RESIDENTIAL UNCOLLECTIBLES BALANCING ACCOUNT - GAS (RUBA-G) (N)

FJ. Residential Uncollectibles Balancing Account – Gas (RUBA-G) (N)

1. PURPOSE: The purpose of the Residential Uncollectibles Balancing Account (RUBA) is to record uncollectibles recovered from residential gas customers compared to actual uncollectibles to create more transparency and accurately reflect the actual costs of uncollectible charges in rates and to record the Arrearage Management Program (AMP) debt forgiveness of charges for PG&E provided services, services provided by eligible third-party service providers¹ participating in AMP, and third-party taxes, charges, and fees . (N)

2. APPLICABILITY: The RUBA applies to all residential gas customers.

3. REVISION DATE: Disposition of the balances in the RUBA will be determined through the Annual Gas True-up (AGT) advice letter process. Disposition of the balances in the Transportation Subaccount and AMP Debt Forgiveness Subaccount will be through the Core Subaccount of the Core Fixed Cost Account and the Noncore Subaccount of the Noncore Customer Class Charge Account. Refer to Gas Preliminary Statement Part C.3.a., Cost Category Other-Equal Distribution Based on All Transportation Volumes for the cost allocation factors used to determine the core and noncore portions of amounts recorded in the CFCA and NCA, respectively. Disposition of the balance in the Procurement Subaccount will be through the Purchased Gas Account.

4. RATES: The RUBA-G does not have a rate component.

5. ACCOUNTING PROCEDURES: The RUBA is comprised of three subaccounts:

The Transportation Subaccount records uncollectibles associated with transportation charges recovered from all bundled and unbundled residential customers compared to actual transportation uncollectibles.

The Procurement Subaccount records uncollectibles associated with procurement charges recovered from bundled residential customers compared to actual procurement uncollectibles.

The AMP Debt Forgiveness Subaccount records debt forgiveness for residential customers enrolled in AMP of charges for PG&E provided services, services provided by eligible third-party service providers participating in AMP, and third-party taxes, charges, and fees.

(N)

¹ Resolution (R.) E-5114 defines AMP eligible third-party service charges as those provided by Community Choice Aggregators (CCAs) participating in AMP. Third-party service provider charges other than that from CCAs are not eligible for AMP debt forgiveness at this time, but may be so in the future. However, customers receiving Core Aggregation Transportation service from third-party gas providers, including Core Transport Agents (CTAs), may enroll in AMP, but only the distribution-related charges may be forgiven when PG&E is the billing agent for the customer.
