this billing option using the CCA's rate schedules and the same meter data used to calculate the utility's charges. PG&E shall calculate the utility users tax for both PG&E and CCA charges.
- (b) If billing quality meter data is not available, PG&E may (i) send out an estimated bill for its services and the CCA's services in accordance with PG&E's applicable rules or (ii) hold its bill.
- (c) PG&E charges shall be based on PG&E's electric service, PG&E's natural gas service, the customer's electric and natural gas usage and the applicable PG&E rate schedules. The CCA's electric charges shall be based on the rates and charges by CCA and on the customer's electric usage. Unless otherwise agreed, the terms and conditions stated in this Rule shall apply to the consolidated gas and electric billing service.

(2) CCA Obligations

- (a) For any CCA that elects the Rate Ready Billing option, the CCA must identify for each Service Account the CCA rate option for its electric supply services which has the same structure as the service account's applicable PG&E electric rate structure (excluding event based rate elements). For the Rate Ready Billing option, the CCA rate(s) must be implementable by using the same tiers, baseline seasons, and Time-of Use (TOU) periods, i.e. structural components, as applied by PG&E for the Customer. The CCA can provide its own values to be billed using the same structural components as applied by PG&E for the Customer. CCA event based rates will not be eligible for rate ready billing. For example:
 - For a Customer on a PG&E non-TOU rate, the CCA must apply its rate for a Customer's service account with a 1-tier price per kWh, i.e. a flat rate structure.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 44

P. BILLING SERVICE OBLIGATIONS (Cont'd.)

(L)

1. Introduction (Cont'd.)

b. Rate Ready PG&E Consolidated Billing (Cont'd.)

(2) CCA Obligations (Cont'd.)

- For a Customer on a PG&E TOU rate, the CCA must apply its rate(s) for a Customer's service account with a TOU rate option that uses the same TOU periods as specified in PG&E's applicable TOU schedule for the Customer.
- (b) Each submission of rate schedules by CCA shall clearly identify the Service accounts for which those schedules apply. CCA shall pay the charges set forth in the utility's electric rate schedules for each change of rate schedules by the CCA.
- (c) Only authorized utility personnel needed to perform, supervise or audit CCA billing under this option shall have access to the CCA's rate schedules. PG&E shall treat the CCA's rate schedules as confidential information in accordance with the CCA Service Agreement, and shall not disclose those rate schedules to other than authorized utility personnel without the CCA's written consent or issuance of a valid legal order compelling the disclosure.
- (d) PG&E does not assume responsibility for any information supplied by CCA.

(3) Timing Requirements

- (a) The CCA's rate schedules and prices must be submitted to PG&E at least thirty (30) business days prior to the effective day of the rate.
- (b) The CCA may update its rate schedules no more than once per calendar month subject to the lead time described above.

c. Bill Ready PG&E Consolidated Billing

(1) PG&E Obligations

- (a) PG&E shall calculate PG&E's charges and send the bill either by mail or electronic means to the customer. PG&E shall include CCA charges on the bill. PG&E is not responsible for computing or determining the accuracy of the CCA charges on the bill.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 45

P. BILLING SERVICE OBLIGATIONS (Cont'd.)

(L)

1. Introduction (Cont'd.)

c. Bill Ready PG&E Consolidated Billing (Cont'd.)

(1) PG&E Obligations (Cont'd.)

(b) PG&E's bill shall include a summary of CCA charges and may provide any billing-related details of CCA charges, including the CCA's telephone number. The CCA bill may be printed with the PG&E bill, or electronically transmitted exactly as provided by the CCA.

(c) PG&E shall process customer payments and transfer amounts paid toward CCA charges to the CCA when the payments are received as specified in Section Q.

(2) CCA Obligations

(a) The CCA shall offer PG&E consolidated billing services to the CCA customers it serves.

(b) The CCA shall submit the necessary billing information to facilitate billing services according to PG&E's billing schedule and by Service Account.

(c) The CCA shall provide PG&E with a summary of CCA charges by electronic transmittal or other means acceptable to PG&E. The CCA may provide billing-related details of CCA charges on a separate page which shall be included in the consolidated bill and transmitted with the summary charge. CCA charges which are not transmitted as required shall not be included in the consolidated bill.

(3) Timing Requirements

(a) Bills under this option shall be rendered once a month. Nothing contained in this Section shall limit PG&E's ability to render bills more frequently consistent with PG&E's existing practices. However, CCA charges shall only need to be calculated based on monthly billing periods.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 46

P. BILLING SERVICE OBLIGATIONS (Cont'd.)

(L)

1. Introduction (Cont'd.)

c. Bill Ready PG&E Consolidated Billing (Cont'd.)

(3) Timing Requirements (Cont'd.)

- (b) Except as provided in Paragraph 3.a above, PG&E shall require that CCA and PG&E charges be based on the same billing period data to avoid any confusion concerning these charges.
- (c) CCA charges must be received by PG&E the day following PG&E's actual meter read date. If billing charges have not been received from the CCA by this date, PG&E may render the bill for PG&E charges only, without CCA charges.

2. Billing Information and Inserts

a. Identify PG&E and CCA Charges

The consolidated PG&E bill, at a minimum, shall identify utility charges as specified by the Commission or its codes and when CCA charges are received shall identify, at a minimum, two sets of charges: one for PG&E services and another for CCA energy services.

b. Required Legal and Safety Notices

All customers, including CCA and PG&E Bundled Service customers, shall receive mandated legal and safety notices, and PG&E shall be responsible for the creation of these notices. The utility may also enclose utility-related bill inserts in consolidated PG&E billing as permitted by Commission regulations.

c. CCA Obligations under Consolidated Utility Billing

The CCA may include any information directly related to the calculation or understanding of CCA charges directly in the bill but may not include any text on the separate detail page which is not specifically related to the charges or their explanation.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 47

P. BILLING SERVICE OBLIGATIONS (Cont'd.)

(L)

3. Billing Adjustments for Meter Error and Billing Error

a. Adjustment of Bills for Meter Error

PG&E shall perform the adjustment of bills for meter error in accordance with Rule 17.

b. Adjustment of Bills for Billing Error

PG&E shall perform the adjustment of bills for billing error in accordance with Rule 17.1.

4. Unauthorized Usage of Energy

a. PG&E will conduct the investigation of the unauthorized use of energy in accordance with Rule 17.2.

b. If PG&E determines there has been unauthorized use, PG&E shall have the legal right to recover, from any customer, CCA, or other person that caused or benefited from such unauthorized use, the total estimated amount of the undercharge, including the CCA electric power component, for the full period of such unauthorized use, and any other actions authorized pursuant to its Commission-approved tariffs or by law.

Q. PAYMENT AND COLLECTION TERMS

1. PG&E shall pay the CCA the amounts paid to the utility for CCA charges only after the payment is received from the customer. Payments shall be transferred to the CCA electronically specifying the amount paid by each specific customer account or group of customer accounts if the customer is Summary Billed.

2. Upon receipt of the PG&E's payment, the CCA is responsible for accurately posting the payment to the customer's account. The CCA shall also be responsible for any follow-up inquiries either with the utility or customer if there are questions concerning the posting of that payment amount.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 48

Q. PAYMENT AND COLLECTION TERMS (Cont'd.)

(L)

3. PG&E shall remit payments to the CCA only for the amounts paid by the CCA customer for payment of CCA charges. Payments are due on or before the later of:
 - a. Seventeen (17) calendar days after the bill was rendered to the customer, or
 - b. The next business day after the payment is received from the customer.
4. PG&E shall process payments, post utility charges paid to customer accounts, and transfer funds owed the CCA to the CCA. PG&E shall debit to the CCA any amounts resulting from returned payments and assess returned payment charges (i.e., a charge for each returned payment) to the appropriate customers.
5. The CCA has no payment obligations for customer payments under consolidated utility billing services. The CCA is required to settle any disputes of CCA charges with the customer.
6. The customer is obligated to pay PG&E for all utility and CCA charges consistent with existing tariffs.
7. The customer must notify PG&E of any disputed utility charges; otherwise, any outstanding balance shall be handled as an amount past due. Customer disputes of CCA charges must be directed to the CCA, and customer disputes of PG&E charges must be directed to PG&E.
8. If the customer disputes any PG&E charges, it shall nevertheless pay the amount billed; provided, however, that the customer may, at its election, pay that portion of the charges that the customer disputes to the Commission in accordance with Rule 10. If the customer disputes any CCA charges, the provisions of its agreement with the CCA shall apply. PG&E shall forward to the CCA amounts paid to cover CCA charges. However, no CCA may discontinue CCA Service to a residential customer for a disputed amount if that customer has filed a complaint with the Commission, and that customer has paid the disputed amount into an escrow account.
9. For CCA sundry charges, PG&E shall accept cash, check or electronic payments. The CCA must remit payment for any charges, approved by the Commission, for services provided it by the utility. Sundry charges shall be considered past due 30 days after the date the bill to the CCA is rendered.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 49

R. Late or Partial Payments and Unpaid Bills

1. PG&E is responsible for collecting the unpaid balance of all charges from customers, sending notices informing customers of unpaid balances, and taking the appropriate actions to recover the unpaid amounts owed the CCA.
2. Except as provided below in Section 3, if a customer makes only a partial payment for a service account, the payment shall be allocated proportionally between PG&E's charges and the CCA's charges. A customer may dispute these charges as provided in Section P, but shall not otherwise have the right to direct partial payments for a particular service account. (Utility Users Taxes shall be treated in accordance with current utility procedures and are not subject to this section.)
3. In evaluating a delinquent residential Service Account for service termination and to the extent required by law or Commission regulations, partial payments shall be allocated first to delinquent disconnectable charges.¹⁰
4. Undisputed overdue balances owed PG&E shall be considered late and subject to PG&E late payment procedures.
5. Commission-approved rules shall apply to late or non-payment of PG&E charges by the customer.

S. VOLUNTARY CCA SERVICE TERMINATION

Termination of a CCA's CCA Service occurs when an individual CCA or a CCA operating under a Joint Powers Agency (JPA) discontinues providing CCA Service to all customers in its service area. Upon termination of CCA Service, all active CCA customers in the CCA's service area shall be involuntarily returned to Bundled Portfolio Service (BPS) pursuant to Section L of this Rule. CCAs shall use best efforts to provide as much advance notice as possible to customers, the Commission and PG&E and coordinate with the Commission and Utility to ensure an efficient process and to protect all Utility customers from service problems and additional costs. In addition to the above, the CCA must comply with the requirements set forth below or may be subject to Section T, Involuntary Service Changes, of this Rule.

¹⁰ Due to the COVID-19 pandemic and pursuant to CPUC Resolutions M-4842, M-4849 and D.21-06-036, PG&E has suspended Section R.3 of Electric Rule 23 and will allocate partial payments received from residential CCA customers on a pro rata basis with CCAs for up to one year, through September 30, 2021, as described in Advice 4244-G-A/5516-E-A, Advice 4388-G/ 6092-E and Advice 4475-G/6290-E.

Resolution	

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 51

S. VOLUNTARY CCA SERVICE TERMINATION (Cont'd.)

5. Customers requesting to return to bundled service before the termination of CCA Service shall be subject to all terms and conditions in Section L of this Rule. The CCA shall not terminate any of its customers' CCA Service before the termination of the CCA's CCA Service. (L)
6. The CCA remains responsible for compliance with all applicable Commission rules, ISO requirements and Load Serving Entities obligations. The Integrated Resources Planning (IRP), Resource Adequacy (RA), and Renewables Portfolio Standards (RPS) procurement obligations and rules are reflected in the Degistration Process in Attachment A of D.24-04-009; however, these obligations are subject to modification in their respective proceedings. LSEs must file their Month-Ahead (MA) Resource Adequacy (RA) – CCA submits a Notice of Intent to Deregister following the submission of its binding load forecast, it is financially obligated to cover the cost of its Year Ahead RA requirements. If the CCA is unable to meet its RA obligation due to bankruptcy, the RA cost shall be applied to the Re-Entry Fees. In this event, PG&E shall file updated RA load forecast(s) and may request a temporary waiver via a Tier 2 advice letter. Because RA compliance involves forward obligations that inure to the CCA during the year before it begins serving load, and to avoid cost shifting, PG&E is permitted to draw on a deregistering CCA's posted FSR to recover incremental RA costs incurred by PG&E when assuming the RA obligations of a CCA that deregisters before it starts serving load. (L) (N)
7. A CCA shall be responsible for all costs resulting from the CCA's CCA Service termination including Re-Entry Fees owed by the CCA upon an Involuntary Return pursuant to Section W of this Rule. PG&E reserves the right to withhold CCA customer payment remittances from the CCA for undisputed overdue charges including Re-Entry Fees owed by the CCA upon an Involuntary Return pursuant to Section W of this Rule that are in excess of the amount of the CCA's posted financial security instrument. PG&E will refund any CCA funds that PG&E has retained that are greater than the costs PG&E incurred, or at the time that the CCA fully replaces a financial security instrument because such financial security instrument terminated or expired or for other reasons specified in Section W.1 of this Rule. (L)
8. The CCA's Service Agreement with PG&E will be terminated concurrently with a CCA's termination of its CCA Service. At any time not less than three (3) years after the CCA's termination of CCA Service, the CCA's eligibility to engage in CCA Service may be reinstated. The CCA's reestablishment of CCA Service will require the CCA to complete all CCA Service establishment requirements, including filing a new Implementation Plan with the Commission, being registered by the Commission, establishing service with the PG&E pursuant to Section F, completion of credit requirements pursuant to Section V, paying all past due charges and arrearages with interest, and re-established compliance with all current Commission requirements. (L)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 52

S. VOLUNTARY CCA SERVICE TERMINATION (Cont'd.)

(L)

9. A CCA providing CCA Service pursuant to a JPA that terminates its CCA Service must fully comply with the CCA Voluntary Service termination requirements. Should one or more constituent members of a JPA seek to continue operations as a CCA, that new entity shall comply with all requirements for CCA Service establishment set forth in Section F of this Rule. If the JPA continues operations but a constituent member discontinues its participation in the JPA and seeks to offer CCA Service as an individual CCA entity or through another entity, that new entity shall comply with all requirements for CCA Service establishment set forth in Section F of this Rule. Otherwise, the constituent JPA member's discontinuance of its participation in the JPA shall result in (i) a voluntary CCA service termination under this Section S for the CCA customers in that constituent JPA member's jurisdiction and, (ii) the Involuntary Return of those customers to Bundled Service.

T. INVOLUNTARY SERVICE CHANGES

1. Service Changes

Pursuant to D.05-12-041, absent the express approval of the CCA, an order of a court, the Commission or the FERC, PG&E shall adhere to the requirements set forth below in the event it seeks to terminate service to a CCA.

2. PG&E shall send notices of involuntary service changes or termination to the CCA, to each affected CCA customer, and to the Commission. These involuntary service changes or terminations are considered to be Unplanned Involuntary Returns and Unplanned Deregistrations as defined in Section S. 1. The CCA shall be responsible for all PG&E costs associated with an Involuntary Service Change occurrence. Such costs may include, but are not limited to, system, administrative, customer communications, legal costs and any Re-Entry Fees owed by the CCA upon an Involuntary Return pursuant to Section W of this Rule. PG&E has the right to withhold and offset CCA customer payment remittance to the CCA until the CCA has paid all such undisputed charges including Re-Entry Fees pursuant to Section W of this Rule that are in excess of the amount of the posted CCA FSR amount. PG&E will refund any CCA funds that PG&E has withheld that are greater than the costs PG&E incurred, or at the time that the CCA fully replaces a FSR instrument because it terminated or expired or for other reasons specified in Section W.1 of this Rule.

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 53

T. INVOLUNTARY SERVICE CHANGES (Cont'd.)

(L)

3. Change of Service Election In Exigent Circumstances

Where continued CCA service would constitute an emergency or may substantially compromise utility operations or service to bundled customers, PG&E should seek an emergency order from the Commission. In the event a CCA or a customer has failed to meet its obligations under this Rule or CCA Service Agreement such that PG&E seeks to invoke its remedies under this Section, and the failure constitutes an emergency (i.e. the failure poses a substantial threat to the reliability of the electric system or to public health and safety or the failure poses a substantial threat of irreparable economic or other harm to PG&E or the customer), or the failure relates to CCA's unauthorized energy use, then PG&E may initiate a change, or, in some cases, terminate a customer's CCA Service, or a CCA's ability to provide services under CCA. In such case, PG&E shall seek an emergency order from the Commission. Pursuant to D.05-12-041, the assigned Administrative Law Judge (ALJ), in consultation with the assigned Commissioner, is authorized to issue a ruling providing interim authority for the utility to terminate a CCA's service. Upon receipt of such a ruling, PG&E shall initiate the change or termination by preparing a CCASR, but the change or termination may be made immediately notwithstanding the applicable CCASR processing times set forth in this Rule. PG&E shall provide such notice to the CCA and/or the affected customer as is reasonable under the circumstances of this section, if any is reasonable. The CCA or the affected customer shall have the right to seek an order from the Commission restoring the customer's service election and/or the CCA's ability to provide services. If a customer's CCA Service is terminated, because the customer failed to meet its obligations under this Rule, the customer will be subject to the provisions of Section L and the terms and conditions of Bundled Portfolio Service. Unless expressly ordered by the Commission, these provisions do not disconnect electric service provided to the customer. If the CCA's ability to provide CCA Service is terminated under this Section T, such termination will result in an Involuntary Return of the CCA's customers to Bundled Service, irrespective of whether the CCA is a JPA, a constituent member of a JPA, or an individual CCA.

4. Change of Service Election Absent Exigent Circumstances

In the event PG&E finds that a CCA has failed to meet its obligations under this Rule or CCA Service Agreement such that PG&E seeks to invoke its remedies under this Section, but the failure does not constitute an emergency (as defined in Section T.3), PG&E shall notify the CCA and the affected customer of such finding in writing stating specifically:

- a. The nature of the alleged non-performance;
- b. The actions necessary to cure it;
- c. The consequences of failure to cure it and the remedy PG&E proposes to invoke in the event of a failure to cure; and

COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 54

T. INVOLUNTARY SERVICE CHANGES (Cont'd.)

(L)

4. Change of Service Election Absent Exigent Circumstances (Cont'd.)

- d. The name, address and telephone number of a contact person at PG&E authorized to discuss resolution of the problem.

The CCA shall have thirty (30) days from receipt of such notice to cure the alleged non-performance or reach an agreement regarding it with PG&E. If the problem is not cured or an agreement is not reached following this 30 day period, PG&E may seek authority from the Commission to terminate CCA Service. PG&E's request to the Commission shall specify the reasons for the requested termination, the impacts of the termination, and the expected impacts if the CCA's service is not terminated. Upon Commission approval, PG&E may initiate the CCASR process set forth in this Rule to accomplish the remedy set forth in the notice. If a customer's CCA Service is terminated, the customer will be subject to the provisions of Section L and the terms and conditions of Bundled Portfolio Service, unless the customer is eligible for Direct Access and has previously selected another ESP in accordance with Rule 22. PG&E shall suspend the exercise of such remedy if, before the end of the cure period, the CCA has filed an application with the Commission requesting an order from the Commission that the CCA is entitled to continue the CCA Service Agreement and PG&E is not entitled to exercise the remedy it has identified in its notice. The status of the CCA shall not change pending the Commission's review of PG&E's request provided that an emergency, as described in Section T.3 does not arise. Unless expressly ordered by the Commission, these provisions do not disconnect electric service provided to the customer. PG&E's action to defer the exercise of its remedies in accordance with this section does not constitute a waiver of any rights.

5. Following consultation with the CCA, PG&E is authorized to serve CCA customers temporarily where the ISO or the CCA has notified PG&E that customers would otherwise not be served. In such cases, the CCA's Service Agreement is not terminated; however PG&E shall immediately initiate the process to return affected CCA customers to Bundled Service without prior Commission approval. PG&E shall initiate the service change by preparing a CCASR, but the service or termination may be made immediately notwithstanding the applicable CCASR processing times set forth in this Rule. Affected customers will be provided service temporarily under Schedule TBCC. With the exception of Direct Access eligible customers, CCA customers receiving temporary service in this situation may not seek service from other Electric Service Providers or CCAs. PG&E may seek authority from the Commission to terminate CCA Service pursuant to Section T.4 of this Rule at anytime after being notified that the CCA's customers are not being served. A deregistering CCA shall follow the steps in the Deregistration Process set forth in Attachment A of D.24-04-009.

T. INVOLUNTARY SERVICE CHANGES (Cont'd.)

(L)

6. Burden of Proof Before Commission

In any case before the Commission the party bearing the burden of going forward and the party bearing the burden of proof shall be established in the manner normally established at the Commission.

7. Involuntary Returns

a. An Involuntary Return is as defined in Section B.29 herein.;

b. Action in the Event of an Involuntary Return

Upon the Involuntary Return of a CCA Service customer, the customer shall be returned to Utility Bundled Portfolio Service subject to the terms of Section L of this Rule, but is not subject to Transitional Bundled Service as defined in PG&E's rate Schedule TBCC. If the customer is eligible for Direct Access and has previously selected another ESP under the procedures set forth in the Direct Access Rule 22 and 22.1, it does not need to return to Bundled Service. A CCA initiating an Involuntary Return and/or deregistration shall follow the steps in the Deregistration Process set forth in Attachment A of D.24-04-009.

(L)

(T)

(T)

8. Action in the Event of Termination

(L)

At any time not less than three (3) years and six (6) months after termination of a CCA's CCA Service rights pursuant to this Section T, the CCA's eligibility to engage in CCA Service shall be reinstated upon a reasonable showing by the CCA that the cause(s) of the CCA's termination have been cured, all past due charges and arrearages have been paid, with interest, including any Re- Entry Fees owed by the CCA as a result of an Involuntary Return pursuant to Section W of this Rule, and the CCA has re-established compliance with all then-current Commission requirements, including credit requirements under Section V.

U. SERVICE DISCONNECTIONS AND RECONNECTIONS

1. PG&E shall notify the customer of PG&E's right to disconnect electric service for the non-payment of PG&E charges pursuant to electric Rule 8. The customer, and not the utility, is responsible for contacting the CCA in the event it receives notice of late payment or service termination from the utility. If a customer has been disconnected, and is not reconnected within two days, PG&E shall promptly notify the CCA. A service charge shall be imposed on the customer if a field call is performed to disconnect electric service.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 56

U. SERVICE DISCONNECTIONS AND RECONNECTIONS (Cont'd.)

(L)

2. PG&E shall not disconnect electric service to the customer for the non-payment of CCA charges. In the event of non-payment of CCA charges by the customer, the CCA may submit a CCASR requesting transfer of the service account to PG&E Bundled Service according to Section M.
3. PG&E shall reconnect electric service for a Commission-authorized service fee when the criteria for reconnection pursuant to the provisions set forth Rule 11, Discontinuance of Service, have been met.

V. CREDIT REQUIREMENTS

1. PG&E may require the CCA to establish its creditworthiness through evaluations, deposits, or other security in the manner described in Section V.2, to cover Commission-approved charges incurred as a result of CCA participation. That is, the creditworthiness only applies to PG&E charges that are billed directly to the CCA.

2. Creditworthiness

a. Credit Evaluation

A CCA with a demonstrable current credit rating of Baa2 or higher from Moody's or BBB or higher from Standard and Poor's, Fitch or Duff & Phelps, is deemed to be creditworthy unless PG&E determines that a material change in the CCA's creditworthiness has occurred. PG&E requires CCAs to complete a credit application including financial information reasonably necessary to establish credit. The creditworthiness evaluation may be conducted by an outside credit analysis agency, determined by PG&E, with final credit approval granted by PG&E. This evaluation shall be completed within ten (10) business days. Credit reports shall remain strictly confidential between the credit analysis agency and PG&E. A credit application processing fee, as approved by the Commission, may be charged to offset the cost of determining the CCA's creditworthiness.

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 57

V. CREDIT REQUIREMENTS (Cont'd.)

(L)

2. Creditworthiness (Cont'd.)

b. Security Deposits

The CCA or its authorized agent may submit and maintain a cost-based security deposit in lieu of submitting to or being qualified under a creditworthiness evaluation. The amount of the security deposit required to establish credit will be based on the utility providing services to the CCA for customers in the CCA's service area and costs associated with specialized services and boundary metering requested by the CCA. The value of the security deposit shall be determined by the utility. Security deposits may be in the form of

- (1) A cash deposit provided directly to PG&E, with interest paid as described in Section V.2.c.,
- (2) An irrevocable standby letter of credit, in a form, substance and amount satisfactory to PG&E and issued by an issuer acceptable to PG&E. The issuing bank must be a U.S. national bank or state bank, or by a U.S. branch of a foreign bank acceptable to PG&E. The issuing bank must have a senior unsecured debt rating or issuer rating of A-/stable outlook or higher by Standard and Poor's (S&P), and A3/stable outlook or higher by Moody's Investors Service, Inc. (Moody's) if the bank is rated by both, or A-/stable outlook or higher by S&P or A3/stable outlook or higher by Moody's if the bank is rated by either S&P or Moody's but not both. PG&E's standard form of letter of credit shall be used for this purpose. Or,
- (3) A surety bond in form, substance and amount satisfactory to PG&E, by an insurer acceptable to PG&E, authorized to issue surety bonds in the State of California, and carrying an A.M. Best Financial Strength Rating of "A -" or better. It is further agreed and understood that if co-sureties are used, the bonds shall be issued on a "joint and several" basis. PG&E's standard form of surety bond shall be completed for this purpose.

(L)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 58

V. CREDIT REQUIREMENTS (Cont'd.)

(L)

2. Creditworthiness (Cont'd.)

b. Security Deposits (Cont'd.)

All costs associated with the issuance and maintenance of the security deposits is the responsibility of the CCA. If the issuer of the security deposit fails to maintain the minimum requirements listed above, then the CCA must replace the security deposit with one that meets the above listed requirements within ten (10) business days. Security deposits must be posted with PG&E prior to the CCA's participation in CCA and prior to the implementation of any Customer Notifications as identified in Section H. Security deposits posted with PG&E which are in excess of outstanding unpaid bills owed to PG&E will be returned to the CCA within approximately 60 days after the CCA has terminated its services in PG&E's service territory.

While the CCA is participating in CCA, deposits cannot be used as payment for past due bills in order to avoid or delay imposition of any of the Commission tariffs and rules pertaining to CCA's non-payment of bills owed to PG&E.

c. Interest on Cash Deposit

PG&E shall pay interest on cash deposits, except as provided below, calculated on a daily basis, and compounded at the end of each calendar month, from the date fully paid to the date of refund by check or credit to the CCA's account. The interest rate applicable in each calendar month shall be set forth in Rule 7, except that when a refund is made within the first fifteen days of a calendar month the interest rate applicable in the previous month shall be applied for the elapsed portion of the month in which the refund is made. No interest shall be paid if the CCA's right to continue to provide CCA Service is temporarily or permanently discontinued for nonpayment of bills. No interest shall be paid for periods covered by bills paid after becoming past due.

d. Ongoing Maintenance of Credit

To assure continued validity of established unsecured credit, the CCA shall promptly notify PG&E of any material change in its credit rating or financial condition. CCA shall also furnish evidence of an acceptable credit rating or financial condition, as set forth above, to PG&E upon request.

3. Additional Documents

The CCA shall execute and deliver all documents and instruments (including, without limitation, security agreements and PG&E financing statements) reasonably required from time to time to implement the provisions set forth above and to perfect any security interest granted to PG&E.

(L)

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 59

W. CCA FINANCIAL SECURITY REQUIREMENTS AND RE-ENTRY FEES REQUIREMENTS

(L)

As described in Section F.4.h, all new and existing CCAs are required to post and maintain an FSR with PG&E using a financial security instrument in the form of an irrevocable standby letter of credit, a surety bond, or cash held by a U.S. branch of a commercial bank acting as the escrow holder in an escrow, and in the amount sufficient to cover the Re-Entry Fees associated with the Involuntary Return of its CCA Service customers to PG&E's Bundled Service as required by this Section W.

The terms of the FSR instrument are subject to mutual agreement by PG&E, CCA, and the third-party issuer of the FSR instrument. The FSR instrument will govern the rights and obligations of the parties and shall be based on commercially reasonable and accepted terms and conditions and consistent with D.18-05-022 and PG&E's tariffs. No party may unreasonably withhold its agreement to commercially reasonable terms and conditions of the FSR instrument.

1. The FSR instrument must meet the following requirements:

- a. An irrevocable standby letter of credit in form and substance satisfactory to PG&E, CCA, and bank. PG&E shall be the beneficiary or recipient of the letter of credit. The issuing bank must be a U.S. national bank or state bank, or by a U.S. branch of a foreign bank mutually acceptable to PG&E and CCA, and must have a senior unsecured debt rating or issuer rating of A-/stable outlook or higher by Standard and Poor's (S&P), and A3/stable outlook or higher by Moody's Investors Service, Inc. (Moody's) if the bank is rated by both, or A-/stable outlook or higher by S&P or A3/stable outlook or higher by Moody's if the bank is rated by either S&P or Moody's but not both. PG&E's standard form of letter of credit may be used for this purpose. Or,
- b. A surety bond issued by an insurer mutually acceptable to PG&E and CCA, authorized to issue surety bonds in the State of California, and in form and substance satisfactory to PG&E, CCA, and issuer and carrying an A.M. Best Financial Strength Rating of "A -" or better. PG&E shall be the beneficiary or recipient of the surety bond. It is further agreed and understood that if co-sureties are used, the bonds shall be issued on a "joint and several" basis. PG&E's standard form of surety bond may be completed for this purpose. Or,
- c. Cash held by a U.S. branch of a commercial bank acting as the escrow holder in an escrow account. The escrow account agreement should be in a form, substance and amount satisfactory to PG&E CCA, and bank. PG&E shall be the beneficiary or recipient of the escrow account. The issuing bank should have a senior unsecured debt rating of A-/stable outlook or higher by S&P, and A3/stable outlook or higher by Moody's if the bank is rated by both, or A-/stable outlook or higher by S&P or A3/stable outlook or higher by Moody's if the bank is rated by either S&P or Moody's but not both. PG&E's standard form of escrow agreement may be used for this purpose.

COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 61

W. CCA FINANCIAL SECURITY REQUIREMENTS AND RE-ENTRY FEE REQUIREMENTS
(Cont'd.)

(L)

2. The initial financial security for existing and new CCAs will be established as follows:

- a. For existing CCAs, PG&E will perform the initial financial security calculation based upon the incremental administrative and procurement costs of switching a CCA's customers back to Bundled Service in accordance with Section X of this Rule and submit the proposed financial security amounts in a Tier 2 advice letter for CPUC approval. For purposes of calculating the number of customer service accounts for each CCA, any customers that have submitted Direct Access Service Requests (DASRs) or CCASRs to switch to DA service or BPS, respectively, and that do make the switch in accordance with those requests, shall be excluded in the calculation of the respective CCA's financial security amount. Any confidential data relating to a CCA or proprietary information of a third party utilized in the calculation shall be redacted in the public version of the advice letter. The confidential version of the advice letter will be filed under confidential seal with the Energy Division. Concurrent with submitting the advice letter to the CPUC's Energy Division, PG&E will serve by electronic means on each applicable CCA a copy of the advice letter, with the relevant supporting data, redacted of any proprietary information that is not the subject of a non-disclosure agreement or third-party proprietary information that can be acquired through a subscription with the Intercontinental Exchange (ICE), and calculations of each respective CCA's financial security amount provided confidentially only to that specific CCA. The CCA must post the FSR with PG&E in the form and amount described above within sixty (60) days of the effective date of the advice letter or within sixty (60) days of the Commission's issuance of Resolution E-5059, as applicable.
- b. For a new CCA, or for a new phase of an expanding CCA in PG&E's service territory, the financial security amount will be calculated in Month M (where M denotes the month when PG&E will calculate the financial security amount) using Month M-1 data, and the financial security will be for the months of the six (6) month forecast period of M+1 to M+6 during which the CCA will serve load. PG&E may submit the financial security calculation and amount in a Tier 2 advice letter for CPUC Energy Division's approval no later than thirty (30) days prior to the start date of the new CCA's, or new phase of, Mass Enrollment. Any confidential data relating to the CCA or proprietary information of a third party utilized in the calculation shall be redacted in the public version of the advice filing. Concurrent with submitting the advice letter to the CPUC's Energy Division, PG&E will serve by electronic means on each applicable CCA a copy of the advice letter, with the relevant supporting data, redacted of any proprietary information that is not the subject of a non-disclosure agreement or third-party proprietary information that can be acquired through a subscription with the Intercontinental Exchange (ICE), and calculations of each respective CCA's financial security amount provided confidentially only to that specific CCA. The CCA must post the financial security amount with PG&E within sixty (60) days of the effective date of the advice letter.

For a new CCA in PG&E's service territory, for the purpose of registration as described in Section F.1.b.(5)(b), the CCA is required to post and maintain the minimum FSR amount established by the Commission in D.18-05-022 of one hundred forty-seven thousand dollars (\$147,000) within ninety (90) days of DAY 1, as defined in Section F, which may be adjusted upon approval of the FSR calculation and amount pursuant to the paragraph above.

Sheet 62

**W. CCA FINANCIAL SECURITY REQUIREMENTS AND RE-ENTRY FEE
REQUIREMENTS (Cont'd.)**

(L)

3. Semi-annual Financial Security Requirement Calculation:

PG&E will calculate a CCA's FSR amount semi-annually and submit the updated amount to the CPUC by May 10 and November 10 of each year. Updated FSR amounts for each CCA will be submitted in a Tier 2 advice letter to the Commission's Energy Division. Any adjustments to the CCA FSR amount must be posted by the following January 1 and July 1, respectively except that for the first CCA FSR posting following the approval of the tariffs implementing D.24-04-009, CCAs have an additional 60 days to comply, with the first designated FSR amount due on the 1st day of the fourth month following PG&E's submission of its first calculation pursuant to D.24-04-009. The posted amounts are subject to the Energy Division's final disposition. Any confidential data relating to a CCA or proprietary information of a third party utilized in the calculation shall be redacted in the public version of the advice letter. Concurrent with submitting the advice letter to the CPUC, PG&E will serve by electronic means on each applicable CCA a copy of the advice letter, with the relevant supporting data, redacted of any proprietary information that is not the subject of a non-disclosure agreement or third-party proprietary information that can be acquired through a subscription with the Intercontinental Exchange (ICE), and calculations of each respective CCA's FSR amount provided confidentially only to that specific CCA. The CCA shall adjust the posted FSR amount if and when the calculated amount is (1) more than ten percent (10%) above or below the CCA's current posted FSR amount (i.e., if the recalculated financial security amount is less than 90% or more than 110% of the posted amount), and (2) more than twenty thousand dollars (\$20,000) above or below the posted amount.

(L)

(T)

(T)

(L)

If a CCA believes PG&E has miscalculated its FSR amount, the CCA shall confer with PG&E to resolve the inaccuracies, and may file comments with the Energy Division, and serve them upon PG&E, indicating any appropriate corrections with relevant supporting explanation and detail within twenty (20) days of the submission of the advice letter. A CCA that fails to timely post FSR in the required amount is subject to involuntary service changes pursuant to Section T of this Rule.

COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 63

**W. CCA FINANCIAL SECURITY REQUIREMENTS AND RE-ENTRY FEE
REQUIREMENTS (Cont'd.)**

(L)

4. Re-Entry Fees For The Involuntary Return Of Customers:

The CCA is responsible for all Re-Entry Fees for the Involuntary Return of its customers as defined in Section B.29. When an Involuntary Return is initiated, PG&E will submit a Tier 1 Advice Letter within 30 days of its initiation to notify the Commission of the involuntary return. In its Tier 1 Advice Letter, PG&E may, at its sole discretion, elect to track actual incremental administrative and/or procurement costs during the Involuntary Return, in which case it will follow the process in this Section W.4a for Re-Entry Fees using one or more tracked incremental cost components. If, alternatively, PG&E elects to use the tariffed calculations of Re-Entry Fees in Section X below, PG&E will follow the process in Section W.4b.

(L)

(N)

(N)

a. Re-Entry Fees Using One or More Tracked Incremental Cost components.

(N)

(L)

Incremental costs are those that, but for the CCA-caused Involuntary Return, PG&E would not have incurred during the designated forward period; therefore tracked incremental costs will not involve negative values. If PG&E elects to track the incremental administration and/or procurement costs caused by the Involuntary Return, PG&E in its Tier 1 Advice Letter will:

(N)

- i. indicate whether the Involuntary Return is Planned (six-months written advance notice provided) or Unplanned (less than six-months written advance notice) and if Unplanned, how much written advance notice was provided by the CCA;
- ii. notify the Commission that PG&E is electing to track actual costs caused by the Involuntary Return;
- iii. advise whether PG&E elects to track incremental procurement costs, or incremental administration costs, or both as separate categories. If the Involuntary Return is Planned, as defined in Section S.1, PG&E will not track procurement costs because those costs will be zero for the Re-Entry Fee calculation. However, incremental administration costs may be tracked for the full six-month forward period;

4. Re-Entry Fees For The Involuntary Return Of Customers (Cont'd.):

**a. Re-Entry Fees Using One or More Tracked Incremental Cost components
(Cont'd.).**

(L)

**iv. designate the forward period(s) over which the incremental costs will be
tracked;**

(N)

1. For Planned Involuntary Returns, incremental administration costs
should be tracked for the full six-month forward period

2. For Unplanned Involuntary Returns, incremental administration costs
should be tracked for the full six-month forward period, and incremental
procurement costs should be tracked only for those months of the six-
month forward period for which PG&E did not receive advance written
notice;

**v. establish a memorandum account for tracking purposes, if not already
established.**

Upon conclusion of the six-month forward period identified in the initial Tier 1,
PG&E will submit a second Tier 1 Advice Letter setting forth the CCA's Re-Entry
Fee, which will include the actual tracked costs per PG&E's up-front election;
and the tarified calculation of incremental costs, if applicable. If PG&E elects to
track actual incremental costs, those tracked costs must be used in the Re-Entry
Fee calculation. Any disputed Re-Entry Fee costs, as calculated in the Tier 1
advice letter, must be paid in full and will be subject to a refund as determined
through a Commission resolution. PG&E shall demand payment from the CCA
of the Re-Entry Fee within 60 days of its Tier 1 submission.

REQUIREMENTS (Cont'd.)**

(L)

4. Re-Entry Fees For The Involuntary Return Of Customers (Cont'd.):

b. Re-Entry Fees Using Only Tariffed Calculations.

If feasible, PG&E will in its Tier 1 Advice Letter provide the Re-Entry Fee calculation, which serves notice to the CCA that they must pay the calculated Re-Entry fees upon PG&E's demand pursuant to Section X of this Rule. Otherwise, PG&E will supplement the Tier 1 Advice Letter within 30 days of its submittal to provide the calculated Re-Entry Fees, which will be a binding estimate as provided in Section X of this Rule. Any party may file a protest to this Advice Letter disputing aspects of the Re-Entry Fees and whether they are compliant with D.18-05-022 or PG&E's tariff. However, PG&E can continue to move forward with drawing upon the CCA's posted FSR instrument, even if the CCA files a protest, except as provided in Section W.4.i below. Re-entry fees that are calculated correctly and in compliance with this tariff should not be subject to dispute. If the CCA submits a protest of the calculated Re-entry Fees based on a dispute that is not directly addressed by D.18-05-022 or Resolution E-5059, PG&E will file another Tier 1 AL creating a memorandum account to track disputed costs. Any disputed Re-Entry Fee costs, as calculated in the Tier 1 advice letter, must be paid in full and will be subject to a refund as determined through a Commission resolution. PG&E will calculate Re-Entry Fees pursuant to the methodology set forth in Section X of this Rule within sixty (60) days of the earlier of (i) the start of the Involuntary Return of customers, or (ii) PG&E's receipt of the CCA's advance written notice of the Involuntary Return. The Re-entry Fees will be a binding estimate of:

(L)
(T)/(L)

(T)/(L)
(L)

- i. The incremental administrative costs to switch the involuntarily returned CCA customer service accounts to BPS, which will be established for each customer service account using the proxy amount equal to the Customer Re-Entry Service Fee for voluntarily returning CCA customers as established in PG&E's Schedule E-CCA, unless PG&E has tracked the actual incremental administrative costs of the Involuntary Return pursuant to Section W.4.h, below, in which case PG&E reserves the right to use the actual incremental administrative costs; plus,

- W. CCA FINANCIAL SECURITY REQUIREMENTS AND RE-ENTRY FEE REQUIREMENTS (Cont'd.) (L)
4. Re-Entry Fees For The Involuntary Return Of Customers (Cont'd):
- b. Re-Entry Fees Using Only Tariffed Calculations (Cont'd.):
- ii. The incremental procurement costs for involuntarily returned CCA customer for an additional six-month period for those customers remaining on BPS as set forth in Section X of this Rule. (L)
- At no time shall the sum of the administrative cost and the incremental procurement costs for customers subject to Involuntary Return be less than zero dollars (\$0). The amount of the Re-Entry Fees will not be subject to true-up. If PG&E tracks and plans to recover the actual administrative costs of processing the Involuntary Return, PG&E shall submit another Tier 1 advice letter creating a memorandum account to track the costs. (T)/(L)
- PG&E's demand to the CCA for payment of the Re-Entry Fees shall be made no later than sixty (60) days after the start of the Involuntary Return of CCA customers to utility procurement service. (N)
- c. Re-Entry Fees are due and payable to PG&E within fifteen (15) days after PG&E's issuance of the demand for payment. (T)
- d. An Involuntary Return by a CCA, and the failure of the CCA to make full payment of the Re-Entry Fees within fifteen (15) days of PG&E's demand shall entitle PG&E to immediately draw upon the defaulting CCA's FSR instrument in an amount not to exceed the Re-Entry Fees except as provided in Section W.4.i below. The CCA FSR instrument may only be drawn upon in the event of an Involuntary Return, or to recover incremental RA costs when PG&E incurs the RA obligations of a CCA that deregisters before it begins serving load, or as mutually agreed upon in or pursuant to the terms of the FSR instrument. (L)
- e. In the event PG&E's draw on the defaulting CCA's FSR instrument results in a reduction in the posted FSR amount of another CCA (e.g., a JPA), PG&E will recalculate the FSR amount of that non-defaulting CCA, which shall adjust its posted FSR amount within five (5) business days if the recalculated amount is (1) more than ten percent (10%) above or below the CCA's current posted FSR amount (i.e., if the recalculated FSR amount is less than 90% or more than 110% of the posted amount), and (2) more than twenty thousand dollars (\$20,000) above or below the posted amount. Sheet 67

- W. CCA FINANCIAL SECURITY REQUIREMENTS AND RE-ENTRY FEE REQUIREMENTS (Cont'd.) (L)
4. Re-Entry Fees For The Involuntary Return Of Customers (Cont'd.):
- f. At the CCA's discretion, the CCA may pay the Re-entry Fees or direct PG&E to draw upon the FSR instrument or withhold customer payment remittances. In the event a CCA fails to timely pay the Re-Entry Fees owed to PG&E pursuant to Sections W.4.c and W.4.d above, PG&E shall have the immediate right to demand and receive payment from the issuer of the defaulting CCA's FSR instrument in an amount not to exceed the Re-Entry Fees. To the extent the CCA fails to discharge its obligation to pay the Re-Entry Fees, any Re-Entry Fees not recovered from the CCA, either directly and/or from PG&E's draw on its FSR instrument, will be recovered from the involuntarily returned CCA customers. If the CCA payments and the FSR instrument amount are together inadequate to cover the Re-Entry Fees, the residual costs will be allocated to the involuntarily returned CCA customers.
- Any Re-Entry Fees not recovered from the CCA shall be paid by the involuntarily returned CCA customers as directed by the Commission. For any Re-Entry Fees not recovered from the CCA, PG&E will submit a Tier 2 advice letter to specify PG&E's proposal for recovering the residual Re-Entry Fees from the involuntarily returned CCA customers and schedule. If the residual Re-Entry Fees are not the subject of a legitimate dispute, they may be collected upon approval of the Tier 2 advice letter. If PG&E subsequently recovers additional Re-Entry Fees from the CCA, a refund up to the recovered amount will be provided to the involuntarily returned CCA customers in proportion to the amount collected by PG&E. (L)
- g. Service changes for the CCA's involuntarily returned customers will be as follows: (T)/(L)
- CCA service accounts will be switched to Bundled Portfolio Service but are otherwise subject to the same rights and obligations of other CCA customers with respect to the advance notice requirements required for switching, and the minimum stay provisions in PG&E's authorized tariffs. (L)
- h. PG&E's procurement costs shall continue to be recovered in rates through the operation of its' applicable balancing accounts. (D)/(L)

Resolution	

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 69

X. CALCULATION OF CCA FINANCIAL SECURITY REQUIREMENTS AND RE- ENTRY FEE REQUIREMENTS

The following steps shall apply for purposes of determining CCA Financial Security Requirements and Re-Entry Fees for incremental procurement costs associated with the Involuntary Return to Bundled Service of CCA customers in accordance with the methodology proposed in Joint Utilities' testimony (Ex. JU-01, Appendix E), adopted in D.18-05-022, as modified by D. 24-04-009.

1. Load Forecast

Each CCA's usage, peak demand, and number of customer service accounts (collectively, the CCA's "load forecast") will be based on the most recent calendar year of historical data, unless a collaborative load forecast has been developed at least one (1) month prior to the submission date of the advice letter setting forth the financial security amounts, as described in Section W.2. The CCA's load forecast will be established using the corresponding six (6)-month period from the most recent calendar year of historical usage (MWh) data. The CCA's monthly peak demand forecast (MW) will be established using the most recent twelve (12) months of historical monthly peaks, defined as the CCA's demand during each month's system peak hour. The CCA's customer service accounts forecast will be established using the actual number of customer service accounts to whom the CCA provided service as of the date of the forecast, unless the CCA is new and beginning service, or plans to implement a new phase of service during the six (6)-month forecast period, as discussed below.

For a new CCA that is beginning service, unless the CCA and PG&E otherwise agree in a collaborative load forecast, the CCA Load Forecast shall be based on the default assumptions regarding the percentage of customers in the various classes that may opt out of CCA service established by the Commission and set forth in Section A.2 of PG&E's Rule 23.2 as follows:

- Bundled Service Customers – 5% for residential and 20% for non-residential customers.
- Direct Access Customers – 100% for both residential and non-residential customers.

If the CCA plans to implement a new phase of service (e.g., expanding its services to new cities or to additional customer groups within its existing service territory pursuant to its Implementation Plan) within the six (6) month forecast period, the load associated with the new phase will be included in that CCA's load forecast to determine the CCA's financial security amount. The load forecast of the new phase of service will be based on the most recent calendar year of historical data for customers service accounts in the new phase, using the default assumptions above for the new phase of service, unless a collaborative load forecast has been developed at least one (1) month prior to the submission date of the advice letter setting forth the financial security amounts that estimates the number of customer service accounts likely to be served by the CCA (e.g., contains agreed upon customer opt-out rate assumptions).

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 70

- X CALCULATION OF CCA FINANCIAL SECURITY REQUIREMENTS AND RE- ENTRY FEE REQUIREMENTS (Cont'd.) (L)
2. Energy Cost Forecast
- To forecast incremental energy costs for the CCA financial security requirement (FSR), PG&E will use a load-weighted forward NP-15 price and to update the forward price forecast monthly. The forward prices will be obtained from Intercontinental Exchange (ICE) and will be the load-weighted¹¹ average of daily peak and off-peak energy prices for all trading days in Month M-1 for Months M+1 to Month M+6, inclusive, where Month M denotes the month when the financial security amount is calculated. Additionally, the current IOU-specific line-loss factor is then applied to the incremental energy cost forecast. (L)
(T)/(L)
(L)
(L)
(T)/(L)
(T)/(L)
- Calculation: (L)
- On-Peak Forecast--PF (\$/MWh) = Average of daily peak prices in month M-1 for Months M+1 to M+6, inclusive
 - Off-Peak Forecast--OF (\$/MWh) = Average of daily off-peak prices in month M-1 for Months M+1 to M+6, inclusive
 - On-Peak Load--PL (MWh) = Estimated CCA customers' Peak Period usage for 6 forward months
 - Off-Peak Load--OL (MWh) = Estimated CCA customers' Off-Peak Period usage for 6 forward months
 - Energy Cost Forecast = [(PF x PL) + (OF x OL)] x IOU-Specific Line Loss Factor (L)
- ¹¹ Load weights will be determined based on CCA-specific on- and off-peak usage ratios. For example, if 65% of a CCA's total usage is measured during the on-peak hours, as defined in the North American Electric Reliability Corporation (NERC) Policy 1, and 35% of the CCA's total usage is measured during the off-peak hours, ICE's on- and off-peak forward prices will be multiplied by 0.65 and 0.35, respectively. (T)/(L)

Effective July 17, 2024
Resolution

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 71

**X. CALCULATION OF CCA FINANCIAL SECURITY REQUIREMENTS AND RE- ENTRY
FEE REQUIREMENTS (Cont'd.)**

3. RPS Cost Forecast

PG&E will use the annual, Commission-determined Forecast Renewable Portfolio Standards Market Price Benchmark(s) (RPS MPB) applicable for the 6 forward months as an estimate of the incremental cost of satisfying the Renewable Portfolio Standard (RPS) requirement for the involuntarily returned CCA load. The RPS MPB value will be multiplied by PG&E's annual RPS target and by the forecast of CCA usage to determine the RPS cost forecast. Additionally, the current PG&E-specific line- loss factor is then applied to the RPS cost forecast.

Calculation:

- RPS Cost Forecast = RPS MPB Value (\$/MWh) x Annual RPS Target (%) x CCA Annual Usage Forecast (MWh) x IOU-Specific Line Loss Factor¹²

4. RA Cost Forecast

PG&E will use the annual Commission-determined Forecast Resource Adequacy (RA) MPBs applicable for the 6 forward months as an estimate of the incremental cost of procuring RA for the involuntarily returned CCA load. PG&E will use a zero input for the CCA's Local RA requirement if a Central Procurement Entity (CPE) is responsible for Local RA compliance in PG&E's service territory. PG&E will account for the CCA's Cost Allocation Mechanism (CAM), Demand Response allocations, Local RA Central Procurement Entity (CPE) allocations, and Diablo Canyon extended operations RA allocations in determining RA requirements for the load, which would follow the CCA's load upon its return to PG&E's procurement service. PG&E will: (i) multiply the CCA's average monthly flexible RA requirement (MW)¹³ by the flexible RA MPB for PG&E's service territory and (ii) multiply the CCA's average monthly net system RA requirement (MW)¹⁴, which will include current the Planning Reserve Margin (PRM) by the system RA MPB (\$/KW-mo) for PG&E's service territory. These sums will be added together and the result will be multiplied by six (6) to determine the RA cost forecast.

¹² In an effective Voluntary Allocation contract between PG&E and a CCA requires PG&E's automatic, immediate access to the CCA's allocated RPS energy in a mass involuntary return of the CCA's customers to PG&E's procurement service, PG&E shall account for the costs and benefits of that RPS energy allocation in determining its incremental procurement needs in that CCA's FSR and Re-Entry Fees calculation.

¹³ Because the Commission-set flexible RA requirement for the CCA is considered confidential, PG&E will estimate this requirement by multiplying the CCA's load share (defined as the CCA's annual peak demand divided by the annual peak demand in the CPUC jurisdictional area) by the total flexible capacity requirement for PG&E's service territory. (T)

¹⁴ Because the Commission-set flexible RA requirement for the CCA is considered confidential, PG&E will estimate this requirement by multiplying their historical average monthly peak demand by the applicable PRM %.

(Continued)

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 72

**X. CALCULATION OF CCA FINANCIAL SECURITY REQUIREMENTS AND RE- ENTRY
FEE REQUIREMENTS (Cont'd.)**

4. RA Cost Forecast (Cont'd.)

Assumptions for the Calculation:

- Local RA requirement is zero if a CPE is responsible for Local RA compliance for an IOU's service territory
- System-only resources can provide flexible capacity to address residual/net Flexible RA need
- 1 MW of generic capacity can only provide 1 MW of flexible capacity to address residual/net Flex RA need

Calculation:

- If no CPE, then Local RA requirement (MW) = Annual local capacity requirement (LCR) in (TAC) area (MW)¹⁵ as adopted by the Commission (T)
- CCA load share in the TAC area = CCA's annual peak demand (MW) / annual peak demand in the TAC area (MW)¹⁶
- CCA load share in the CPUC jurisdictional area = CCA's annual peak demand (MW) / annual peak demand in the CPUC jurisdiction (MW) (T)
- If no CPE, then CCA's local RA requirement (MW) = (local RA requirement (MW) x CCA load share in the TAC area)

¹⁵ Local capacity requirements include the MW requirements for all local areas within PG&E's service territory.

¹⁶ The CCA's annual peak demand will be established using the monthly peak demand forecast established in Step 1. The annual peak demand in the TAC area will be established using the most recent TAC Area load forecasts developed by the California Energy Commission (CEC) in its Mid Demand Baseline - Mid AAEE scenario. This load share calculation is modeled off the methodology used by the Commission to allocate local capacity requirements.

(Continued)

COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 73

**X. CALCULATION OF CCA FINANCIAL SECURITY REQUIREMENTS AND RE- ENTRY
FEE REQUIREMENTS (Cont'd.)****4. RA Cost Forecast (Cont'd.)**

Calculation (Cont'd.):

- If no CPE, then CCA's net local RA requirement (MW) = CCA's local RA requirement (MW) – ((CCA's Local IOU-CAM allocations (MW) + CCA's Local DR allocations (MW)) (T)
- CCA's flexible RA requirement (MW) = (Average of the CPUC's monthly flexible RA requirement (MW) x CCA load share in the CPUC jurisdictional area) (T)
- CCA's flex RA adjustments = (Average CPE CAM Flex + Average IOU CAM Flex + Average DR Flex) x CCA Load share in the TAC Area (N)
(N)
- If CPE, CCA's net flexible RA requirement (MW) = CCA's flexible RA requirement (MW) – ((CCA's CPE-CAM flex allocations (MW) + CCA's IOU-CAM flex allocations (MW) + CCA's DR flex allocations (MW)) (T)
- CCA's system RA requirement (MW) = Average of the CCA's monthly peak demand forecast (MW) x applicable PRM%
- CCA's Diablo Canyon extended operations allocation (MW) = (Diablo Canyon extended operations MW x CCA load share in the CPUC jurisdictional area) (N)
(N)
- If no CPE, then CCA's net system RA requirement (MW) = CCA's system RA requirement (MW) – ((CCA's local RA requirement (MW) + CCA's flexible RA requirement (MW) + CCA's System IOU-CAM (MW) + CCA's System DR allocations (MW))
- If CPE, CCA's net system RA requirement (MW) = CCA's system RA requirement (MW) – ((CCA's CPE-CAM allocations (MW) + CCA's Local IOU-CAM allocations (MW) + CCA's Local DR allocations (MW) + CCA's flexible RA requirement (MW) + CCA's Diablo Canyon extended operations allocation (MW) + CCA's System IOU-CAM (MW) + CCA's System DR allocations (MW)) (T)
(T)
- RA Cost Forecast = [(CCA's net local RA requirement (MW) x Local RA MBP (\$kW-mo)) + (CCA's net flexible RA requirement (MW) x Flexible RA MPB (\$kW-mo)) + (CCA's net system RA requirement x System RA MBP(\$/kw-mo))] x 6 x 1000

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 74

- X. CALCULATION OF CCA FINANCIAL SECURITY REQUIREMENTS AND RE- ENTRY FEE REQUIREMENTS (Cont'd.) (L)
5. Forecast Cost of New Procurement to Serve Involuntarily Returned CCA Customers (L)
- The Forecast Cost of New Procurement to serve involuntarily returned CCA customers for a 6-month period after an Involuntary Return is the sum of the Energy, RPS, and RA costs calculated in Sections X.2 to X.4.
- Calculation:
- Forecast Cost of New Procurement = (Energy Cost Forecast + RPS Cost Forecast + RA Cost Forecast) (L)
6. Forecast of Incremental Revenues That Will Be Collected Directly from Returned CCA Customers through Their Bundled Service Generation Rate (Forecast Incremental Revenues) (T)/(L)
- Involuntarily Returned CCA customers will be placed on BPS. A forecast of the total revenues that will be collected from these customers through their bundled service generation rates will be developed by multiplying PG&E's average seasonal residential and non-residential bundled service generation rates, as set in the most recent rate change filing, by the CCA's residential and non-residential usage forecasts for each month of the 6 forward months and the monthly sums will be added together. PG&E will use Summer rates for the months of June, July, August and September, and Winter rates for all other months. PG&E will forecast future rates only if they have been approved by the Commission or are known with certainty at the time of the calculation. PG&E will deduct a forecast of the revenues that would have been paid by the involuntarily returning CCA customers' through PG&E Power Charge Indifference Adjustment (PCIA) rates (negative and positive) for the 6 forward months from the forecast of total revenues to calculate the forecasted incremental revenues. ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 75

- X. CALCULATION OF CCA FINANCIAL SECURITY REQUIREMENTS AND RE- ENTRY FEE REQUIREMENTS (Cont'd.) (L)
6. Forecast of Incremental Revenues That Will Be Collected Directly from Returned CCA Customers through Their Bundled Service Generation Rate (Forecast Incremental Revenues) (Cont'd.) (L)
- Calculation for the 6 forward months (N)
- Forecast Incremental Revenues = [Sum of (CCA's Residential Forecast Usage (MWh) x IOU's Residential Net Generation Rate (\$/MWh) for M+1 through M+6) + (CCA's Non-Residential Forecast Usage (MWh) x IOU's Non-Residential Net Generation Rate (\$/MWh) for M+1 through M+6)]¹⁷
 - IOU's Net Generation Rate = IOU's seasonal generation average rate (\$/MWh) – CCA's customers' weighted average seasonal PCIA rate (\$/MWh) for Residential and Non-Residential (N)
7. Incremental Procurement Cost Exposure (L)
- To determine the forecasted exposure to incremental procurement costs, which should be covered by the CCA's FSR instrument, subtract the Forecast Revenues from the Forecast Cost of New Procurement
- Calculation:
- Incremental Procurement Cost Exposure = (Forecast Cost of New Procurement – Forecast Incremental Revenues) (L)
- (T)/(L)

¹⁷ Expressed as an equation, Forecast Incremental Revenues =

$$\sum_{m=1}^6 [(Residential\ Load\ (MWh)_m \times IOU\ Residential\ Net\ Generation\ Rate\ (\$/MWh)_m) + (Non\ Residential\ Load\ (MWh)_m \times IOU\ Non - Residential\ Net\ Generation\ Rate\ (\$/MWh)_m)]$$

ELECTRIC RULE NO. 23
COMMUNITY CHOICE AGGREGATION SERVICE

Sheet 76

X. CALCULATION OF CCA FINANCIAL SECURITY REQUIREMENTS AND RE- ENTRY FEE REQUIREMENTS (Cont'd.) (L)

8. Administrative Costs

To forecast the administrative costs for purposes of setting the financial security requirement, PG&E will use its Commission-approved re-entry service fee in a voluntary return of a CCA customer (i.e., at the customer's election) as the proxy for the utility's incremental time and material costs in the event of an involuntary return of CCA customers. This fee is detailed in PG&E's rate Schedule E-CCA.

Calculation:

- Administrative costs = Schedule E-CCA re-entry fee*[number of involuntarily returned customer service accounts]

9. CCA Financial Security Requirement

To determine the CCA FSR, add the forecast Incremental Procurement Cost Exposure if positive, to the forecast Administrative Costs. Negative incremental costs are set to zero. (i.e., if the Forecast Price of New Power is lower than the IOU system-average Bundled Generation Rate, then there is zero incremental procurement cost exposure.) If the Incremental Procurement Cost Exposure is negative, use a zero value for the Incremental Procurement Cost Exposure in the following calculation. (L)
(T)/(L)
(N)
(N)

Calculation:

- CCA FSR = Incremental Procurement Cost Exposure + Administrative Cost (L)

The financial security amount for a CCA shall be the higher of the amount determined in accordance with the steps above or the minimum financial security amount of one hundred and forty-seven thousand dollars (\$147,000).

At no time shall the sum of the administrative costs and the incremental procurement costs for involuntarily returned customers be less than zero dollars (\$0). (L)
