QUESTION 001

Please provide the most recent version of the bar chart the ISM presented on 5/4/2023, and the numerical justification behind the bar chart.

ANSWER 001

Please see "*WMP-Discovery2023_DR_SPD_012-Q001Atch01.xlsx*" for the visual and underlying data. This chart has not been updated. PG&E expects to update this chart in Q2 of 2024 as part of the Risk Assessment and Mitigation Phase (RAMP) filing.

Please note, there was a non-material correction in the visual data labels. Both the original and corrected visual data labels are provided in the attachment.
