INFORMATION RELEASE TO COMMUNITY CHOICE AGGREGATORS

APPLICABILITY:  
This schedule applies to: 1) Community Choice Aggregators (CCAs) who participate in Community Choice Aggregation Service (CCA Service), as defined in electric Rules 1 and 23; 2) communities who wish to explore CCA program implementation, and 3) eligible entities under California Public Utilities Code Section 331.1 that are considering CCA service.

TERRITORY:  
The entire PG&E service territory.

RATES:  
1. Aggregate monthly usage (kWh) by rate schedule
   No charge for the first request

   PG&E will provide the CCA with energy consumption (kWh) for the most recent 12 months of completed information for each customer class for a given period of time and a given city.

   PG&E will aggregate monthly usage by rate schedule.

   Additional requests for this information will be provided at the CCA’s expense. (See Item 6, below.)

2. Annual proportional share of energy efficiency funds for a CCA’s proposed territory as defined in the CPUC’s energy efficiency policy manual
   No charge

3. System wide residential and nonresidential load shapes by climate band for the most recent year for which PG&E has completed information
   No charge

4. Standard system average load profiles by rate class also referred to as Dynamic Load Profiles & Static Load Profiles posted to PG&E’s website
   Available at no charge at PG&E’s website

5. Quarterly or monthly aggregated participation data already tracked for CPUC reports (for energy efficiency programs)
   Available at no charge at PG&E’s website

6. Aggregate monthly usage (kWh) by rate schedule, first request is at no charge (See Item 1, above)
   Per request $207.00

7. Aggregate monthly usage (kWh) by zip code within a city code
   Per request $207.00

8. Public Goods Charge customer payment by city code
   Per request $350.00

9. Number of service agreements in each rate schedule within a CCA’s territory or proposed territory
   Per request $207.00

SPECIAL
CONDITIONS:

1. Pursuant to Public Utilities Code Sections 331.1 and 366.2, a Community Choice Aggregator (CCA), as defined in Rule 1 and Rule 23, shall have the right to aggregate the electric load of end-use electric customers within its jurisdiction for the purpose of providing electric procurement service for such customers.

2. The 15/15 Rule will be applied to all data provided to the CCA, prior to the meeting of requirements under Special Condition 4. The 15/15 Rule was adopted by the CPUC in the Direct Access Proceeding (CPUC Decision 97-10-031) to protect customer confidentiality. The 15/15 rule requires that any aggregated information provided by the Utilities must be made up of at least 15 customers and a single customer’s load must be less than 15 percent of an assigned category. If the number of customers in the complied data is below 15, or if a single customer’s load is more than 15 percent of the total data, categories must be combined before the information is released. The Rule further requires that if the 15/15 Rule is triggered for a second time after the data has been screened once already using the 15/15 Rule, the customer be dropped from the information provided. In addition to the 15/15 Rule, the CPUC further determined that no information about customers with demands above 500 kW should be included in the distributed information.

3. Aggregated information provided will include Direct Access service agreements (accounts).

4. Customer-specific information or aggregated information that violates the 15/15 Rule, as listed above will be provided when the CCA has met all of the following conditions:
   a. Signed Non-Disclosure Agreement.
   b. Executed an Attestation stating that the city, county or other eligible agency is investigating, pursuing or implementing CCA, and
   c. Any registration or other requirements as imposed by the CPUC.
SPECIAL CONDITIONS: (Cont’d.)

5. Definitions:

a. Community Choice Aggregator ("CCA") – Pursuant to Public Utilities Code Section 331.1 a CCA is defined as "any city, county, or city and county whose governing board elects to combine the loads of its residents, businesses, and municipal facilities in a communitywide electricity buyers' program.

b. Rate Class – Defined as residential, small commercial/industrial, medium commercial/industrial, large commercial/industrial, agricultural, public street and highway lighting.

c. Rate Schedule – As listed in PG&E’s Tariff Book, for example E-1, A-1, E-19 and E-20.

d. Service Agreement – Defined as the customer’s service identification number linking the customer’s rate schedule with the meter.
