

GAS SCHEDULE G-SOP
RESIDENTIAL GAS SMARTMETER(TM) OPT-OUT PROGRAM

Sheet 1

1. APPLICABILITY: This program is available to all residential customers who do not wish to have a wireless, communicating meter, known as a SmartMeter™, installed at their premises (hereafter, "Opt-Out Customers"). Under this program, customers may receive service using an analog meter. This schedule is applicable to customers that take gas-only service from PG&E. Customers who take both gas and electric service, or electric-only service, from PG&E and wish to have analog meters used for service should refer to Schedule E-SOP for terms and conditions of service.

2. TERRITORY: This schedule applies everywhere that PG&E provides gas service.

3. RATES: Customers who elect this option will be charged as follows:

Customers who take service on the California Alternate Rates for Energy (CARE) program will pay an initial amount and a monthly charge. The initial amount is \$10 for this service. In addition, these customers will pay \$5 per month for analog meter service.

Customers who are not taking service on the CARE program will pay an initial amount and a monthly charge. The initial amount is \$75 for this service. In addition, these customers will pay \$10 per month for analog meter service.

The initial and monthly charges described above are applicable to customers who receive only gas service from PG&E. Customers who take both gas and electric service from PG&E, and wish to have an analog gas meter installed, should refer to Schedule E-SOP, the Residential Electric SmartMeter™ Opt-Out Program, for the associated charges.

The initial charges will be applicable following the meter exchange. Where a meter exchange is not required, charges will be applicable following enrollment of the customer into the Opt-Out program. The collection of the monthly charge will be applied to the customer's next billing statement after enrollment in the SmartMeter™ Opt-Out Program and will continue for a period of three years (36 months) from the date that the monthly charge is first applied to the customer's energy statement.

GAS SCHEDULE G-SOP
RESIDENTIAL GAS SMARTMETER(TM) OPT-OUT PROGRAM

Sheet 2

4. METERING EQUIPMENT: At PG&E's discretion, the SmartMeter™-module will be removed from the gas meter, or the gas meter will be exchanged for an analog gas meter, at premises where PG&E provides gas service.

5. BILLING: Customers will be billed for charges applicable under the customer's Otherwise Applicable Rate Schedule (OAS), plus the initial amount and monthly charge described herein.

The initial amount and monthly charge will appear on a customer's electric service agreement when the customer takes both gas and electric service from PG&E. The initial amount and monthly charge will appear on the customer's gas service agreement if the customer takes only gas service from PG&E under this Schedule.

Opt-Out Program customers will be charged the initial and monthly charges described above once the analog meter(s) is installed, and they will be required to pay the initial amount within 90 days. Charges will continue for 36 months as noted in Section 3 above. All such charges will be subject to the terms and conditions for rendering and payment of bills under Gas Rules 8 and 9.

Pursuant to Decision 12-02-014, a customer must affirmatively elect to opt-out of the SmartMeter™ Program, and shall default to SmartMeter™-based utility service absent such an election. If PG&E makes a field visit to a customer's residence for purposes of installing a SmartMeter™ and the customer does not provide reasonable access to PG&E to install a SmartMeter™ after being provided notice of eligibility for service under this Opt-Out Program and not electing to opt-out, the customer shall be deemed to have elected service under this Opt-Out Program.
