

ELECTRIC SCHEDULE CCA-CRS Sheet 1
COMMUNITY CHOICE AGGREGATION COST RESPONSIBILITY SURCHARGE

APPLICABILITY: This schedule and the applicable components of the Community Choice Aggregation (CCA) Cost Responsibility Surcharge (CRS) apply to all customers who take CCA service, unless otherwise set forth in the Special Conditions, below.

TERRITORY: Schedule CCA CRS applies everywhere PG&E provides electric service as shown in Preliminary Statement, Part A.

RATES: The CCA CRS consists of the following Components:

1. **Energy Cost Recovery Amount (ECRA):** recovers the revenue requirement for the Energy Recovery Bond Balancing Account. The ERBBA remains open to ensure the net amount of energy supplier refunds, claim offsets and other credits received are provided to customers. The Energy Supplier Refund Litigation Cost (ESRLC) subaccount records litigation costs and litigation recovery amounts relating to energy supplier refunds.
2. **Ongoing Competition Transition Charges (CTC):** recovers the above-market portion of PG&E's legacy electric contracts pursuant to Public Utilities Code Section 367(a).
3. **Wildfire Fund Charge:** Charge on behalf of the State of California Department of Water Resources (DWR) to fund the California Wildfire Fund. For usage prior to October 1, 2020, this charge included costs related to the 2001 California energy crisis, also collected on behalf of the DWR. These charges belong to DWR, not PG&E.
4. **Power Charge Indifference Adjustment (PCIA):** recovers the above-market portion of PG&E's electric generation portfolio.

(T)
|
|
|
(T)

The Ongoing CTC and PCIA are calculated annually in PG&E's annual Energy Resource Recovery Account (ERRA) proceeding. The PCIA is vintaged based on the timing of the resource commitment.

The vintage CCA customer is determined based on when the CCA commits to begin providing generation services to the customer. CCAs may formally commit to become the generation service provider for a group of customers by: (1) entering into a Binding Notice of Intent (BNI) with PG&E during the Open Season as described in Rule 23.2, (2) initiating (or "cutting-over") service to the customer, or (3) through a mutually agreed to binding commitment. If any of these occur in the first six months of the calendar year (e.g. 2010), the CCA customers are assigned the CRS for the prior year (i.e. 2009 vintage). If the commitment by the CCA occurs July 1 or later, the CCA customers are assigned the CRS for the current year (2010 vintage in this example).

ELECTRIC SCHEDULE CCA-CRS Sheet 6
COMMUNITY CHOICE AGGREGATION COST RESPONSIBILITY SURCHARGE

**SPECIAL
CONDITIONS:**

1. California Alternate Rates for Energy (CARE) and medical baseline customers that take CCA service are exempt from paying the Wildfire Fund Charge. Prior to January 1, 2022 Medical Baseline customers were exempt from the PCIA portion of the CCA CRS. For any CCA that begins serving residential customers on or after January 1, 2022, Medical Baseline customers of that CCA will not receive the PCIA exemption. For CCAs that are serving residential customers as of the date PG&E begins charging the PCIA to medical baseline customers, the full PCIA amount will be phased-in over a period of 4 years. The applicable PCIA obligation expressed as a percentage of the full otherwise applicable PCIA obligation will be 25% in the first year, 50% in the second year, 75% in the third year, and 100% in the fourth year. During the phase-in period, any customer who begins service with the CCA and is a Medical Baseline customer will pay the same percentage of the otherwise applicable PCIA obligation as existing Medical Baseline customers of the CCA.
2. Customers that have taken Direct Access (DA) or CCA service continually since February 1, 2001, are exempt from the Wildfire Fund Charge and PCIA portions of the CCA CRS.
3. Pursuant to Resolution E-3843, effective December 4, 2003, a customer who was on DA service prior to February 1, 2001, and returned to bundled service after September 20, 2001, shall be exempt from the Wildfire Fund Charge and the PCIA components of DA CRS if CCA service is elected. These customers are not exempt from the ongoing CTC and regulatory asset, and will be billed for these charges under their otherwise-applicable rate schedule.
4. PCIA rate be less than zero for a given customer vintage, the PCIA will be a negative charge applied to the customer bill for the applicable customer vintage.
5. The vintage of the PCIA applicable to a customer who has continuously been on DA or CCA service and has not returned to PG&E for generation services, except under Transitional Bundled Service (TBS), as prescribed in Rule 22.1, is not affected by changes in electric commodity service provider.
